Sport-Utility Tough.

Subaru vehicles offer superior control and balance for greater safety and comfort in all driving conditions. It’s called Active Driving, Active Safety. It’s what makes Subaru drivers, confident drivers. Because it’s easy to drive, easy to load and easy to get into, the Subaru Forester simply is easy to own.

Car Easy.

That’s Forester.
The Subaru All-Wheel Driving System is what gives Subaru vehicles their unique edge over the competition. It sets the Forester step above the typical sport-utility vehicle (SUV) in performance, handling safety because it's on the job all the time, rain or shine. The Subaru All-Wheel Driving System is an integration of three components working in harmony: full-time All-Wheel Drive (AWD), a responsive boxer engine, and a long-travel, low-friction 4-wheel independent suspension.

Unlike other SUVs that have partial AWD or 4-wheel drive, the Forester has all-time AWD which responds automatically to the road's surface. Power is transferred from the wheels that slip to the wheels that grip, regardless of the situation. The boxer engine's lower center of gravity reduces body roll and improves vehicle stability. This horizontally opposed engine design helps minimize vibration and noise. The final element of the Subaru All-Wheel Driving System is the 4-wheel independent suspension. Its long vertical range allows each wheel firm contact with the driving surface for a smooth, car-like ride. The Subaru Wheel Driving System provides a level of vehicle performance that truly rates the Subaru Forester beyond traditional SUVs.

Going into a corner, rear-wheel drive cars tend to oversteer. The rear wheels can break loose, sending the car into a spin. Subaru AWD tracks smoothly through the curve, entering with the right amount of power to the front wheels.
FORESTER S SHOWN IN ACADEIA GREEN METALLIC/TITANIUM PEARL

When going uphill, power shifts rearward from the wheels that slip to the wheels that grip.

When going downhill, power shifts forward from the wheels that slip to the wheels that grip.

“The Forester also has an advantage in handling. It conquered winding roads and tight corners with plenty of grip and agility. Braking is not only car-like, but similar to that of a sports car.”

Comparison test of sport-utes, the Editors of Car and Driver magazine, ranked the Subaru Forester L number one over the Honda CR-V EX, Jeep Cherokee SE, Kia Sportage, and Toyota RAV4.
Tough terrain and questionable driving conditions are no match for the Subaru Forester L. While the capable 2.5-liter SOHC 16-valve engine smoothly powers Forester L on road or off, a heavy-duty 4-wheel independent suspension with front and rear stabilizer bars offers nimble handling and confident control. Combined with the Subaru All-Wheel Driving System, the result is sure-footed travel every time, anywhere. And Forester L offers a long list of standard features to enjoy along the way including air conditioning, power windows and door locks, power mirrors, cruise control, AM/FM stereo cassette, tilt-adjustable steering column, fixed intermittent front and rear wipers, 4-channel/4-sensor anti-lock braking system (ABS), 15-inch styled steel wheels, 5-mph bumpers for safety and a 12-volt power outlet in the cargo area.
Subaru is a proud sponsor of active lifestyle women. This year Olympic Gold Medalist Dianne Roff-Steinrotter will be a featured instructor in a number of Subaru-sponsored ski clinics.

Because of the sophisticated engineering of the Subaru Forester S, you can enjoy all the excitement of off-road adventure without sacrificing a comfortable ride. Car-like handling, superior performance traits, ample 7.5 inches of ground clearance make going the extra mile a breeze. Indeed, with aggressive 16-inch alloy wheels, a remote keyless entry system, variable intermittent windshield wipers, and 4-wheel disc brakes, you could get real used to being off the beaten path.

If that path happens to offer a surface that causes one rear wheel to slip, a limited-slip rear differential automatically transfers power to the rear wheel with traction. In addition to the limited-slip rear differential, the standard All-Weather Package includes dual-mode heated front seats and heated exterior door mirrors, windshield wiper deicer and a driver’s side windshield wiper fin. Forester S keeps the elements well in hand.

The AM/FM stereo cassette integrates a unique 6-Disc in-dash CD changer which makes it convenient to load and unload your favorite discs.
EASY TO DRIVE

FORESTER S SHOWN IN BLUE RIDGE PEARL/TITANIUM PEARL

“It’s fun to drive, a phrase that doesn’t apply to trucks in quite the same way. Forester is similar in size to the Honda CR-V and Toyota RAV4, but offers superior performance and handling.”

