**NISSAN INTELLIGENT MOBILITY**

Nissan Intelligent Mobility guides everything we do. We're using new technologies to transform cars from mere driving machines into assistants. Together the journey is more confident, connected, and exciting.

Whether it's cars that assist in the driving task, or highways that charge your EV as you go along, it's all in the very near future. And it's a future already taking shape in the Nissan you drive today.

**GET A MURANO® DIGITAL BROCHURE**

Go to NissanUSA.com and find a digital brochure for Murano and every Nissan model in the lineup. Available on desktop, smartphone, or tablet, it's the full product story – including demos, videos, and complete info on trims, colors, and accessories.
This is the 2020 Nissan Murano®. Make a seamless connection with your tech.¹ Driver assistance features let you see and sense more,² while available Intelligent All-Wheel Drive adds confidence to any drive.³ And enjoy the view of what lies ahead from the custom-tailored comfort of Murano’s available semi-aniline leather-appointed interior. This is tech that anticipates what’s next. This is Nissan Intelligent Mobility.
Available dark wood finishes and semi-aniline leather-appointed seats add an upgraded look and feel to Murano’s already premium interior. Things continue to look up with the available Dual Panel Panoramic Moonroof that lets in natural light and provides an impressively large view above. And with front and rear USB-C ports, everyone can enjoy fast charging.
