The 2015 Toyota Camry. Let’s start a conversation.

Let’s get some friends together, drive from the mountains to the beach, and chase the sunset.

The 2015 Toyota Camry.
Designed and built for the bold.

Take a step back. That’s what we want to happen when people see the sleeker, more aggressively styled 2015 Toyota Camry. It’s more than a car – it’s a turning point. A sculpted body with muscular fenders and a more prominent grille adds to its commanding stance, and this striking style continues to the rear of the car, where the taillights create a distinctive profile. New, available integrated LED Daytime Running Lights (DRL) shine bright and add a premium feel, while available 18-in. wheels and a dual exhaust signal impressive performance. Let’s make a bold choice. Let’s go places.

Details that will get you noticed, and admired.

Camry has an interior that thrills before you even start moving. This feels more like a cockpit than anything else with its intuitive top-flight tech and available high-contrast French stitching. A sleek center stack with an available 7-in. touch-screen makes it easy to access a wide range of multimedia features. With a driver-focused layout that reduces distraction and a supportive, comfortable 8-way power-adjustable seat that cradles the driver, Camry truly has beauty and brains.

STANDARD INTEGRATED BACKUP CAMERA
All Camry audio systems include a standard backup camera. Anytime you put your Camry in Reverse, an image of what’s visible to the camera will appear on the touch-screen display. Now you can see all the people taking notice of your Camry.

8-WAY POWER DRIVER’S SEAT
Adding to the cockpit feel is Camry’s 8-way power-adjustable driver’s seat with power lumbar support that helps you find your perfect driving position. With custom comfort like this, it’s easy to fall in love with Camry’s interior.

AUTO HIGH BEAMS (AHB)
Shine bright with advanced safety features. Camry’s available Automatic High Beam system helps detect vehicles as far away as 2000 feet and, depending on the circumstances, automatically switches the high beams on and off, making it easier for other drivers on the road.

1. See footnote 16 in Disclosures section. 2. See footnote 28 in Disclosures section.

A true performer that will have you craving more curves.

It’s time to go on a power trip. Camry has plenty of passing power, an available sport suspension and the driving dynamics to match its sculpted physique. Go ahead and grab Camry XSE’s steering wheel – its paddle shifters give you extra control and add more fun to your drive. The dual exhaust is a bold signal of the potential that lies beneath the hood. And with its 18-in. wheels, firmer bushings and edgier look, it’s the sportiest Camry yet. Get ready for some respect on the road.

V6 ENGINE
Go ahead, rev the engine a little, and watch Camry come to life. Camry’s available 3.5-liter V6 puts 268 horsepower under your right foot, making it one powerful ride.

PADDLE SHIFTERS
Camry SE and XSE put the power at your fingertips with race-inspired paddle shifters. Mounted to the back of the steering wheel, these allow the standard 6-speed automatic transmission to be shifted manually. This system even matches revs with each downshift to help keep things smooth.

DUAL EXHAUST
Two dual pipes with one singular message: A beast lives within. Camry’s available dual exhaust system has been tuned to provide optimized performance and help you get the most out of your drive while making people do a double take.

A stylish interior that moves you even when sitting still.

The design of the interior of the 2015 Camry is hard to resist, from the available Push Button Start to the available premium heated front seats. Look a little closer and you’ll see even more evidence of style and sophistication. Soft-touch materials, available sport leather trim and Ultrasuede® surround you in the spacious cabin, with every feature inviting you for a spirited drive. Nearly every surface has been rethought to take you miles from ho-hum.

STEERING WHEEL TOUCH CONTROLS
High-tech meets high convenience that helps keep your focus on the drive. With steering wheel-mounted controls, you’re in command of your audio controls and Bluetooth®-equipped mobile phone right from the steering wheel.

PUSH BUTTON START
One button you will love to push. With Camry’s available Smart Key System, you can unlock the front doors and trunk, plus start your car with the push of a button – all without removing the key fob from your pocket or purse.

