Going above and beyond is the Nissan way. After passing all of the brutal quality and durability testing, we’re sure you’ll have a van you can count on. To prove our confidence and our commitment, we are pleased to introduce America’s Best Commercial Van Warranty, a bumper-to-bumper limited warranty for 5 years or 100,000 miles, whichever comes first! And that means we’ve got your back, so you can keep moving forward. For more details of the limited warranty, please go to NissanCommercialVehicles.com or ask your Nissan Business Certified Dealer.

When it comes to making the toughest commercial vans you can buy, we go the extra distance for you. We simulate years of corrosion, soaking a vehicle with salt, baking it, then pounding it around a test track. We wreak havoc with suspension and body components by driving through potholes, dips, and over 4 x 4 beams. Special chambers crank up the heat to 140° and humidity to 95% to break down seals and age interiors. We go to such extremes because every day, you depend on your Nissan Commercial Van to do your job. And that’s the motivation for us to do ours.

America’s Best Commercial Van and Truck Warranty
