2013 Nissan NV® Passenger. Designed to transport your expectations as well as your passengers, NV® Passenger sets the standard with a class-leading 324 seating configurations. And getting to them is easy, with a sliding side door and a low step-in height. It’s a real upgrade for those along for the ride, featuring comfortable seating with integrated headrests and seat belts and the confidence of standard roof-mounted side-impact supplemental air bags for every row. Innovative heating and cooling keeps everyone comfortable, too. The out-front engine design provides improved driver comfort and easier engine access for servicing. And it’s been engineered to be durable too, with the largest frame and biggest brakes in its class. It all adds up to comfortable drivers, satisfied passengers and a profitable bottom line. 2013 NV® Passenger. That’s innovation that works. Nissan. Innovation that excites.
FIRST CLASS.

NV® Passenger takes rider comfort to the next level. Getting to your seat is easy, with large aisles and plenty of space between rows. Seats feature an individual backrest design, independent headrests and integrated shoulder belts for comfort and security. Slide-out under-seat cup holders, overhead A/C vents and available reading lights and power outlets provide comfort and convenience. There are even two floor heater vents for every row, with dual heater units in the front and rear so no one's left out in the cold. There's no need to fight over who gets to sit where – every seat is the best one in the house.
A LEG UP ON THE COMPETITION.

With a choice of fore or aft positions in the 2nd- and 3rd-row seats, NV® Passenger can be configured to give extra leg room, a real plus for taller or larger passengers.

IT PAYS TO BE FLEXIBLE.

With a class-leading total of six independent rear seats,* you have unmatched flexibility whether it’s maximizing cargo, passengers, or just giving everyone a little more room to get in and move around. The 4th-row seats even feature wheels for easier removal.

12 REAR AIR VENTS

14 FAN SPEEDS

LIMITLESS COMFORT

A comfortable passenger is a happy passenger, so extensive engineering went into making NV® Passenger comfortable for all. Along with standard front and rear HVAC units, you’ll find each passenger row has two adjustable overhead air conditioning vents, and dual floor-mounted heater vents—most competitors heat only one side of the cabin, meaning some passengers will be too hot while others have a chilly ride. And while competitor vans offer only four fan speeds, NV® Passenger features 14 speeds for increased rear climate control.

REAR POWER OUTLETS

An available 12-volt power outlet in the third row is ideal for charging a cell phone or tablet, while an available dedicated 120-volt outlet behind the 4th row in the cargo area can charge a power tool battery pack or a laptop.

CONVENIENT CUP HOLDERS

No detail was overlooked in NV® Passenger. Each row features two under-seat slide-out cup holders, designed to hold a variety of containers and strong enough to withstand years of abuse.

REAR CLIMATE CONTROLS

Located above the driver and front seat passenger, the design is simple but effective, with 14 fan speeds to ensure cabin comfort, and two oversize knobs that are easily adjusted, even when wearing gloves.

6 INDIVIDUAL REAR SEATS

With a class-leading total of six independent rear seats,* you have unmatched flexibility whether it’s maximizing cargo, passengers, or just giving everyone a little more room to get in and move around. The 4th-row seats even feature wheels for easier removal.

UP TO 324 SEATING CONFIGURATIONS

No detail was overlooked in NV® Passenger. Each row features two under-seat slide-out cup holders, designed to hold a variety of containers and strong enough to withstand years of abuse.

*Based on Ward’s Light Vehicle Market Segmentation. 2013 NV® Passenger vs. 2013 Large Van Class.
comfort, control and convenience.

The job title may say driver, but you can also add part-time skycap, cashier, entertainment director and company representative to the list. NV® Passenger makes sure you excel at all of them, providing outstanding room and superior visibility for easier maneuvering. There’s dedicated storage for everything from clipboards to business cards, and advanced technology to help keep you on time, and your passengers comfortable and entertained. Job well done.

seats that go the distance

By minimizing engine intrusion into the cabin, NV® Passenger’s truck-like interior pays huge dividends in stretch-out room, especially leg and foot room (check out the wide foot wells). The wide front seats feature a supportive low-fatigue design, so you’ll find NV® Passenger is a comfortable place to spend long hours on the road. And to keep your cabin looking new, the cloth seats feature durable materials, including water-repellent seat cushions and backs, and a seat wear patch on the upper and lower bolsters made of heavy-duty vinyl.

flexible center console

NV® Passenger’s available center console is a master multi-tasker – large enough to hold hanging files or a laptop computer, with a top that slides forward to create a convenient work desk. 12-V and 120-V outlets help ensure your business devices are always charged and ready to go.

connective technology

Available advanced technology keeps you in touch and on the move. Nissan navigation with live traffic updates helps you find the best route and avoid traffic jams, while Bluetooth® Hands-free Phone System connectivity lets you make and receive calls while keeping your hands on the wheel. An available Front and Rear Sonar System plus a RearView Monitor help negotiate tight parking spaces, while SiriusXM Satellite Radio and an iPod®-friendly USB input make any trip more enjoyable for you and your passengers.