— New Car Test Drive, 1999 Edition
EASY TO LOAD

Premium Package

PRESTIGE SHOWN IN ASPEN WHITE

Forester has more useful space than the equally sized truck-based
Discovery, while shedding more than a half ton

FORD, Spring 1997
In the spirit of the Subaru commitment to safety, the Forester S Premium Package includes front seat side-impact air bags which deploy in moderate to severe side impacts to further cushion the driver and front seat passenger to help prevent injuries.

The Subaru Forester S with the Premium Package makes errand day a pleasure. Not only is there plenty of roomy cargo space and a convenient load design, but with the Subaru All-Wheel Driving System providing exceptional handling, you'll get where you're going comfortably with the safety of your cargo intact. And in the Forester S with the Premium Package, you can enjoy extra fresh air and sunshine with the internally retracting power moonroof. In addition, the distinctive 16-inch alloy wheels with gold-colored accents complement a luxurious monotone paint scheme. For enhanced peace of mind, the Forester S Premium Package also includes the protection of front seat side-impact air bags. With so much safety and versatility, the Forester S with the Premium Package is definitely easy to own and enjoy.

* Seatbelts must be worn at all times. Children should always be properly restrained in the rear seat.
FORESTER S INTERIOR SHOWN IN GRAY MOQUETTE CLOTH

“The cabin is a model of carlike civility. Subaru designers should get a gold star for the seats; supportive yet form fitting, settling into the driver’s chair is like sitting in an enormous hand... headroom is enormous...wind noise is low. It seems everywhere you look in the cargo area is another hidden storage compartment...we counted five.”

— Open Road, Spring 1997
Somewhere between climbing down into a passenger car, and stepping up into an SUV is the natural movement it takes to slide easily into a Subaru Forester. Both the passenger compartment and rear cargo area offer easy access, and inside each is plenty of room with cleverly engineered storage areas to stow items. The configuration of the seats gives five adult passengers comfortable headroom and legroom. The cargo space is neither too high nor too low; gear fits nicely without the need for the cavernous overhead bulk of the typical SUV. In fact, the reasonable roof height allows easy access to bikes, skis and canoes secured tightly to the top of your Forester with available attachments.

You'll avoid digging underneath the vehicle for a dirty tire because Forester accommodates a full-size spare tire in this convenient rear storage compartment. This handy area can also be used to keep cold drinks at the ready.
"With a long history of producing all-wheel drive cars, Subaru had a wealth of know-how and componentry available to dedicate to the Forester."

— *Motor Trend*, July 1997

The Forester interior is specifically designed with a sense of order to optimize convenience and space. Within easy reach are handy dual front retractable cup holders and a useful overhead console with map lights, digital clock and a storage bin for sunglasses.
For the convenience of stowing very long items, the rear seatback is split 60/40 and folds down.

Because of the space they allow and their numerous features, SUVs are becoming very popular. Unfortunately, the big, truck-like look of many SUVs means a harsh, truck-like ride. The exception — Subaru Forester. A smooth, passenger car-like ride and interior comfort are signature Forester. And its long list of interior amenities will rival other SUVs. Forester is equipped with five cup holders, a 60/40 split fold-down rear seatback, a driver's sun visor that offers handy pen, card and ticket holders, a height-adjustable driver's seat with adjustable lumbar support and three rear seat removable headrests for added comfort. Available accessories like woodgrain patterned trim and a gauge pack that displays the engine manifold vacuum, voltage and oil temperature readings are nice touches as well.

Inside Forester, you'll find all the things that make a pleasant ride just that much more enjoyable.
Every time you sit behind the wheel of a Forester with your family seated all around you, you shouldn’t be dwelling on the unexpected occurring. Because we’ve got you covered. When we designed the Subaru Forester, thought about all of you, and your safety, every step of the way.

