Legacy. It’s not just a sedan. It’s a Subaru.
Trust feels a lot like freedom.

Introducing the 2018 Subaru Legacy

It’s simple. When you trust something, you worry less. With the 2018 Legacy, this trust comes in the form of safety, reliability and confidence to take on just about anything you throw at it. In fact, 96% of Subaru Legacy vehicles sold in the last 10 years are still on the road today. And this is one of the many reasons why Subaru is the 2017 Most Trusted Brand according to Kelley Blue Book’s KBB.com.* Built to be counted on, the Legacy can make your daily drive feel a whole lot freer.

It’s not just a sedan. It’s a Subaru.

Efficient

AWD + 34 highway MPG: The new Legacy gets great fuel economy and is as capable as ever, with standard Subaru Symmetrical AWD. Its Lineartronic CVT also ensures you'll get optimal MPG out of its SUBARU BOXER® engine.

Engaging

With Subaru Symmetrical AWD, your ride feels confident, controlled and downright engaging. Active Torque Vectoring delivers sharper handling. Precision-tuned steering and suspension make for an especially responsive ride. For more power, opt for the Legacy 3.6R with its 256-hp 6-cylinder SUBARU BOXER® engine.

Roomy

The 2018 Legacy is comfortable and spacious for all aboard. No other sedan in its class has more interior volume. To keep everyone entertained, it includes the updated SUBARU STARLINK™ Multimedia systems with standard Apple CarPlay™ and Android™ Auto integration, where your favorite content can be safely and easily accessed through the available 8-inch touchscreen.

Safe

Available EyeSight® Driver Assist Technology warns you of trouble and can intervene to help you avoid it, while Rear Cross-Traffic Alert uses radar sensors to warn you of oncoming traffic when backing up. There’s also Blind-Spot Detection to help alert you to approaching vehicles and SUBARU STARLINK™ Safety and Security to help keep you and your Subaru safe 24/7, 365 days a year.

* Based on IHS Markit U.S. vehicles in operation vs. total registrations MY2007–2016 as of January 2017. 2017 Kelley Blue Book Brand Image Awards are based on the Brand Watch™ study from Kelley Blue Book Strategic Insights. Award calculated among non-luxury shoppers. For more information, visit www.kbb.com. Kelley Blue Book is a registered trademark of Kelley Blue Book Co., Inc. 3 EPA estimated fuel economy for 2018 Legacy 2.5i at 34 highway MPG. Actual mileage may vary. 4 Based on manufacturer-reported interior volumes according to the EPA’s Midsize Car class as of June 2017. 5 EyeSight is a driver assist technology, which may not operate optimally under all driving conditions. The driver is always responsible for safe and attentive driving. System effectiveness depends on many factors such as vehicle maintenance, weather and road conditions. See Owner’s Manual for complete details on system operations and limitations. 6 Blind-Spot Detection, Lane Change Assist and Rear Cross-Traffic Alert are systems designed to assist the driver in monitoring the rear and side areas of the vehicle during a lane change or reversing and are not substitutes for safe and attentive driving. 7 Activation and required subscription sold separately, includes 1-year Safety Plus trial subscription. See your retailer for details.

Legacy 2.5i Limited in Twilight Blue Metallic with optional equipment.

Legacy 2.5i Limited in Twilight Blue Metallic with optional equipment.
Legacy 3.6R Limited

For more power, elevated style and total freedom on the road, look no further than the 2018 Legacy 3.6R Limited. Starting with its namesake, the 3.6-liter 6-cylinder BOXER® engine, you’ll instantly notice the difference that 256 hp makes. From standard LED Steering Responsive Headlights (SRH) that can help you see around corners at night, to the smooth responsiveness of the Lineartronic® transmission, every element of the 3.6R has been considered—and maximized.
Control starts from within.

Legacy 3.6R Limited in Warm Ivory Leather with optional equipment.

