WELCOME TO THE 2015 NISSAN QUEST® DIGITAL BROCHURE

Full of images, feature stories, and all the specification and trim level information you need to help select your Quest.

Click here to sign up for news and updates on the 2015 Nissan Quest.
YOU STARTED EVERY DAY WITH THE PERFECT PARTNER?

Today will be different. You’ve got Quest® on your side. When life comes calling, rely on the modern 7-seater with style. Daily routine or family road trip, celebrate it all – with accommodations that are nothing but first-class. Say yes to a roof made of sky, sliding doors that open with one touch, and seats so incredibly easy to configure, you’ll look for excuses to pack up and go.

WHAT IF...

Nissan Quest® Platinum shown in Gun Metallic with Dual Opening Glass Moonroof Package.
The room you need. The details you love. While you may like the Quest1 for all the amazingly flexible space, you’ll fall in love with the way it feels to simply sit behind the wheel. We designed it for that, with a beautifully curved dash, warm wood-tone trim, controls that are pleasing to the touch, and upscale details like piping on the available leather-appointed seats.
VERSATILITY

Permanent rear storage well.
The cargo well behind the rear seats is always open for business, thanks to third-row seats that fold forward.1

A second row you never have to remove. The second row folds flat, which means no more wrestling with seats.

Power rear windows.
Fresh air for all. In Quest®, your second-row passengers have their own power window.

Where to put the long legs? With Quest®’s sliding second row, you can create more leg room where you need it, in the second or third row.2

Quick Comfort® heated front seats: Get to cozy quicker. Heating immediately starts at your thighs and hips then spreads to include other areas of the body, for warming that’s ASAP.3

Comfort seating design. Shaped and padded especially for improved posture support and comfort. Designed with your next road trip in mind.

Easy up, easy down. Push the release button and the third-row seats fold right down. The available power-up feature brings them back into place at the push of a button.

Where to put the long legs? With Quest®’s sliding second row, you can create more leg room where you need it, in the second or third row.1

Second- and third-row seats down. Just the pair of you cruising the flea market? What will you bring home? With up to 119.8 cu. ft. to fill, there’s no telling.4

Third-row seat down. Now you have up to 75 cu. ft. of cargo room. And thanks to the clever no-stow, forward-folding third row, you can still pack some gear in the permanent rear storage well.

FLIP, FOLD, AND FIT. ALL AT A MOMENT’S NOTICE.

Quick Comfort® heated front seats: Get to cozy quicker. Heating immediately starts at your thighs and hips then spreads to include other areas of the body, for warming that’s ASAP.3

C argo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of the vehicle with cargo, especially on the roof, will affect the handling and stability of the vehicle. Slide forward function should not be performed with the CRS occupied.1

Standard on Quest® SL and Platinum. Available on Quest® SV with Leather Package. "75.6 cu. ft. on S, 54.3 cu. ft. on SV and SL models without Bose® audio system. 78.8 cu. ft. on SL and Platinum models with Bose® audio system. "71.9 cu. ft. on S, 39.0 cu. ft. on SL and Platinum models with Bose® audio system. 75.7 cu. ft. on S, 57.7 cu. ft. on SL and Platinum models with Bose® audio system. 119.8 cu. ft. on S, 98.6 cu. ft. on SL and Platinum models with Bose® audio system. 70.3 cu. ft. on S, 54.3 cu. ft. on SL and Platinum models with Bose® audio system. 115.1 cu. ft. on S, 99.5 cu. ft. on SL and Platinum models with Bose® audio system." Nissan Quest® Platinum shown in Beige Leather.
CARGO MADE SMARTER.

In Quest®, not only does the second row fold flat, forward, and out of the way, so does the third. So unlike other minivans, instead of stowing seats, the cargo well behind the third row is a permanent place to put whatever you like.

All seats up. Seven on board and you still have room for gear. The permanent rear storage well has two separate lids. You can keep a flat cargo floor on one side, and leave the other lid open to carry taller things.1

All seats down. Go full cargo mode, while Quest®’s practical and permanent rear storage well is always at the ready.

1 Cargo shown for display purposes only. Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of the vehicle with cargo, especially on the roof, will affect the handling and stability of the vehicle. *119.8 cu. ft. on S, SV and SL models without Bose® audio system, 115.1 cu. ft. on SL and Platinum models with Bose® audio system.
LIFE MADE EASIER.

