While conventional wisdom states that compact SUVs can’t hold their own off-road, Suzuki is happy to turn convention on its head with the Grand Vitara. Not only does the Grand Vitara have 4-Mode 4WD™ available to take you most anywhere in this world you’d like to go, it also has over 40 years of Suzuki off-road heritage to back it up. And when you find yourself in more civilized environs, the Grand Vitara delivers a level of comfort that makes day-to-day driving a joy. Which means no matter where the road takes you, or whether there even is a road, the Grand Vitara is always good to go.

WELCOME TO EARTH. CONSIDER THIS YOUR ALL-ACCESS PASS.
Grand Vitara as shown in the Ultimate Wave Tahiti movie. Do not attempt. Highly skilled professional driver under controlled conditions. Crossing a river can be dangerous.
LIMITED IN QUICKSILVER METALLIC. SHOWN WITH ACCESSORIES (SOLD SEPARATELY)
“This car is a must-consider in the small SUV market.”

- MSN® Autos
YOU GET MORE OUT OF IT BECAUSE WE PUT MORE INTO IT.

The Grand Vitara is designed to perform in any driving condition you might find yourself in, be it bone-jarring city potholes, a snowy mountain road or a muddy woodland trail. Its ladder-frame-reinforced unibody construction gives it the stability of a full-sized SUV in off-road conditions, while its independent front and rear suspension keeps things comfortable and easy to handle on the highway. It also offers more towing capacity than the Honda CR-V, the Nissan Rogue or the Jeep Patriot—for thousands less.¹
What does this mean? More towing capacity, for one (twice the standard capacity of RAV4® or CR-V). Better durability. And better handling in on- and off-road conditions.

Suzuki has been making 4WD vehicles for over 40 years, and we put all of this knowledge into every Grand Vitara.

With a maximum towing capacity of 3,000 lbs, the Grand Vitara has the hauling edge on most of its competition.

The Grand Vitara is flat-tow compatible, meaning you can tow it behind your motor home without accumulating miles on its odometer.
The Grand Vitara is one of the only compact SUVs to offer you the confidence of available full-time 4-Mode 4WD. This system features a lockable, limited-slip center differential as well as a low-range transfer case, all of which you can engage to maximize traction in the most challenging road conditions. So whether you’re heading up a snowy mountain pass to the ski lodge or making your way around a fallen tree blocking the road, you’re covered. It even offers a Neutral setting so you can flat-tow it behind your RV without racking up miles on the Grand Vitara’s odometer. All of this technology is the direct result of Suzuki’s 40-plus years of 4WD know-how.

CONQUER THE ROAD, EVEN WHEN THERE IS NO ROAD.

The 4High -Lock mode locks the center differential, sending equal power to the front and rear wheels for greater traction on dirt roads and light snow.

The 4Low -Lock mode engages the low-range gears for maximum traction in the most challenging conditions, like deep sand and snow.

The 4High mode works like an AWD system, enhancing traction for better on-road performance in all conditions, including dry and wet pavement.

The Grand Vitara’s aggressive approach, ramp-breakover and departure angles, as well as nearly eight inches of ground clearance mean you’ve got the right machine to handle the toughest terrain.
IT'S A BEAST OFF-ROAD, BUT A BEAUTY EVERYWHERE ELSE.

We spent a lot of time making the Grand Vitara a monster in the mud, but that doesn’t mean we forgot to make it nice everywhere else. Its styling is aggressive yet sophisticated, featuring trim proportions ideal for the urban dweller as well as the weekend outdoorsman. Inside, you’ll find plenty of creature comforts, including standard voice-activated navigation with millions of points of interest, Google® Local Search and a host of other features. After all, just because you’re in the middle of nowhere doesn’t mean you can’t be civilized.
“With plenty of standard features, including GPS navigation, the Grand Vitara is a great value.”

- MSN® Autos

The Grand Vitara is capable of taking you to some pretty faraway places. Fortunately, every one is equipped with an advanced navigation system standard to help you find your way. But calling it a navigation system hardly does it justice. This is your personal driving concierge. Featuring voice activation, not only does it offer the most advanced turn-by-turn navigation with millions of points of interest, it also has available Google Local Search, Weather, Traffic, Local Events, Movie Times, Directory Assistance, Flight Status Info and much more.

CARGO SPACE

With nearly 70 cubic feet of storage space, the Grand Vitara has plenty of room for everything from groceries to camping gear.

TOUCHFREE SMART KEY

When you approach your Grand Vitara, it senses your TouchFree Smart Key, letting you unlock your door and start your vehicle without ever having to touch the key fob in your pocket or purse.

BLUETOOTH

Avoid costly calling-while-driving tickets. Use your compatible cell phone with the Grand Vitara’s available integrated Bluetooth® for easy hands-free calls.

