WELCOME TO THE 2015 NISSAN MURANO® DIGITAL BROCHURE

Full of images, feature stories, and all the specification and trim level information you need to help select your Murano.®

Click here to sign up for news and updates on the 2015 Murano.®
Imagine a crossover so modern and inviting, it speaks to the importance of good company. Introducing the all-new 2015 Nissan Murano.® At first glance, you notice an exterior of artfully sculpted sheet metal. But it’s more than just a stunning first impression. The premium interior welcomes you with personal, purposeful technology and a uniquely spacious feel that everyone will want to get to know. And the cabin layout is designed for a collective experience, giving you every reason to stay and talk awhile. It certainly raises questions. Like, “Do we have to get out?” The all-new 2015 Nissan Murano.
Murano’s striking exterior is inspired by the age of future flight, with an aerodynamic body that appears to be shaped by the forces of wind. We created a stunning profile with the signature floating roofline that seems to hover above the cabin, rear side pillars shaped to resemble a jet tail, and sleek boomerang lights that enhance the energetic flow. And when it all glides down the road on the available luminous 20” machine-finished aluminum-alloy wheels, your style meets the street.
Seductive by design. Welcome to an interior that's an expression of serenity. To begin with, we've redesigned Murano's control panel to be simpler and more intuitive, nestled like a gem in the sculpted dash. Throughout the cabin, lit by the ambient glow of adjustable mood lighting, you'll find thoughtful chrome accents and trim accents in Jasper Pearlescent or Brushed Silver complementing the Cashmere, Mocha, or Graphite interior. And whether it's a hot day or an icy night, the cabin can be waiting for you at a pleasant 77°, thanks to the Remote Engine Start System with Intelligent Climate Control. Rear passengers enjoy seat heater controls, plus a place to recharge their smartphones. Meanwhile, above you, the expanded panoramic moonroof stretching from front to back seems to breathe in light. An atmosphere this premium makes it easy to enjoy the journey – and might make your destination seem beside the point.
WELCOME TO ALL-SEAT DRIVE.

Murano® offers you and your passengers a chance to mingle in superior comfort. There’s pleasure in the small things, like softer headrests with just the right amount of give. And in the big things, like front and rear Zero Gravity Seats, which use space-age technology to help provide continuous support from hips to back and help reduce fatigue, leading the way for more comfortable road trips.1 Rear passengers can recline,2 and activate their own Quick Comfort® heating3 – which warms you up in moments – by flipping the switch right next to their very own rear USB connection port.3, 4 In addition to warm-ups, front seats can also cool you off.3 It’s an elevated driving experience, for everyone on board.

1 Front seats and rear outboard seats only. 2 Passengers should not ride in the reclined position while the vehicle is in motion. 3 Available feature. 4 Driving is serious business and requires your full attention. If you have to use the connected device while driving, you must exercise caution at all times to ensure that all attention may be given to vehicle operation.

Nissan Murano® Platinum AWD shown in Cashmere Leather with optional equipment.
The space and flexibility of the Nissan Murano’s interior also comes with a seamless way to use it. Rear-seat passengers can get in and out in a snap with easier ingress and egress. In back, you can increase your cargo volume to nearly 70 cubic feet when you collapse the 60/40 split rear seats. And the conveniently located automatic controls let you access your cargo options from the dash or rear cargo area.

Power seats. Drop the rear seats and power them back up again, all from controls on the dash or in the rear cargo area.

Power liftgate. For simpler loading and unloading, control Murano’s available power liftgate from your remote, the dashboard or a button on the hatch.
Daily commutes, traffic jams and lattes. With all you’ve got going on, you can still focus on what’s most important: driving. You can see all the info you need on a 7” color display for your eyes only. From turn-by-turn directions to caller ID or safety features, the Advanced Drive-Assist Display lays it all right before your eyes — helping to minimize time looking away.²,³,⁴

NISSAN ADVANCED DRIVE-ASSIST® DISPLAY¹,²

INNOVATION THAT UPGRADES YOUR PERSONAL SPACE.

Available feature. “Giving is receiving because we receive your full attention. Even with Advanced Drive-Assist Display, you still need to keep your eyes on the road and your hands on the wheel.” The Advanced Drive-Assist Display is designed to keep you focused on what’s important. (Availability of all features may vary by market, depending on the vehicle equipped.) Bluetooth® word mark and logos are owned by Bluetooth SIG, Inc., and any use by Nissan is under license. [TPMS] is not a substitute for regular tire pressure checks. For more information visit nissanusa.com/help/TPMS. ¹ INFINITY® is a Nissan trademark. YOU'RE NOT JUST DRIVING, YOU'RE HOSTING.