1 Never program while driving. GPS mapping may not be detailed in all areas or reflect current road regulations. 2Required SiriusXM Satellite Radio, NavTraffic and NavWeather subscriptions sold separately after trial period. Installation costs, one-time activation fee, other fees and taxes will apply. NavTraffic available in select markets. Services available only to those 18 or older in the 48 contiguous states and D.C. Fees and programming subject to change. Subscriptions governed by Customer Agreement available at siriusxm.com. ©2013 Sirius XM Radio Inc. Sirius, XM and all related marks and logos are trademarks of Sirius XM Radio Inc. 3 Availability of specific features is dependent upon the phone’s Bluetooth® support. Please refer to your phone Owner’s Manual for details. Bluetooth word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under license. 4 The Front and Rear Sonar System is a convenience, but not a substitute for proper parking procedures and/or backing procedures. Always check that it is safe to do so before moving forward or backing up. May not detect every object in front of or behind you. 5 Parking aid/convenience feature. Cannot completely eliminate the risk of collision with other objects. Always visually check surrounding areas before moving. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. 6 Driving is serious business and requires your full attention. Do not operate any devices connected to the USB or auxiliary audio input jacks while driving. iPod® is a registered trademark of Apple, Inc. All rights reserved. iPad not included.
STAY CONNECTED

Business is all about connections, and in NV Passenger, the available Technology Package keeps you in touch and on the move. Nissan navigation with live traffic updates helps you find the best route through a crowded city, while Bluetooth® Hands-free Phone System connectivity lets you conduct business while keeping your hands on the wheel.* The RearView Monitor helps negotiate tight parking spaces, while SiriusXM Satellite Radio and an iPod®-friendly USB input let you enjoy your drive even more.**

STEERING WHEEL-MOUNTED CONTROLS
Available steering wheel-mounted controls keep NV Passenger’s phone and audio controls at your fingertips.

USB INPUT
With the available USB input, you can enjoy your favorite tunes from your iPod® and control it through the audio system or steering wheel-mounted controls.*

CONVENIENT 120-V ACCESS
Conveniently located in the center console, available 12-V and 120-V power outlets are ideal for charging a laptop computer or cordless power tool.

FRONT AND REAR SONAR
Available in either rear or combined front and rear versions, the system beeps when it senses an object up to six feet away, and increases in frequency the closer you get.*

Red, yellow and green lines display relative traffic speed.*

---

*Never program while driving. GPS mapping may not be detailed in all areas or reflect current road regulations. "Recommended Speed" applies to Static Route only. Navigation requirements after display lock-out. Installation costs, one-time activation fee, other fees and taxes will apply. 
**NavTraffic available in select markets. Services available only to those 18 or older in the 48 contiguous states. Refer to vehicle owner’s manual for details. The Bluetooth® word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under license. 4 Parking aid/convenience feature. Cannot completely eliminate blind spots or avoid object contact. Always check surroundings before moving vehicle. Not a substitute for proper backing procedures. Always turn to check what is behind you before backing up. 5 Driving is serious business and requires your full attention. Do not operate any electronic devices or engage in distracted driving while driving. iPod® is a registered trademark of Apple, Inc. All rights reserved. iPod not included. 6 The optional Front and Rear Sonar System is a convenience, but is not a substitute for proper parking procedures and/or backing procedures. Always check that it is safe to do so before turning around or backing up. May not detect every object in front or behind your vehicle.
NV Passenger has been engineered from the bottom up to give you the kind of reliability and durability you need to ensure a solid bottom line for your business. It's built on the largest boxed frame in its class for a long service life. The biggest brakes in its class provide confident stopping power, while standard VDC helps keep you on your steered path. Whether you choose between a fuel-efficient V6 or powerhouse V8 engine, you ride with state-of-the-art technology. With up to 8,700-lb. towing capacity, you can bring what you need, when you need it. And since both engines run so efficiently, you'll never have to worry about logging idling time again.
THE SAFETY OF TOMORROW, IN YOUR VAN TODAY.

FRONT-IMPACT COMPATIBILITY Setting NV® Passenger’s bumper at passenger car height helps improve compatibility in a crash environment and helps offer better protection for occupants in passenger cars.

LARGEST BRAKES IN CLASS¹ Massive 14” 4-wheel braking power. Advanced technology, including an Anti-lock Braking System (ABS) and Electronic Brake force Distribution (EBD), are there to help protect you.

