Beware the beaten path. It is the path of
followers, not leaders. Of tourists, not
explorers. It is the road traveled by those
most lacking of innovation and invention.

But it is not the path of Subaru. Because
for over three decades we have blazed
our own trail, building the kind of cars
people depend on every day. Capable
cars. Refined cars. Intelligent cars.

We introduced America to the beauty of
All-Wheel Drive. We proved ourselves on
crash courses around the world, but our
journey never truly ends, it merely evolves.
As do we, with cars that offer more than
mere capability. Much more. They are
lighter. Faster. More exciting. They
sparks passion. In this way, our constantly
push the boundaries. Continually
redefining what a Subaru can be.

A FUSION OF PERFORMANCE, DESIGN AND INTELLIGENCE.
You could call it an evolution. You could call it a revolution. We simply call it the all-new, totally redesigned 2005 Subaru Legacy, the vehicle that consistently delivers on an exceptionally refined luxury, a delightful driving experience that's best defined by the emotions it evokes. The Legacy is exhilarating, powered by an available 250-hp intercooled and turbocharged horizontally opposed Subaru Boxer engine with Symmetrical All-Wheel Drive. It is luxurious, delighting the senses with a sleek new exterior and a redesigned, amenity-rich interior. And it is capable, as only a Subaru can be. All resulting in a level of driving pleasure that could leave you at a loss for words altogether. AND EMOTION. THE 2005 LEGACY
LEGACY 2.5 GT. WITH THE TURN OF A KEY, EVERYTHING YOU KNEW ABOUT THE SUBARU LEGACY BECOMES IRRELEVANT. BECAUSE THE ALL-NEW LEGACY 2.5 GT IS THE MOST POWERFUL, MOST LUXURIOUS LEGACY WE’VE EVER BUILT. JUST SLIP INTO ITS ELEGANT, DRIVER-FOCUSED INTERIOR, AND FEEL YOUR HEART BEGIN TO POUND AS THE INTERCOOLED AND TURBOCHARGED 250-HP SUBARU BOXER ENGINE CATAPULTS YOU FROM 0 TO 60 IN A SCENERY-BLURRING 5.8 SECONDS. THE DAILY COMMUTE WILL NEVER BE THE SAME.

Based on USAC-certified testing results for 2005 Legacy 2.5 GT Sedan with 5-speed manual transmission.
Legacy 2.5 GT Limited Wagon shown in Brilliant Silver Metallic
WHEN SUBARU ENGINEERS DESIGNED the 2005 Legacy 2.5 GT and 2.5 GT Limited Sedans and Wagons, they had a single goal in mind. To deliver a world-class driving experience that would exhilarate even the most dedicated of enthusiasts.

So inside, they created a driver-focused environment rich with thoughtful features. Like a dashboard with eye-catching electroluminescent gauges. An array of intelligently placed controls, all conveniently located within easy reach. A performance-minded MOMO brand steering wheel with a sports car-like feel. And for effortless grand touring, an optional 5-speed automatic transmission with our advanced SPORTSHIFT manual control that delivers incredibly smooth and direct shifts.

The well-designed interior of the Legacy 2.5 GT Limited features elegant perforated leather-trimmed upholstery. Aggressively bolstered performance-design front seats offer firm, comfortable seating yet provide maximized support while maneuvering.

Exclusive to Legacy 2.5 GT models, sporty electroluminescent gauges offer information at a single glance.

SUBARU, 2004 The Legacy is named Japan's 2003-2004 Car of the Year. Wagon models only. 2 2.5 GT Limited models only. 17" alloy wheels Dual outlet exhaust Integrated rear spoiler Mirrors with integrated turn signals Projector beam fog lights Power moonroof Heated front seats Leather-trimmed upholstery Dual-zone climate control 6-disc CD changer
Legacy 2.5i Limited Wagon shown in Atlantic Blue Pearl and Legacy 2.5i Sedan shown in Regal Blue Pearl
LEGACY 2.5i: COMPROMISE IS SIMPLY NOT IN OUR VOCABULARY. CASE IN POINT, THE 2005 LEGACY 2.5i AND 2.5i LIMITED SEDANS AND WAGONS. OFFERING A UNIQUE BLEND OF UTILITY, VALUE, AND PERFORMANCE, THEY REDEFINE EXPECTATIONS IN EVERY WAY.

