

Innovation  
that excites

## 2015 TITAN®

### WELCOME TO THE 2015 NISSAN TITAN® DIGITAL BROCHURE

Full of images, feature stories, and all the specification and trim level information you need to help select your Titan.®

[Click here](#) to sign up for news and updates on the 2015 Nissan Titan.®

**WHAT IF\_**  
**EPIC CAME AS**  
**STANDARD EQUIPMENT?**

Ready to expand your horizons? It's easy in the Nissan Titan.<sup>®</sup> It starts with a powerful standard V8 engine that hits the road with up to 9,500 lbs. of towing capacity.<sup>1</sup> Underneath, a fully boxed ladder frame handles just about any job on the list, while Titan's cabin and bed give you Nissan innovation plus plenty of room. 2015 Nissan Titan.<sup>®</sup> No matter how epic your plans, it's ready.

Nissan Titan<sup>®</sup> SL Crew Cab 4x4 shown in Brilliant Silver with optional equipment and accessory Telescoping Tow Mirrors, 20" Chrome Wheels and Chrome Billet Grille.

<sup>1</sup>See Nissan Towing Guide and Owner's Manual for proper use.

Nissan Titan® SV Crew Cab 4x4 shown in Magnetic Black with Value Truck Package and accessory Splash Guards.

Nissan Titan® PRO-4X® King Cab® 4x4 shown in Cayenne Red.

Nissan Titan® PRO-4X® King Cab® 4x4 shown in Glacier White with optional equipment.

Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of the vehicle with cargo, especially on the roof, will affect the handling and stability of the vehicle.

## OPEN POSSIBILITIES.

Capability is king, and with the 168° Wide Open rear doors on Titan® King Cab®, entering or loading the cabin is a snap. And with no B-pillar to get in the way, plus a fold-up rear bench seat, your cargo flexibility is as wide open as your doors.