Refined Interior

From rich materials to advanced technology, the inviting interior of the 2018 Legacy keeps you and your passengers comfortable, well connected and in control. Keyless Access with Push-button Start is available to make getting in and starting up a rummage-free process. Finding your favorite content is easier than ever, thanks to the updated SUBARU STARLINK™ Multimedia systems with standard Apple CarPlay™ and Android™ Auto integration. And with enhanced cabin noise reduction, you’ll notice the clear, crisp sound of the available Harman Kardon® 576-watt-equivalent 12-speaker premium audio system. Up front, the available driver’s seat memory offers a welcome convenience for multiple drivers, and things stay cozy for everyone with available rear A/C vents and heated rear seats. It’s not the everyday drive you’re used to.
No other sedan in its class has more interior volume.¹

When you spend a considerable amount of time in your car, interior comfort and roominess are non-negotiable. To heighten your driving experience, we reduced interior noise within the 2018 Legacy, adding laminated front side glass. Take a look around, and you’ll notice 104.6 cubic feet² of pure spaciousness. In the Legacy, you can’t always predict what the drive will bring, but you can always expect to drive in comfort.

¹ Based on manufacturer-reported interior volumes according to the EPA’s Midsize Car class as of June 2017.
² Without available moonroof.
A driver ahead unexpectedly hits the brakes or cuts you off. EyeSight® warns you, applies the brakes and, at lower speeds, can even help you stop your Subaru.

You accidentally drift to the edge of your lane and begin to cross into another. EyeSight® watches for lane markers and chimes to warn you before you leave your lane, and it can even help steer you back into your proper course, thanks to Lane Keep Assist.

Traffic doesn’t always flow smoothly, so EyeSight® doesn’t only keep a set speed. The system looks ahead and helps automatically adjust to keep your distance, even in stop-and-go highway traffic.

If you put the car in Drive instead of Reverse and EyeSight® sees an object in your path, it cuts power to help you avoid accelerating into it.

You accidentally drift to the edge of your lane and begin to cross into another. EyeSight® watches for lane markers and chimes to warn you before you leave your lane, and it can even help steer you back into your proper course, thanks to Lane Keep Assist.
Safe and sound is what we do best.

Enhanced Safety Features

We found ways to make the 2018 Legacy even better at protecting what’s inside. It offers standard features like a Rear-Vision Camera and eight airbags, plus Subaru Symmetrical AWD to give you control and confidence, even in unfavorable weather. And now with available LED Steering Responsive Headlights (SRH) that turn in the direction you’re steering, the 2018 Legacy can help you navigate better around corners at night.

Rear Cross-Traffic Alert

Rear Cross-Traffic Alert uses radar sensors to help warn you of traffic approaching from the side as you are backing up, utilizing a flashing visual indicator in your side mirror and an audible warning.

Reverse Automatic Braking

Reverse Automatic Braking can detect objects directly behind your vehicle when backing up at a low speed and can help bring the Legacy to a stop should an object be detected within its range and the driver fail to act. There’s also a Rear-Vision Camera to help you keep an eye out.

Blind-Spot Detection

Using radar sensors, Blind-Spot Detection warns you with a visual indicator in your side mirror if it senses a vehicle in your blind spot. Another feature of this system, Lane Change Assist, alerts you with a flashing indicator in each side mirror if it senses a vehicle approaching in a neighboring lane while you signal for a lane change.

SUBARU STARLINK™ Safety and Security

Providing extra peace of mind, SUBARU STARLINK™ Safety and Security gives you instant access to help when you need it most. With Automatic Collision Notification to send first responders when an airbag deploys, Stolen Vehicle Recovery to help police locate your vehicle if it’s stolen and more, SUBARU STARLINK™ Safety and Security helps keep you and your Subaru safe.

1 Always wear seatbelts. Children should be properly restrained in the rear seat. 2 Blind-Spot Detection, Lane Change Assist and Rear Cross-Traffic A ware systems designed to assist the driver by monitoring the rear and side areas of the vehicle during a lane change or reversing and are not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as vehicle maintenance, weather and road conditions. Always exercise caution and use vehicle mirrors and the Rear-Vision Camera when backing up. See Owner’s Manual for complete details on system operation and limitations. 3 Intelligent and responsible driving saves lives repeatedly. So please drive safely. See your retailer for details.

Legacy 2.5i Sport in Magnetite Gray Metallic with optional equipment.
The Subaru Legacy was named Best Resale Value in its class for 2017 by Kelley Blue Book’s KBB.com!

The Subaru Legacy retains its value better than any other vehicle in its class for 2017, according to ALG.

