Introducing the all-new iPad® NCV Showroom App.
Featuring in-depth product presentations, videos, full specifications and more.
Now available on the App Store. Be sure to download it today!
Tough jobs call for tough vehicles. Welcome to the 2013 NV Cargo. It’s engineered for hard work from the bottom up—with a rugged, body-on-frame construction that’s only available on two vehicles in its class. And that’s just the beginning. These models were put through the wringer during development, logging over 7,000 quality and durability tests as well as over 800,000 miles of reliability testing on a track that simulates the world’s toughest roads. Even the doors were opened and closed 7 million times during testing. Obsessive? We don’t think so. Because we know that you need a commercial vehicle you can count on—today, tomorrow, and for years to come. Built in Canton, Mississippi, it’s loaded with Nissan innovation that makes it a smarter drive and a better place to work. And to our competitors, we have one word—tough. Nissan. Innovation that excites.®
STAND TALL

Cargo-carrying flexibility and interior room are the reasons you buy a van. NV Cargo High Roof maximizes your opportunities with stand-up room for someone 6’ 3” tall and floor space that can carry up to two 40” x 48” pallets. Every NV Cargo model also pays big dividends when loading, with forklift-friendly rear doors that swing 243 degrees wide open, a large sliding side door, and low step-ins and grab handles at all entry points.

1. Flat loading floor to maximize loading capacity.
2. Long enough to carry ten-foot piping under center console.
3. 54” between wheel wells fit 4’ x 8’ plywood sheets.
4. Rear doors open 243° allowing forklift-friendly loading and room for two 40” x 48” pallets.

1. Flat loading floor to maximize loading capacity.
2. Long enough to carry ten-foot piping under center console.

Magnets hold the cargo doors securely in their fully open position.
POWER TO CHOOSE

NV® Cargo gives you two powerful choices to suit your needs. The 24-valve, 4.0-L V6 features an advanced Continuously Variable Valve Timing Control System that delivers seamless power with optimum fuel efficiency. Step up to the 5.6-L V8 and you’ll find an aluminum block with a forged crankshaft and cast-iron cylinder liners for maximum strength. Both engines feature specially coated piston skirts and microfinishing of key components to help reduce friction for smooth response and less wear and tear. Backed up by a rugged 6-speed automatic transmission, the NV® is built for the long haul – and just about anything you need to bring along.

**V6**

- 261 hp with 281 lb-ft of torque
- 7,000-lb. TOWING CAPACITY

**V8**

- 317 hp with 385 lb-ft of torque
- 9,500-lb. TOWING CAPACITY

*With available towing accessories. See Nissan Towing Guide and Owner’s Manual for proper use. When towing at or near Maximum Trailer Weight, the allowable vehicle cargo is reduced because it is necessary to stay below the Gross Combined Weight Rating and the Gross Axle Weight rating. If the vehicle has a load, the allowable Maximum Trailer Weight is reduced.

*Requires available Towing Package. See Nissan Towing Guide and Owner’s Manual for proper use. When towing at or near Maximum Trailer Weight, the allowable vehicle cargo is reduced because it is necessary to stay below the Gross Combined Weight Rating and the Gross Axle Weight rating. If the vehicle has a load, the allowable Maximum Trailer Weight is reduced.
UPFITTING

NV® Cargo’s smart design helps you create a commercial vehicle that works especially hard for the unique needs of your business. Unlike most vans, the NV® Cargo starts with a unique flat-wall interior design. This maximizes all-important floor space, plus opens up room at the top of the cargo-containment system. It’s an ideal canvas for upfitters – and your own ingenuity.

A. Multiple integrated reinforced cargo-mounting points. Smart and strong, the cargo area features 57 reinforced cargo-mounting points to reduce the possibility of shelving tearing out, and eliminating the need to drill into sheet metal, reducing the risk of corrosion. On the roof, up to 10 solid mounting points for roof racks help keep ladders and pipes securely fastened.¹

B. Electric power zones. Running the tools you need is easy with available 120-volt outlets in the center console and cargo area. NV® Cargo offers standard telematics pre-wiring, and the flexibility to accommodate specialized wiring scenarios required by upfitters.