### TITAN® KING CAB® FEATURES

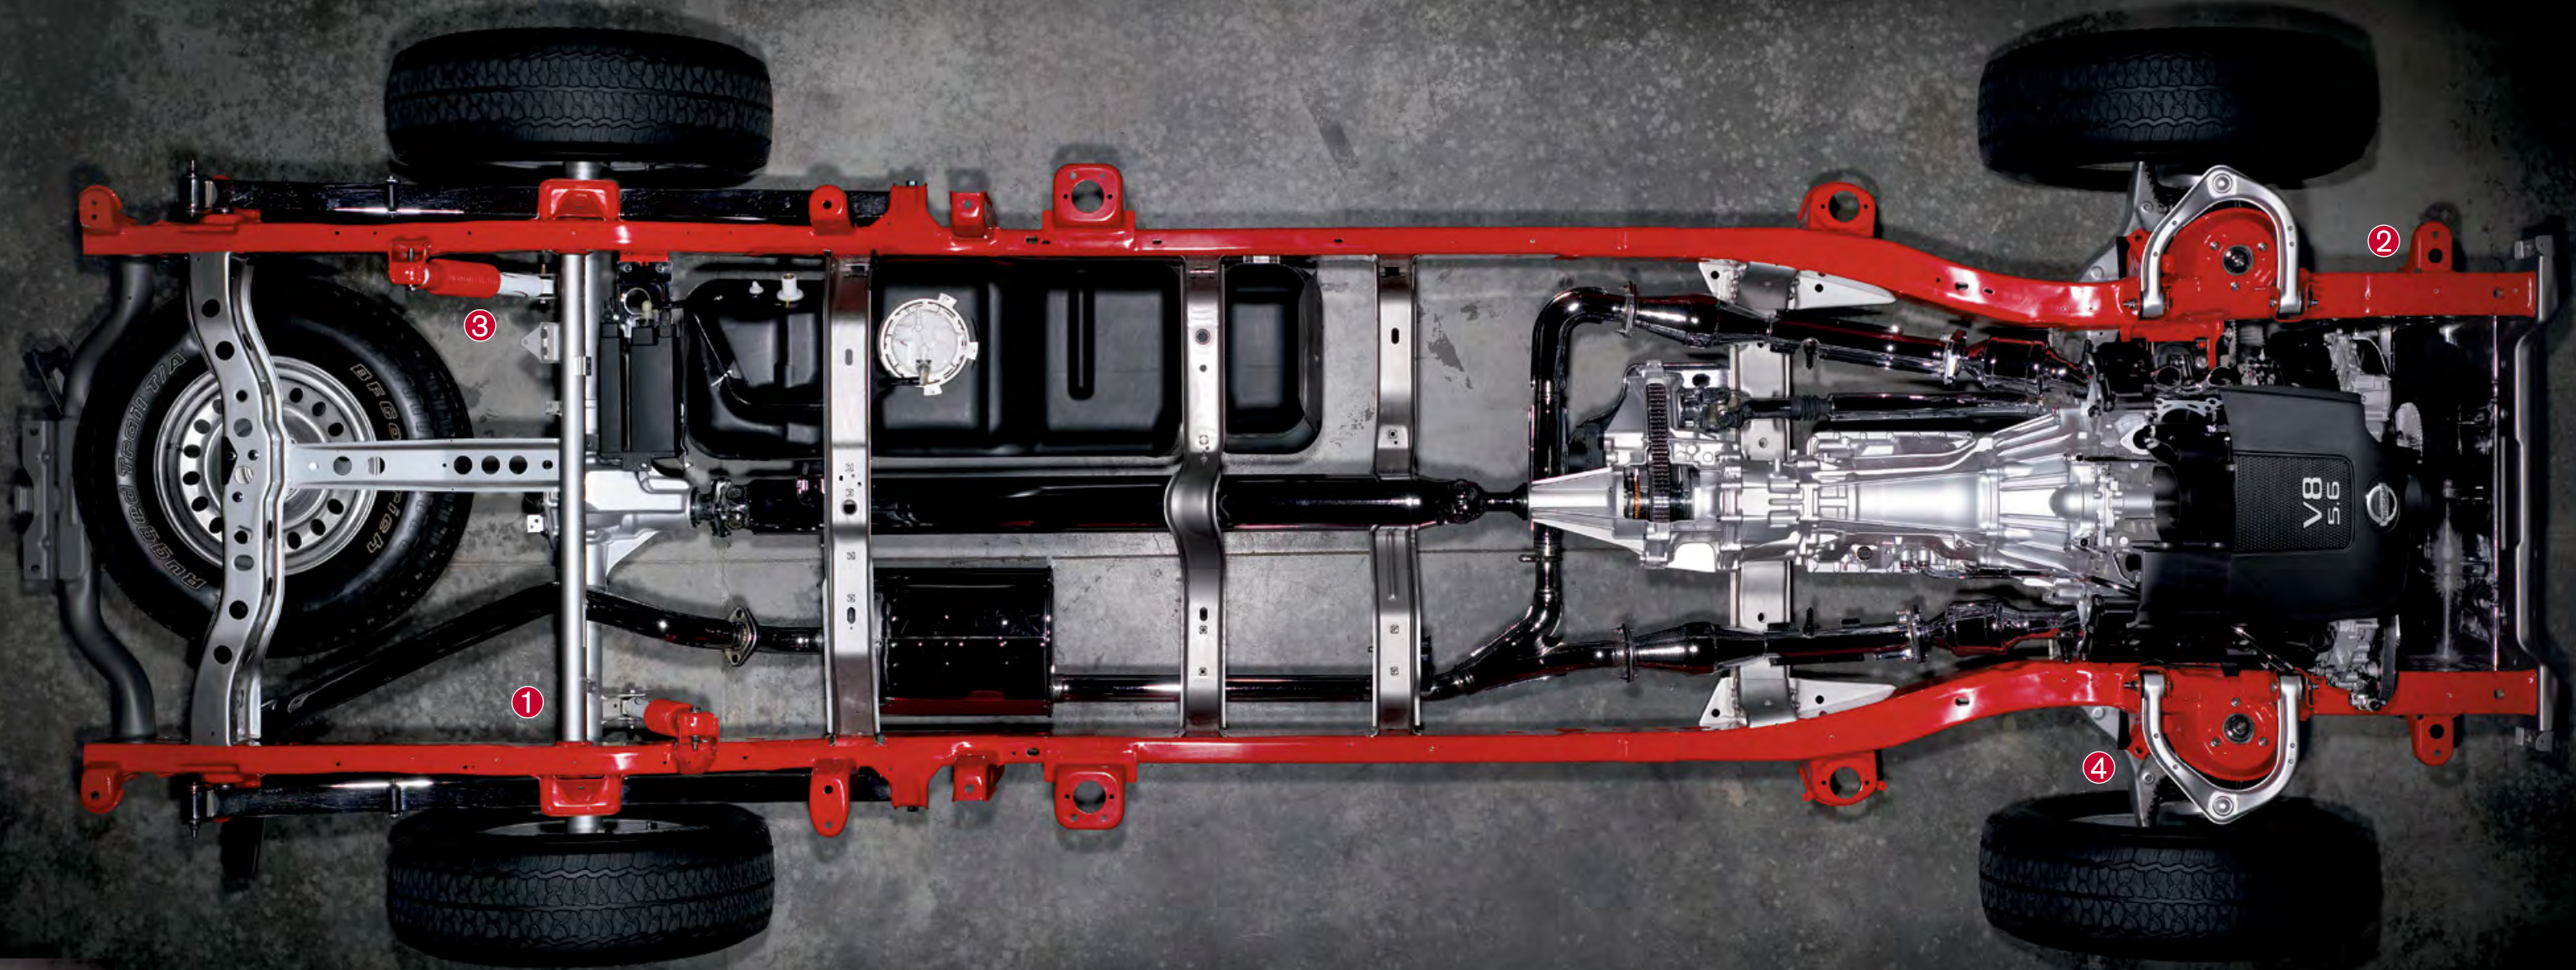

6' 7"

Over 6.5 feet  
of bed length

Two available seating configurations:  
6-passenger with front bench seat or  
5-passenger with front captain's chairs

Standard rear fold-up bench  
seat and a flat loading floor  
give you more usable area

## FOUR WALLS ARE STRONGER THAN THREE.

To build a better truck, sometimes you need to think inside the box. As in the fully boxed full-length ladder frame that's at the core of every Titan. Some of our competitors use 3-sided open "C" rails instead. But you don't need to be a structural engineer to know the obvious – when building, four walls are stronger than three.

At its core, every Titan® stocks a fully boxed ladder frame, plus components built for no-nonsense performance.

- ① **Dana® axles** are built for durability. Wherever there's a drive wheel, there's a Dana® axle.
- ② **Heavy-duty suspension** gives a smooth ride and firm, responsive handling. Double-wishbone up front, and multi-leaf springs in the rear.
- ③ **Rancho® shocks** set the standard for off-road toughness. Just what you'd expect from Titan.®
- ④ **Beefy brakes** provide maximum contact area for rapid heat dissipation, long-lasting durability and confident towing.

# 317<sup>HP</sup>

# 385<sup>LB-FT</sup> OF TORQUE

# 9,500<sup>LBS. MAXIMUM</sup> TOWING<sup>1</sup>

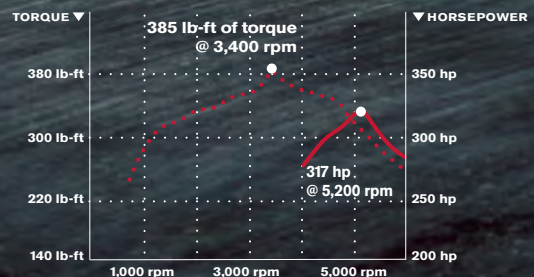

