The best-handling, best-performing WRX and WRX STI ever.
The WRX has all the hardware needed to corner with grace and speed. Starting with the suspension, the WRX has an enviable setup—a rigid unibody chassis with reinforced suspension mounting points, aluminum front lower control arms with pillow ball joint mounts, and a double-wishbone rear suspension with pillow ball bushings. Aided by its sticky Dunlop® Sport Maxx RT tires, the WRX achieves a remarkable 0.96g of lateral grip. Add Subaru Symmetrical All-Wheel Drive, and you’ve got a recipe for world-class handling performance.

Having excellent grip is only one half of the handling equation. The other half is the driver’s sensation of control and precision, which the WRX delivers with a quick 14.4:1 steering ratio, and the cornering poise provided by Active Torque Vectoring. Add in available 18-inch wheels with inverted front struts for even less unsprung weight and more cornering response.

It was voted “one of Wards 10 Best Engines of 2016” for good reason—its 268-hp 2.0-liter direct-injection twin-scroll turbocharged SUBARU BOXER® engine makes power smoothly, efficiently, and instantaneously. Matched to either the traditional 6-speed manual transmission or the Sport Lineartronic™ transmission with SH-Drive and paddle shifters, the WRX engine is a modern engineering marvel.

The WRX backs up its potent performance features with appropriately robust safety measures. With a standard Rear-Vision Camera, and available Blind-Spot Detection and Rear Cross-Traffic Alert, the WRX received a 2016 IIHS Top Safety Pick+ rating when equipped with optional EyeSight® Driver Assist Technology. Performance and safety don’t have to be mutually exclusive.
The WRX STI is laser-focused on handling with a track-tuned suspension that features standard inverted front struts and aluminum front lower control arms for low unsprung weight, an attribute further enhanced by the available lightweight BBS® wheels. The standard Dunlop® Sport Maxx RT tires help the WRX STI achieve monstrous grip—0.97g to be exact. 1 And it’s all underpinned by Subaru Symmetrical AWD with Driver Controlled Center Differential (DCCD), dual limited-slip differentials, and Active Torque Vectoring, so you can hit your apexes and nail your exits with control, precision and speed.

The WRX STI driving experience is a synergy between driver and car that’s all too rare. You’ll feel an invigorating sense of control, thanks to the ultra-quick 13.3:1 steering ratio, rigid unibody chassis and powerful Brembo® high-performance braking system, which helps you stop with authority. For more stability at higher speeds, the WRX STI’s signature rear wing adds downforce for added control.

It’s a potent, race-proven package—a 305-hp 2.5-liter turbocharged SUBARU BOXER® engine coupled with a precise and durable 6-speed, close ratio transmission and SI-DRIVE for on-the-fly performance adjustments. Invigorating horsepower and addictive torque are always on tap, rocketing the WRX STI to a 0-60 time of just 4.6 seconds. 1

1 Based on Motor Trend testing of 2015 WRX STI. March 2014.

For more than two decades, Subaru Tecnica International (STI) has applied lessons learned in motorsports to Subaru automobiles, enhancing performance through engineering that inspires confidence in drivers. Their holistic approach to performance results in vehicles that are more communicative, responsive, and easier to drive in more demanding situations.

“It bites. It turns in. This is a Porsche 911 fighter for a third of the price. Oh, and one of the best cars you can buy today.”

— Jalopnik.com, April 2014
A new level of refinement and comfort.
Every drop of blood, sweat, and tears that went into the WRX would all be in vain if drivers and passengers weren’t well taken care of. As a standard feature, SUBARU STARLINK™ gives you easy access to Pandora®, iHeart® Radio, Stitcher™ and Aha™, and connects via Bluetooth® or a USB port to both Android™ and Apple® smartphones.¹ It’ll read and display incoming texts¹ and you can control it easily with voice commands, steering-wheel-mounted controls or the high-definition touchscreen, and it’s also compatible with Siri® Eyes-Free for even more convenience. Dial up the entertainment even more with the available 440-watt equivalent premium audio system with 9 Harman Kardon® speakers.

Comfort and control from entry to apex.
The racer’s touch is apparent when you settle into the bolstered, WRX STI-exclusive Alcantara®-lined performance-design front seats and grip the leather-wrapped flat-bottom sport steering wheel, grab the shift knob and get ready to go. For such a serious performance car, you may be surprised to know the WRX STI has class-leading cargo space, as well as standard SUBARU STARLINK™ for easy access to Pandora®, iHeart® Radio, Stitcher™ and Aha™, and connects via Bluetooth® or a USB port to both Android™ and Apple® smartphones.¹

¹Compatible smartphone and app versions required. For applications to operate, latest version of each application is required. Data provided by smartphone is displayed on the audio system screen. Some state laws prohibit the operation of handheld electronic devices while operating a vehicle. Smartphone apps should only be launched when the vehicle is safely parked. Your wireless carrier’s rates may apply. 2STARLINK can read incoming texts out loud when the vehicle is traveling at speeds over 5 miles per hour, and can display incoming texts on screen when the vehicle is traveling at speeds lower than 5 miles per hour. 7” system required.
An everyday sports car.

Compromises are few, thanks to a 12 cubic-foot trunk, 60/40 split-folding rear seatbacks, expansive rear legroom, and widened door openings. It’s a commuter, an errand-runner, and a track-day weapon, all wrapped into one. Leave your dedicated sports car in the garage. Park the truck. Put your trailer in storage. This one can do it all.