As intelligently designed as it is finely crafted, the Legacy 2.5i offers a wealth of conveniences, inside and out. Such amenities include a standard security system with remote keyless entry. A center console featuring a concealed 12-volt outlet. Plus, a luxurious dual-zone automatic climate control system with separate temperature controls for both driver and front passenger.

Proving that functionality and luxury go hand in hand, the spacious interior of the Legacy 2.5i models comes standard with rich Tweed Flat Woven cloth. What’s more, 2.5i Wagon models provide up to 66.2 cubic feet of cargo space. Room enough for all your gear.

A well-organized dashboard offers crisp, clean gauges and logically placed controls, allowing drivers to focus attention where it matters most: on the road.

9. Trip computer
10. Under-floor storage tray

1ilage Models Only. 2 2.5i Limited models only.

SUBARU, 1974 | The Subaru 4WD Wagon is introduced, the first mass-market four-wheel drive passenger car in the U.S.
WHAT YOU SEE BEFORE YOU is the heart of a Subaru. The distinctively innovative, horizontally opposed Subaru Boxer engine, available in Legacy vehicles as either a powerful 250-hp intercooled and turbocharged 4-cylinder or an energetic 168-hp naturally aspirated 4-cylinder. Unlike the more conventional engine layouts of other manufacturers, its cylinders are aligned on a single, horizontal plane. This remarkably efficient configuration results in a powerplant that is compact, lightweight and extraordinarily well-balanced. Now equipped with Electronic Throttle-Control (ETC) drive-by-wire technology for more accurate and precise response, the Subaru Boxer engine delivers outstanding power and performance. Our Active Valve Control System (AVCS) found in Legacy 2.5 GT models helps to deliver increased low-end power while allowing for greater breathing at higher engine speeds. Turbocharging the Subaru Boxer engine featured in the Legacy 2.5 GT and 2.5 GT Limited allows the benefit of increased horsepower and torque without having to increase engine size or displacement.
FOR OVER 30 YEARS, the Subaru name has been synonymous with All-Wheel Drive (AWD). It is our heritage, our passion, and an integral, essential part of the Subaru experience. So it should come as no surprise that every vehicle we build comes equipped with our advanced Symmetrical All-Wheel Drive. Uniquely innovative, it features drivetrain components positioned along a longitudinal axis and between the vehicle axles for optimum balance and control. In turn, power is constantly delivered to all four wheels and automatically distributed where traction is needed most.

Our 5-speed manual transmission has been redesigned for improved shift feel and is standard equipment on all Legacy models. In addition, Legacy 2.5 GT models feature a reinforced 5-speed manual transmission with a dual-mass flywheel clutch for even smoother, more direct shifts. Optional for the Legacy 2.5 GT and 2.5 GT Limited, our new and remarkably smooth-shifting 5-speed automatic transmission with SPORTSHIFT manual control features an adaptive capability that chooses the optimum gear based on driving situations.