## THE FEELING OF REELING IN THE BIG ONE.

It's always a good haul with a massive 5.6-liter V8. Punch the pedal and the exhaust system growls, while 385 lb-ft of torque kicks in to get the job done. This is one place where you don't want to hear about the one that got away.

### What's power without torque?

Especially the brute force of low-rev torque, i.e., 80% under 1,000 rpm and 90% under 2,500 rpm. Feel confident – Titan's got it.

**Give yourself an efficiency boost.** The Nissan Titan® features a high-flow intake that maximizes every heaping gulp of air. Molybdenum-coated pistons and microfinished valves cut friction, ramp up smoothness and let revs rise faster.

**Harness the power of E85.** The Titan® Flexible Fuel Vehicle (FFV) engine works with ethanol E85, standard unleaded or any mixture of the two fuels.<sup>2</sup>

**Tow to the max.** For that full 9,500-lb. maximum pull, the SV Premium Utility Package<sup>1</sup> boasts a lower final gear ratio, plus features like extendable tow mirrors and a heavy-duty battery. For the full list of package equipment, please see the Specifications section of this brochure.

<sup>1</sup>9,500 lbs. maximum towing on Titan SV King Cab 4x2 with Premium Utility Package. Towing performance and speed are affected by vehicle payload, tow weight, road grades and weather conditions, including high temperatures. See Nissan Towing Guide and Owner's Manual for proper use. <sup>2</sup>Flexible Fuel Vehicle is not available in all states.

