BUILT FOR THE WAY YOU WORK.

Introducing the Nissan NV200® Compact Cargo, the right-size commercial vehicle for your business. It’s got over 122 cubic feet of cargo space that’s easily accessed by wide-opening 40/60 rear doors and a sliding door on each side. You can even fit a 40” x 48” pallet. The cabin offers impressive comfort and security, with loads of thoughtful features that make it a convenient mobile office. It’s the perfect size for getting around even the most crowded cities and fitting into tight parking spots and low garages, while its best-in-class city and combined fuel economy and advanced CVT transmission help deliver a low cost of ownership. Nissan NV200 Compact Cargo. Nissan. Innovation that excites.

READY FOR BIG JOBS AND SMALL PARKING SPACES.

Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of the vehicle with cargo, especially on the roof, will affect the handling and stability of the vehicle. *Ward’s Small Van Market Segmentation. 2013 NV200 Compact Cargo vs. 2013 competitors. 2013 EPA Fuel Economy Estimates (MPG city and HEPG combined). Actual mileage may vary with driving conditions – use for comparison only.
PINCHES PENNIES. TURNS ON A DIME.

With NV200 Compact Cargo’s 2.0-L 4-cylinder and efficient Xtronic CVT® transmission, you get a smooth and powerful drive while keeping a watchful eye on the bottom line, with best-in-class city and combined ratings of 24 MPG.¹ Add in responsive handling and excellent outward visibility, and NV200 Compact Cargo is as good at maneuvering in crowded urban environments as it is at avoiding big fuel bills.

TURNING DIAMETER 36.7’

NV200’s incredibly tight turning diameter helps you negotiate narrow streets and tight parking structures while letting you place the vehicle as close as possible to your drop-off locations.
The NV200 Compact Cargo’s smart design helps you create a commercial vehicle that works especially hard for the unique needs of your business. With easy access, a spacious interior, innovative packaging and upfitting potential, NV200 Compact Cargo is one smart business partner.

A. Over 122 Cubic Feet – NV200 Compact Cargo gives you an all-access pass to 122.7 cubic feet of cargo. With a low load floor height of just 21.1”, 40/60 split rear doors that open to 90º and 180º, and easy sliding doors on both sides, it’s easy to maneuver even bulky and oversized packages.

B. Flat Wheel Wells – When it comes to efficiency, NV200 Compact Cargo makes every inch count. That’s why you’ll find the wheel wells have a compact and narrow design to maximize cargo room. The tops of the wheel wells were also flattened for easier stacking of boxes.

C. Cargo Capability – To maximize cargo space, NV200 Compact Cargo features a flat cargo floor and minimal intrusion from the wheel wells. The result is impressive cargo room that’s large enough to fit a 40” x 48” pallet or carry an item 9’8” long with the passenger seat folded down.

D. Integrated Reinforced Cargo-mounting Points – With 20 integrated interior cargo-mounting points for secure upfitting of cargo racks, partitions and bins, you’re ready for work. Six exterior mounting points on the roof are ideal for mounting a ladder rack.* Adrian Steel, official upfitter of the NV200 Compact Cargo, offers several solutions to suit the needs of your business.

*Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of the vehicle with cargo, especially on the roof, will affect the handling and stability of the vehicle.
Extensive research went into the design of NV200 Compact Cargo’s cabin to make it a better place to drive and a smarter place to work. The driver sits high, with excellent outside visibility. The transmission lever is mounted high up for an easy reach. Large outside mirrors feature a convex insert to help eliminate blind spots. Available heated mirrors are a real help on cold, frosty mornings. The available Technology Package includes RearView Monitor and NissanConnectSM with Navigation. From voice-activated navigation and audio to hands-free text messaging assistant, you stay connected in a smart way.

A BETTER WAY TO DRIVE. A SMARTER WAY TO WORK.

A. Flat folding seat and rear power – A natural multitasker, NV200 Compact Cargo converts easily into your mobile office, with a passenger seat that folds down to create a work desk, smart storage and easy-to-reach power outlets.

B. Convertible space and room for your stuff – Keeping things orderly always makes a good impression. NV200 Compact Cargo’s center console is large enough to hold a laptop computer – it’s even designed to hold hanging files. Thoughtful items like an under-seat sliding drawer on the passenger seat and deep cup holders mean everyday convenience, while wear-resistant bolsters and water-repellent seating help keep the interior looking good for years to come.

WE’VE GOT BIG PLANS FOR THE FUTURE.

A SMARTER WAY TO MOVE CARGO IS JUST THE BEGINNING. The NV200 Compact Cargo is just the first in a family of efficient commercial vehicles. In fall 2013, the NV200 Compact Cargo (concept vehicle shown) will also become the official taxi of New York City, proving that New Yorkers know a good thing when they see it.

Nissan. Innovation that excites™
NISSAN NV200® COMPACT CARGO

Shouldn’t what you drive help drive your business? Absolutely. And that’s what inspires our innovation. We look at every part of your drive and ask how can we make this better, smarter and more productive. So when you get in your new NV200 Compact Cargo, you’ll experience the difference innovation makes:

Perfect size for your business. With a 36.7’ turning diameter, NV200 Compact Cargo is designed to negotiate tight city streets.

Big on cargo space. NV200 Compact Cargo is small on the outside, but big on the inside, with over 122 cubic feet of cargo space.¹

Best-in-class MPG. NV200 Compact Cargo provides best-in-class EPA fuel economy, with estimates of 24 MPG city and 24 MPG combined.²

Your mobile office. A fold-down passenger seat that doubles as a work desk and a center console that can hold a laptop mean you’re ready for business.

The Nissan Commercial Vehicle lineup is just part of the family of Nissan Vehicles:
