Introducing the all-new Subaru Forester. The SUV for all you love.
When it comes to love, go all-in.

The all-new 2019 Forester is an SUV that can’t be summed up in three letters. You can pack it up for new destinations, count on it for daily drives, and feel secure with the latest safety technologies we offer, whether it’s just you and your playlist or all seats are full. And because 97% of Subaru Forester vehicles sold in the last 10 years are still on the road today, this SUV can keep up with your all-in approach to life.

Every Forester now includes standard EyeSight® Driver Assist Technology with Pre-Collision Braking, which can help bring you to a full stop if necessary. The all-new DriverFocus™ Distraction Mitigation System is also available. It’s one of the first safety technologies of its kind, designed to reduce distracted or drowsy driving. The Forester also offers the latest SUBARU STARLINK® Safety and Security system and advanced safety technologies, including Blind-Spot Detection and Rear Cross-Traffic Alert.

Whether you’re meeting everyday needs or making the most of long weekends, the Forester offers comfortable room for everyone and up to 76.1 cubic feet of cargo space. Its extra-wide rear gate opening helps you load with ease, and 60/40-split flat-folding seatbacks ensure the Forester can adapt to however the day is shaping up. A full life demands nothing less.

Wherever you go, you should be able to take your music and apps with you. That’s why the Forester features standard SUBARU STARLINK Multimedia with Apple CarPlay™ and Android™ Auto integration. A built-in Wi-Fi hotspot with a 4G LTE connection is also available, so you can stay connected on the road. And with the newly available STARLINK Concierge Services and Remote Engine Start with Climate Control, easily accessed via your smartphone, convenience is part of every drive.

It’s fun to make stops along the way, but not if you’re constantly refueling. On a single tank, the Forester can go over 530 miles and combines 33 highway MPG with the all-road confidence of standard Subaru Symmetrical All-Wheel Drive. Thanks to its newly updated 182-hp, direct-injection SUBARU BOXER® engine and auto start-stop technology, you’ll keep the journey going and the extra stops to a minimum.

On a single tank, the Forester can go over 530 miles and combines 33 highway MPG with the all-road confidence of standard Subaru Symmetrical All-Wheel Drive. Thanks to its newly updated 182-hp, direct-injection SUBARU BOXER® engine and auto start-stop technology, you’ll keep the journey going and the extra stops to a minimum.

1 Based on IHS Markit U.S. vehicles in operation vs. total new registrations in the Non-Luxury Compact CUV segment for MY2008–2017 ending in December 2017. EPA-estimated fuel economy for 2019 Forester models at 33 highway MPG. Actual mileage may vary. See your retailer for details.
Fits your life. And wherever you want to take it.

Extremely adaptable.
With up to 76.1 cubic feet of cargo space, the Forester is designed to leave your options open—especially when you consider its extra-wide rear gate opening. With just the touch of a button, the available Power Rear Gate gives you easy access to the vast cargo area. And for more space, you can quickly adjust the 60/40-split flat-folding rear seats and easily secure extra cargo to the raised roof rails. Once you're all packed, your passengers will still have plenty of room.

Expertly capable.
The Forester lets nothing get in the way of an out-of-the-way place. With 8.7 inches of ground clearance and standard Subaru Symmetrical All-Wheel Drive, you'll take on different driving conditions with confidence. And you can count on the newly updated direct-injection SUBARU BOXER engine for increased power without sacrificing fuel economy. If the road changes, standard SI-DRIVE allows you to maximize control. For even tougher roads, newly available dual-function X-MODE with Hill Descent Control includes two specifically engineered settings: one for snow and dirt; one for deep snow and mud.

1 Without available power moonroof. 2 Availability varies by model. See your retailer for details.
Creating safer roads by reducing distracted driving.

Every day in the U.S., more than 1,000 people are injured in crashes reported to have involved a distracted driver. As an industry leader in safety, Subaru developed the DriverFocus™ Distraction Mitigation System® as one of the first technologies of its kind. Engineered for both new and experienced drivers, it works together with Subaru EyeSight® to help detect distracted or drowsy driving. If the driver’s attention strays from the road for too long, DriverFocus™ can deliver visual and auditory alerts to bring attention back to the road—it’s like having an attentive co-pilot along for the ride.

EyeSight is a driver assist technology, which may not operate optimally under all driving conditions. The driver is always responsible for safe and attentive driving. System effectiveness depends on availability of visual information on the road. See Owner’s Manual for complete details on system operation and limitations.

Availability varies by model. See your retailer for details.

