Impossible to ignore. The 2016 Toyota Camry.

Let’s make everyone do a double take. The 2016 Toyota Camry is here to turn heads, and its sculpted body lines, aggressive grille and muscular fenders are sure to command attention. Available LED Daytime Running Lights (DRL) shine bright and add to Camry’s premium feel; out back the unique taillight treatment and available dual exhaust give a not-so-subtle hint at the power that lies under the hood. Add in Camry’s athletic stance and available 18-in. alloy wheels,¹ and you’ve got yourself a sporty sedan that makes everyone take notice. Your driving thrills start here. Let’s go places.

¹ See footnote 3 in Disclosures section.
1. Extra-cost color. 2. See footnote 30 in Disclosures section.

It’s time to drive to the front of the line. The 2016 Camry Special Edition turns heads with 18-in. machined-finish wheels, smoked taillights, standard moonroof and distinctive badging. Inside, the blue-accent contrast stitching and eye-catching gauge cluster show off Camry’s athletic side, while standard Qi-compatible wireless smartphone charging helps keep you connected. Available in two striking exterior colors – Blizzard Pearl and Blue Streak Metallic – it all helps make this our boldest Camry yet. Let’s go places.

AN EXCLUSIVE INTERIOR
An eye-catching exterior deserves an interior just as bold. SofTex®-trimmed front seats with sport fabric surfaces, blue seat inserts and blue contrast stitching add style to the comfort.

METER CLUSTER AND ORNAMENTATION
Blue ornamentation and trim adds a premium look to the dash, and the blue lighting in the meter cluster helps give this Camry a refined, sporty feel.

SPECIAL EDITION FLOOR MATS
Feel the difference as soon as you step inside. Custom floor mats feature the Camry Special Edition logo with blue accents to further complement the interior, helping set this Camry apart from the rest.
UNIQUE 18-IN. ALLOY WHEELS
A ride as bold as the people who drive it. Camry Special Edition amplifies its good looks with standard 18-in. alloy wheels. With their machined-finish surfaces and gloss-black accents, these wheels add the right amount of attitude and are impossible to ignore.

SPECIAL EDITION BADGE
In addition to a standard moonroof and smoked taillights, Camry Special Edition stands out with exclusive Special Edition badging. The blue accents on the badge match the interior, giving this Camry a unique style all its own.

1. See footnote 3 in Disclosures section.
“Let’s get some friends together, drive from the mountains to the beach, and chase the sunset.”

XSE V6 shown in Ruby Flare Pearl with available Technology Package.

1. Extra-cost color.
Details that will get you noticed, and admired.

Camry has an interior that thrills before you even start moving. This feels more like a cockpit than anything else with its intuitive top-flight tech and available high-contrast French stitching. A sleek center stack with an available 7-in. touch-screen makes it easy to access a wide range of multimedia features. With a driver-focused layout that reduces distraction and a supportive, comfortable 8-way power-adjustable seat that cradles the driver, Camry truly has beauty and brains.

STANDARD INTEGRATED BACKUP CAMERA¹
All Camry audio systems include a standard backup camera. Anytime you put your Camry in Reverse, an image of what’s visible to the camera will appear on the touch-screen display. Now you can see all the people taking notice of your Camry.

8-WAY POWER DRIVER’S SEAT
Adding to the cockpit feel is Camry’s 8-way power-adjustable driver’s seat with power lumbar support that helps you find your perfect driving position. With custom comfort like this, it’s easy to fall in love with Camry’s interior.

AUTO HIGH BEAMS (AHB)²
Shine bright with advanced safety features. Camry’s available Auto High Beam system helps detect vehicles as far away as 2000 feet and, depending on the circumstances, automatically switches the high beams on and off, making it easier for other drivers on the road.

¹. See footnote 17 in Disclosures section. ². See footnote 29 in Disclosures section.
A true performer that will have you craving more curves.

It's time to go on a power trip. Camry has plenty of passing power, an available sport suspension and the driving dynamics to match its sculpted physique. Go ahead and grab Camry XSE’s steering wheel – its paddle shifters give you extra control and add more fun to your drive. The dual exhaust is a bold signal of the potential that lies beneath the hood. And with its 18-in. wheels, firmer bushings and edgier look, it’s the sportiest Camry yet. Get ready for some respect on the road.

V6 ENGINE
Go ahead, rev the engine a little, and watch Camry come to life. Camry’s available 3.5-liter V6 puts 268 horsepower under your right foot, making it one powerful ride.