STANDARD TOUCHSCREEN NAVIGATION WITH VOICE COMMAND

The Grand Vitara is capable of taking you to some pretty faraway places. Fortunately, every one is equipped with an advanced navigation system standard to help you find your way. But calling it a navigation system hardly does it justice. This is your personal driving concierge. Featuring voice activation, not only does it offer the most advanced turn-by-turn navigation with millions of points of interest, it also has available Google Local Search, Weather, Traffic, Local Events, Movie Times, Directory Assistance, Flight Status Info and much more.
Never be too hot or too cold again. Just set the system to your desired temperature and forget it.

The Grand Vitara’s headlamps activate automatically in low-light conditions and extinguish when you switch off the ignition.

These seats feature 6-way adjustability, and are just what you need to stay warm on chilly winter mornings.
These lights use a special lens that projects a more focused beam down the road, making it easier to identify potential obstacles ahead.

This sophisticated system uses an advanced array of sensors that measure lateral acceleration, steering angle and individual wheelspin to determine whether a loss of control is imminent. When the system detects a decrease in steering control and stability, the Electronic Stability Control (ESC) system applies the vehicle’s anti-lock brakes to the appropriate wheel to help the driver maintain control.

Improper tire pressure can cause uneven wear, lower mileage and even blowouts. This system alerts you when the pressure drops below the proper level.

The Grand Vitara features anti-lock disc brakes (ABS) on all four wheels, which allow it to outbrake the Honda CR-V, Hyundai Tucson and Ford Escape.

“Top front crash test rating.” – IIHS
SAFETY FOR EVERY ADVENTURE.

At Suzuki, we believe that every driver on the road has the right to a safe car they can feel confident in. That's why we equip every Grand Vitara with a host of state-of-the-art passive and active safety systems, including six standard airbags® that have rollover sensors, energy-absorbing front and rear crumple zones, side-impact door beams and Electronic Stability Control. Because while it may be impossible to predict the future, you can always be prepared for it.
LIMITED WITH BLACK LEATHER INTERIOR
The Grand Vitara is equipped with dual power outlets so all of your mobile technology can be charged and ready to go, wherever you may be.

DUAL 12V POWER OUTLETS
The Grand Vitara is equipped with dual power outlets so all of your mobile technology can be charged and ready to go, wherever you may be.

STANDARD SLIDE-OUT VISOR
When sunlight enters the vehicle at an odd angle, this visor conveniently extends to provide additional coverage.

AUXILIARY JACK
Connect your iPod® or other MP3 player to the auxiliary jack to listen to your favorite music through the Grand Vitara's audio system.
THERE’S A REASON EVERY SUZUKI WEARS AN “S” ON ITS CHEST.
While Suzuki cars are just beginning to make their mark in America, our cars have been coveted internationally for many decades. Did you know that Suzuki is a bigger auto manufacturer in Japan than Honda? Our outstanding quality and long-lasting dependability have made us one of the most trusted brands around the world.

When Suzuki first introduced the QuadRunner™ in 1983, it was an overnight sensation with both the press and the public, praised for its user-friendliness as well as its impressive engineering. Not surprisingly, these characteristics continue to set Suzuki vehicles apart to this very day.

Suzuki racing cars and motorcycles have captured championships at many of the world’s most demanding race circuits. From the dips and turns of Grand Prix tracks in Europe to the high-flying action of international Supercross®, Suzuki has become synonymous with outstanding performance. Recently, a Kizashi set a land-speed record at the Bonneville Salt Flats, and in 2011, Team GoPro Monster Sport with BC won the Pikes Peak International Hill Climb in a specially prepared Suzuki SX4. This win was a record sixth year in a row, shattering the previous record time by nearly 10 seconds.

Suzuki marine engines are the unprecedented six-time winners of the coveted National Marine Manufacturers Association Innovation Award, thanks to products like the Suzuki DF300, the world’s first 300-hp, 4-stroke outboard motor. A showcase of superior performance, improved fuel economy and reduced environmental impact, the DF300 set a new benchmark for performance in a compact outboard engine.

Suzuki sells more cars worldwide than BMW®, Dodge®, Subaru® and many others.

While Suzuki cars are just beginning to make their mark in America, our cars have been coveted internationally for many decades. Did you know that Suzuki is a bigger auto manufacturer in Japan than Honda? Our outstanding quality and long-lasting dependability have made us one of the most trusted brands around the world.

The first 4-wheel ATV ... ever ...

The first 4-wheel atV ... ever ...