In Murano, you’re in a unique social space designed to let everyone effortlessly connect, so whether you’re on a quick errand or taking the scenic route, anyone you bring along can enjoy the ride. The wider center console allows everyone to mingle without leaning or straining. Meanwhile, you have enhanced visibility at the wheel, thanks to a higher driver’s position and slimmer side pillars that give way to larger windows. And with meaningful technology within arm’s reach of any seat, Murano makes every drive an all-inclusive trip.

Advanced Drive-Assist® Display. While passengers use their own screen, you can access the tech you need at every turn, on a 7" display.1, 2, 3

Communication alley. A wider center console opens the way for all passengers to feel engaged.

Rear-seat perks. Rear heated seat switches,1 plus a first-in-class rear USB port 1, 5, 6 so rear passengers can charge their smartphone, play their music, and more.

Passenger-friendly screen. Access music and more with a tap or a swipe on the available 8" multi-touch control color monitor. Pinch and zoom navigation lets you zero in on your destination.4

YOU'RE NOT JUST DRIVING,
YOU'RE HOSTING.
BECAUSE YOU LIKE YOUR POWER POLISHED.

Power, courtesy of a 3.5-L V6 engine. Murano’s 260-horsepower 3.5-liter V6 engine keeps you ahead of the pack when you need to be. An efficient fuel economy of 28 MPG on the highway keeps it practical. Of course, it doesn’t hurt to have aerodynamics that achieve a drag coefficient of 0.31 — comparable to some sports cars.

Efficiency, brought to you by the Next-Generation Xtronic CVT® transmission. Unlike conventional automatic transmissions, the “virtually gearless” Xtronic CVT® transmission makes gear-hunting a thing of the past. Fully variable gear ratios mean it can hold the engine at the ideal rpm, giving you a wave of power when you need it, and achieving quiet, efficient cruising when you don’t.

Smoothness, thanks to Intelligent Cruise Control (ICC). Helps you keep a safe distance by using radar technology to maintain a preset distance from the car ahead in your lane, even at low speeds. And if the car ahead slows down enough to require you to brake, it also gives you an audible and visual alert.²

¹2015 EPA fuel economy estimate of 28 highway MPG for 2015 Murano. Actual mileage may vary with driving conditions.

²Intelligent Cruise Control and a collision avoidance system are not collision avoidance systems, they are for convenience only. Intelligent Cruise Control does not control following distance. Designed to use behind leading vehicle. Designed to use behind leading vehicle. Failure to apply the brakes could result in an accident.
CONTROL THAT DOESN'T MISS A BEAT.

Intuitive All-Wheel Drive. Just because the terrain varies doesn’t mean the evenness of your ride has to. The second you pull away, Murano®’s available intuitive AWD turns on, delivering power to both front and rear wheels for improved grip. Once you’re up to speed, no sense powering all four wheels, so Nissan Murano® efficiently sends the power all up front. Then, for enhanced cornering control and traction, intuitive AWD compensates by transferring some of that power from the front wheels to the rear. Because as conditions change, it’s important to feel connected to the road.
NISSAN AROUND VIEW® MONITOR1, 2

IF YOU WANT PARKING ANY EASIER, YOU’LL HAVE TO VALET.

What if parallel parking was easier? A rearview camera is great when backing up – but when it comes to parking, it’s nice to see more than just what’s directly behind you. That’s why Murano®’s Class-Exclusive Around View® Monitor1, 2 uses four cameras that give you a virtual 360° bird’s-eye view of your vehicle, with selectable split-screen close-ups of the front, rear, and curbside views, so you can get a better look. And since all obstacles aren’t stationary (shopping carts, we’re talking to you), Moving Object Detection helps keep an eye around your Murano® and can warn you about moving objects detected in your vicinity.

NISSAN SAFETY SHIELD® PHILOSOPHY
INNOVATION THAT LOOKS OUT FOR YOU.

What: If you had the confidence you need for every part of your drive? The Nissan Safety Shield® is a comprehensive approach to safety that guides the engineering and development of every vehicle we make.

MONITOR
Smart technologies are designed to help monitor conditions. Like a warning to let you know you’re straying from your lane, or a system that helps ensure you’re travelling on properly inflated tires.

Available Features
- Predictive Forward Collision Warning (PFCW)
- Forward Emergency Braking (FEB)
- Blind Spot Warning (BSW)
- Rear Cross Traffic Alert (RCTA)
- Moving Object Detection (MOD)

RESPOND
Whether you need to hit the brakes hard or maneuver around an unexpected obstacle, these standard technologies help you respond to a potentially harmful situation.

Vehicle Dynamic Control helps you maintain your steered path.
Traction Control System helps reduce wheelspin in low-traction situations.
Anti-lock Braking System helps you maintain steering control around obstacles while braking heavily.
Electronic Brake force Distribution sends extra force to the rear brakes when you have additional weight of passengers or cargo in the back.
Brake Assist helps apply maximum braking force if it detects hard braking and senses you are in an emergency situation.