PADDLE SHIFTERS
Camry SE, Special Edition and XSE put the power at your fingertips with race-inspired paddle shifters. Mounted to the back of the steering wheel, these allow the standard 6-speed automatic transmission to be shifted manually. This system even matches revs with each downshift to help keep things smooth.

DUAL EXHAUST
Two dual pipes with one singular message: A beast lives within. Camry’s available dual exhaust system has been tuned to provide optimized performance and help you get the most out of your drive while making people do a double take.
XSE V6 shown in Ruby Flare Pearl with available Technology Package.

1. Extra-cost color.
A stylish interior that moves you even when sitting still.

The design of the interior of the 2016 Camry is hard to resist, from the available Push Button Start to the available premium heated front seats. Look a little closer and you’ll see even more evidence of style and sophistication. Soft-touch materials, available sport leather trim and Ultrasuede® surround you in the spacious cabin, with every feature inviting you for a spirited drive. Nearly every surface has been designed to take you miles from ho-hum.

STEERING WHEEL TOUCH CONTROLS
High-tech meets high convenience that helps keep your focus on the drive. With steering wheel-mounted controls, you’re in command of your audio controls and Bluetooth®-equipped mobile phone right from the steering wheel.

PUSH BUTTON START
One button you will love to push. With Camry’s available Smart Key System,² you can unlock the front doors and trunk, plus start your car with the push of a button— all without removing the key fob from your pocket or purse.

AVAILABLE HEATED FRONT SEATS
Cool mornings, or cooler evenings, Camry is ready to handle both. With the push of a button, the front seats will gently warm to take the chill off those morning commutes or fun night drives.

1. See footnote 9 in Disclosures section. 2. See footnote 18 in Disclosures section.
XSE V6 interior shown in Black with available Technology Package.
A place to sit that stands apart from the rest.

Maximum comfort. Effortless style. The 2016 Camry is ready for your next road trip. Inside you get a spacious cabin with plenty of leg room front and back, plus available leather-trimmed seating, designed to help you stretch out and relax. For an extra touch of refinement, Camry also offers trim elements finished in wood-grain-style accents and satin chrome. And with versatile rear seats that split and fold forward, you can bring more of your favorite things along for the ride too. So come on in and sit a spell – Camry’s ready to make you feel right at home.

**WOOD-GRAIN-STYLE ACCENTS**
Warm and luxurious is one way to describe the LE and XLE’s spacious cabin, which features available rich wood-grain-style accents at key touch points to further enhance your driving experience.

**60/40 SPLIT FOLDING SEATS**
A 60/40 split allows you to easily reconfigure the rear seats to extend trunk space. Fold one seat flat to get a little extra space or quick access to the trunk, or fold both for a larger cargo area. Bring on the special antique lamp you just can’t pass up.

**SPACIOUS REAR LEG ROOM**
Go ahead, stretch out a little — or a lot. Camry’s spacious and quiet cabin offers plenty of rear leg room that comes in handy on those longer trips, or for those taller passengers.
XLE V6 interior shown in Almond with available Technology Package and Safety Connect®.

1. See footnote 30 in Disclosures section.
Welcome to a place where you are in charge. Every feature has been carefully designed to help keep you connected and make your drive more fun. Access to your music, available navigation and information is all within reach, and an enclosed bin in front of the shifter offers an available area to wirelessly charge your compatible smartphone. Technology now adds to the driving experience like never before.

Cool tech, hot design. This is driving smarter.

With Camry’s available Entune® App Suite, you can access Pandora® and iHeartRadio for music, make restaurant reservations with OpenTable®, and buy movie tickets with MovieTickets.com. Plus, get sports scores, stocks, traffic and weather — even fuel prices.

Camry has available Dynamic Radar Cruise Control (DRCC) that automatically adjusts vehicle speed to help maintain distance between you and the vehicle traveling in front of you.

**Dynamic Radar Cruise Control (DRCC)**

**Entune® App Suite**

**Multi-Information Display**

Keep track of the driving information you use most with Camry’s Multi-Information Display. Easy to view from any angle, this customizable 4.2-in. TFT full-color screen shows features like incoming call information, current fuel economy, available turn-by-turn navigation, Dynamic Radar Cruise Control and more.

1. See footnote 14 in Disclosures section. 2. See footnote 16 in Disclosures section. 3. See footnote 27 in Disclosures section. 4. See footnote 11 in Disclosures section. 5. See footnote 15 in Disclosures section.
Be in charge of your phone. Camry's available wireless charging system lets you simply place your Qi-compatible device on the nonslip surface to charge up wirelessly. No more worrying about tangled cords or wires.