"The Legacy is comfortable, quiet, offers good fuel economy and reliability all in a package with plenty of interior space and with excellent safety scores."1

Kelley Blue Book’s KBB.com

The best-selling all-wheel drive midsize sedan for the past 10 years.2

IHS Markit

96% of Subaru Legacy vehicles sold in the last 10 years are still on the road today.3

IHS Markit

The Subaru Legacy was named KBB.com.1 The Subaru Legacy retains according to ALG.4 for 2017, 67% of Subaru Legacy vehicles sold in the last 10 years are still on the road today.5

"The Legacy is comfortable, quiet, offers good fuel economy and reliability all in a package with plenty of interior space and with excellent safety scores."1

2018 Legacy | Accessories

Remote Engine Starter. Allows vehicle to be started by pushing a button from the convenience of home or office up to 400 feet away (depending on obstructions) so that the vehicle interior is more comfortable upon entry.

Cargo Net. Neatly holds cargo upright and helps prevent it from sliding while the vehicle is in motion.

Door Edge Guards. They are easy to install and preserve the appearance of your Subaru while edges from dings and dents with custom-fit, body-color-matched, stainless steel Door Edge Guards. They help preserve the appearance of your Subaru while edges from dings and dents with custom-fit, body-color-matched, stainless steel Door Edge Guards.

Body Side Molding. Attractive color-matched moldings coordinate with the styling of the vehicle while helping to protect doors from unsightly dings.

Moonroof Air Deflector. Helps to reduce wind noise and sun glare.

Splash Guards. Helps prevent dirt and mud from splashing up on your vehicle.

CARGO ORGANIZER. Custom-fitted, heavy-gauge protective mats. Helps protect vehicle's carpet from sand, dirt and moisture. Not intended for use on top of climate-controlled mats.

Durability

Protecting Your Investment

Once you're part of our family, we'll be there for you. Every Subaru comes with 24-hour roadside assistance for 3 years or 36,000 miles. If you have trouble on the road, a tow to the nearest Subaru retailer and other services are just a phone call away. And to protect you over the long haul, we offer Added Security®—ask for its benefits—extended service agreements and maintenance plans that will help protect your vehicle for up to 7 years or 100,000 miles. They're the only mechanical and maintenance plans backed by Subaru, and because we've been backing them for more than 30 years, they're agreements you can trust. Your retailer has full coverage details.

Subaru Badges of Ownership

Subaru owners are fueled by their passions, whether trackside or roadside. A cost of mud or muddy paws on the seat. Detouring down a dirt road or dusk gliding. Skiing around a corner or paddling round the river bend. For many, our exclusive Badge of Ownership lets them personalize their vehicle and express their interests. Owners can go to badgeofownership.com to order FREE Subaru Badge of Ownership lifestyle icons.

1 2018 EPA fuel economy estimates. Actual mileage may vary. 2 Available only with other features. See Optional Equipment listing. 3 The glass information listed represents calculated reference values, and may not represent actual vehicle damageability label. 4 Compatible smartphone and applications required. For applications to operate, latest version of each application is required. Data provided by smartphone is not intended to represent actual values determined by testing. 5 Activation and subscription is required. See your retailer for details. 6 Activation and required monthly subscription sold separately. Includes 4-month trial subscription. 7 Actual and optionally equipped maintenance are separate, includes 4-month trial subscription. See your retailer or our website for details. 8 Activation and required monthly subscription sold separately. Includes 12-month trial subscription. 9 The Supplemental Restraint System (SRS) (airbags) affords the driver and the front passenger additional protection in moderate to severe frontal and side-impact collisions. This system provides supplemental protection in severe side-impact collisions. Your wireless carrier's rates may apply. 10 This system is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as vehicle maintenance, weather and road conditions. Always exercise caution and use good judgment while driving. 11 Activation and required subscription sold separately. Includes 1-year trial subscription. 12 See your retailer for details. 13 The Supplemental Restraint System (SRS) package affords the driver and the front passenger additional protection in severe frontal and side-impact collisions and includes 2-tone passenger, dual front airbags, dual side-impact, and front passenger supplemental airbags. Can also provide you with life saving assistance in severe side-impact collisions. It's designed to provide automatic braking that either prevents a collision or reduces the severity of a frontal impact. Pre-Collision Throttle Management is designed to reduce acceleration and minimize the severity of frontal impact, helping prevent or reduce impact force.
