America’s Best Commercial Van Warranty

5 YEARS/100,000 MILES
BUMPER-TO-BUMPER WARRANTY

See dealer for limited warranty details.

Going above and beyond is the Nissan way. After passing all of the brutal quality and durability testing, we’re sure you’ll have a van you can count on. To prove our confidence and our commitment, we are pleased to introduce America’s Best Commercial Van warranty, a bumper-to-bumper limited warranty for 5 years or 100,000 miles, whichever comes first! And that means compliment back, so you can keep moving forward. For more details of the limited warranty, please go to NissanCommercialVehicles.com or ask your Nissan Business Certified Dealer.

When it comes to making the toughest commercial vans you can buy, we go the extra distance for you, and it’s no Sunday drive. We simulate years of corrosion, soaking a vehicle with salt, baking it, then pounding it around a test track. We wreak havoc with suspension and body components by driving through potholes, dips, and over 4 x 4 beams. Special chambers crank up the heat to 140°F and humidity to 95% to break down seals and age interiors. Do we really need to go to such extremes? Yes, because every day, you depend on your Nissan Commercial Van to do your job. And that’s the motivation for us to do ours.
