WELCOME TO THE 2015 NISSAN ROGUE® DIGITAL BROCHURE

Full of images, feature stories, and all the specification and trim level information you need to help select your Rogue.

Click here to sign up for news and updates on the 2015 Rogue.
WHAT IF
YOU WERE A WAKE UP CALL FOR THE STREETS?

You’d open a lot of eyes to a bigger, bolder world. Because the Rogue® gives you everything you want in a crossover – and more – while staying true to your own sense of style. So hop in, we’re burning daylight and we’ve got a ways to go. The 2015 Nissan Rogue®.
Start a revolution with LED lights. Rogue® serves up a stylish first impression with its signature standard LED Daytime Running Lights. Available class-exclusive LED headlights flow into sculpted, muscular fenders to create an unmistakable presence. Drive it, and you’ll find it’s also incredibly smart. Wind tunnel testing developed aerodynamic panels around the rear pillars that sweep the breeze away, and a low aerodynamic underbody — even the muffler gets its own spoiler. The revolutionary results: an impressively quiet ride and a best-in-class 33 MPG highway.
GRAB A SEAT INSPIRED BY A 238,537-MILE ROAD TRIP.

Front Zero Gravity Seats. With your comfort in mind, Nissan engineers looked to the cosmos, where astronauts float weightlessly in a relaxed posture. To help simulate this “neutral posture” when you’re behind the wheel, they designed an articulated front seat shape that helps support you from the pelvis to the chest, along with seat cushions that flex in response to your unique pressure points. The result is a seat that helps reduce fatigue, whether you’re in a spacesuit or not.

Power Panoramic Moonroof. More cosmic inspiration. With the available Power Panoramic Moonroof, all aboard have breathtaking vistas of sky, stars, and maybe your next destination.

Create some best-in-class envy. Go ahead and demand more. Rogue® delivers. Start with best-in-class front head room.¹ Add the EZ Flex® Seating System featuring a 2nd row that slides and reclines, letting you adjust for more cargo space, more leg room—everywhere in between.² Thoughtful class-exclusive 2nd-row vents help keep you comfortable.³ Then, just sit back and enjoy tasteful touches like an available Power Panoramic Moonroof, available double-stitched leather-appointed seats, LED interior lighting, and gloss black trim with metallic accents. All designed to create a natural, relaxed, and distinctly upscale environment.

¹One-way trip from the Earth to the Moon. ²AutoPacific segment research. 2015 Rogue® vs 2015 and 2014 SUV Mainstream Midsize Class. Claim is current at time of printing. ³Slides function should not be performed with the Child Restraint System occupied. ⁴Passengers should not ride in the reclined position while the vehicle is in motion.
YOU’VE GOT AN ALL-ACCESS PASS.

EZ Flex® Seating System. This 2nd row is truly accommodating, thanks to Rogue®’s EZ Flex® Seating System. It slides forward for easy access and adjusts to give you a little more cargo space, more leg room or anywhere in between. The seats also recline, so you can be exceptionally comfortable.

Available 3rd Row. Perfect when you need to transport the team or bring extra friends along. Rogue®’s 50/50 split folding 3rd-row seat gives you added flexibility carrying passengers and their gear, and folds down to make a flat cargo floor for maximum carrying space.

Power Liftgate and Rear 77º Wide Opening Doors. Whether it’s kid seats or kayaks, Rogue® gives you easy access with rear doors that swing out nearly 80º, and an available power liftgate that opens by a tap of a liftgate button, your Nissan Intelligent Key®, or a switch located by the driver.

1 Slide function should not be performed with the Child Restraint System occupied. 2 Passengers should not ride in the reclined position while the vehicle is in motion.
Divide-N-Hide®: Single-handedly reinventing capability, the class-exclusive Divide-N-Hide® Cargo System lets you adapt in a snap. An adjustable set of shelves and dividers gives you a variety of configurations, and it’s so easy, you can do it with one hand.

Under wraps. Make a “box” that keeps valuables out of sight, and creates a shelf on top.