Most Legacy All-Wheel Drive systems use either a viscous-type or planetary-type center differential which manages torque distribution based on where traction is needed most. This is quite unlike some of the less sophisticated front-wheel-drive-based systems of other manufacturers. What’s more, because every vehicle and driving style has its own specific All-Wheel Drive requirements, Subaru engineers have thoughtfully developed three unique systems, each with their own distinct advantages and capabilities. When integrated with our Subaru Boxer engine and complemented by our 4-wheel fully independent suspension, these advanced All-Wheel Drive systems deliver a level of performance, agility and handling that could only come from Subaru.
NO MATTER HOW SOPHISTICATED, TECHNOLOGIES ARE BUT A MEANS TO AN END. AN END WHICH CAN ONLY BE REALIZED HERE, ON THE OPEN ROAD FOR IT IS HERE, UNDER REAL-WORLD CONDITIONS, THAT ENGINEERING BECOMES EXHILARATION. CAPABILITY INSPIRES NEW LEVELS OF CONFIDENCE, AND THE ACT OF DRIVING IS TRANSFORMED INTO A SENSE OF EUPHORIA THAT RATIONAL THOUGHT SIMPLY CANNOT EXPLAIN. THIS IS THE SUBARU EXPERIENCE.

BENEATH THE SKIN, the Subaru Boxer engine and Symmetrical AWD integrate seamlessly to deliver exceptional performance in virtually every environment. They are in turn complemented by precise engine-speed-sensing rack-and-pinion steering, an incredibly rigid yet lightweight body structure, and an advanced 4-wheel independent suspension. These components all work together in unison to provide dynamic, balanced handling across a wide variety of driving conditions.

NO MATTER HOW SOPHISTICATED, TECHNOLOGIES ARE BUT A MEANS TO AN END. AN END WHICH CAN ONLY BE REALIZED HERE, ON THE OPEN ROAD FOR IT IS HERE, UNDER REAL-WORLD CONDITIONS, THAT ENGINEERING BECOMES EXHILARATION. CAPABILITY INSPIRES NEW LEVELS OF CONFIDENCE, AND THE ACT OF DRIVING IS TRANSFORMED INTO A SENSE OF EUPHORIA THAT RATIONAL THOUGHT SIMPLY CANNOT EXPLAIN. THIS IS THE SUBARU EXPERIENCE.

Legacy 2.5i Limited Wagon shown in Satin White Pearl with accessory cross bars and ski/snowboard attachment

A redesigned front suspension and a multi-link rear suspension are engineered to provide enhanced handling and excellent maneuverability, down even the most winding of roads.

Steering is now even quicker, more responsive, and more precise than before, thanks to a redesigned rack-and-pinion steering system with a decreased steering ratio.
THE SUBARU DRIVING EXPERIENCE EVOKES MANY EMOTIONS. Confidence should always be one of them. Which is why every Subaru is engineered according to the principles of "Active Driving/Active Safety." Proactive safety components such as full-time Symmetrical AWD and 4-wheel anti-lock disc brakes (ABS) with Electronic Brake-force Distribution (EBD) provide the driver with outstanding vehicle control during evasive maneuvering. And when the unexpected becomes the unavoidable, a cocoon of passive safety features, including a Ring-Shaped Reinforcement Frame with enhanced side-impact protection, front and rear crumple zones, side curtain air bags and more, work together to help keep all occupants safe and sound.

A newly designed Ring-Shaped Reinforcement Frame helps dissipate crash impact energy away from occupants. An intelligent front air bag system with dual-stage deployment senses driver's seat position and front passenger seat occupancy to determine the safest air bag inflation level for each. Standard side curtain air bags help protect both front and rear outboard passengers from side impacts. Active front seat head restraints help protect against potential whiplash in a collision.

For every model tested, Subaru receives the highest rating in frontal offset crash test results from the Insurance Institute for Highway Safety (IIHS).
BECAUSE EVERYONE’S IDEA OF A PERFECT DRIVING EXPERIENCE IS UNIQUE, a wide variety of Genuine Subaru Accessories are available to make your Legacy as distinctive as you are. Crafted with the same quality, durability, fit and finish as the vehicle itself, these specially designed accessories offer a means to accentuate every aspect of your Legacy with personalized style.

Fork-mounted Bike Carrier and Front-wheel Holder: Securely holds one bike with locking 9 millimeter stainless-steel skewer and rear-wheel hold-down strap. Front-wheel holder sold separately.