With its lower center of gravity, agile handling, maneuverability, and the Subaru All-Wheel Driving System, Forester ensures a safer, more capable ride that provides you with improved accident avoidance. Unlike traditional SUVs, Forester meets all Federal Government passenger car safety standards. Forester received the Insurance Institute for Highway Safety’s exclusive “Good” rating for the class. Every Subaru Forester is packed with a multitude of features that help keep you safe on and off-road, things like powered dual front air bags**, 4-channel/4-sensor ABS, side-impact door bars, crumple zones and even optional front seat side-impact air bags** which are available in the Forester S Premium Package. Surrounding you, safety is a Subaru standard.

The Forester seatbelt system is designed for comfort as well as optimum safety. You’ll find headrests and three-point seatbelts for all five seating positions. In addition, Forester includes height-adjustable seatbelt anchors for all on-board seating positions.

* For more information, contact the Insurance Institute for Highway Safety or visit their Web site at www.highwaysafety.org
** Airbags must be worn at all times. Children should always be properly restrained in the rear seat.
THE CONFIDENCE OF Control

FORESTER S SHOWN IN SEDONA RED PEARL/TITANIUM PEARL

“The Subaru philosophy on this is simple: wheels should do more than roll; they should be driven. The optimum in active safety is for every wheel—the contact with the road or off-pavement trail—to both brake and accelerate.”

—Open Road, Spring 1997
Forester

CD player. Plays standard 5-inch and 3-inch single CDs without an adapter.

Premium sound system, Sub-woofer/Amplifier mounted under driver's seat increases power of the standard system by 80 watts to deliver superior bass sound reproduction. Speaker lid includes four upgraded speakers for crisp sound with minimal distortion, plus two separate tweeter speakers to help enhance high-frequency audio.

Leather shift knob. Handsome leather-wrapped shifter for automatic transmission.

Woodgrain patterned trim. For the radio bezel, gearshift surround and window switches.

Power outlet. Additional 12-volt

Rubber mats. Heavy gauge, custom-fitted protective mats.

Auto-dimming mirror/compass. Includes electronic compass. Mirror darkens when headlights are detected from rear of vehicle.

Armrest extension. Out-of-sight storage for your phone plus added comfort on long trips.

Luggage compartment cover. Retractable cover helps conceal items in rear cargo area.

Remote keyless entry. Includes two remotes. Works up to 30 feet away.

Performance gauge pack. Displays manifold vacuum, voltage temperature.
Subaru Forester was designed for the ultimate in driving pleasure. A comfortable, smooth ride is made all the more enjoyable with the substantial list of convenient standard features. But because you'll settle for nothing less than exactly what you want, we offer a few extras to make your Forester uniquely your own.

6-Disc in-dash CD changer. Allows selection and play for up to 6 CDs in-dash.

Sub-woofer/Amplifier. Delivers super bass sound you not only hear but feel.

Roof cargo carrier. Provides up to 350 lbs. of lockable storage capacity.

Kayak carrier. Attaches quickly and easily to cross bars. Carries two kayaks.

Ski attachment. Holds up to six pairs of skis or four pairs of skis and poles. May be used to carry snowboards or fishing rods.

Roof cargo basket. Versatile cargo carrying capacity.

Cargo net. For Forester cargo area.

Cargo bin. Heavy-duty, lift-out, plastic storage bin helps hold items in place.

Bike hitch/attachment. Slides into trailer hitch to carry up to two bikes. Designed for easy dismounting of bikes without lifting.

Side underguard bar. Helps protect side of vehicle, while providing a nonslip step to help reach roof of vehicle. Not applicable for vehicles with side air bags.

Car cover. Helps protect the exterior of your Forester.
Additional accessories available, but not pictured include:
- Front end cover (hood) (avail. 3/2000)
- Front end cover (full) (avail. 3/2000)
- Moonroof air deflector (avail. 3/2000)
- Lighter element
- Anti-slip mat
- Battery Warmer

Rear differential protector. Helps protect rear differential from rocks and logs.

15-inch Alloy wheels.

Wheel locks. Protect your investment in alloy wheels and tires.

Rear window dust deflector. Helps keep back window clear of dust and debris.

Hood deflector. Durable acrylic plastic construction and wraparound design help protect your Forester’s hood from stone chips. (avail. 3/2000)

Custom tailpipe cover. Stainless steel tailpipe cover.

Trailer hitch. Heavy-duty-rated at 200 lbs. tongue weight, 2,000 lbs. towing capacity (ball not included).