Nissan Titan® SV King Cab® 4x2 shown in Brilliant Silver with optional equipment.

## PLAYGROUND OF THE EXTREMELY CAPABLE.

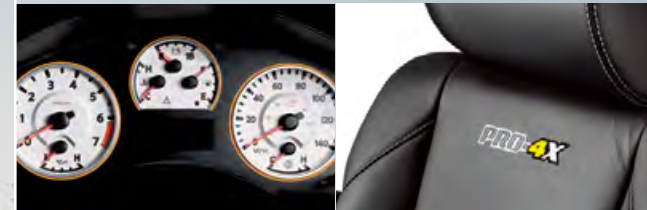

Climb, crawl, and throw some dirt. You're in the right truck to do it. With shift-on-the-fly 4WD<sup>1</sup> and traction-boosting off-road gear, Titan® grips the terrain to help keep you moving right on through. And when you take a break, you can admire the dark-finished wheels and satin chrome-finished front grille.

**E-locker.** Exclusive to Titan® PRO-4X®, when 4-Wheel Drive LO isn't enough for the crawl you've got planned, the available electronic locking rear differential is ready and extremely able. Flip the switch and this ultimate off-road feature delivers equal power to both rear wheels to help boost traction and help keep your truck moving forward.

**4-Wheel Limited Slip.** Helps keep your wheels from spinning. All Titan® models include ABLs, a system that senses when a wheel begins to slip, then automatically brakes the slipping wheel (or wheels) and sends additional power to the wheels with the best traction.

**Off-road-tuned Suspension.** Take the bumps like a professional. Titan® PRO-4X®'s off-road-tuned suspension includes legendary Rancho® shocks. Teamed with unique dark-finished wheels and BFGoodrich® Rugged Trail® tires, you've got real composure to help get you through the ugly stuff.

**PRO-4X**

**For those who like to live off-off-off the beaten path,** the only choice is Titan® PRO-4X®. With extras like electronic locking rear differential, Rancho® off-road shocks, additional underbody skid plates – not to mention unique white-faced gauges and all-new leather PRO-4X® branded seats – it's got the gear, the guts, the technology to handle it in places where success is measured in feet per minute.