PROTECT
When a collision is unavoidable, Nissan’s Zone Body construction helps absorb the impact while the advanced seat belt and air bag systems help protect passengers.

Seven Standard Air Bags
- LATCH System (Lower Anchors and Tethers for CHildren)

7 Standard Air Bags: Nissan Advanced Air Bag System has dual-stage supplemental front air bags with seat belt and occupant-classification sensors. Murano® now also features a driver supplemental knee air bag. In addition, Murano® features front seat-mounted side-impact supplemental air bags, and roof-mounted curtain side-impact supplemental air bags with rollover sensor.

NISSAN SAFETY SHIELD TECHNOLOGIES™
GET AWAY WITH JUST A WARNING.

What if extra reassurance was easy to spot? Whether you’re changing lanes on the highway or deftly maneuvering your way into a parking spot, Murano’s™ available Safety Shield Technologies™ offer you a safety suite of advanced systems that help you keep an eye out all around you, watch the flow of traffic and think ahead, so you’re prepared to respond.

Predictive Forward Collision Warning. In traffic, it only takes a moment to get caught off guard in a potentially dangerous situation. How about a little help? With this technology, a radar sensor on the front of Murano™ constantly monitors not just one vehicle ahead in your lane, but two. When the system detects sudden deceleration, it gives you an audible warning and a visual signal on the instrument panel. So you get a heads up, even if you can’t see what’s slowing you down.¹

Forward Emergency Braking. Using radar technology to keep an eye on your speed and proximity to vehicles ahead of you, Forward Emergency Braking gives you audible and visual display warnings to help you know when to reduce your speed, if necessary. It can also apply braking to help you avoid a collision. If an collision is unavoidable, this feature will automatically engage the brakes to help reduce speed of impact and reduce the severity of a collision.²

Rear Cross Traffic Alert. When you’re backing out of a parking space, this available feature watches the area around the rear of your Murano, and can warn you about vehicles you might not see behind you approaching from either side. So backing up feels easier than ever.³

Blind Spot Warning. If another vehicle is detected in the blind spot area, an indicator appears in the driver’s or front passenger’s door pillar and on the Advanced Drive-Assist® Display. Then, if you put your turn signal on, the indicator flashes with a warning chime.³

Moving Object Detection. When the Around View® Monitor is in use and detects moving objects near the vehicle, it gives a visual and audible alert.⁵

RearView and Around View® Monitors. When you’re in Reverse, the RearView Monitor shows what’s directly behind you and helps make backing up and parking easier. And the Around View® Monitor uses four cameras to give you a virtual 360° bird’s-eye view of your vehicle, with selectable split-screen close-ups of the front, rear, and curb-side views, so you can see where you’re going without second-guessing.⁶,⁷

Blind Spot Warning is intended to warn you before a collision occurs. It cannot prevent a collision. Speed and other limitations apply. See Owner’s Manual for details. ¹ FEB cannot prevent accidents due to carelessness or dangerous driving techniques. It may not provide warning or braking in certain conditions. Speed limitations apply. ² FEB cannot prevent accidents due to carelessness or dangerous driving techniques. It may not provide warning or braking in certain conditions. Speed limitations apply. ³ Blind Spot Warning is not a substitute for proper lane change procedures. The system will not detect every vehicle or object. Speed limitations apply. ⁴ Not a substitute for proper backing procedures. May not detect all moving vehicles. Speed and other limitations apply. See Owner’s Manual for details. ⁵ AVM with MOD cannot completely eliminate blind spots and may not detect every object. MOD operates at vehicle speeds below 5 mph. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. ⁶ Always check surroundings before backing up. ⁷ Always check surroundings before moving vehicle. ©2015 Nissan North America, Inc. ### Technology Package
- Variable induction system
- Continuously Variable Valve Timing Control System (CVTCS) on intake valves
- Nissan Direct Ignition System
- Electronic drive-by-wire throttle
- Double-tipped iridium spark plugs

### Navigation Package
- Nissan Intelligent Key® with Push Button Ignition
- Around View® Monitor
- Fine Vision electroluminescent gauges
- Dual Zone Automatic Temperature Control (ATC) with in-cabin microfilter
- Rear passenger air conditioning vents
- Power-tilt and power-telescoping steering column
- Remote front windows down
- Comfort features: leather-appointed seats, heated front seats, climate-controlled front seats (heated and cooled), 4-way power front-passenger’s seat, heated seats, heated rear seats, reclining rear seatbacks with center armrest, power return rear seatbacks, 60/40-split fold-down rear seatbacks with cargo area. 

