

Kizashi

Way of Life!

The Auto Industry's Best-Kept Secret

The award-winning Kizashi has been hailed by the press for its blend of fine craftsmanship and fun-to-drive character. Its sophisticated and attractive lines have led even the casual passerby to do a double take. The elegant, fully featured cabin, along with Kizashi's balanced handling and supple ride, have owners raving as well. Congratulations. You've just discovered the hidden gem of the automotive world.

“A smart family sedan that actually offers steering feel, attractive design, and a buttoned-down suspension”

—Automobile Magazine

All They Can Handle

Boasting a responsive engine and available paddle shifters, the Suzuki Kizashi gives elite European sport sedans a run for their money—minus their money. Its precise steering works in harmony with its autobahn-tuned suspension, proving you don't have to break the bank to enjoy the drive.

Paddle Shifters

Kizashis are available with steering wheel-mounted F1-style paddle shifters.

6-Speed Fun

With an easy-to-grip shift knob, this sporty gearbox boasts close ratios and short throws.

18-Inch Alloy Wheels

These available 10-spoke gems are fitted with 235/45-R18 Dunlop® sport tires.

Suspension

We perfected Kizashi's suspension at Germany's famous Nurburgring motor sports complex.

When It Snows, It Reigns

The more wheels that can put power to the ground, the better handling you'll experience on most any surface—from snow to rain, from gravel to tarmac. Suzuki's Intelligent All-Wheel-Drive (i-AWD®) system is one of the most advanced AWD systems in the world. It enhances not only cornering but also vehicle stability and safety. And thanks to our 40-plus years of all-wheel-drive know-how, we can offer it at an affordable price.

Intelligent

i-AWD stands for Intelligent All-Wheel Drive. The system uses an array of sensors and computers to help deliver increased traction and stability in virtually all weather conditions.

Stable

i-AWD works with our Intelligent Vehicle Stability Program (i-VSP™) to automatically adjust steering effort, braking and engine power, reducing oversteer or understeer when cornering in low-traction situations.¹

Distributed

Engine power can be routed to the front or rear wheels as needed, as well as from side to side, delivering torque to the wheel with the most traction.

Protected

80% of the car's sheet metal is zinc-coated, galvanized steel, providing superior corrosion resistance. Resin underbody panels are added for extra protection.

Advanced Audio With Navigation

Kizashi's available, new multimedia system offers a host of advanced features including easy-to-use voice-activated navigation² with fuel-saving route guidance, millions of points of interest and Real-Time Traffic; Bluetooth® wireless technology; and an audio system that lets you listen to AM/FM radio, Pandora® on your iPhone®, audio files on an SD card or USB drive, CDs, and Bluetooth-capable audio devices.

Smart Phone

TouchFree Smart Key™

The TouchFree Smart Key allows you to open your locked door and start the vehicle without ever removing the key from your pocket or purse.

Feature Dividends

When we set out to create the Kizashi, we invested over a billion dollars to make sure that your impressions of it would be thoroughly satisfying at every touchpoint. From its contoured sport seats to its many elegant appointments, Kizashi has been crafted with precision. All of which led *Car and Driver*® to exclaim, “fit and finish is first-rate.”

Steering Wheel Controls

Keep your eyes on the road with the help of available steering wheel-mounted controls.

Comfort Loves Company

Riding in a cabin as well appointed as this one is best enjoyed with friends. And that's precisely what we had in mind when we designed Kizashi. With welcoming features such as standard dual-zone Automatic Climate Control and rear seat vents, not to mention the high-quality materials used throughout, every occupant will feel like a first-class passenger.

Power Sport Driver's Seat

The available 10-way, power-adjustable driver's seat has a memory function that instantly restores your position when someone else has driven the Kizashi.

Dual-Zone Automatic Climate Control

Standard dual-zone Automatic Climate Control features independent climate-control settings for the driver and front passenger.

Rear-Seat Vents

Those in the rear seat enjoy their own heat and A/C vents.

60/40 Rear Seats

Split folding rear seats maximize cargo flexibility with center pass-through for longer cargo.

Heated Seats

You and your front passenger will find comfort in these separately controlled heated seats with three different temperature settings.

If You Can't Predict It, Avoid It

As a wise person once said, "An ounce of prevention is worth a pound of cure." That's why we engineered the Kizashi with a host of active safety systems designed to help you avoid trouble in the first place. These features include Electronic Stability Program (ESP®)¹, Traction Control and anti-lock brakes with Electronic Brake-force Distribution. We also gave it projector beam headlamps, available heated mirrors and variable rain-sensing wipers that adjust automatically to the amount of rainfall.

Advanced Stability Control

Kizashi's Intelligent Vehicle Stability Program (i-VSP) on AWD models uses vehicle speed, steering angle, yaw rate and cornering force data to monitor vehicle performance. In the event wheel slip is detected, the system adjusts steering effort, braking and torque at each wheel to assist the driver in maintaining vehicle control.¹

Akebono Brakes

Confidence is assured with the same brand of brakes as used by Japan's legendary bullet train.

Headlamps

Projector beam headlamps emit a beam brighter than conventional halogen lamps, helping improve visibility.

Rear-Vision Camera and Rear Sonar Parking Assist

The available rear-vision camera³ helps you identify and avoid obstacles. Plus, an available rear sonar assist helps you get into that small space by emitting a series of beeps that increase in frequency the closer you get to an object.

Overbuilt, Not Overpriced.

Considering Kizashi's many safety features, one could mistake it for an expensive luxury sedan. It provides eight standard airbags and reinforced door pillars and makes extensive use of ultra-high-strength steel. All of which help it meet 2014 NHTSA⁴ side-impact crash standards. But what's most remarkable is that Kizashi is so reasonably priced, it will help keep your budget safe as well.