Some images shown with additional accessories. Cargo shown for display purposes only. Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of the vehicle, especially on the roof, will affect the handling and stability of the vehicle. See owner’s manual for details. © 2015 AutoPacific Inc. Rogue® is a registered trademark of AutoPacific Inc. The lowdown. Lower your floor for added height to fit those tall items.

KEEP AN OPEN HATCH AND AN OPEN MIND.

Room for craft and crew. With room for an object around eight feet long, Rogue® gives you possibilities you never knew you had. The clever split-folding 2nd-row seat lets you mix cargo and friends, and you’ll love the handy center pass-through for long items.

The layered look. Create an open space for storage underneath, and a handy shelf to keep other items separate and within easy reach.

Secret spot. A long, flat floor for big items, with under-floor storage for things you want to hide.

Chill out while you warm your buns. Inspired design, a great audio system, available leather-appointed seats – Rogue®’s a nice place to be. And with details like available Quick Comfort™ heated front seats that focus on key areas to warm you up as soon as possible, it’s toasty too. There’s even available Dual Zone Automatic Temperature Control, so your front passenger can dial up the comfort just the way they like it. Because who needs that kind of chill in the air?

Advanced Drive-Assist® Display. From trip computer to turn-by-turn directions, the Advanced Drive-Assist® Display serves up info right in front of you – helping to minimize time looking away.², ᵃ

¹ Driving is serious business and requires your full attention. If you have to use the feature while driving, exercise extreme caution at all times so full attention may be given to vehicle operation. Information displayed is dependent on how vehicle is equipped.

² iPod® is a registered trademark of Apple, Inc. All rights reserved. iPod® not included. Available feature.

³ TPMS is not a substitute for regular tire pressure checks. Available feature.

⁴ FCW is intended to warn you before a collision occurs; it cannot prevent a collision. Speed and other limitations apply. See Owner’s Manual for details. Available feature.

⁵ LDW operates only when the lane markings are clearly visible. Speed limitations apply. See Owner’s Manual for details. Available feature.

⁶ Blind Spot Warning is not a substitute for proper lane change procedures. The system will not prevent contact with other vehicles or accidents. It may not detect every vehicle or object around you. Available feature.

⁷ Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. Available feature.
With NissanConnect™ with Mobile Apps, your Rogue® becomes your smartphone’s best friend. Which means no more separation anxiety for you. Because now, your own hand-picked music, Facebook® news feed, latest tweets, and more may all come along for the ride, working seamlessly together through your smartphone and Rogue’s® 5-inch color touch-screen. And it keeps on getting better: the basic app package is complimentary for the first three years.

YOUR WORLD, AT YOUR FINGERTIPS.

Your Nissan® Rogue® also keeps you in the loop with the Nissan Navigation System (featuring voice recognition), hands-free text messaging assistant, Bluetooth® hands-free calling and streaming audio, plus an iPod®/USB input.
MAKING EVERY PART OF YOUR DRIVE BEAUTIFUL.

Wouldn’t it be cool if you got excellent fuel economy in a roomy crossover that’s lots of fun to drive? With Nissan Rogue® you can. We got there by developing everything from exterior aerodynamics that whisper through the wind, to an advanced 2.5-liter, 4-cylinder engine, to a virtually gearless Xtronic CVT® transmission that maximizes efficiency and performance.

**Eco Mode.** Saving made simple. Push the dash-mounted button, and Rogue®’s all-new Eco Mode automatically adjusts to help improve your fuel economy.

**WHETHER IT’S RAIN, SLEET, OR TURN OF ROAD.**

Intuitive All-Wheel Drive. It’s so responsive, it can adapt to changing conditions 30 times faster than the blink of an eye. Snow, rain-covered pavement or tight turn, the system automatically sends power to the wheels that need it most. Even in ideal conditions, Rogue®’s AWD has a purpose – our passionate engineers also tuned the system for responsive, agile performance. Getting a grip has never been more fun.

