Outback

2017

Love. It’s what makes a Subaru, a Subaru.

The Subaru Outback. Built to take you to the place you’ve never been.
The 2017 Subaru Outback

The Outback helps you seize every free moment with drop-everything-and-go versatility, plus durability you can count on. With retractable roof cross bars with tie-downs and standard Subaru Symmetrical All-Wheel Drive, you’ll always be geared up and in control. You’ll also feel protected with available SUBARU STARLINK®, Safety and Security Connected Services that can promptly send first responders when an airbag deploys, help police locate your vehicle if it’s stolen, and more.* When you want to spend more time adventuring and less time preparing, there’s no other choice. With the Outback, versatility comes standard.

The all-new Outback Touring

The Outback of your dreams has arrived. The all-new Touring trim is exclusively styled, fully equipped, and loaded with more luxury than any Outback before.

Efficient

The standard SUBARU BOXER® engine and Lineartronic® CVT give you up to 32 highway MPG, making it the most fuel-efficient vehicle in its class.

Capable

Subaru Symmetrical All-Wheel Drive comes standard, as does X-MODE® with Hill Descent Control and the best ground clearance of any midsize crossover.† Never fear the road less traveled.

Versatile

With standard 60/40 split-folding reclining rear seats, a surprisingly spacious 108.1 cu. ft. interior and an available power rear gate, the Outback is adventure-ready. Just pack up and go.

Safe

To alert you of potential trouble and help you avoid it, there are a wealth of available features, including Blind-Spot Detection, Rear Cross-Traffic Alert® and the acclaimed EyeSight® Driver Assist Technology® with Lane Keep Assist.

Outback 3.6R Touring in Brilliant Brown Pearl.

---

†Not available on Touring models.
‡Activation and required subscription sold separately. Includes one-year Safety Plus trial subscription. See your retailer for details.
§EPA estimated fuel economy for 2017 Outback 2.5i at 32 highway MPG. Actual mileage may vary.

Based on EPA estimated highway fuel economy for MY2016 vehicles within the Non-Luxury Midsize CUV segment. Segment definitions supplied by IHS Automotive.
†Based on ground clearance information from OEM websites and Edmunds.com for 2016 model vehicles within the IHS Automotive Non-Luxury Midsize CUV segment.
*Not available on Touring models. Features that require an Outback Accessories Accessory Package: Appearance Package 1, Appearance Package 2, Appearance Package 3, All-Weather Package, Interior Package and Smartphone Integration Package. See your retailer for complete details. Safe and reliable driving practices are always recommended. The driver is always responsible for safe and appropriate braking. Brake-system effectiveness is subject to many factors such as brake maintenance, weather and road conditions. See your owner’s manual for complete details. The driver is always responsible for safe driving and operation. System effectiveness depends on many factors such as brake maintenance, severe traffic and road conditions. See your owner’s manual for complete details. Please remember to turn off EyeSight® when going through a carwash.
Versatile and Capable

Standard Subaru Symmetrical All-Wheel Drive and 8.7 inches of ground clearance give the Outback SUV-level capability in a crossover package. The Outback also transcends its category with more versatility than you’d expect. The available height-adjustable power rear gate simplifies loading and unloading by opening the gate with a simple push of a button on your key fob or dashboard, while one-touch folding rear seats let you easily fold the seats down from the rear of the vehicle. Through and through, the Outback was built to help you get out and do more of what you love doing.

Efficient and Powerful

Whether you go with the responsive 32 highway MPG \textsuperscript{1} 2.5-liter SUBARU BOXER\textsuperscript{®} engine or the smooth and powerful 256-horsepower 3.6R, the Outback will surprise you with its get-up-and-go.

\textsuperscript{1} EPA estimated fuel economy for 2017 Outback 2.5i at 32 highway MPG. Actual mileage may vary.