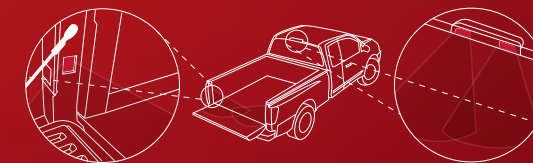

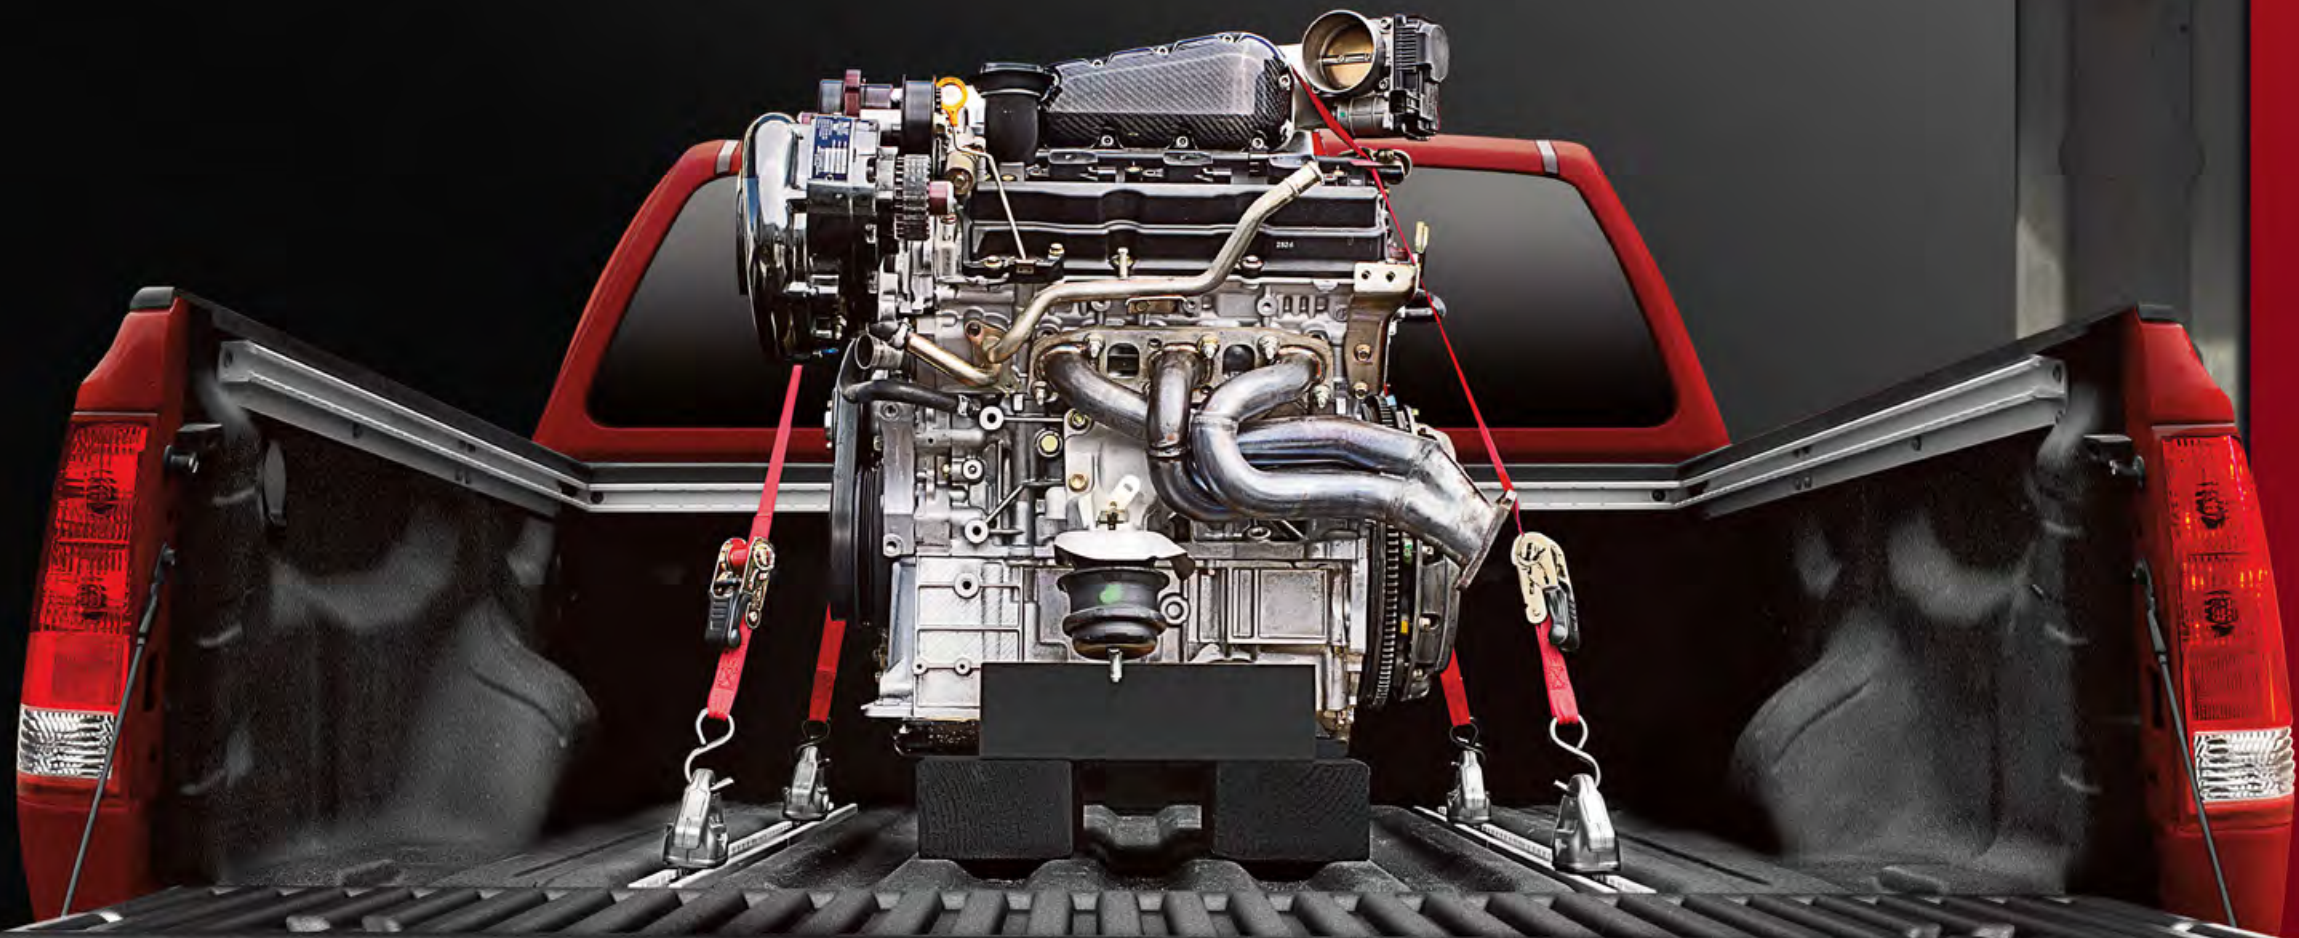

<sup>1</sup>At speeds up to 60 mph. Always drive safely. BFGoodrich® is a registered trademark of Goodrich Corporation. Rancho® is a registered trademark of Tenneco Automotive Operating Company, Inc. Rugged Trail® is a registered trademark of Uniroyal Goodrich Licensing Services, Inc.

## NISSAN UTILI-TRACK® CHANNEL SYSTEM

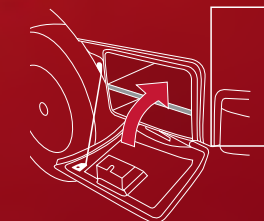

### INNOVATION THAT PUTS THE SUBMISSION HOLD ON CARGO.

Nissan's first-in-class Utili-track® cargo-carrying system holds a huge advantage over other trucks.<sup>1</sup> With five channels, including two on the bed floor, not just in the walls and header, you can have your way with cargo. Just position the four beefy, aluminum-alloy cleats anywhere along the tracks, strap in your cargo, and put even the most awkward loads on lockdown.<sup>2</sup>

Nissan's revolutionary Utili-track® system may have been copied by others, but its level of flexibility leads the way among full-size trucks. Add in an available spray-on bedliner, and Titan® gives you one smart, long-lasting bed to haul what you need, work or play.<sup>2</sup>

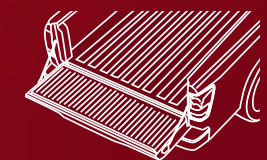

**Bed Light and Tailgate Light** Shine a light on innovation. A pair of lights beam down into the bed; two other available task lights near the tailgate help you keep an eye on the job at hand.

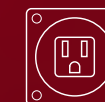

**Bedside Storage** Another smart feature you'll only find on Titan®: an available driver-side tool box. It's climate-resistant, dual-level and lockable.

**First-in-class Spray-on Bedliner**<sup>1</sup> The available spray-on bedliner helps resist the wear and tear of constant use, plus its UV-resistant surface helps guard against fading and the weather. And because it's sprayed on directly at the factory, it also fights warping and rust.