A variety of upfit packages are available from Adrian Steel to meet the unique needs of your business.

1. General Contractor Package
2. Electrical Contractor Package
3. HVAC Package

¹Heavy loading of the vehicle with cargo, especially on the roof, will affect the handling and stability of the vehicle. * 120-volt standard on 2500 HD SV and 3500 HD SV models.
THE NEW STANDARD

The NV Cargo Standard Roof offers a big work area even in the tightest spaces. You’ve got easy access to the work site, with a truck-like design that improves visibility and maneuverability, and a roof height that fits easily into an eight-foot tall garage. Once you’re there, you’ve got rear doors that open up to 243° and stay open thanks to magnetic door stops. You’ve also got an easy-sliding side door that opens nearly 3.5 feet wide. And with step-in heights under 20 inches front and rear, you’ve got easy access to 234 cubic feet of cargo space. Easy to get there. Easy to get at what you need. That’s a standard every vehicle should be held to.

Cargo and load capacity limited by weight and distribution. Always secure all cargo.
WEAR-RESISTANT
Constant ingress and egress are exceptionally tough on the outside portion of the seats. To help minimize the seats from fraying, a seat wear patch on both the upper and lower bolsters is made of heavy-duty vinyl. Another high-contact area, the center console, is also specially treated.

INCREASED VISIBILITY
With its truck-like interior, the NV® Cargo gives a sweeping exterior view, with good sightlines in front and a B-pillar that’s farther back for enhanced visibility (and more comfort) on the sides. Traditional work vans hinder visibility with poorly defined corners and a B-pillar next to the driver’s ear.

PERSONAL COMFORT
By minimizing engine intrusion into the cabin, NV® Cargo’s truck-like interior pays huge dividends in stretch-out room, especially leg and foot room (check out the deep footwell). The wide front seats feature a supportive low-fatigue design, so you’ll find NV® Cargo is a comfortable place to spend long hours on the road.

THE INS AND OUTS
When designing the NV® Cargo, Nissan engineers looked at two kinds of wear and tear. The stuff that shows up an interior in no time and, equally important, the items that take their toll on the driver. To help keep your cabin looking new, there are durable materials, including water-repellent seat cushions and backs and wear-resistant seat bolsters. To make things easier on you, you’ll find low step-in heights, convenient grab handles and a truck-like interior with real room to stretch your legs, all working to keep both NV® Cargo – and driver – looking good for years to come.
Your vehicle is your office. Why not make it as efficient as possible? NV® Cargo is extremely innovative, with big items like the only available center console in its class. Lockable, with room for hanging files or a laptop computer and a top that slides forward to be a convenient work desk, it’s a master multi-tasker. The entire console is even removable. You’ll also find a dedicated space for your clipboard and an available driver’s under-seat storage area ideal for invoices. High Roof models feature convenient overhead storage.

Ward’s Light Vehicle Market Segmentation. 2013 NV® Cargo vs. 2013 Large Van Class. Cargo and load capacity limited by weight and distribution. Always secure all cargo. Do not place any objects or items above the roof of or inside the overhead storage compartment. Oversized height of storage may require removal of object. See Owner’s Manual for details.
Business is all about connections, and in NV® Cargo, the available Technology Package keeps you in touch and on the move. Nissan navigation with live traffic updates helps you find the best route through a crowded city, while Bluetooth® Hands-free Phone System connectivity lets you conduct business while keeping your hands on the wheel. The RearView Monitor helps negotiate tight parking spaces, while SiriusXM Satellite Radio and an iPod®-friendly USB input let you enjoy your drive even more.