1. See footnote 16 in Disclosures section.
Innovative tech to help you drive with confidence.

Wouldn’t it be great if you had the confidence you need every time you went driving? Camry has a host of available features designed to help give you just that. It’s like a little extra guidance, whether it’s checking a blind spot, helping you change lanes, or getting emergency help. All this is part of a comprehensive approach to safety to give you peace of mind. Welcome to innovation that looks out for you.

BLIND SPOT MONITOR (BSM)
When the available Blind Spot Monitor detects a vehicle, it illuminates a warning indicator on the appropriate sideview mirror to help you know when it’s safe to change lanes. Rear Cross-Traffic Alert (RCTA) works in much the same way. When you slowly back out of a driveway or parking spot, it provides audible and visual indicators to alert you of approaching vehicles.

PRE-COLLISION SYSTEM (PCS)
Camry’s available Pre-Collision System works with the Dynamic Radar Cruise Control (DRCC) system to determine if a frontal collision is imminent. If so, under certain conditions, the system automatically applies the brakes.

SAFETY CONNECT®
With available Safety Connect®, emergency assistance is always within reach. Via Toyota’s 24/7 call center, Safety Connect® offers subscribers helpful features such as Emergency Assistance, Stolen Vehicle Locator, Roadside Assistance and Automatic Collision Notification.

1. See footnote 31 in Disclosures section. 2. See footnote 32 in Disclosures section. 3. See footnote 26 in Disclosures section. 4. See footnote 27 in Disclosures section. 5. See footnote 30 in Disclosures section.
LANE DEPARTURE ALERT (LDA)

If an inadvertent lane departure is detected, the available Lane Departure Alert issues an audible warning and displays a warning on the instrument panel. It’s one more way Camry helps look out for you.

1. See footnote 28 in Disclosures section. 
2. Extra-cost color. 
3. See footnote 30 in Disclosures section.
Hybrid power and sporty handling equal eco-fun.

The powerful Camry Hybrid SE. That’s right, hybrid and powerful in the same sentence. It gets better: This hybrid also has dynamic suspension tuning, a stabilizer bar and a stability control system, so it’s ready for life in the fast lane. Now you get all the benefits of efficiency without losing any of the excitement—a thrilling contradiction. This is one bold hybrid.

“Pure energy: Sure it says hybrid on the badge, but Camry Hybrid SE packs one heck of a punch.”
Hybrid SE shown in Celestial Silver Metallic with available power tilt/slide moonroof and Entune™ Premium Audio.
Go the distance for less.
With more fun than ever.

It's not only about reaching your long-range goal. It's also about having some fun along the way. That's why Camry Hybrid knows how to balance power with fuel efficiency. With Hybrid Synergy Drive, the combined output of both the gas and electric motors is an impressive 200 hp. And because of its advanced design, lightweight materials and refined aerodynamics, Camry Hybrid SE lets you go farther for less.

ENERGY MONITOR
This shows you how the hybrid system is operating, with a simple diagram of the gas engine, electric motor, and high-capacity battery with arrows that show the operation and flow of energy. This will help you adjust your driving to be more efficient and keep track of usage.

MPG
With its rewarding drive and optimal fuel economy, Camry helps you make bold moves, responsibly. Camry Hybrid LE offers up to an EPA-estimated 43 mpg city,1 and the sporty Camry Hybrid SE and the premium Camry Hybrid XLE offer up to an EPA-estimated 40 mpg city,1 so you don’t have to sacrifice fuel economy for fun.

ECO MODE, EV MODE2
Camry Hybrid has different modes for different types of driving. ECO Mode helps maximize fuel economy. EV Mode drives solely on battery power for up to one-half mile under certain conditions.

1. See footnote 38 in Disclosures section. 2. See footnotes 34 and 35 in Disclosures section.
Hybrid SE interior in Ash with available Entune™ Premium Audio with Integrated Navigation¹ and App Suite² and available all-weather floor mats³.

¹. See footnote 14 in Disclosures section. ². See footnote 11 in Disclosures section. ³. See footnote 41 in Disclosures section.
Committed to safety.

Camry comes standard with the Star Safety System, our advanced integration of safety technologies that includes Enhanced Vehicle Stability Control (VSC), Traction Control (TRAC), Anti-lock Brake System (ABS), Electronic Brake-force Distribution (EBD), Brake Assist (BA) and Smart Stop Technology (SST). In addition to these confidence-inspiring safety features, Camry has LATCH (Lower Anchors and Tethers for Children) to help keep children secure and safe, Whiplash-Injury-Lessening (WIL) front seats and a Tire Pressure Monitor System (TPMS).