Confidence-inspiring Dynamic Technologies. Whether it’s stop-and-go traffic, your favorite on-ramp or even just an annoying speed bump, Rogue® uses advanced technology to make every drive feel more comfortable, confident and enjoyable. And that’s a beautiful thing, too.

**Active Engine Braking.** As you’re slowing for a corner or coming to a stop, this system uses the CVT transmission to apply engine braking. Much like shifting to a lower gear in traditional transmissions, it helps give smoother deceleration and a more confident feel when braking.

**Active Trace Control.** A turn for the better. This innovative technology helps improve performance when you take a corner. It reads the cornering situation and, if needed, can brake each wheel individually to help you steer through the turn with confidence.

**Active Ride Control.** What bump? Active Ride Control smooths them out by automatically applying braking and adjusting engine torque.

Nissan Rogue® SL shown in Arctic Blue Metallic with optional equipment and accessory Splash Guards, Chrome Rear Bumper Protector, and Roof Rail Crossbars. 1

2015 EPA fuel economy estimate for 2015 Rogue® 28 MPG combined. Actual mileage may vary with driving conditions – use for comparison only. 2

Active Trace Control cannot prevent accidents or loss of control. It is the driver’s responsibility to be in control of the vehicle at all times. 2

Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of the vehicle with cargo, especially on the roof, will affect the handling and stability of the vehicle.

NISSAN AROUND VIEW® MONITOR®

IT’S GOT YOUR BACK. AND THE REST OF YOU, TOO.

What if parallel parking was easier? A rearview monitor is great when backing up — but when it comes to parking, it’s nice to see more than just what’s directly behind you. That’s why Rogue® offers a class-exclusive Around View® Monitor with Moving Object Detection.1, 2, 3 Four cameras give you a virtual 360° bird’s-eye view of your vehicle, with selectable split-screen close-ups of the front, rear, and curbside views, so you can get a better look.4 And since all obstacles aren’t stationary (shopping carts, we’re talking to you), Moving Object Detection helps keep an eye around your Rogue® and can warn you about moving objects detected in your vicinity.3

NISSAN AROUND VIEW® MONITOR®

NISSAN SAFETY SHIELD® PHILOSOPHY

INNOVATION THAT LOOKS OUT FOR YOU.

Wouldn’t it be cool if you had the confidence you need for every part of your drive? The Nissan Safety Shield® is a comprehensive approach to safety that guides the engineering and development of every vehicle we make.

MONITOR

Smart technologies are designed to help monitor conditions. Like a warning to let you know you’re straying from your lane, or a system that helps ensure you’re travelling on properly inflated tires.

Tire Pressure Monitoring System (TPMS) with Class-exclusive Easy-Fill Tire Alert

TPMS lets you know when a tire is low. And Easy-Fill Tire Alert takes the guesswork out of filling your tires, with a beep of the horn when you’ve reached the correct pressure.

Available Forward Collision Warning®
Available Blind Spot Warning®
Available Lane Departure Warning®
Available Moving Object Detection®

RESPOND

Whether you need to hit the brakes hard or maneuver around an unexpected obstacle, these standard technologies help you respond to a potentially harmful situation.

Vehicle Dynamic Control® helps you maintain your steered path.
Traction Control System helps reduce wheelspin in low-traction situations.
Anti-lock Braking System helps you maintain steering control around obstacles while braking heavily.
Electronic Brake force Distribution sends extra force to the rear brakes when you have additional weight of passengers or cargo in the back.
Brake Assist helps apply maximum braking force if it detects hard braking and senses you are in an emergency situation.

PROTECT

When a collision is unavoidable, Nissan’s Zone Body construction helps absorb the impact while the advanced seat belt and air bag systems help protect passengers.

Six Standard Air Bags™

LATCH System (Lower Anchors and Tethers for Children)

Nissan safety engineers have dedicated thousands of hours to evaluating hundreds of child restraints in Nissans. The result: an industry first, The Snug Kids® Child Safety Seat Fit Guide. This guide lists child seats that fit the rear seats of Nissan vehicles, as well as offers invaluable tips on correct installation. Look for the latest Fit Guide at NissanUSA.com/SnugKids.
NISSAN SAFETY SHIELD TECHNOLOGIES™
GET AWAY WITH JUST A WARNING.