Air-filtration system. Helps reduce dust and pollen infiltration within the vehicle cabin area. (avail. 3/2000)

Fender flares. Rugged appearance, helps protect wheel arch from dents and scratches. (avail. 2/2000)

Brush guard. Rugged good looks, helps protect front grille from brush and debris. (avail. 4/2000)

Sport grille. Adds a stylish appearance to L or S model Forester. Comes with white trim which is paintable to match other body colors. (avail. 3/2000)

Igloo® cooler/warmer. Keeps food and beverages either cold or hot. Plugs into power outlet in cargo area of Forester. 120 AC adaptor available.
specifications

ENGINE
- Horizontally opposed 4-cylinder with die-cast aluminum-alloy block and aluminum-alloy cylinder heads
- 2.5 liters (150 cu. in.)
- 165 @ 5600 rpm
- 166 @ 4000 rpm
- 16-valve with single overhead camshaft design (SOHC)
- Sequential multi-port fuel injection system with dual spray injectors
- ECM Engine Control Module manages fuel injection and ignition system
- Low maintenance distributorless electronic
- Electronic Engine Control Module manages fuel injection and ignition system and features learning, self-diagnosis, limp-home and anti-knock capabilities.
- Tank Capacity: 15.9 gallons
- EPA Mileage (mpg): 22/27 (manual transmission) 22/26 (automatic transmission)

DRIVETRAIN
- 5-speed manual with overdrive
- 4-speed electronically-controlled automatic with overdrive
- Automatic power mode engages with rapid use of accelerator pedal.
- Full-time AWD system automatically distributes power between front and rear wheels based on traction needs.
- Manual transmission models have a viscous-coupling locking center differential.
- Automatic transmission models have an electronically-managed continuously variable transfer clutch.
- S models have a viscous limited-slip rear differential.

CHASSIS
- Unibody with front and rear crumple zones
- 74% of body sheet metal is two-sided galvanized.
- Fully independent, heavy-duty raised type with coil springs and struts.
- Front: lower L-arms with liquid-filled rear bushings and stabilizer bar.
- Rear: parallel links and stabilizer bar.
- Power-assisted dual diagonal hydraulic circuits and 4-channel/4-sensor anti-lock braking system (ABS).
- Front: 10.7-inch ventilated discs with twin-piston calipers.
- Rear: 9.0-inch drums (L), 10.3-inch discs (S).
- Rack-and-pinion with engine-speed-sensing variable power assist.
- L: 15-inch styled steel with center cap.
- S: 16-inch aluminum alloy.
- S: 16-inch aluminum-alloy with gold-colored accent.
- L: 205/70R15 95S mud-and-snow-type radial with raised white letters, full-size spare.
- S: 215/60R16 94H mud-and-snow-type radials with raised white letters, full-size spare.

DIMENSIONS (inches unless otherwise noted)
- Wheelbase/Length: 99.4/175.6
- Width/Height: 68.3/65.0
- Track: Front/Rear: 58.1/57.7
- Minimum Road Clearance (at curb weight): 7.5
- Headroom: Front: 40.2 (39.6 with moonroof)* Rear: 39.6 (37.2 with moonroof)*
- Legroom: Front/Rear: 43.0/33.4
- Shoulder Room: Front/Rear: 53.5/53.6
- Curb Weight (lbs.): 3140 (3200 - Forester S with Premium Package) 3195 (3255 - Forester S with Premium Package)
- EPA Interior Volume (cu. ft.): 94.3 (84.8 with moonroof)*
- EPA Cargo Volume (cu. ft.): 32.0 (rear seat up) 63.1 (rear seat down SAE) (58.5 with moonroof)*
- Towing Capacity (lbs.): 2000 (Class One)

**Warranties**

- Basic Warranty: 3 years or 36,000 miles, whichever comes first
- Powertrain Warranty: 5 years or 60,000 miles, whichever comes first
- Rust Perforation Warranty: 5 years, unlimited mileage

**Notes**

- Included in Premium Package.
- See Owner's Manual for detailed instructions and precautions you should follow when towing a trailer.
- The Supplemental Restraint System (SRS) (air bags) affords the driver and front passenger additional protection in a frontal or (when equipped with front seat side-impact air bags) a side-impact collision. These systems provide supplemental protection only, and seatbelts must be worn in order to avoid injuries to out-of-position occupants upon impact and provide the best combined protection in a serious accident. Children should always be properly restrained in the rear seat.
- For complete warranty information, including coverage and exclusions, see your Subaru dealer.