**Lane Departure and Sway Warning**

As an industry leader in safety, Subaru is one of the first manufacturers to bring lane departure and sway warning systems to America’s roads. Lane Departure and Sway Warning helps prevent the driver from inadvertently straying from your lane by delivering visual and audible warnings before you leave your lane. And when activated, Lane Keep Assist can even help steer you back into your proper course.

1 EyeSight is a driver assist technology, which may not operate optimally under all driving conditions. The driver is always responsible for safe and attentive driving. System effectiveness may be affected by vehicle conditions and vehicle environment.

2 Based on data from 2013–2015MY Subaru Forester Limited in Horizon Blue Pearl with optional equipment.
Blind-Spot Detection
Using radar sensors, Blind-Spot Detection and Lane Change Assist warn you with a visual indicator on your side mirror if they detect a vehicle in your blind spot. And when you signal for a lane change, Lane Change Assist can also alert you with a flashing indicator on your side mirror if it senses a vehicle approaching at a higher speed in a neighboring lane.

Rear Cross-Traffic Alert
Rear Cross-Traffic Alert uses radar sensors to help warn you of traffic approaching from the side as you are backing up, utilizing a flashing visual indicator on your side mirror and standard Rear-Vision Camera display, as well as an audible warning.

Reverse Automatic Braking
Reverse Automatic Braking can detect objects directly behind your vehicle when backing up at a low speed and can help bring the Forester to a stop should an object be detected within its range and the driver fail to act. There’s also the standard Rear-Vision Camera to help you keep an eye out.

SUBARU STARLINK™ Safety and Security
The all-new Forester features the latest STARLINK Safety and Security system, which can alert a first responder in an emergency, help police locate your vehicle if it’s stolen and more. And to get you started, Forester drivers enjoy a free three-year STARLINK Safety Plus subscription, which includes Advanced Automatic Collision Notification, Enhanced Roadside Assistance, SOS Emergency Assistance and all-new customizable vehicle alerts.

1 Availability varies by model. See your retailer. 2 Blind-Spot Detection, Lane Change Assist and Rear Cross-Traffic Alert are systems designed to assist the driver by monitoring the rear and side areas of the vehicle during a lane change maneuvering and are not a substitute for safe and attentive driving. 3 The Reverse Automatic Braking System is not intended for use in reverse and directionโดยไม่ใช่ทาง. System effectiveness depends on many factors, such as vehicle maintenance, weather and road conditions. Always exercise caution and use vehicle mirrors and the Rear-Vision Camera when backing up. See Owner’s Manual for complete details on system operation and limitations. 4 Activation with subscription required. Includes a 3-year trial subscription to Safety Plus services and a 6-month trial subscription to Safety and Security Plus services. The Concierge plan can be purchased annually or monthly. A credit card on file will be required for specific packages and for renewal purposes. See your retailer for details.

**Safety that meets the highest expectations.**
Subaru is known for safety because we’re always working to advance it. The all-new Forester represents the very latest in our safety innovations. For enhanced road visibility, standard LED headlights with available steering responsive functionality help you see better around corners. With High Beam Assist, the Forester can automatically dim and activate the high beams as needed. And the Subaru Global Platform provides a rigid body structure for high crash-energy absorption, so you can feel secure every time you head out.
A cabin space filled with intelligence, comfort and convenience.

Even before you step into your Forester, you can start it up and set the perfect temperature right from your smartphone with newly available Remote Engine Start with Climate Control.²,³,⁴

The moment you’re in, the driver’s seat, mirrors and climate settings can automatically adjust to your pre-set preferences, thanks to the all-new available DriverFocus™¹ system. You can easily connect to your music and apps with standard SUBARU STARLINK™ Multimedia with Apple CarPlay™ and Android™ Auto integration. A built-in Wi-Fi hotspot with a 4G LTE connection is also available, allowing your passengers to stream their favorite content, browse the internet and more.¹,⁶

And with the newly available STARLINK Concierge Services, you can search for points of interest, make reservations and even find event tickets—all while on the go.¹,²

You can always look forward to the destination, but in the all-new interior of the Forester, you can also look forward to the way there. High-quality soft-touch materials and up to 111.9 cubic feet of passenger space⁶ ensure a comfortable ride with no shortage of legroom. Up front, you’ll find thoughtful details, including standard automatic climate control, an available 8-way power passenger seat¹ and an available heated steering wheel.¹

The second row offers available heated seats, air vents and USB ports.¹ And wherever you’re sitting, you can enjoy the available panoramic moonroof overhead and the clarity of the available 576-watt-equivalent Harman Kardon® premium audio system.¹