AVAILABLE PREMIUM HEATED FRONT SEATS
Cool mornings, or cooler evenings, Camry is ready to handle both. With the push of a button, the front seats will gently warm to take the chill off those morning commutes or fun night drives.

A place to sit that stands apart from the rest.

Sit inside the 2015 Camry and you’ll very quickly see, and feel, the difference. Available genuine leather-trimmed surfaces are situated throughout the cabin, and trim elements are finished in wood-grain-style accents and satin chrome. At first you’ll just want to sit back and relax, but Camry is more than just comfort. Rear seats that split and fold forward so you can carry more things, and ample leg room make this space ultra-versatile, as well. Camry has some real utility that’s eager to be put to good use on your next trip.

WOOD-GRAIN-STYLE ACCENTS
Warm and luxurious is one way to describe the LE and XLE’s spacious cabin, which features available rich wood-grain-style accents at key touch points to further enhance your driving experience.

60/40 SPLIT FOLDING SEATS
A 60/40 split allows you to easily reconfigure the rear seats to extend trunk space. Fold one seat flat to get a little extra space or quick access to the trunk, or fold both for a larger cargo area. Bring on the special antique lamp you just can’t pass up.

SPACIOUS REAR LEG ROOM
Go ahead, stretch out a little — or a lot. Camry’s spacious and quiet cabin offers extra rear leg room that comes in handy on those longer trips, or for those taller passengers.

Cool tech, hot design. This is driving smarter.

Welcome to a place where you are in charge. Every feature has been carefully designed to help keep you connected and make your drive more fun. Access to your music, available navigation and information is all within reach, and a new, enclosed bin in front of the shifter offers an available area to wirelessly charge your compatible smartphone. Technology now adds to the driving experience like never before.

**DYNAMIC RADAR CRUISE CONTROL (DRCC)**
Camry has available Dynamic Radar Cruise Control (DRCC) that automatically adjusts vehicle speed to help maintain distance between you and the vehicle traveling in front of you.

**ENTUNE® APP SUITE**
With Camry’s available Entune® App Suite, you can access Pandora® and iHeartRadio for music, make restaurant reservations with OpenTable®, and buy movie tickets with MovieTickets.com. Plus, get sports scores, stocks, traffic and weather — even fuel prices.

**MULTI-INFORMATION DISPLAY**
Keep track of the driving information you use most with Camry’s available Multi-Information Display. Easy to view from any angle, this customizable 4.2-in. TFT full-color screen shows features like turn-by-turn navigation; incoming call information, current fuel economy, available Dynamic Radar Cruise Control and more.

Innovative tech to help you drive with confidence.

Wouldn’t it be great if you had the confidence you need every time you went driving? Camry has a host of available features designed to help give you just that. It’s like a little extra guidance, whether it’s checking a blind spot, helping you change lanes, or getting emergency help. All this is part of a comprehensive approach to safety to give you peace of mind. Welcome to innovation that looks out for you.

**BLIND SPOT MONITOR (BSM)**

When the available Blind Spot Monitor detects a vehicle, it illuminates a warning indicator on the appropriate sideview mirror to help you know when it’s safe to change lanes. Rear Cross-Traffic Alert (RCTA) works in much the same way. When you slowly back out of a driveway or parking spot, it provides audible and visual indicators to alert you of approaching vehicles.

**PRE-COLLISION SYSTEM (PCS)**

Camry’s available Pre-Collision System works with the Dynamic Radar Cruise Control (DRCC) system to determine if a frontal collision is imminent. If so, under certain conditions, the system automatically applies the brakes.

**SAFETY CONNECT®**

With available Safety Connect®, emergency assistance is always within reach. Via Toyota’s 24/7 call center, Safety Connect® offers subscribers helpful features such as Emergency Assistance, Stolen Vehicle Locator, Roadside Assistance and Automatic Collision Notification.

