Take in a daring new look for the classic premium crossover. An upgraded interior with new accents and soft-touch surfaces surround you in style and comfort, while seamless connectivity keeps your wider world within reach. And with available Nissan Intelligent Mobility technologies that see and sense more, you’ll enjoy your night out with confidence. The new 2019 Nissan Murano.® Tech that moves you.
PREMIUM FEATURES EVERYWHERE YOU LOOK

- Front and Rear USB-C Ports
- Front and Rear Heated Seats
- Available Semi-aniline Leather Appointments
- Available Dark Wood Finishes

Nissan Murano® Platinum AWD shown in Cashmere Semi-aniline Leather.

PREMIUM GETS AN UPGRADE

Available dark wood finishes and semi-aniline leather-appointed seats add an upgraded look and feel to Murano’s already premium interior. Things continue to look up with the available Power Panoramic Moonroof that lets in natural light and provides an impressively large view above. And with front and rear USB-C ports, everyone can enjoy faster charging than ever!
NISSAN INTELLIGENT MOBILITY

Smartphone Connectivity

Access the things you want to do on your phone, directly on Murano’s 8” touch-screen display. Just plug in a compatible smartphone and you’ll stay connected.

People to see? Places to be? Just ask Siri®. Equipped with Siri® voice control, standard Apple CarPlay® compatibility brings on board your contacts, favorite messaging apps, and more. Simply plug in your compatible iPhone® and go.4

With standard Android Auto™ compatibility, you can play your music, set your destination, or respond to a text hands-free using the hundreds of available voice commands with your Google Assistant.3

 blindly

Motion Activated Liftgate

Hands full? Just kick under the rear bumper to open the available Motion Activated Liftgate, without reaching for a key or juggling whatever you’re carrying.6

Intelligent Around View® Monitor

Available Intelligent Around View Monitor uses four cameras to give you a virtual composite 360° birdseye view of your vehicle, with selectable split-screen close-ups of the front, rear, and curbside views, so you can get a better look. And when it detects moving objects around your vehicle, it can give you an on-screen heads-up.10

Blind Spot Warning

Murano helps you change lanes with confidence. Available Blind Spot Warning keeps an eye on the blind spot area and gives you a heads-up if it detects a vehicle hiding there.5

Automatic Emergency Braking with Pedestrian Detection

Murano® monitors the speed and distance between you and the car ahead, and can let you know if you need to slow down. It can even automatically engage the brakes to help avoid a frontal collision or lessen the severity of an impact. And with available Automatic Emergency Braking with Pedestrian Detection, when it detects a pedestrian in the crosswalk, it can stop you in your tracks.2

High Beam Assist

Available High Beam Assist helps out with night vision, while being considerate of your fellow drivers. It automatically switches to low beam headlights, when it detects a vehicle ahead, and turns the high beams back on when you need them.

Rear Cross Traffic Alert

Available Rear Cross Traffic Alert helps you back out of your space. It watches around the rear of your Murano, and can warn you about cars it detects creeping up on you from either side.10

Rear Automatic Braking

Murano monitors the area directly behind your vehicle for stationary items you might not see. If it detects an item, and you fail to stop, the available system can automatically engage the brakes to help avoid a rear collision or lessen the severity of an impact.12

High Beam Assist shown.5

360 Degrees of Confidence

Imagine being surrounded by confidence on every drive. Nissan Intelligent Mobility includes available features that monitor in front of you, behind you, and on either side, and can step in to help keep you out of trouble.2