In Harmony with Nature... Our Commitment. Head up to a snow-covered mountain and get lost in the beauty of a thick, pine forest. Nature. Its magnificence is irreplaceable. Which means it has priority over any amount of **off-roading fun** that can be conceived. And Subaru understands this. That is why we are part of the effort to maintain nature’s glory and preserve its beauty. By supporting conservation and recycling organizations like the U.S. Forest Service’s “Tread Lightly!” organization, we hope to set an example to vehicle owners everywhere. And our **commitment to the environment** is matched only by our concern about the economy of the United States. We stand behind the American workforce by committing to our Subaru-Isuzu Automotive (SIA) plant in Lafayette, Indiana where over half of all Subaru vehicles sold in the United States are assembled. In fact, we utilize hundreds of American suppliers and vendors to ensure that Subaru provides jobs that contribute to the positive growth of the U.S. economy. We stand behind our commitments, just as we stand behind every quality Subaru vehicle that we produce.

Subaru is proud to be associated with the Dagger Canoe and Kayak Company, the American Canoe Association, the National Ski Patrol and Professional Ski Instructors of America, the Cross Country Ski Areas Association, the American Association of Snowboard Instructors, as well as the International Mountain Bicycling Association, Specialized Bicycle Components, Masters Rowing Association, Leave No Trace, the Gorge Games, the Subaru Memorial of Naples and the Panoz Performance Driving School.

Subaru supports the U.S. Forest Service’s “Tread Lightly!” organization and urges you to go easy on the environment when you go off-highway.
As Subaru maintains its ongoing commitment to engineer safer, more comfortable, driver-friendly vehicles, people continue to take notice. In fact, Subaru has been judged and found worthy of several meritorious achievements, not the least of which was being christened the "Most Improved Car Company" in the world at the 1999 Global Automotive Awards. Subaru was selected over nominees that included Porsche and Jaguar. And because of its consistent reliability, craftsmanship and excellent performance, the Subaru Forester continues to win awards year after year. Consumers Digest magazine for the third year in a row dubbed the Forester "Best Buy for SUVs."

For the second consecutive year, the Forester was named the AAA Top Car Under $25,000 for SUVs by the American Automobile Association. The kudos don't end here because this year Subaru repeated as the Winter Vehicle of New England, Best in Class - Mini SUV, awarded by the New England Motor Press Association. For Best-of-the-Best in Total Quality, Subaru Forester was also again honored in 1999 with Strategic Vision's Total Quality Award™ for small SUVs. Their results proved that "the all-wheel-drive Forester excels in safety, roadability, power and ease of use." For Subaru, the mission remains clear - understand what drivers need and give them what they want. It's that simple.
Because perfection is more than a word to us, because we are dedicated to offering only the best ride possible, Subaru keeps striving. We've spent over 25 years perfecting the Subaru All-Wheel Driving System — an integral part of every Subaru. That's just one example of our commitment. Our philosophy of undeterred dedication is shared by Subaru drivers. In fact, 94 percent of all Subaru cars sold in the last 10 years are still on the road. And Subaru drivers understand that the Beauty of All-Wheel Drive extends beyond the snowy mountain pass and the rain-slicked highway. It means having a safer, more comfortable ride under any road condition, every time you get behind the wheel. And we don't think that's too much to ask. Learn more about Subaru on the Web at www.subaru.com or call 1.800.SUBARU-3.

The Subaru Roadside Assistance Program covers all 2001 Subaru vehicles during the first three years or 36,000 miles, whichever comes first. By calling the toll-free number in the Owner's Information Kit, Subaru owners can take advantage of any of the following benefits:

• 24-hour Roadside Assistance, seven days a week, 365 days a year all throughout the United States.
• Emergency Towing Service to the nearest authorized Subaru dealer.
• Emergency Roadside Assistance for jump starts, gasoline (up to two gallons), flat tire change, emergency lockout service (lost key or key is locked in the vehicle) and emergency fluid replacement.

See your Subaru dealer for details.