Ultra-High-Strength Steel

Strategically placed throughout the Kizashi's body, this super-strong material helps resist deformation while absorbing and redirecting impact energy.

Top IIHS Ratings

In front, side and rear crash tests, Kizashi received a rating of "Good," the highest rating from the Insurance Institute for Highway Safety.⁶

Reinforced Door Pillars

These specially reinforced door pillars help absorb and redistribute impact forces for improved protection in side impacts.

Eight Airbags Standard⁵

With front, side curtain and front and rear side airbags, passengers in the Kizashi have state-of-the-art protection in the event of an accident.

Kizashi Features

BASE

MECHANICAL

- 2.4-liter DOHC 4-cylinder, 185-hp (MT) and 170 lb-ft of torque
- 6-speed manual transmission
- 4-wheel disc brakes with Akebono components
- Multi-link rear suspension with KYB® performance shocks

EXTERIOR

- 17-inch alloy wheels
- Projector beam headlamps
- Power side mirrors
- Low-pressure dual exhaust with integrated outlets

INTERIOR

- TouchFree Smart Key push-button ignition and entry
- Dual-zone automatic climate control with pollen filter and rear-seat vents
- 7-speaker AM/FM/CD/USB audio system
- Sport seats with premium cloth
- 60/40 split-folding locking rear seats with rear armrest/center pass-through
- Power windows with front 1-touch up/down operation
- Tilt and telescopic steering wheel adjustment
- Interior LED ambient lighting group

SAFETY

- Electronic Stability Program (ESP®)¹
- Eight airbags Supplemental Restraint System (SRS) including:
 - Dual front advanced airbags
 - Side curtain airbags, front and rear
 - Front side-impact airbags
 - Rear side-impact airbags
- Bosch Anti-lock Braking System
- Electronic Brake-force Distribution
- Brake Assist
- Three rear child-seat tether anchors and dual rear child-seat ISOFIX anchors
- Tire Pressure Monitoring System (TPMS)⁷
- Vehicle Security System alarm with engine immobilizer
- Daytime running lights (DRL)

SE

Includes Base plus

MECHANICAL

- Performance-tuned continuously variable automatic transmission (AT)

EXTERIOR

- Heated outside mirrors (AWD models only)

INTERIOR

- Leather-wrapped steering wheel with audio controls
- Cruise control
- 10-way power driver's seat with power lumbar support and 3-position memory (FWD only)

AVAILABLE EQUIPMENT

- Advanced Intelligent All-Wheel Drive (i-AWD) includes Bluetooth hands-free calling and streaming audio
- Intelligent Vehicle Stability Program (i-VSP)* on AWD models

SPORT GTS

Includes SE plus

GTS AWD MECHANICAL

- Advanced Intelligent All-Wheel Drive (i-AWD)
- Formula 1-style steering wheel-mounted paddle shifters
- Sport suspension with KYB® performance-tuned shocks
- Intelligent Vehicle Stability Program (i-VSP)*

EXTERIOR

- Lightweight 18-inch sport alloy wheels
- Power glass sunroof with tilt feature and one-touch control
- Fog lamps
- Sport Body Package: Front sport fascia, body side extensions and rear spoiler
- Power heated outside mirrors

INTERIOR

- Advanced voice-activated touchscreen navigation and audio system with²
 - Real-Time Traffic
 - USB input for iPhone/iPod/smartphone
 - Bluetooth hands-free calling and streaming audio
 - CD/SD/AM/FM radio
 - Rear-vision camera
- Sport leather shift knob

GTS-L FWD (Updates GTS AWD with)

- Leather-appointed interior
- 3-stage heated driver's and front passenger's seats
- Power front passenger's seat
- Rockford Fosgate 425-watt, 10-speaker AM/FM/CD audio system with subwoofer (replaces navigation)
- Bluetooth hands-free calling and streaming audio
- Power mirrors (replaces heated mirrors)

SPORT SLS

Includes SE plus

AMERICA'S #1 WARRANTY

100,000-Mile / 7-Year Powertrain Limited Warranty. Fully Transferable. No Deductible

*AWD models only. ¹Electronic stability control cannot be relied upon to prevent accidents due to abrupt steering, carelessness or dangerous driving techniques. ESP is a registered trademark of Daimler AG. ²Not all services available in all areas. Subscription required at extra cost. ³A rear-vision camera is a convenience feature and is not a substitute for looking to the rear and using rearview mirrors. Drivers should ensure the area is clear when driving in reverse. ⁴Government star ratings are part of the National Highway Traffic Safety Administration's (NHTSA's) New Car Assessment Program (www.safercar.gov). ⁵An airbag supplements the crash protection offered by seat belts. The driver and all occupants must be properly restrained by wearing seat belts at all times to minimize the risk of severe injury or death in the event of a crash. ⁶Based on 2012 model year Insurance Institute of Highway Safety (IIHS) frontal side and rear ratings from iihs.org. An airbag supplements the crash protection offered by seat belts. The driver and all occupants must be properly restrained by wearing seat belts at all times to minimize the risk of severe injury or death in the event of a crash. ⁷The Tire Pressure Monitoring System (TPMS) is not a substitute for regular tire pressure inspections. Tire pressure should be checked at least monthly using a tire pressure gauge. Maintaining the recommended tire pressure can help avoid performance problems, tire damage and premature wear. See the Owner's Manual for additional details. ⁸Gas mileage based on EPA mileage estimates, sourced from fuelconomy.gov. Actual mileage may