**WHIPLASH-INJURY-LESSENING FRONT SEATS**

In certain lower-speed rear-end collisions, WIL seatbacks are engineered to yield in a controlled fashion, reducing the motion differential between head and torso, and helping minimize injury.

**TEN AIRBAGS**

Camry has ten standard airbags for you and your passengers, including a driver and front passenger Advanced Airbag System, driver and front passenger seat-mounted side airbags, driver and front passenger knee airbags, rear seat-mounted side airbags, and front and rear side curtain airbags.

**AVAILABLE DIRECT TIRE PRESSURE MONITOR SYSTEM (TPMS)**

Proper tire pressure is always important for safe driving. TPMS evaluates the pressure of the tires and issues a warning if the pressure becomes critically low. An alert to let you know which tire is low on air is shown on the available 4.2-in. TFT Multi-Information Display screen nestled between Optitron gauges.

### SAFETY AND CONVENIENCE

- **Star Safety System™** — includes Enhanced Vehicle Stability Control (VSC™), Traction Control (TRAC), 4-wheel Anti-lock Brake System (ABS), Electronic Brake-force Distribution (EBD), Brake Assist (BA™), and Smart Stop Technology™ (SST™)
- Ten airbags™ — includes driver and front passenger Advanced Airbag System, driver and front passenger seat-mounted side airbags, driver and front passenger knee airbags, rear seat-mounted side airbags, and front and rear side curtain airbags
- Driver and front passenger Whiplash-Injury-Lessening (WIL™) seats
- 3-point seatbelts for all seating positions; driver-side Emergency Locking Retractor (ELR) and Automatic/Emergency Locking Retractor (ALR/ELR) on all passenger seatbelts
- LATCH (Lower Anchors and Tethers for CHildren) includes lower anchors on outboard rear seats
- Child-protector rear door locks and power window lockout control

### PACKAGES & OPTIONS

- 16-in. multi-spoke alloy wheels with SuperChrome paint and P205/65R16 tires
- Qi-compatible wireless smartphone charging™
- Blind Spot Monitor (BSM)™ with Rear Cross-Traffic Alert (RCTA)™
- Convenience Package — includes Smart Key System™ on front doors and trunk, Push Button Start, auto-dimming rearview mirror with compass and HomeLink™ universal transceiver, and anti-theft system with alarm
- Entune™ Audio Plus with Connected Navigation App™ — includes the Entune™ Multimedia Bundle™ (7-in., high-resolution touch-screen display, AM/FM CD player, MP3/WMA playback capability, six speakers, auxiliary audio jack, USB 2.0 port™ with iPod® connectivity and control, advanced voice recognition, hands-free phone capability, phone book access and music streaming™ via Bluetooth® wireless technology, Connected Navigation Scout™ GPS Link App™, Siri® Eyes Free™, SiriusXM All Access Radio™ with 3-month complimentary trial, HD Radio™, HD traffic and weather in major metro areas
- Overhead console with maplights and sunglasses storage
- HomeLink™ universal transceiver
- Covered center console with sliding cover, armrest and storage
- Illuminated glove compartment
- Two 12V auxiliary power outlets
- Dual sun visors with sliding extensions
- Two front and two rear cup holders; two front door and four rear door bottle holders

### Star Safety System™

- Star Safety System™ — includes Enhanced Vehicle Stability Control (VSC™), Traction Control (TRAC), 4-wheel Anti-lock Brake System (ABS), Electronic Brake-force Distribution (EBD), Brake Assist (BA™), and Smart Stop Technology™ (SST™)

### Conveniences & Packages

- Tire Pressure Monitoring System (TPMS™) with direct pressure readout
- Pre-Collision System (PCS)™, Dynamic Radar Cruise Control (DRCC)™, Lane Departure Alert (LDA)™, and Auto High Beams (AHB)™
- Blind Spot Monitor (BSM)™ with Rear Cross-Traffic Alert (RCTA)™
- Battery-saver feature: deactivates interior lights after 20 minutes
- Engine immobilizer™
- Anti-theft system with alarm

### Power Window Lockout Control

- Power tilt/slide moonroof
- Power tilt/slide moonroof

### Additional Features

- Star Safety System™ — includes Enhanced Vehicle Stability Control (VSC™), Traction Control (TRAC), 4-wheel Anti-lock Brake System (ABS), Electronic Brake-force Distribution (EBD), Brake Assist (BA™), and Smart Stop Technology™ (SST™)