Wouldn’t it be cool if you could always drive with that proverbial pound of prevention? With available Nissan Safety Shield Technologies™ you’ve got a safety suite of advanced systems on the lookout for everything from errant shopping carts to intrusive big rigs, ready to give you the heads up when trouble rears its head. And we think that kind of knowledge beats an ounce of cure — every time.

**Forward Collision Warning.** Whether it’s rapidly slowing traffic ahead, or someone making a surprise merge into your lane, you can get caught off guard in a potentially dangerous situation. How about a little help? With Forward Collision Warning, a sensor on the front of Rogue® constantly monitors the vehicles ahead in your lane and, when the system detects a potential risk, gives you an audible warning and a visual signal on the instrument panel.¹

**Blind Spot Warning.** If another vehicle is detected in the blind spot area, an indicator appears in the driver’s or front passenger’s door and on the Advanced Drive-Assist® Display. Put your turn signal on, and the indicator flashes with a warning chime to alert you.²

**Lane Departure Warning.** If Rogue® detects that you’re straying from your lane, the Lane Departure Warning system will give both a visual and audible alert. The system is so smart, it’s designed to stop the warnings whenever your turn signal is engaged.³

**Moving Object Detection.** When the Around View® Monitor is in use and detects something moving by the vehicle, it gives you a visual and audible alert.⁴

¹FCW is intended to warn you before a collision occurs; it cannot prevent a collision. Speed and other limitations apply. See Owner's Manual for details. Available feature.

²Blind Spot Warning is not a substitute for proper lane change procedures. The system will not prevent contact with other vehicles or accident. It may not detect every vehicle or object around you. Available feature. A DW systems only when the lane markings are clearly visible. Speed limitations apply. See Owner's Manual for details. Available feature. In WD with MOD, sensor may not detect certain blind spots and may not detect every object. MOD operates at vehicle speeds below 5 mph. Always check surroundings and turn to look behind you before moving vehicle. Available feature.

³LW operates only when the lane markings are clearly visible. Speed limitations apply. See Owner's Manual for details. Available feature. LW with MOD cannot eliminate blind spots and may not detect every object. MOD operates at vehicle speeds below 5 mph. Always check surroundings and turn to look behind you before moving vehicle. Available feature.

⁴AVM with MOD cannot completely eliminate blind spots and may not detect every object. MOD operates at vehicle speeds below 5 mph. Always check surroundings and turn to look behind you before moving vehicle. Available feature.

Click the button to see how Rogue®’s Around View® Monitor with Moving Object Detection helps you get in — and back out — more easily. Or go to bit.ly/roguemod15
GENUINE NISSAN ACCESSORIES.
Every Genuine Nissan Accessory is custom-fit, custom-designed and durability-tested. Each one is backed by Nissan’s 3-year/36,000-mile (whichever occurs first) limited warranty (if installed by dealer at the time of purchase); and can be financed when installed by dealer at time of purchase.

A. Tow Hitch Receiver, Class I
   If you’re getting hitched, choose the right partner.

B. Cargo Area Protector
   Preserve and protect your cargo – and your Rogue®.

C. Illuminated Kick Plates
   For a grand entrance every time.

D. Chrome Rear Bumper Protector
   Stylish and protective. What more could you want?

E. Blind Zone Mirrors
   Expand your perspective.

F. Interior Accent Lighting
   Add a warm glow to the mood.

G. Cargo Net
   Hold it right there!

H. All-season Floor Mats
   Neither rain, sleet nor snow will muck up your Rogue®.

Additional Accessories:
• Roof Rail Crossbars
• Auto-dimming Rearview Mirror with HomeLink® and Compass
• Clear Rear Bumper Protector
• Rear Cargo Cover
• Splash Guards
• Fog Lights
• Carpeted Floor Mats
• And More