XLE V6 shown in Blizzard Pearl® with available Technology Package and Safety Connect® and Hybrid SE shown in Celestial Silver Metallic with available power tilt/slide moonroof.

**LANE DEPARTURE ALERT (LDA)**

If an inadvertent lane departure is detected, the available Lane Departure Alert issues an audible warning and displays a warning on the instrument panel. It’s one more way Camry helps look out for you.

1. See footnote 27 in Disclosures section. 2. Extra-cost color. 3. See footnote 29 in Disclosures section.
Hybrid power and sporty handling equal eco-fun.

Introducing the powerful Camry Hybrid SE. That’s right, hybrid and powerful in the same sentence. It gets better: This hybrid also has dynamic suspension tuning, a stabilizer bar and a stability control system, so it’s ready for life in the fast lane. Now you get all the benefits of efficiency without losing any of the excitement—a thrilling contradiction. This is one bold hybrid.
Hybrid SE shown in Celestial Silver Metallic with available power tilt/slide moonroof and Entune™ Premium Audio.
Go the distance for less. With more fun than ever.

It’s not only about reaching your long-range goal. It’s also about having some fun along the way. That’s why Camry Hybrid knows how to balance power with fuel efficiency. With Hybrid Synergy Drive, the combined output of both the gas and electric motors is an impressive 200 hp. And because of it’s advanced design, lightweight materials and refined aerodynamics, Camry Hybrid SE lets you go farther for less.

ENERGY MONITOR
This shows you how the hybrid system is operating, with a simple diagram of the gas engine, electric motor, and high-capacity battery with arrows that show the operation and flow of energy. This will help you adjust your driving to be more efficient and keep track of usage.

MPG
With its rewarding drive and optimal fuel economy, Camry helps you make bold moves, responsibly. Camry Hybrid LE offers an EPA-estimated 43 mpg city; and the sporty Camry Hybrid SE and the premium Camry Hybrid XLE offer an EPA-estimated 40 mpg city; so you don’t have to sacrifice fuel economy for fun.

ECO MODE, EV MODE
Camry Hybrid has different modes for different types of driving. ECO Mode helps maximize fuel economy. EV Mode drives solely on battery power for up to one-half mile under certain conditions.

Setting the standard for standard safety features.

Camry comes standard with the Star Safety System,™ our advanced integration of safety technologies that includes Enhanced Vehicle Stability Control (VSC), Traction Control (TRAC), Anti-lock Brake System (ABS), Electronic Brake-force Distribution (EBD), Brake Assist (BA)¹ and Smart Stop Technology® (SST).¹ In addition to these confidence-inspiring safety features, Camry has LATCH (Lower Anchors and Tethers for CHildren) to help keep children secure and safe, Whiplash-Injury-Lessening (WIL)⁴ front seats and a Tire Pressure Monitor System (TPMS).⁵

**TEN AIRBAGS**⁶
In Camry, there are ten standard airbags for you and your passengers, including a driver and front passenger Advanced Airbag System, driver and front passenger seat-mounted side airbags, driver and front passenger knee airbags, rear seat-mounted side airbags, and front and rear side curtain airbags.

**DIRECT TIRE PRESSURE MONITOR SYSTEM (TPMS)**
Proper tire pressure is always important for safe driving. TPMS evaluates the pressure of the tires and issues a warning if the pressure becomes critically low. An alert to let you know which tire is low on air is now shown on the available 4.2-in. TFT Multi-Information Display screen nestled between Optitron gauges.

CARS BUILT FOR THE WAY YOU LIVE

At Toyota, we build cars for how you live. From building advanced safety features designed to help prevent crashes to driving cross-country to understand how we can make your driving experience better, our work starts with understanding your needs. Building cars for how you live also means thinking about tomorrow—from fuel efficiency and environmental innovations, to things beyond cars, like a bicycle that you can control with your mind. And what we learn building cars can help improve lives in other places, too—to things like help communities rebuild their homes quickly after a disaster and work with soup kitchens to help some people more quickly. Toyota. Built for how you live. Together we are going places.