¹ Availability varies by model. See your retailer for details.
² Activation with subscription required. Includes a 3-year trial subscription to Safety Plus services and a 6-month trial subscription to Safety and Security Plus services. The Concierge plan can be purchased annually or monthly. A credit card on file will be required for specific packages and for renewal purposes. See your retailer for details.
³ Keyless Access with Push-Button Start required.
⁴ The DriverFocus Distraction Mitigation System is a driver recognition technology designed to alert drivers if their attention to the road wavers or if the driver’s face appears to turn away. The driver is always responsible for safe and attentive driving. System effectiveness may be affected by articles of clothing worn on the head or face, and system status is not represented on the instrument cluster. Consult the Owner’s Manual for complete details on system operation and limitations.
⁵ Activation and subscription required. Internet access is purchased separately through AT&T with monthly, per gigabyte, and unlimited data options available. Existing AT&T customers have the option to add an additional line to their AT&T Mobile Share plan. See your retailer for details.
⁶ Without available power moonroof.
Wear it on your sleeve.
And on your SUV.

The All-new Forester Sport

It’s hard to miss the distinctive styling of the all-new Forester Sport. Orange and gloss black accents characterize its unique interior and exterior, while 18-inch alloy wheels help to make its presence known. Step in, and you’ll notice its LED interior lighting, including an exclusive rear gate light. And once you get going, its abilities will immediately become apparent. The Forester Sport easily meets the demands of the drive with the enhanced SI-DRIVE system. And with the new dual-function X-MODE® feature, it can take on tough conditions and challenging terrain. Wherever the road takes you, roof rail tie-down points keep your cargo tight and secure.
The Subaru Forester was named one of the 10 Best All-Wheel Drive Vehicles Under $25,000 for 2018 by Kelley Blue Book.1

Subaru is Kelley Blue Book’s Most Trusted Brand for four years running.2

The Subaru Forester retains its value better than any other vehicle in its class for 2018, according to ALG.3

The best-selling all-wheel drive cars in America for the past 10 years.4

2019 Forester | Models

Forester
• 182-hp 2.5-liter 4-cylinder SUBARU BOXER® engine with direct injection and auto start-stop technology
• EyeSight® Driver Assist Technology®
• Subaru Symmetrical All-Wheel Drive
• Lineartronic® CVT with Active Torque Vectoring
• SI-DRIVE Engine Performance Management
• 17-inch steel wheels with covers
• Auto-off/On LED headlights
• Cloth upholstery
• 6-way manually adjustable driver’s seat; 4-way manually adjustable front passenger’s seat.
• SUBARU STARLINK® 6.5-inch Multimedia Plus with Apple CarPlay® and Android® Auto integration. STARLINK® cloud-based applications, SiriusXM® All Access Radio and Travel Link®, 14 speakers, USB port/iPod® control, Bluetooth® audio streaming, and hand-free phone connectivity
• Dual USB ports
• Automatic climate control system
• Rear-View Camera

Forester Touring
Includes Forester Limited key features and adds:
• LED fog lights
• Touring 18-inch aluminum-alloy wheels
• Panoramic moonroof
• Padded roof rails: black finish
• Rear spoiler
• Body-color side mirrors
• Privacy glass
• Premium cloth upholstery
• 10-way power adjustable driver’s seat
• Leather-wrap steering wheel and rear seats
• Rear-seat center armrest with dual cup holder
• Rear A/C vents
• ALL-WEATHER capability®
• STARLINK® Safety and Security enabled® includes features and services such as Automatic Collision Notification, Remote Engine Start® and Concierge Services
• 6 speakers
• Cargo-area cover

Forester Limited
Includes Forester Premium key features and adds:
• Dual-function X-MODE® with Hill Descent Control
• 18-inch aluminum-alloy wheels
• All-Weather Package: Heated side mirrors, front seats and windshield wiper de-icer
• Cargo-area tray

Forester Premium
Includes Forester key features and adds:
• X-MODE® with Hill Descent Control
• 17-inch aluminum-alloy wheels
• Panoramic moonroof
• Flared roof rails: black finish
• Rear spoiler
• Body-color side mirrors
• Privacy glass
• Premium cloth upholstery
• 10-way power adjustable driver’s seat
• Leather-wrap steering wheel and rear seats
• Rear-seat center armrest with dual cup holder
• Rear A/C vents
• ALL-WEATHER capability®
• STARLINK® Safety and Security enabled® includes features and services such as Automatic Collision Notification, Remote Engine Start® and Concierge Services
• 6 speakers
• Cargo-area cover