Ready for anything. Just like you.
The new Outback Touring Trim

Outfitted with either the efficient 2.5-liter or powerful 3.6-liter SUBARU BOXER® engine, the Outback Touring features an exclusively unique styling flair throughout, punctuated by its available Brilliant Brown Pearl exterior paint color, perforated Java Brown Leather seating and a striking woodgrain interior finish. It also comes fully loaded with every top-tier feature available, including Eyesight® Driver Assist Technology, the SUBARU STARLINK™ Multimedia Navigation System, a Harman Kardon® 576-watt equivalent premium audio system and a heated steering wheel. This is an Outback like no other, with more luxury and more useful features than ever before.

Rough it. In style.

1 Eyesight is a driver assist technology which may not operate optimally under all driving conditions. The driver is always responsible for safe and attentive driving. System effectiveness depends on many factors such as vehicle maintenance, weather and road conditions. See Owner’s Manual for complete details on system operations and limitations. Please remember to turn off Eyesight when going through a carwash.
Embrace the journey
A space you can really get used to.

Step inside the spacious 108.1-cubic-foot cabin, and you’ll find versatility and comfort from front to back. The available 10-way adjustable driver’s seat with memory will keep you focused and content, while the supple-yet-supportive reclining rear seats with 60/40-folding functionality provide first-class treatment for your passengers and cargo alike. Your Outback has more hands-free options than ever before, thanks to Siri® Eyes-Free integration.

The available high-res touchscreen navigation system helps you find your way, while SUBARU STARLINK™ gives news, weather, stocks, music, podcasts and audiobooks via listening apps like Pandora®, iHeart® Radio and Aha™ plus a 4-month free trial subscription to the available SiriusXM® Satellite Radio. Hear it all with incredible depth and clarity, thanks to the available 576-watt equivalent premium audio system with 12 Harman Kardon® speakers.

Without available features. 2 Compatible smartphone and applications required. For applications to operate, latest version of each application is required. Data provided by smartphone is displayed on the audio system screen. Some apps may restrict the operation of handheld electronic devices while operating a vehicle. Smartphone apps may only be launched when vehicle is safely parked. Your wireless carrier’s rates may apply. 3 Activation and required monthly subscription sold separately. Includes 4-month free trial subscription. See your retailer.

Outback 3.6R Limited with Warm Ivory Leather and optional equipment.
A vigilent safety feature that gives peace of mind to every drive.

Pre-Collision Braking

A driver ahead unexpectedly hits the brakes or cuts you off. EyeSight® warns you, applies the brakes and, at lower speeds, can even help you stop your Subaru.

Adaptive Cruise Control

Traffic doesn’t always flow smoothly, so EyeSight® doesn’t only keep a set speed. The system looks ahead and helps your Subaru automatically adjust to keep your distance, even in stop-and-go highway traffic.

Pre-Collision Throttle Management

If you put the car in Drive instead of Reverse and EyeSight® sees an object in your path, it cuts power to help you avoid accelerating into it.

Lane Departure and Sway Warning

You accidentally drift to the edge of your lane and begin to cross into another. EyeSight® watches for lane markers and chimes to warn you before you leave your lane, and it can even help steer you back into your proper course, thanks to the newest feature from EyeSight®—Lane Keep Assist.

“Outback 2.5i Limited in Lapis Blue Pearl with optional equipment.

1 EyeSight is a driver assist technology, which may not operate optimally under all driving conditions. The driver is always responsible for safe and attentive driving. System effectiveness depends on many factors such as weather conditions, road conditions, and the nature of vehicle operation. See Owner's Manual for complete details on system operation and limitations. Please remember to turn off EyeSight when going through a carwash.