DISCLOSURES

1. Toyota strives to build vehicles to match customer interest and they typically are built with popular options and option packages. Not all options/packages are available separately and some may not be available in all regions of the country. If you would prefer a vehicle without one or any of the different options, contact your dealer to check for current availability or possibility of placing a special order. 2. Some accessories are available on the road or in the warehouse and may not be available in all regions of the country. Prototypes shown. Actual production vehicles may vary. 3. 18-in. tires are expected to experience greater tire wear than conventional tires. Tire life may be substantially less than 24,000 miles, depending on driving conditions. 4. Entune™ is a trademark of Toyota Motor Corporation. Always drive safely. In some cases, the driver may not hear or feel the tire pressure warning message or hearing/feeling of the tire pressure, especially at low speeds. Also, tire pressure may vary by tire type, size, and load index. For more details, see toyota.com/entune & May not be compatible with all mobile phones, MP3/WMA players and like models. 6. iPod® and iPhone® are registered trademarks of Apple Inc. All rights reserved. 7. Advanced voice recognition capabilities vary by head unit. 8. Apps/services vary by phone/carrier; functionality depends on many factors. Select apps may require additional amounts of data; you are responsible for charges. Apps and services subject to change. See toyota.com/entune for details. 9. Concentrating on the road should always be your first priority while driving. Do not use the hands-free phone system if it will distract you. Toyota strongly advises you to contact your key provider when profession. Bluetooth®-enabled phone must first be paired. Phone performance depends on software, coverage and carrier. 10. SiriusXM services require a subscription after 3-month trial period. Subscriptions governed by SiriusXM Customer Agreement available at www.siriusxm.com. If you decide to continue your SiriusXM service at the end of your complimentary trial period, you will be enrolled in a monthly or annual Prepaid Bill service at then prevailing rates, subject to change. SiriusXM service consists of all available audio features and timed. 11. Be sure to obey traffic regulations and maintain awareness of road conditions at all times. HD Radio™ Technology manufactured under license from iBiquity Digital Corporation U.S. and Foreign Patents. HD Radio™ and the HD, HD Radio, and “•” logos are registered trademarks of iBiquity Digital Corp. Be sure to obey all local laws regarding hands-free phone operation. The Pre-Collision System (PCS) is designed to help the driver avoid collisions when there is a risk of collision with a vehicle or pedestrian. PCS will not prevent collisions and may not detect all other vehicles or pedestrians, depending on road/traffic conditions, environmental factors, and vehicle operation. 

WARRANTIES

Every Toyota Car, Truck and SUV is built to exceptional standards. And that's not idle boasting. We back it up with these Limited Warranty Coverages:

Basic: 36 months/36,000 miles (all components other than normal wear and maintenance items).

Powertrain: 60 months/60,000 miles (engine, transmission/transaxle, drive system, seatbelts and airbags).

Rust-Through: 60 months/unlimited miles (corrosion perforation of sheet metal).

Accessories: For Genuine Toyota Accessories purchased at the time of the new vehicle purchase, the Toyota Accessory Warranty coverage is in effect for 36 months/36,000 miles from the vehicle’s in-service date, which is the same coverage as the Toyota New Vehicle Limited Warranty.

For Genuine Toyota Accessories purchased after the new vehicle purchase the coverage is 12 months, regardless of mileage, from the date the accessory was installed on the vehicle, or the remainder of any applicable new vehicle warranty, whichever provides greater coverage, with the exception of car covers. Car covers are warranted for 12 months from the date of purchase and do not assume any coverage under the Toyota New Vehicle Limited Warranty. You may be eligible for transportation assistance if it’s necessary that your vehicle be kept overnight for repairs under warranty, but are not covered for transportation assistance. To avoid payment of your deductible, you will need to have made your deductible payment in full. For complete details about Toyota’s warranties, please visit www.toyota.com, refer to the applicable Warranty and Maintenance Guide or see your Toyota dealer.