**Tailgate Assist** Easy does it. Thanks to an available strut, the tailgate on a Titan® feels lighter and can be opened and closed with only one hand.

**120-volt AC Power Outlet** Power where you need it. Titan®'s available 120-V outlet in the driver-side rear corner of the bed is perfect for powering or charging the tools you bring along.

<sup>1</sup>Ward's Segmentation, 2015 Titan® vs. 2013 Large Pickup Class.  
<sup>2</sup>Cargo shown for display purposes only. Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of the vehicle with cargo, especially on the roof, will affect the handling and stability of the vehicle.

**EVEN REFINEMENT COMES IN KING-SIZE PORTIONS.**

Nissan® Titan® SL Crew Cab shown in Charcoal Leather.

**RearView Monitor.** Titan's available RearView Monitor not only helps you see what's directly behind you, but comes in real handy when you're hitching a trailer.<sup>1</sup>

## TECHNOLOGY THAT'LL HOOK YOU UP.

Whether you're on the job or heading for the high country, Titan's available innovative technology makes it easy to keep you connected to your world.

**Nissan Mobile Entertainment System.** Makes entertaining the whole crew easy with an available flip-down monitor.

**Bluetooth® Hands-free Phone System.** Lets you make and take calls with your hands on the wheel.<sup>2</sup>

**120-volt AC power outlet.** A 120-volt outlet on the back of the console lets you charge your laptop while it's safely concealed inside.

**Rockford Fosgate®-powered audio.** Your tunes have never sounded better than through this available 10-speaker system. With available SiriusXM® Satellite Radio,<sup>3</sup> you're spoiled for choice, too.