“The 2017 Outback received the highest possible 2016 rating for front crash prevention from IIHS when equipped with Subaru EyeSight®”

– Insurance Institute for Highway Safety (IIHS)
Better at what **Subaru does best.**

**Enhanced Safety Features**

In terms of safety, the 2017 Outback is one of our proudest achievements. Not only does it have excellent standard features like a Rear-Vision Camera and eight airbags that help protect you from multiple angles, you’re also protected from danger you don’t see coming, thanks to available features like Blind-Spot Detection with Lane Change Assist and Rear Cross-Traffic Alert plus two new available features for 2017—High Beam Assist (HBA) and Reverse Automatic Braking (RAB). High Beam Assist helps by activating or dimming your high beams automatically so you can always see what’s ahead. For what you can’t see behind you, Reverse Automatic Braking (RAB) can provide automatic vehicle braking if an obstacle is detected within its range while the vehicle is backing up at low speed. Under the watchful eye of the available SUBARU STARLINK™ Safety and Security features, you’ll always feel safe and sound.

**Rear Cross-Traffic Alert**

Rear Cross-Traffic Alert uses radar sensors to help warn you of traffic approaching from the side as you are backing up, utilizing a flashing visual indicator in your side mirror and an audible warning.

**Reverse Automatic Braking**

New for 2017, Reverse Automatic Braking can detect objects directly behind your vehicle when backing up at a low speed and can help bring the Outback to a stop should an object be detected within its range and the driver fail to act. There’s also a Rear-Vision Camera to help you keep an eye out.

**Blind-Spot Detection**

Using radar sensors, Blind-Spot Detection warns you with a visual indicator in your side mirror if it senses a vehicle in your blind spot. Another feature of this system, Lane Change Assist, alerts you with a flashing indicator in each side mirror if it senses a vehicle approaching in a neighboring lane while you signal for a lane change.

**STARLINK™ Safety and Security**

Instant access to help when you need it most 24/7, 365 days a year. That’s the reassurance of the all-new STARLINK™ Safety and Security Connected Services that can promptly send first responders when an airbag deploys, help police locate your vehicle if it’s stolen, and more.

---

1 Always wear seatbelts. Children should be properly restrained in the rear seat. 2 Blind-Spot Detection, Lane Change Assist and Rear Cross-Traffic Alert are systems designed to assist the driver by monitoring the rear and side areas of the vehicle. Blind-Spot Detection/Lane Change Assist is not a substitute for safe and attentive driving. 3 The High Beam Assist system is not a substitute for safe and attentive driving, system effectiveness depends on many factors such as vehicle maintenance, weather and road conditions. Always exercise caution and use vehicle’s lights and the Rear-Vision Camera when backing up. See Owner’s Manual for complete details on system operation and limitations. 4 Activation and required subscription sold separately. Includes one-year Safety Plus trial subscription. See your retailer for details.
2016 Outback
“The Best-selling all-wheel drive crossover in its segment for the past 7 years.”

IHS Automotive

2016 Outback
Subaru is the 2016 Best Overall Brand, Most Trusted Brand and Best Resale Value, according to Kelley Blue Book’s KBB.com.13

2017 Outback
“Outback is the longest-lasting vehicle in its class.”

Auto-dimming Mirrors with Approach Light

Make it easier—and safer—to come and go with the accessory Exterior Auto-dimming Mirrors with Approach Light.¹

When the doors are opened or unlocked with the key fob, LED lights on the side-view mirrors will help illuminate the way, casting light on all four doors and the ground near the vehicle.

They can also help reduce headlight glare in traffic. When the Interior Auto-dimming Rearview Mirror detects excessive light from the rear of the vehicle, the side-view mirrors automatically dim, helping to keep the glare out of your eyes. The brighter the light, the dimmer the mirrors and the better you’ll be able to see.

¹ Exterior Auto-dimming Mirrors with Approach Light are accessory equipment. Requires Interior Auto-dimming Rearview Mirror.

Outfit your Outback.

When your passions are bigger than your cargo area, look no further than our Genuine Subaru active lifestyle accessory attachments manufactured by Thule.® Battle-tested and owner-approved, they’ll help you transport gear like bikes, skis, snowboards, kayaks and paddleboards, so your Subaru perfectly complements your active lifestyle.

For a complete list of available accessories, visit your local Subaru retailer or visit www.subaru.com.