From a convenient way to get everyone inside, to a better way to wave goodbye, you’ll see innovative design at work for you – everywhere you look.

Removable 2nd-row console. Your choice. Cup holders for the rear and a place to stash small items. Or remove this handy console to create some walk-around space.

Nissan Intelligent Key® and Push Button Ignition. A system so smart, you can unlock the doors, open the available power rear liftgate, and start the engine, all without taking the key out of your pocket or purse.

Power rear liftgate This available feature is the next best thing to your own doorman. Just push a button on the keyless remote, liftgate or dash.

Power second-row windows Open up to let fresh air in, or maybe just wave goodbye.

Low step-in height It’s easy for anyone to get into Quest®.

One-touch power sliding doors Hands full? No problem. Quest®’s available one-touch power sliding doors open easily.

Driver’s memory seat system With two presets, the available driver’s memory seat system lets you get comfy behind the wheel – regardless of whose turn it is to drive.

Nissan Quest® Platinum shown in Pearl White with Beige Leather.
Hungry? Lost? Bored back there? With these available high tech and instant entertainment features, Quest® has you covered. Let the road trip begin.

**11” DVD monitor.**
Our 11” 16:9 viewing area DVD monitor keeps everyone happy for hours and even has inputs for gaming.

**Advanced Climate Control System.**
First in its class. Control your inside climate and clean the air quickly, when you need to. The system can filter the cabin air or help reduce outside intrusion, and even help reduce bothersome allergens.

**Nissan Navigation System.**
Quest®’s advanced navigation system gives you the tools to make every trip a snap. Find a new restaurant that’s a perfect fit for the entire family, picky eaters included. Hear turn-by-turn Voice Guidance, then get around jams with available real-time traffic reports from NavTraffic. Know the weather, the quickest way to the freeway, and make it there on time with these available features.

**iPod® connectivity.**
Your music comes along. On Quest® SV, SL and Platinum, a standard USB input is ideal for your iPod® so you can easily control your playlist. On S models, you can plug your player into a standard auxiliary audio input.

**Bluetooth® Hands-free Phone System.**
An easier way to stay in touch. Now you can make calls using the buttons on the steering wheel and listen via the speakers. You can also store your address books and use voice-activation to make calls by name.

**Bose® audio system.**
A 13-speaker Bose® audio system is made just for Quest®, designed around the cabin’s unique acoustics to enhance its performance. From the driver’s seat to the third row, every passenger enjoys the clarity and depth of a live show.

Technology to the rescue! Click the button to see a short video on how Quest® can save your next road trip. Or go to bit.ly/questtech

---

1Play’s Light Vehicle Market Segmentation. Small Van Class. Advanced Climate Control System introduced with MY11 Quest. 2The Advanced Climate Control System with Plasmacluster® air purifier helps scrub the air in vehicle’s silence. The system improves interior odor, suppresses unpleasant interior odors, stops the influx of external odors and helps keep the cabin smelling fresh, but does not always eliminate odors. 3Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. “Thomas Guide® Satellite Radio, SiriusXM® and NavTraffic® subscriptions sold separately and are automatic until you call SiriusXM® to cancel. Installation costs, over-time activation fee, other fees and taxes will apply. NavTraffic® available in select markets. Satellite Radio U.S. service and NavTraffic® service available only to those 18 or older in the 48 contiguous states and D.C. For full programming details, go to siriusxm.com. ©2014 Sirius XM Radio Inc. Sirius®, XM® and all related marks and logos are trademarks of Sirius XM Radio Inc., “GPS mapping included provides your full attention. If you have to use the connected device while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. iPod® is a registered trademark of Apple, Inc. All rights reserved. iPod® not included. Availability of specific features is dependent upon the phone’s Bluetooth® support. Please refer to your phone Owner’s Manual for details. Bluetooth®, worthmark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under license. Bose® is a registered trademark of The Bose Corporation. Plasmacluster® is a registered trademark of Sharp Corporation.
A thousand things to do? Power through with confidence. Starting with the on-ramp, where Quest®’s 260-horsepower V6 and super-smooth Continuously Variable Transmission (CVT) help make getting up to speed a piece of cake. Quest® is designed for easy maneuverability, too. Vehicle-speed-sensitive steering gives you the assist you need at different speeds. Steering is easier at low speeds (for parking), and firmer when you’re cruising along the highway. And rest assured that Quest® is in it for the long haul. With regularly scheduled fluid and filter changes, you can roll past a lot of busy days and up to 105,000 miles before needing a tune-up. Under normal driving conditions with routine fluid-filter changes. See Owner’s Manual for details.
NISSAN AROUND VIEW® MONITOR®

IT HAS YOUR BACK. AND THE REST OF YOU, TOO.