### Driver Assist
- Front-Wheel Drive (FWD)
- Intuitive All-Wheel Drive (AWD)
- 4-wheel Anti-Lock Braking System (ABS)
- Brake Assist (BA)
- Electronic Brake force Distribution (EBD)
- 4-wheel vented disc brakes
- 4-wheel Anti-Lock Braking System (ABS)
- Xtronic CVT® (Continuously Variable Transmission)
- Independent strut front suspension
- Multi-link independent rear suspension
- Front and rear stabilizer bars
- Vehicle-speed-sensitive power steering

### Brakes
- Front-Wheel Drive (FWD)
- Intuitive All-Wheel Drive (AWD)
- 4-wheel Anti-Lock Braking System (ABS)
- Brake Assist (BA)

### Suspension/Steering
- Front-Wheel Drive (FWD)
- Intuitive All-Wheel Drive (AWD)
- 4-wheel Anti-Lock Braking System (ABS)
- Brake Assist (BA)

### Wheels/Tires
- 18" x 7.5" Machine-finished split 5-spoke aluminum-alloy wheels
- 20" x 7.5" Machine-finished aluminum-alloy wheels
- 22" x 9.0" Machine-finished aluminum-alloy wheels

### Optional Features
- Intelligent Key® with Push Button Ignition
- Around View® Monitor
- Fine Vision electroluminescent gauges
- Dual Zone Automatic Temperature Control (ATC) with in-cabin microfilter
- Rear passenger air conditioning vents
- Power-tilt and power-telescoping steering column
- Remote front windows down
- Comfort features: leather-appointed seats, heated front seats, climate-controlled front seats (heated and cooled), 4-way power front-passenger’s seat, heated seats, heated rear seats, reclining rear seatbacks with center armrest, power return rear seatbacks, 60/40-split fold-down rear seatbacks with cargo area. 

### Standard Features
- Xtronic CVT® (Continuously Variable Transmission)
- Variable induction system
- Continuously Variable Valve Timing Control System (CVTCS) on intake valves
- Nissan Direct Ignition System
- Electronic drive-by-wire throttle
- Double-tipped iridium spark plugs

### Technology Features

### Wheels/Tires
- 18" x 7.5" Machine-finished split 5-spoke aluminum-alloy wheels
- 20" x 7.5" Machine-finished aluminum-alloy wheels
- 22" x 9.0" Machine-finished aluminum-alloy wheels
Audio/Entertainment

AM/FM/CD audio system
Bose® audio system with AM/FM/CD
Six speakers
11 Speakers, including dual subwoofers
MP3/WMA CD playback capability
Auxiliary audio input jack
Front USB connection port for iPod® interface and other compatible devices
Rear passenger USB connection port for iPod® interface and other compatible devices
SiriusXM® Satellite Radio with 3-month trial subscription
HD Radio®
Streaming audio via Bluetooth® wireless technology
Radio Data System (RDS)
Speed-sensitive volume
Illuminated steering-wheel-mounted audio controls

Safety/Security

Nissan Advanced Air Bag System with dual-stage supplemental front air bags with seat-belt and occupant-classification sensors
Driver and front-passenger seat-mounted side-impact supplemental air bags
Roof-mounted curtain supplemental air bags for side-impact and rollover head protection for front and rear-seat outboard occupants
Driver supplemental knee air bag
Vehicle Dynamic Control (VDC) with Traction Control System (TCS)®
Active Brake Limited Slip (ABLS)
Blind Spot Warning (BSW)®
Rear Cross Traffic Alert (RCTA)®
Moving Object Detection (MOD)®
Predictive Forward Collision Warning (PFCW)®
Predictive Forward Emergency Braking (FEB)®

Technology Package (SL, Platinum)

Power Panoramic Moonroof with one-touch open/close Intelligent Cruise Control (ICC)
Forward Emergency Braking (FEB)®
Predictive Forward Collision Warning (PFCW)®

PACKAGES

S Navigation Package
Nissan Navigation System with 8.0” multi-touch control color monitor and Voice Recognition for audio and navigation
SiriusXM® Traffic and Travel Link®
HD Radio®

2015 EPA Fuel Economy Estimates

City/highway/combined MPG  
Front-Wheel Drive Xtronic CVT®  21/28/24  
All-Wheel Drive Xtronic CVT®  21/28/24

Actual mileage may vary with driving conditions – use for comparative only.

BUYING/OWNING

Nissan’s environmental action plan focuses on several key areas. Increasing production of Zero Emission vehicles, including the 100% electric LEAF®; improving fuel efficiency through our PUREDRIVE™ measures; and reducing the environmental impact of manufacturing, as seen at our new, energy-efficient, low-emissions paint plant in Tennessee. For more information, log on to NissanUSA.com/green.
