Nissan Intelligent Mobility
Nissan Intelligent Mobility guides everything we do. We’re using new technologies to transform cars from mere driving machines into assistants. Together, the journey is more confident, connected, and exciting. Whether it’s cars that assist in the driving task, or highways that charge your EV as you go along, it’s all in the very near future. And it’s a future already taking shape in the Nissan you drive today.

SEE ROGUE® COME TO LIFE
Go to NissanUSA.com and find an interactive brochure for Rogue and every Nissan model in the lineup. Available on desktop, smartphone, or tablet, it’s the full product story – including demos, videos, and complete info on trims, colors, and accessories.
There’s capability. Then there’s Nissan Rogue® capability. What’s the difference? Think driver assistance that can step in when you need it and available Intelligent All-Wheel Drive that adapts to a rainy commute or weekend ski trip. You can load groceries in a snap and stack tricky cargo with an adjustable set of shelves and dividers, or stash valuables out of sight. This is tech for everyday adventure. This is tech that moves.
Arms full? Just kick under the rear bumper to open the available Motion Activated Liftgate, without reaching for a key or juggling whatever you’re carrying.  

NISSAN SAFETY SHIELD® 360
Nissan Intelligent Mobility is changing how you move forever with technology that makes you feel more connected, confident, and excited. As part of Nissan Intelligent Mobility, Safety Shield 360 includes features that help you see more, sense more, and can give you an assist when you need it. The following features are standard on Rogue SV and above.  

<table>
<thead>
<tr>
<th>Feature</th>

NISSAN ProPILOT ASSIST
Stress less and enjoy the drive even more. With the groundbreaking ProPILOT Assist, your Rogue takes care of the little things – like helping keep you centered in your lane, and following the car ahead at a preset distance. It can even bring your Rogue to a full stop based on the traffic flow, and can bring you back up to speed when traffic starts moving again.  

MOTION ACTIVATED LIFTGATE
Arms full? Just kick under the rear bumper to open the available Motion Activated Liftgate, without reaching for a key or juggling whatever you’re carrying.  

NISSAN DIVIDE-N-HIDE
Single-handedly reinventing capability the Divide-N-Hide cargo system lets you adapt in a snap. An adjustable set of shelves and dividers gives you a variety of configurations, and it’s so easy you can do it with one hand.