NissanConnect<sup>SM, 2</sup>

# YOUR WORLD, AT YOUR FINGERTIPS.

With NissanConnect<sup>SM</sup> with Mobile Apps,<sup>1, 2</sup> your Titan<sup>®</sup> becomes your smartphone's best friend. Which means no more separation anxiety for you. Because now, your own hand-picked music, Facebook<sup>®</sup> news feed, latest tweets, TripAdvisor<sup>®</sup> tips, and more all come along for the ride, working seamlessly together through your smartphone and Titan<sup>®</sup>'s 5-inch color touch-screen. And it keeps on getting better: the basic app package is complimentary for the first three years.<sup>1, 2</sup>

Your Nissan<sup>®</sup> Titan<sup>®</sup> also keeps you in the loop with the Nissan Navigation System (featuring voice recognition),<sup>1, 3</sup> hands-free text messaging assistant,<sup>1, 4</sup> Bluetooth<sup>®</sup> hands-free calling<sup>5</sup> and streaming audio,<sup>1, 5</sup> plus an iPod<sup>®</sup>/USB input.<sup>1, 6</sup>

**Titan® takes your comfort personally – even if you have to share sometimes.**

Premium details include an available memory function that locks in the perfect settings for your driver's seat, outside mirrors and power adjustable pedals. Dual Zone Automatic Temperature Control (ATC) that lets you and your front passenger set your own climates. And when the temperature dips outside, available heated front seats warm things up.

Nissan Titan® PRO-4X® Crew Cab 4x4 shown in Charcoal Leather with optional equipment.

# NISSAN SAFETY SHIELD® PHILOSOPHY

## INNOVATION THAT LOOKS OUT FOR YOU.

Wouldn't it be cool if you had the confidence you need for every part of your drive? The Nissan Safety Shield® is a comprehensive approach to safety that guides the engineering and development of every vehicle we make.

### MONITOR

Smart technologies are designed to help monitor conditions. Like a rearview camera that helps you see something directly behind you, or a system that helps ensure you're travelling on properly inflated tires.

#### Tire Pressure Monitoring System<sup>1</sup>

Lets you know when a tire is low, so you don't have to guess.

#### Available Automatic On/off Headlights

Automatic on/off headlights that sense when light is needed.

#### Available RearView Monitor<sup>2</sup>

#### Available Rear Sonar System<sup>3</sup>

### RESPOND

Whether you need to hit the brakes hard or maneuver around an unexpected obstacle, these standard technologies help you respond to a potentially harmful situation.

**Vehicle Dynamic Control** helps you maintain your steered path.<sup>4</sup>

**Traction Control System** helps reduce wheelspin in low-traction situations.

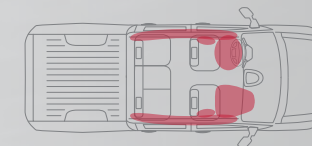

**Anti-lock Braking System** helps you maintain steering control around obstacles while braking heavily.

**Electronic Brake force Distribution** sends extra force to the rear brakes when you have additional weight of passengers or cargo in the back.

**Brake Assist** helps apply maximum braking force if it detects hard braking and senses you are in an emergency situation.<sup>5</sup>

### PROTECT

When a collision is unavoidable, Nissan's Zone Body construction helps absorb the impact while the advanced seat belt and air bag systems help protect you and your passengers.

**6 Standard Airbags<sup>6</sup>** Nissan Advanced Air Bag System with dual-stage supplemental front air bags with seat belt and occupant-classification sensors.<sup>6</sup> Also featured, front seat-mounted side-impact supplemental air bags,<sup>6</sup> roof-mounted curtain side-impact supplemental air bags,<sup>6</sup> with rollover sensor.

**Available RearView Monitor.** Helps you see what's directly behind you, so you can back up with more confidence and park more easily.<sup>2</sup>

Nissan safety engineers have dedicated thousands of hours to evaluating hundreds of child restraints in Nissans. The result: An industry first, The Snug Kids® Child Safety Seat Fit Guide. This guide lists child seats that fit the rear seats of Nissan vehicles, as well as offers invaluable tips on correct installation. Look for the latest Fit Guide at [NissanUSA.com/SnugKids](http://NissanUSA.com/SnugKids). Looking for the right CRS for your Nissan? See how Snug Kids® can help at [bit.ly/NissanSnugKids](http://bit.ly/NissanSnugKids)

Looking for the right CRS for your Nissan? Click here to watch this video. Or go to [bit.ly/NissanSnugKids](http://bit.ly/NissanSnugKids)