**STEERING WHEEL-MOUNTED CONTROLS**
Available steering wheel-mounted controls keep NV® Cargo’s phone and audio controls at your fingertips.

**USB INPUT**
With the available USB input, you can enjoy your favorite tunes from your iPod® and control it through the audio system or steering wheel-mounted controls.

**CONVENIENT 120-V ACCESS**
On 2500 HD SV and 3500 HD SV models, you’ll find a 120-volt outlet inside the center console and in the cargo area, perfect for charging a cordless drill.

**REAR SONAR**
The available Rear Sonar System keeps watch as it senses an object up to six feet away, and increases in frequency the closer you get.

Red, yellow and green lines display relative traffic speed.

*Never program while driving. GPS mapping may not be detailed in all areas or reflect current road regulations. *When using SiriusXM Satellite Radio and RoadTraffic, subscription sold separately after trial period. Subject to change. Subscription fee, installation costs, one-time activation fee, other fees and taxes will apply. *SiriusXM services available only to those 18 or older in the 48 contiguous United States and D.C. For complete details, see Owner’s Manual for details. Bluetooth word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under license. *Parking aid/convenience feature. Cannot completely eliminate blind spots or warn of moving objects. May not detect every object. Always check visually before moving vehicle. Not a substitute for proper backing procedures. Always use your best judgment when backing. Not a substitute for proper backing procedures. Always use your best judgment when backing.

120-volt access
On 2500 HD SV and 3500 HD SV models, you’ll find a 120-volt outlet inside the center console and in the cargo area, perfect for charging a cordless drill.

**Usb input**
With the available USB input, you can enjoy your favorite tunes from your iPod® and control it through the audio system or steering wheel-mounted controls.

**SteeRing wheel-mounted cont RolS**
Available steering wheel-mounted controls keep NV® Cargo’s phone and audio controls at your fingertips.
HEAVY-DUTY TO THE CORE

A fully boxed full-length ladder frame is at the core of every NV® Cargo. Some of our competitors use 3-sided open “C” rails instead. But you don’t need to be a structural engineer to know the obvious – when building, four walls are stronger than three.

14 INCH DISC BRAKES

While the ability to carry a big load is important, being able to stop quickly and under control is just as vital. For outstanding day-in, day-out performance, the NV® Cargo features the largest brakes in its class: 4-wheel disc brakes with massive 14” front ventilated discs to provide maximum contact area for rapid heat dissipation, long-lasting durability and confident towing.

To make the most of the brakes, advanced technologies are always there to help protect you. An Anti-lock Braking System (ABS) rapidly pumps the brakes during hard braking to help keep your wheels from locking up, helping you to maintain steering control. Electronic Brake force Distribution (EBD) senses additional weight, whether it’s a loaded cargo area or a full tank of gas, and sends extra force to the rear brakes.

AIR BAGS – SERIOUS PROTECTION

NV® Cargo’s comprehensive safety strategy uses smart technology to help protect your most valuable assets. The air bag system incorporates dual-stage supplemental front air bags which inflate according to crash severity and seat belt usage. Available side-impact supplemental air bags are built into the seats, so they move with you and your passenger. In addition, available roof-mounted curtain supplemental air bags help provide head protection in the event of a side impact or rollover.1

BUMPER SET AT PASSENGER CAR HEIGHT

IMPROVES CRASH COMPATIBILITY. BETTER PROTECTION FOR ALL.