Forester Sport
Includes Forester Premium key features and adds:
• Dual-function X-MODE® with Hill Descent Control
• All-Weather Package: Sport Sharp (SH) mode
• LED fog lights
• 18-inch aluminum-alloy wheels
• Roof rails with integrated tie-downs
• Front, rear and side underglare with orange accents
• Body-color side mirrors with integrated turn signals
• Orange and gloss black exterior accents
• Gray Sport Rivets with leather shifter
• Orange stitching and interior trim accents
• Sport gauges with color LCD display
• 5.5-inch color multifunction display
• Keyless Access with Push-Button Start
• Dual rear USB ports
• LED dome, cargo and rear gate lights

All-Weather Package: Heated side mirrors, front seats and streamlined spoiler

Cargo-area tray

### 2019 Forester | Equipment

#### Audio

- **Audio and Navigation Systems (continued)**
  - **Standard**: STARLINK™ 8.0-inch Multimedia Navigation System with Apple CarPlay™, Android™ Auto, Pandora®, SiriusXM®, and Alexa® smartphone app integration
  - **Starlink Upgrade**: STARLINK™ 8.0-inch Multimedia Navigation System with Apple CarPlay™, Android™ Auto, Pandora®, SiriusXM®, and Alexa® smartphone app integration
  - STARLINK™ 8.0-inch Multimedia Navigation System • Harman Kardon® premium audio system • Subaru Starlink™
    - 8.0-inch Multimedia Plus with Apple CarPlay™, Android™ Auto, Pandora®, and Alexa® smartphone app integration • SiriusXM® All Access Radio®...
  - Keyless Access with Push-Button Start • Dual rear USB ports • 6.3-inch color multifunction display with information displays for fuel economy (average, current and distance to empty), heating and air conditioning, audio, weather, vehicle systems operation and more
  - Reverse Automatic Braking
  - Brake Assist System with EBD/ABS
  - Auto-off Headlights

#### Cargo Net

- Cargo net. Neatly folds cargo and prevents it from sliding away while the vehicle is in motion. The cargo net can be used two ways: Anchor it to the sides of the cargo area to help prevent objects from sliding to the floor to keep things from rolling around.

#### License Plate Frames

- All Subaru pets are part of the family. Share your love for your furry, feisty or feathered friends with our new Subaru License Plate Frames. All frames are manufactured from black vinyl self-stick steel that will not rust or corrode, and come in either matte black or polished stainless steel.

#### All Weather Floor Liners

- Custom-fit, high-walled design fits four tires. Helps protect the vehicle’s carpet from dirt, snow, mud, dirt and mud and makes it easy to quickly clean up spills. Not intended for use on any other Subaru product.
For a complete list of available accessories, visit your local Subaru retailer or visit www.subaru.com

2019 Thule® Subaru Accessories

Forester Sport in Crystal Black Silica with optional and accessory equipment.

Thule® Bike Carriers - Fork-Mounted and Roof-Mounted

Thule® Heavy-Duty Roof Cargo Basket

Thule® Cargo Carrier

When your passion is even bigger than your cargo area, Genuine Subaru active lifestyle accessory attachments manufactured by Thule® are a smart way to securely transport larger gear like bikes, skis, snowboards, kayaks, paddleboards and more. Each carrier safely attaches to your roof rack and the available Thule® Portable Step can help you easily access everything.

Let nothing hold you back.

Auto-Dimming Mirror with HomeLink®

This upgraded auto-dimming mirror detects glare and darkens automatically to protect your vision while featuring an 8-point digital compass. Three backlit HomeLink® buttons can be programmed to operate most garage doors, security gates, home lighting and more. Can also provide you with the last status of your garage door (open or closed) if programmed to a compatible opener featuring two-way communication.

Rear Bumper Cover.

Helps protect the upper surface of painted rear bumper from scratches and dings.

Auto-Dimming Exterior Mirror with Approach Light.

Enhance your Auto-Dimming Mirror experience by adding the Auto-Dimming Exterior Mirrors with Approach Light.* Unlock the doors with the keyless entry system and LED lights located in each exterior mirror help to light the way. Light is cast down from all four doors and onto the ground next to and towards the rear of the vehicle. When in traffic, the Auto-Dimming Exterior Mirrors help add to a safer driving experience by reducing reflected headlight glare.

*Requires Auto-Dimming Interior Mirror.

Rear Seatback Protector.

Provides additional protection to the rear seatbacks when lowering the seats to transport larger cargo. Use in conjunction with the Cargo Tray.

Body Side Molding.

Color-matched molding helps protect vehicle doors from parking lot dings while attractively blending with the lines of the car.