What if parallel parking was easier? A rearview monitor is great when backing up—but when it comes to parking, it’s nice to see more than just what’s directly behind you. That’s why Quest® offers an available class-exclusive Around View® Monitor. **4** Four cameras give you a virtual 360° bird’s-eye view of your vehicle, with selectable split-screen close-ups of the front, rear, and curbside views, so you can get a better look. And since all obstacles aren’t stationary (shopping carts, we’re talking to you), Moving Object Detection keeps an eye on your Quest® and can warn you about moving objects detected in your vicinity.**4**

Available feature. Parking辅助功能为选装功能。Cancelling complete blind spots. May not detect every object and does not warn of moving objects. Always check surroundings, including blind spots, before moving vehicle.

WHAT’S INSIDE

**1.** Virtual composite 360º view

**2.** Camera located under your driver’s side mirror helps round out your virtual 360° bird’s-eye view, whether you’re in Drive or Reverse.

**3.** In Drive, the display gives you both a front and overhead view, so you know just how far to pull up—without going too far. In Reverse, the display helps you see what’s directly behind you, while the overhead view helps with shorter objects otherwise hidden below your window.

**4.** And since all obstacles aren’t stationary (shopping carts, we’re talking to you), Moving Object Detection keeps an eye on your Quest® and can warn you about moving objects detected in your vicinity.

**5.** In Drive or Reverse, you can push the camera button to switch out the overhead for a side view. A great help for seeing how close you are to the curb.

**6.** Located under your driver’s side mirror, this camera helps round out your virtual 360° eye view of your vehicle, with selectable split-screen close-ups of the front, rear, and curbside views, so you can get a better look.

RIGHT ON THE NOSE

NO MORE BUMPER CARS

COMPLETE THE PICTURE

Located under your driver’s side mirror, this camera helps round out your virtual 360° bird’s-eye view, whether you’re in Drive or Reverse.

SPARE YOUR WHEELS

In Drive or Reverse, you can push the camera button to switch out the overhead for a side view. A great help for seeing how close you are to the curb.
NISSAN SAFETY SHIELD® PHILOSOPHY

INNOVATION THAT LOOKS OUT FOR YOU.

Wouldn’t it be cool if you had the confidence you need for every part of your drive? The Nissan Safety Shield® is a comprehensive approach to safety that guides the engineering and development of every vehicle we make.

MONITOR

Smart technologies are designed to help monitor conditions. Like a warning when another vehicle is detected in the blind spot area, or a system that helps ensure you’re travelling on properly inflated tires.

Standard Tire Pressure Monitoring System with Easy-Fill Tire Alert®

Let’s you know when a tire is low. And Easy-Fill Tire Alert takes the guesswork out of filling your tires, with a beep of the horn when you’ve reached the correct pressure.

Available Around View® Monitor, RearView Monitor®, Moving Object Detection®, and Smart Auto Headlights

RESPOND

Whether you need to hit the brakes hard or maneuver around an unexpected obstacle, these standard technologies help you respond to a potentially harmful situation.

Vehicle Dynamic Control helps you maintain your steered path.

Traction Control System helps reduce wheelspin in low-traction situations.

Anti-lock Braking System helps maintain steering control around obstacles while braking heavily.

Electronic Brake force Distribution sends extra force to the rear brakes when you have additional weight of passengers or cargo in the back.

Brake Assist helps apply maximum braking force if it detects hard braking and senses you are in an emergency situation.

PROTECT

When a collision is unavoidable, Nissan’s Zone Body construction helps absorb the impact while the advanced seat belt and air bag systems help protect passengers.

Six Standard Air Bags

LATCH System (Lower Anchors and Tethers for CHildren)

Snug Kids®

Nissan safety engineers have dedicated thousands of hours to evaluating hundreds of child restraints in Nissans. The result: an industry first, The Snug Kids® Child Safety Seat Fit Guide. This guide lists child seats that fit the rear seats of Nissan vehicles, as well as offers invaluable tips on correct installation. Look for the latest Fit Guide at NissanUSA.com/SnugKids.

Available Blind Spot Warning System®

Displays an indicator on your appropriate outside mirror when it detects a vehicle in the blind spot area. Activate the turn signal and the indicator will flash and a chime will sound.