BRAKE OVERRIDE TECHNOLOGY Like every Nissan since 2005, NV® Passenger comes standard with Brake Override Technology. It’s designed to help slow down your vehicle and bring it to a safe stop in an emergency by overriding accelerator input and reducing engine power when the accelerator and brake pedals are applied simultaneously.

FRONT, REAR AND SIDE IMPACT ZONES NV® Passenger comes with a front energy management zone designed to help absorb the energy generated upon impact. Side rigid zones are designed to help maintain vehicle integrity with minimal deformation to protect occupants. The heavy-gauge steel construction of the occupant compartment offers added protection during a side-impact incident. The rear energy management zone helps absorb energy from impact in the rear section of the frame, protecting both occupants and fuel tank.

THE MOST STANDARD AIR BAGS IN ITS CLASS² NV® Passenger is the only vehicle in its class with standard inflatable curtain air bags for all four rows of seats for outboard occupant head protection in the event of a rollover. No other competitor offers four rows of air bag coverage — even as an option.

Every Genuine Nissan Accessory is custom-fit, custom-designed and durability-tested backed by Nissan’s 3-year/36,000-mile (whichever occurs first) limited warranty; and can be financed when installed by dealer at time of purchase.

A. All-season Floor Mats
   Because the weather outside isn’t always delightful.

B. Carpeted Rear Floor Mats
   Preserve, protect, and oh, so plush.

C. Telescoping Tow Mirrors
   Telescoping mirrors slide outward for improved visibility.

D. Hood Protector
   Give your hood a fighting chance against bugs and road grime.

E. Tow Hitch Receiver, Class IV
   Designed for secure towing so you can bring what you need.

F. Auto-dimming Rearview Mirror
   Don’t let bright headlights get in your way.

G. Weight-distributing Hitch Ball Mount, Class IV
   Makes for a safer ride when towing heavy loads.

H. Body Side Moldings
   Just say no to parking lot dings, dents and scratches.

Additional Accessories:

- Splash Guards
- Side-window Deflectors
- Tow Hooks
- Towing Accessories
- And More

Commercial Benefits. As a committed business partner, we’re here to help. To get you going, the Nissan Commercial Incentive Program offers qualified commercial customers substantial benefits, including your choice of one of the complimentary incentives:

1. Complimentary NCV Graphics Package. Commercial Vehicle Graphics Package includes 95 square feet of custom-designed, professionally installed graphics by 3M. MSRP $1,000

2. Commercial Cash Incentive. This option allows an eligible customer to take advantage of a cash incentive. See your local Nissan Commercial Vehicles Dealer for complete guidelines surrounding the cash-incentive amounts.

Incentives to Choose From

With the Nissan Commercial Vehicle Incentive Program, qualifying NV Passenger buyers can enhance their purchase with two exciting choices to help them get down to business:

Roadside Assistance and Trip Interruption. Our commercial vehicles come with the confidence of Roadside Assistance, offering lockout support, towing services, emergency fuel delivery, tire changes and dead-battery jump-start service. Our Trip Interruption benefits offer assistance if your vehicle becomes disabled more than 100 miles from your company’s location.

We’ve got you covered. Every Nissan is backed by a 36-month/36,000-mile limited vehicle warranty and a 5-year/60,000-mile (whichever occurs first) limited powertrain warranty. (See your Nissan Owner’s Manual for details.) For extra protection, you can also add Security+Plus, the only extended service agreement approved by Nissan.

N+ Passenger Trim Build

There’s an N+ Passenger Perfect for Your Needs.

NV3500® HD S

You’ve decided which Nissan NV Passenger you want, now here comes the best part: deciding what it’s going to look like. Choose your favorite color and then pick from the available interior options based on the model of your choice.

Nissan has taken care to ensure that the color swatches presented here are the closest possible representations of actual vehicle colors. Swatches may vary slightly due to the printing process and whether viewed in daylight, fluorescent or incandescent light. Please see the actual colors at your local Nissan dealer.

Nissan. Innovation that excites.™
NISSAN NV® PASSenger

Shouldn’t you drive something you love? Absolutely. And that’s what inspires our innovation.
We look at every part of your drive and ask how can we make this better, smarter and more productive. So when you get
down to business in your new Nissan Commercial Vehicle, you’ll feel how hard-working the answers can be:

Mobile office. You’re ready to work with a full-size center console that doubles as a convenient slide-out work desk.

Built for the long haul. NV® Passenger has been proven by over 800,000 miles of reliability testing and 7,000 quality and durability tests.

Unmatched flexibility. NV® Passenger’s best-in-class 324 seating configurations offer the most versatile seating in its class.¹

Protective. NV® Passenger Van is the only van in its class with standard inflatable curtain air bags for all four rows of seats.²