We do not recommend racing your vehicle. Racing may void the vehicle warranty. See Warranty Maintenance Booklet for details.

If you do race your vehicle, do it safely and lawfully on approved racing tracks. Drive responsibly at all times and obey all traffic laws.
Kelley Blue Book’s KBB.com named the 2016 Subaru WRX Best Resale Value in its class.

#### Traction and Stability

- Discord Symmetrical All-Wheel Drive
- Driver Controlled Center Differential (DCCD) All-Wheel Drive
- VDC electronic stability control utilizes sensors that constantly monitor wheel speeds, steering angle, brake pressure, vehicle yaw rate and lateral g-forces. If VDC detects a difference between the driver's intended path and the one the vehicle is actually taking, VDC applies braking power and/or reduces engine torque to help correct vehicle path. Includes standard, off and performance-oriented Traction modes.

#### Active Torque Vectoring

Active Torque Vectoring works in tandem with VDC applying braking power to the inside front wheel resulting in sharper turn-in, more neutral steering and higher cornering limits when turning.

#### Traction Control System (TCS)

VDC also incorporates an all-wheel, all-speed traction control system that, when sensing a loss of traction, reduces engine torque and applies braking force to the slipping wheel or wheels in order to maintain vehicle-motion.

#### Fuel

- city/highway/combined
- Manual: 20/27/33 mpg
- Automatic: 18/24/21 mpg
- Premium unleaded gasoline (91 octane) is required. 93 octane recommended for maximum performance. WRX only: Regular unleaded gasoline, 87 octane may be used.
- 15.9 gallons
**2017 WRX & WRX STI | Equipment**

### Exterior

- Projector low-beam and multi-reflector high-beam halogen headlight(s) +
- L.E.D. low-beam and multi-reflector high-beam halogen headlight(s) +
- Fog lights □
- (Steering responsive fog lights when equipped with optional EyeSight® Driver Assist Technology)
- L.E.D. taillights +

  - Side-curtain airbags protecting front and rear outboard occupants (SRS)★
  - Seat-mounted front side-impact airbags (SRS)★
  - Driver's knee airbag (SRS)★
  - Whiplash protection front seats with height-adjustable head restraints
  - Height-adjustable 3-point front seatbelts with pretensioners and force limiters
  - 3-point seatbelts at all rear seating positions
  - Rear seat safety belts

- LATCH system: Lower Anchors and Tethers for Children

### Optional Equipment

- SUBARU STARLINK™ Safety Plus & Security Plus connected services **
- Sport Lineartronic™ Transmission

### Equipment Contents

- EyeSight® Driver Assist Technology®: Pre-Collision Braking System, Pre-Collision Throttle Management, Lane Departure and Sway Warning, Lane Keep Assist, Adaptive Cruise Control

---

* Standard  -  Optional  -  Not equipped  -  Available retail-related accessory

** High-visibility GPS-based navigation system and integrated audio system with Subaru STARLINK® Satellite Radio®, "tether" smartphone app integration and voice activation of Navigation, Phone and Audio System.

★ Includes STARLINK™ Safety Plus & Security Plus connected services and adds Subaru Starlink (TM) Safety Plus: Pre-Collision Throttle Management, Lane Departure and Sway Warning, Lane Keep Assist, Adaptive Cruise Control 

10-inch Powered Subwoofer. Provides powerful, deep bass, and also assists in clear sound reproduction from all vehicle speakers. This is achieved by its integrated 250W amplifier and a passive crossover network. The self-contained unit mounts in the trunk. Manufactured for Subaru of America by Kicker. Exclusive models equipped with Harmon Kardon® speaker system.

STI Performance Exhaust Systems. These exhaust systems feature smooth mandrel bend construction to help reduce exhaust flow restriction. STI System shown. Also available on all WRX models.

Body Side Moldings. Color-matched moldings help protect the vehicle’s doors from parking lot dings while attractively blending with the lines of the car.

Rear Cargo Tray. Helps protect cargo area from dirt and spills. Can be easily removed and reinstalled clean.

STI Short-Throw Shifter. Significantly reduces shift lever lengths for crisper shifts and sportier driving feel. WRX STI driver shown. Also available on all WRX MTs.

All Weather Floor Mats. Custom-fitted, heavy-gauge foam mats help protect the vehicle carpet from sand, dirt and moisture. Not intended for use on top of Carpeted Floor Mats.

Rust Perforation Limited Warranty

3 years or 36,000 miles, whichever comes first.

24-hour Roadside Assistance

Love. It’s what makes a Subaru, a Subaru.

These brochures were printed with vegetable-based inks and produced using a “Green Printing Process.” The Forest Stewardship Council® (FSC®) is an international organization that brings people together to find solutions which promote responsible stewardship of the world’s forests and environments.

By producing these brochures in a green way rather than by traditional methods, we saved 99 trees preserved for the future; 37,290 gallons of wastewater flow saved; 2,496 lbs solid waste not generated; 6,876 lbs net greenhouse gases prevented; 36,000,000 BTUs energy not consumed. Calculations provided by Environmental Paper Network. FSC® is not responsible for any calculations on saving resources by choosing this paper.

This brochure is printed in the U.S.A. on 10% recycled paper. ©2016 Subaru of America, Inc. 17WRX.SRB.525 (S-18268, 150K, 4/16, CG)