PLAY VIDEO

Click the button to see a short video on how Snug Kids® helps you find the right CRS for your Nissan.

GENUINE NISSAN ACCESSORIES.

Every Genuine Nissan Accessory is custom-fit, custom-designed and durability-tested. Each one is backed by Nissan’s 3-year/36,000-mile (whichever occurs first) limited warranty (if installed by dealer at the time of purchase), and can be financed when installed by dealer at time of purchase.

**A. Cargo Organizer**
Indulge your inner neat freak.

**B. Illuminated Kick Plates (2-piece set)**
Fewer scuffs and a grand entry, every time.

**C. Interior Accent Lighting**
Bring some color to the carpool.

**D. All-season Floor Mats**
The answer to muddy shoes and rogue sippy cups.

**E. Rear Bumper Protector**
Fight back against preventable scratches.

**F. Child Seat Protector**
Look out for your children, and your seats.

**G. Hatch Tent**
It’s Quest®! It’s a campsite. It’s both!

**H. Cargo Area Protector**
Because being a cargo area isn’t easy.

Additional Accessories:
- Family Travel Clean-up Kit
- Splash Guards
- Hood Protector
- Roof Rail Crossbars
- Carpeted Floor Mats
- Towing Accessories
- Nissan VTRS (Vehicle Tracking and Recovery System)
- And More
CHOOSE YOUR TRIM LEVEL

**S**
- 3.5-liter V6 engine with Xtronic CVT® (Continuously Variable Transmission)
- Anti-lock Braking System (ABS)
- Vehicle Dynamic Control (VDC) and Traction Control System (TCS)
- Tire Pressure Monitoring System (TPMS) with Easy-Fill Tire Alert
- Nissan Intelligent Key® with Push Button Ignition
- AM/FM/CD audio system with auxiliary audio input jack
- Cruise control with illuminated steering wheel-mounted switches
- Power second-row side windows
- 7-passenger seating capacity and permanent rear storage well (behind third row)
- Fold-flat second-row captain’s chairs and fold-flat third-row bench seat
- Wood-tone trim on dashboard and front door panels
- Nissan Advanced Air Bag System and six standard air bags

**SV** INCLUDES S EQUIPMENT PLUS:
- 18" Aluminum-alloy wheels
- Fog lights
- RearView Monitor
- Premium AM/FM/CD audio system with 5" color display and six speakers
- SiriusXM® Satellite Radio
- Bluetooth® Hands-free Phone System
- USB connection port for iPod® interface and other compatible devices
- Leather-wrapped steering wheel with illuminated audio controls
- Tri-zone Automatic Temperature Control (ATC)
- Rear privacy glass

**SL** INCLUDES SV EQUIPMENT PLUS:

---

Nissan Motor Acceptance Corporation. Whether you're buying or leasing, you'll find attractive rates and flexible terms to make your purchase more manageable.

College Grad Program. Ask about our special new vehicle pricing available to individuals up to two years after graduation.

Active and Reserve US Military Program. Ask about eligibility for our fixed discount on new vehicle pricing available to those serving our country.

New Vehicle Limited Warranties. Protection for your new Nissan includes 5 years/80,000-
- mile (whichever occurs first) basic coverage and 5 years/60,000-mile (whichever occurs first) powertrain coverage. Terms, conditions and exclusions apply. See Warranty Information Booklet for complete details.

SecurityPlus®. For additional peace of mind, a variety of extended service plans lets you tailor the coverage to your driving habits.

MaintenancePlus®. This extended plan ensures your Nissan will receive up to 19 different services and over 33 different inspection items at each visit, using the most up-to-date diagnostic equipment available.

Genuine Nissan Parts. When it comes time for service, any necessary replacement parts will be made using Genuine Nissan new or remanufactured parts, or Genuine-approved parts. And they're the only parts to carry Nissan's factory-backed limited warranty.

Nissan Mobility Assist. This program offers reimbursements toward the purchase and installation of certain mobility assistance programs for product-eligible Nissans. Go to NissanUSA.com/mobility for more info.

Nissan's environmental action plan focuses on several key areas. Increasing production of Zero Emission vehicles, including the 100% electric LEAF® Improving fuel efficiency through our PUREDRIVE® measures. And reducing the environmental impact of manufacturing, as seen at our new, energy-efficient, low-emissions paint plant in Tennessee. For more information, log on to NissanUSA.com/green.