Bike Attachment: Securely transports one bicycle and accommodates 1” to 3” downtubes.

Square Cross Bar Set: May be used in conjunction with roof cargo carriers, baskets, and conventional attachments. May be installed to carry kayaks and canoes.

Ski Attachment: Holds up to six pairs of skis or four pairs of skis and poles. May be used to carry snowboards or fishing rods.

Kayak Carrier: Attaches quickly and easily to cross bars. Carries two kayaks.

Heavy-duty Roof Cargo Basket: Mounts to cross bars and accommodates up to 100 pounds of cargo capacity. Includes mounting hardware, black cargo net with hooks and a custom fairing to help deflect wind and noise.

Kayak Carrier: Attaches quickly and easily to cross bars. Carries two kayaks.

Heavy-duty Roof Cargo Basket: Mounts to cross bars and accommodates up to 100 pounds of cargo capacity. Includes mounting hardware, black cargo net with hooks and a custom fairing to help deflect wind and noise.
Functionality and luxury. Moreover, you can accessorize with confidence as all Genuine Subaru Accessories are backed by our basic vehicle 3-year/36,000-mile warranty when installed at the time of vehicle purchase. For complete warranty details, or to learn more about the full range of available Legacy accessories, see your Subaru dealer or visit www.subaru.com.

Roof Cargo Carrier: Provides 11 cubic feet and up to 100 pounds of lockable storage capacity.

Hood Protector: Acrylic plastic and wrap-around design help protect hood from stone chips and bugs.

Moonroof Air Deflector (Sedan): Helps reduce wind noise and cut sun glare.

Rear Spoiler (Sedan): Color-matched rear deck spoiler with integrated brake light.

Fog Lamp Kit: Helps enhance vision at night or in inclement weather.

Rocker Panel Trim: Replaces stock rocker panel cover with a stylish stainless-steel accent.

1 Roof attachments require the use of optional cross bar kits.
MOMO Shift Knob: Satin-machined aluminum shift knob with perforated leather accents lends a stylish look of performance to 2.5 GT models. Available for 5-speed manual or automatic transmission.

STI Pedal Pad Set: Brushed stainless steel with cherry-red rubber grips, embossed with the STI logo. For 2.5 GT models with manual transmission.

STI Pedal Pad Set: Brushed stainless steel with cherry-red rubber grips, embossed with the STI logo. For 2.5 GT models with automatic transmission.

Auto-dimming Mirror Compass: Includes electronic compass. Mirror darkens when headlights are detected from rear of vehicle.

STI Short-throw Shifter: Significantly reduces shift-throw lengths for crisper shifts and sportier driving.

Sub-woofer Amplifier: Delivers rich, deep bass you not only hear but feel.

Center Armrest Extension: Raises up and forward for additional comfort when driving.

STI Side Sill Plates: Replaces existing sill plates on 2.5 GT models with the performance look of STI.

All-weather Mats: Custom-fitted, heavy-gauge protective mats.

Cargo Net: Rear of Rear Seat (1) and Sides (2): Helps organize Legacy wagon cargo area.

Rear Cargo Tray/Mat: Tough durable mat helps protect wagon cargo area.

YOU CAN BEGIN YOUR SUBARU EXPERIENCE RIGHT NOW, IN YOUR VERY OWN LIVING ROOM. GO TO SUBARU.COM, WHERE YOU’LL DISCOVER AN ONLINE ENVIRONMENT RICH WITH IN-DEPTH INFORMATION, REVIEWS, SPECIFICATIONS AND PHOTOGRAPHS ENCOMPASSING THE FULL LINE OF SUBARU VEHICLES. HERE YOU CAN TAKE A 360° TOUR OF ANY MODEL, BUILD YOUR OWN SUBARU, LOCATE VEHICLES, EVEN SCHEDULE A TEST DRIVE. AND AT MY.SUBARU.COM, SUBARU OWNERS CAN ACCESS THEIR VEHICLE’S SERVICE AND WARRANTY HISTORY, SCHEDULE APPOINTMENTS AND MUCH MORE, IT’S ALL JUST A MOUSE-CLICK AWAY.