1NIH’s Light Vehicle Market Segmentation. 1NIH NV® vs. 1NIH Large Van Class. 2Air bags are only a supplemental restraint system; always wear your seat belt. Do not use rear-facing child restraints in this vehicle. All children 12 and under should be properly secured in child restraints, booster seats, or seat belts, according to their size. Air bags will only inflate in certain accidents. See Owner’s Manual for details. Inflated air bags shown for illustration purposes only; actual coverage area may differ. Air bags deflate after deployment.
Your vehicle is more than just basic transportation; it's what makes your business run efficiently. At Nissan Commercial Vehicles, we understand your part in making your business run cost-effectively. That's why we've partnered with our commercial certified part and service dealers to ensure we are there for you when you need us. As part of our parts and service commitment to you, you will experience the following at every certified Nissan Commercial Vehicles Dealer:

Roadside Assistance and Trip Interruption. Our commercial vehicles come with the confidence of Roadside Assistance, offering lookout support, towing services, emergency fuel delivery, tire changes and dead-battery jump-start service. Our Trip Interruption benefits offer assistance if your vehicle becomes disabled more than 100 miles from your company's location.

Commercial Benefits. As a committed business partner, we’re here to help. To get you going, the Nissan Commercial Incentive Program offers qualified commercial customers substantial benefits, including your choice of one of the following complimentary packages:

1. Complimentary Utility Package. Package offers a cargo partition and a 3-bar utility rack (utility rack on Standard Roof models, interior ladder keeper on High Roof models) built by Adrian Steel. Package MSRP: $1,860
2. Complimentary EZ LOAD Ladder Rack Package. Offered exclusively on Standard Roof models; this package offers a cargo partition and EZ LOAD Ladder Rack built by Adrian Steel. Package MSRP: $1,950
3. Complimentary Cargo Management System. System offers a cargo partition and three 44" wide Adrian Steel AD Series shelving units. Package MSRP: $2,270
4. Complimentary NCV Graphics Package. Package includes 70 square feet of custom-designed, professionally installed graphics by 3M. MSRP: $1,300
5. Commercial Cash Incentive. This option allows eligible customers to take advantage of a cash incentive. See your local Nissan Commercial Vehicles Dealer for complete guidelines surrounding the cash-incentive amounts.

We've got you covered. Every Nissan is backed by a 36-month/36,000-mile (whichever occurs first) limited vehicle coverage and a 5-year/60,000-mile (whichever occurs first) limited powertrain coverage. See your Nissan Commercial Vehicles dealer or reference the Nissan Owner’s Manual for details. For extra protection, you can also add Security+:®, the only extended service agreement approved by Nissan.

Service and maintenance plans. Developed specifically for Nissan Commercial Vehicles and backed by Nissan, a wide variety of service plans are available to you, including high-mileage options. Your authorized Nissan Commercial Vehicles dealer has all the details, and will be glad to help you find the plan that best fits your business needs.

NV® CARGO: 5 COMPLIMENTARY INCENTIVES TO CHOOSE FROM

With the Nissan Commercial Vehicle Incentive Program, qualifying NV® Cargo buyers can enhance their purchase with five exciting choices to help them get down to business:

1. Complimentary Utility Package
2. Complimentary NCV Graphics Package
3. Complimentary Cargo Management System
4. Complimentary Cash Incentive
5. Complimentary Utility Package

Commercial Benefits. As a committed business partner, we’re here to help. To get you going, the Nissan Commercial Incentive Program offers qualified commercial customers substantial benefits, including your choice of one of the following complimentary packages:

1 When using load index 94 (1477 lb) tires. Use of other tires may reduce payload capacity.
Nissan. Innovation that excites.™

NISSAN NV® CARGO

Shouldn’t what you drive help drive your business? Absolutely. And that’s what inspires our innovation.

We look at every part of your drive and ask how can we make this better, smarter and more productive. So when you get down to business in your new Nissan Commercial Vehicle, you’ll feel how hard-working the answers can be:

Mobile office. You’re ready to work with a full-size center console that doubles as a convenient slide-out work desk.

Built for the long haul. NV® Cargo has been proven by over 800,000 miles of reliability testing and 7,000 quality and durability tests.

Big choices. NV® Cargo is offered in both standard and high roof configurations, letting you custom-tailor your vehicle to your business needs.

Open for anything. NV® Cargo features forklift-friendly rear doors that swing 243° wide and stay open thanks to powerful magnets.