SUBARU STARLINK™ Entertainment Anywhere. 1

The STARLINK™ Entertainment Anywhere package is available to make every trip in your Forester even more enjoyable. With two Apple iPad® 32GB Wi-Fi models, you and your passengers have endless opportunities to stay connected, engaged and entertained. Passengers can also utilize the built-in 4G LTE Wi-Fi capability to stream their favorite content or search the web. This premium entertainment experience—which also includes two sets of Harman Kardon® Bluetooth® Headphones and two OtterBox Defender Series iPad Cases—is a great value and can be enjoyed in the backseat of your Forester or wherever else your travels take you.

1 Please see your local retailer for details on how to purchase. Components of the Entertainment Anywhere Kits are not Genuine Subaru Accessories and are not covered under any Subaru limited warranties. Any service or warranties on those components are extended by their individual manufacturers. Apple and iPad are registered trademarks of Apple Inc. All sales are final. No returns will be accepted. Headphones shown are prototype.

Door Edge Guards.

Help protect your door edges from dings and chips with custom-fit, body color-matched Door Edge Guards. They help preserve the appearance of your Subaru while seamlessly blending into the door design.

Rockford Fosgate.®

The Rockford Fosgate® audio upgrade consists of an amplifier, upgraded speakers and an integrated digital signal processor tuned to align the system to the listener’s preference.

Cargo Tray.

Helps protect the trunk area from stains and dirt, while providing a surface that helps reduce the shifting of cargo while driving.

Trailer Hitch.

Rated at 176 lbs. tongue weight with 1,500 lbs. of towing capacity. Engineered to the same rigorous standards as the rest of the Forester. Ball mount sold separately. Hitch ball not included. Trailer brakes may be needed.
2019 Forester

The DriverFocus Distraction Mitigation System is a driver recognition technology designed to alert drivers if their attention to the road wavers or if the driver's face appears to turn away. This system is not a substitute for safe and attentive driving.

1. System effectiveness may be affected by articles of clothing worn on the head or face.

2. Unlike other systems, it is not designed to recognize lane changes or reversing and is not a substitute for safe and attentive driving.

3. The system uses information from a camera that is located at the base of the inside rearview mirror. The camera is positioned so that the driver's face is visible, but not the steering wheel or the area within a horizontal line at a 20-degree angle of the horizon. If the driver's face is not visible, the system cannot operate.

4. The camera may not recognize the driver if the interior rearview mirror is not installed correctly or if the driver is wearing tinted lenses. The camera may not recognize the driver when the outside rearview mirrors are not in their normal position.

5. The system operates in forward-driving situations only.

7. EyeSight is a driver assist technology, which may not be fully effective if there is glare from the road or from other sources such as traffic, weather, road conditions, or vehicle maintenance. System effectiveness may be affected by articles of clothing worn on the head or face. See the Owner's Manual for complete details on system operation and limitations.

8. Subaru owners are driven by their passions. Whether hiking to see a sunset or skiing through fresh powder. Paddling through rapids or their interests. Owners can go to badgeofownership.com to order FREE Subaru Badge of Ownership lifestyle icons.

9. Once you’re part of our family, we’ll be there for you. Every Subaru comes with 

10. For additional Subaru resources, including owner’s manuals, maintenance schedules, roadside assistance and more, log on to www.mysubaru.com

11. At Subaru, we’re committed to building a lasting, rewarding relationship with you and the world we share. We start with every vehicle we build. Every Subaru is built with an eye on the future. Our goal is to make our cars last longer.

12. We also share your desire for a cleaner, greener world. In 2004, Subaru of Indiana Automotive, Inc. (SIA) opened the nation’s first zero-landfill, zero-environmental impact, state-of-the-art automotive manufacturing facility. At SIA, we recycle and avoid waste in every aspect of making Subaru vehicles. It’s just one example of how we’re building a world that lasts for the next generation. To learn more, visit wwwصنعناglobal.com.

13. For more than 30 years, they’re agreements you can trust. Your retailer has full 

14. Subaru is headquartered in a zero-landfill office in Camden, N.J. If the environment is important to you, you’ll like being part of the Subaru family.

15. From our headquarters to our manufacturing facilities, we make every effort to protect your environment. We protect our landfills for 18 years or 200,000,000 miles. We’re the only automaker in the world that built its first automotive manufacturing facility to be zero-environmental impact. And to protect you over the long haul, we offer Added Security® coverage details.

16. The Supplemental Restraint System (SRS), with or without airbags, is designed to complement your seat belts, not replace them. Always wear your seat belt in the front and rear seat. For complete details regarding SRS and Airbag precautions and limitations, see your Owner’s Manual.

17. We also share your desire for a cleaner, greener world. In 2004, Subaru of Indiana Automotive, Inc.