<sup>1</sup>TPMS is not a substitute for regular tire pressure checks. <sup>2</sup>Parking aid/convenience feature. Cannot completely eliminate blind spots. May not detect every object and does not warn of moving objects. Always check surroundings and turn to look behind you before moving vehicle. <sup>3</sup>The Sonar System is a convenience, not a substitute for proper parking and/or backing procedures. Always check that it is safe to do so before moving vehicle. May not detect every object. <sup>4</sup>VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. <sup>5</sup>Brake Assist is only an aid to assist the driver and is not a collision warning or avoidance device. It is the driver's responsibility to be in control of the vehicle at all times. <sup>6</sup>Air bags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. All children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Air bags will only inflate in certain accidents; see your Owner's Manual for more details. Inflated air bags shown for illustration purposes only, actual coverage area may differ. Air bags deflate after deployment.

## GENUINE NISSAN ACCESSORIES.

Every Genuine Nissan Accessory is custom-fit, custom-designed and durability-tested. Each one is backed by Nissan's 3-year/36,000-mile (whichever occurs first) limited warranty (if installed by dealer at the time of purchase); and can be financed when installed by dealer at time of purchase.

- A. **Sliding Bed Extender<sup>2</sup>**  
Ideal for the long haul.
- B. **Chrome Taillight Guards**  
Protect taillights with a custom feel.
- C. **Auto-dimming Rearview Mirror with HomeLink<sup>®</sup> and Compass**  
How many things can one mirror do?
- D. **Sliding Bed Divider<sup>2</sup>**  
Divide and conquer. Works perfectly with Utili-track<sup>®</sup> system.
- E. **Stainless Steel Exhaust Finisher**  
Helps your Titan<sup>®</sup> look as sweet as it sounds.
- F. **PRO-4X<sup>®</sup> Carpeted Floor Mats**  
Keep your original carpeting looking showroom new.
- G. **U-shape Side Steps**  
Easy entry and exit – and a tough look.
- H. **Moonroof Wind Deflector**  
Open air is good. Wind-blown pompadour look – not so much.

<sup>1</sup>Genuine Nissan Accessories are covered by Nissan's Limited Warranty on Genuine Nissan Replacement Parts, Genuine NISMO<sup>®</sup> S-Tune Parts, and Genuine Nissan Accessories for the longer of 12 months/12,000 miles (whichever occurs first) or the remaining period under the 3-year/36,000-mile (whichever occurs first) Nissan New Vehicle Limited Warranty. Terms and conditions apply. See Warranty Information Booklet for details. <sup>2</sup>Cargo shown for display purposes only. Cargo and load capacity limited by weight and distribution. Always secure all cargo. HomeLink<sup>®</sup> is a registered trademark of Johnson Controls Technology Company.

## BUYING/OWNING

**Nissan Motor Acceptance Corporation.** Whether you're buying or leasing, you'll find attractive rates and flexible terms to make your purchase more accessible.

**College Grad Program.** Ask about our special new vehicle pricing available to individuals up to two years after graduation.

**Active and Reserve US Military Program.** Ask about eligibility for our fixed discount on new vehicle pricing available to those serving our country.

**New Vehicle Limited Warranties.** Protection for your new Nissan includes 3-year/36,000-mile (whichever occurs first) basic coverage and 5-year/60,000-mile (whichever occurs first) powertrain coverage. Terms, conditions and exclusions apply. See Warranty Information Booklet for complete details.

**Security+Plus®** For additional peace of mind, a variety of extended service plans lets you tailor the coverage to your driving habits.

**Maintenance+Plus®** This extended plan ensures your Nissan will receive up to 17 different services and over 33 different inspection items at each visit, using the most up-to-date diagnostic equipment available.

**Genuine Nissan Parts.** When it comes time for service, any necessary replacement parts will be made using Genuine Nissan new or remanufactured parts, or Nissan-approved parts. And they're the only parts to carry Nissan's factory-backed limited warranty.

**Nissan Mobility Assist.** This program offers reimbursements toward the purchase and installation of certain mobility assistance products for program-eligible Nissans. Go to [NissanUSA.com/mobility](http://NissanUSA.com/mobility) for more info.

Nissan's environmental action plan focuses on several key areas. Increasing production of Zero Emission vehicles, including the 100% electric LEAF.® Improving fuel efficiency through our PUREDRIVE™ measures. And reducing the environmental impact of manufacturing, as seen at our new, energy-efficient, low-emissions paint plant in Tennessee.