Suzuki KingQuad may be used only by those aged 16 years and older. Suzuki highly recommends that all ATV riders take a training course. We’ll even pay for it. For safety and training course information, see your dealer, or call the SVIA at 1-800-852-5344. ATVs can be hazardous to operate. Study your Owner’s Manual, and always inspect your Suzuki before riding. For your safety, always wear a helmet, eye protection and protective clothing. Always avoid paved surfaces. Never ride on public roads. Never carry passengers or engage in stunt riding. Never ride under the influence of alcohol or other drugs. Avoid excessive speeds.

Suzuki. The power of engineering.

Japan’s best-selling car.

Japan is well known throughout the world as a country where quality is king. Which means manufacturing the best-selling car in Japan for six out of the last seven years is an achievement that speaks for itself. But Suzuki’s reputation for quality didn’t start just yesterday. We’ve been building long-lasting, high-quality products for over 100 years.

Winning all over the world.

Suzuki racing cars and motorcycles have captured championships at many of the world’s most demanding race circuits. From the dips and turns of Grand Prix tracks in Europe to the high-flying action of international Supercross®, Suzuki has become synonymous with outstanding performance. Recently, a Kizashi set a land-speed record at the Bonneville Salt Flats, and in 2011, Team GoPro Monster Sport with BC won the Pikes Peak International Hill Climb in a specially prepared Suzuki SX4. This win was a record sixth year in a row, shattering the previous record time by nearly 10 seconds.

Innovation & engineering excellence come naturally.

Suzuki marine engines are the unprecedented six-time winners of the coveted National Marine Manufacturers Association Innovation Award, thanks to products like the Suzuki DF300, the world’s first 300-hp, 4-stroke outboard motor. A showcase of superior performance, improved fuel economy and reduced environmental impact, the DF300 set a new benchmark for performance in a compact outboard engine.

Dominance through superior engineering.

When Suzuki first introduced the GSX-R® line in 1985, a dynasty was born. GSX-Rs have become the best-selling sportbikes in America and have won an unprecedented 33 AMA® Championship racing titles. Durability, superior engineering and a passion for performance have made Suzuki the premier choice for discerning buyers around the world.

Suzuki. The power of engineering.
AMERICA’S #1 WARRANTY. QUALITY SO GOOD, WE GUARANTEE IT.

While there are no guarantees in life, Suzuki makes sure there are on the road. That’s why all Suzukis are backed by America’s #1 Warranty™—up to 100,000 miles with a 7-Year Powertrain Limited Warranty. It’s fully transferable, has zero deductibles, and even offers 24-hour roadside assistance for three years or 36,000 miles. What’s more, you’ll enjoy the convenience of a courtesy vehicle program, available from participating dealers for up to five days on warranty-covered repairs. So, whatever worries you have in life, your vehicle won’t be one of them.
**GRAND VITARA SPECIFICATIONS**

### GRAND VITARA

**PERFORMANCE**
- 2.4-liter DOHC 4-cylinder, 166-hp and 162 lb-ft
- Rear-wheel drive (RWD)
- 5-speed Manual Transmission (MT)
- 16-inch steel wheels
- Fully independent suspension — multi-link rear, MacPherson-strut front

**EXTERIOR**
- Automatic-control projector beam headlamps
- Power side mirrors
- Variable intermittent front and rear wipers

**INTERIOR**
- Advanced touchscreen GPS navigation with voice activation
- Automatic climate control with pollen filter
- Steering-wheeled audio controls
- Power door locks and windows with driver’s auto down
- Trip computer (MPG, average speed, outside temperature, range)
- Remote Keyless Entry system with panic alarm
- AM/FM/CD/MP3 with auxiliary jack input and XM® capability

- SK/SNOWBOARD CARRIER
- SIDE-STEP BAR SET
- MONT BLANC® BIKE MODULE

---

1Based on manufacturers' websites as of 7/28/11. 2Always ensure that all cargo is properly secured before operating the vehicle. 3Compatible device and connector supplied by customer. 4The Tire Pressure Monitoring System (TPMS) is not a substitute for regular tire pressure inspections. Tire pressure should be checked at least monthly using a tire pressure gauge. Maintaining the recommended tire pressure can help avoid performance problems, tire damage and premature wear. See the Owner’s Manual for additional details. 5Based on Edmunds.com testing. 6Based on 2011 model year. IIHS front, side and rear ratings from iihs.org. 7Electronic stability control cannot be relied upon to prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. 8An airbag supplements the crash protection offered by seat belts. The driver and all occupants must be properly restrained by wearing seat belts at all times to minimize the risk of severe injury or death in the event of a crash. 9New Suzuki automobiles come standard with a 100,000-mile/7-year powertrain limited warranty. For more information on America’s #1 Warranty, please visit SuzukiAuto.com, or see your local authorized dealer and the new warranty booklet for full details. 10Garmin nüLink!: 12-month complimentary data subscription to nüLink! services are only available in select coverage areas. See the nüLink! map for coverage details. nüLink!