2005 SUBARU WARRANTIES, CUSTOMER SERVICE AND SUPPORT

Basic Warranty: 3 years or 36,000 miles, whichever comes first.
Powertrain Warranty: 5 years or 60,000 miles, whichever comes first.
Rust Perforation Warranty: 5 years, unlimited mileage.

Subaru Added Security® could be the most important option you choose. Protect your investment with a Subaru Added Security extended service contract—the only ones backed by Subaru of America, Inc. Ask your salesperson for coverage details and assistance in selecting the plan that’s best for you, up to 7 years or 100,000 miles.

The Subaru Roadside Assistance Program covers all 2005 Subaru vehicles during the first three years or 36,000 miles, whichever comes first. By calling the toll-free number in the Owner’s Information Kit, Subaru owners can take advantage of any of the following benefits:

24-hour Roadside Assistance, seven days a week, 365 days a year, throughout the United States.

- Emergency Towing Service to the nearest authorized Subaru dealer.
- Emergency Tires Assistance, free jump start, gas delivery up to two gallons. flat tire change, emergency lockout service (lost key or key is locked in the vehicle) and emergency fluid replacement.

See your Subaru dealer for details.

For complete warranty information, including coverage and exclusions, see your Subaru dealer.

## ENGINE AND DRIVETRAIN

**Engine**  
2.5-liter SOHC aluminum-alloy 16-valve horizontally opposed 4-cylinder Subaru Boxer engine. Platinum-tipped spark plugs.

**Power**  
168 hp @ 5,600 rpm

**Torque**  
166 lb.-ft. @ 4,000 rpm

**Compression ratio**  
10.0:1

**Bore and stroke**  
99.5 x 79 mm

**Intake system**  
Aluminum-alloy intake manifold.

**Fuel and ignition system**  

**Manual transmission**  
Standard fully synchronized 5-speed manual with clutch pedal-controlled starter interlock.

**Automatic transmission**  
Optional 4-speed adaptive electronic direct-control automatic with SPORTSHIFT manual control.

**Fuel economy (city/highway)**  
Manual: 23/30 mpg, Automatic: 22/30 mpg

## SYMMETRICAL ALL-WHEEL DRIVE

**Continuous All-Wheel Drive**  
Models equipped with 5-speed manual transmission utilize a viscous-type locking center differential with torque distribution configured at a 50/50-split front-to-rear. 2.5 GT models also feature a viscous-type limited-slip rear differential.

**Active All-Wheel Drive**  
Models equipped with 4-speed automatic transmission utilize an electronically controlled variable transfer clutch to distribute power to where traction is needed. Sensors monitor parameters such as wheel slippage, throttle position and braking to help determine torque distribution to the wheels with optimum traction.

**Variable Torque Distribution (VTD) All-Wheel Drive**  
Models equipped with 5-speed automatic transmission utilize an electronically controlled variable transfer clutch in conjunction with a planetary-type center differential. Rear-wheel-biased torque distribution normally configured at 45/55-split front-to-rear. 2.5 GT models also feature a viscous-type limited-slip rear differential.

## CHASSIS

**Steering**  
Engine-speed-sensing variable power-assisted rack-and-pinion. Turns lock-to-lock: 3.2. Turning circle: 35.4 ft.

**Suspension**  
4-wheel independent suspension. Front: Strut type with lower L-arm. Antidive geometry. Rear: Multi-link with anti-lift and anti-squat geometry. Front and rear stabilizer bars.

**Brakes**  
4-channel, 4-sensor ABS with Electronic Brake-force Distribution (EBD).

**WHEELS AND TIRES**

**Wheels**  
16 x 6.5-inch 5-spoke aluminum-alloy. Silver finish.

**Tires**  
205/55 R16 89H performance all-season