### Interior Trim

- Wood-grain-style interior trim

### Power Windows

- Power windows with driver and passenger-side auto up/down, jam protection in driver position and retained-power features

### Rear Window Defogger

- Two 12V auxiliary power outlets

### Day/Night Rearview Mirror

- Day/night rearview mirror with compass

### Convenience Package

- Convenience Package — includes Smart Key System™ on front doors and trunk, Push Button Start, auto-dimming rearview mirror with compass and HomeLink™ universal transceiver, and anti-theft system with alarm

### Blind Spot Monitor (BSM)™

- Blind Spot Monitor (BSM)™ with Rear Cross-Traffic Alert (RCTA)™

### Convenience Package

- Convenience Package — includes Smart Key System™ on front doors and trunk, Push Button Start, auto-dimming rearview mirror with compass and HomeLink™ universal transceiver, and anti-theft system with alarm

### Overhead Console

- Overhead console with maplights and sunglasses storage

### HomeLink™ Universal Transceiver

- HomeLink™ universal transceiver

### Center Console

- Covered center console with sliding cover, armrest and storage

### Glove Box

- Illuminated glove compartment

### Two 12V Auxiliary Power Outlets

- Two 12V auxiliary power outlets

### Dual Sun Visors

- Dual sun visors with sliding extensions

### Cup Holders

- Two front and two rear cup holders; two front door and four rear door bottle holders

### Power Tilt/Slide Moonroof

- Power tilt/slide moonroof

CARS BUILT FOR THE WAY YOU LIVE

At Toyota, we build cars for how you live. From building advanced safety features designed to help prevent crashes to driving cross-country to understand how we can make your driving experience better, our work starts with helping you understand your needs. Buildings cars for how you live also means thinking about tomorrow—from fuel efficiency and environmental innovations, to things beyond cars, like a bicycle that you can control with your mind. Because what we learn building cars can help improve lives in communities all over the world.

DISCLOSURES

1. Toyota strives to build vehicles to match customer interest and thus they typically are built with popular options and option packages. Not all options/packages are available separately and some may not be available in all regions of the country. If you would prefer a vehicle with no or different options/packages, contact your dealer to check current availability or the possibility of placing a special order. The vehicle specifications listed are based on the assumption that the vehicles are equipped with all Toyota Genuine Accessories and are registered trademarks of Apple Inc. All rights reserved. 7. Advanced voice recognition capabilities vary by head unit. 8. Apps/services vary by phone/cameral functionality depends on many factors. Select apps use large amounts of data; you are responsible for charges. Apps and services subject to change. See toyota.com/entune for details. 8. Concentrating on the road should always be your first priority while driving. Do not use the hands-free phone system if it will distract you. The Bluetooth® word mark and logos and registered trademarks owned by Bluetooth SIG, Inc. are used under license. Apple CarPlay® and Siri® are registered trademarks of Apple Inc. in the U.S. and Foreign Patents. HD Radio™ and the HD, HD Radio, and “Arc” logos are proprietary trademarks of iBiquity Digital Corp. 14. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Availability and accuracy of the information provided by the navigation system is dependent upon many factors. Use common sense when relying on information provided. Services not available in every city or roadway; updates may be available at an additional cost from your dealer. See your Navigation System Owner’s Manual for details. 15. PANDORA®, the PANDORA® logo, and the Pandora trade dress are trademarks or registered trademarks of Pandora Media, Inc., used with permission. 16. Qi wireless charging may not be compatible with all mobile phones, MP3/MP4 players and like models. 17. The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Cold weather will limit effectiveness and visibility may become cloudy. 18. The Smart Key System may interfere with some pacemakers. 21. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Cold weather will limit effectiveness and visibility may become cloudy. 19. The Toyota Tire Pressure Monitor alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. See your Owner’s Manual for details. 20. HomeLink® and the HomeLink® house icon are registered trademarks of Gentex Corporation. 21. Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC will be effective in preventing a loss of control. See your Owner’s Manual for further details. 22. Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether Brake Assist will be effective in preventing a loss of control. See your Owner’s Manual for further details. 23. Smart Stop Technology® operates only in the event of certain simultaneous brake and accelerator pedal applications. When engaged, the system will reduce power to the brakes the driver intends to apply to the brake. If the combination of speed, road conditions and driver input is not consistent with the driver’s brake intentions, the system will not reduce power to the brakes. The system is designed to reduce power to the brakes by helping reduce the vehicle’s brake force. If the system reduces the brake force, the brake pedal will move slightly. The system is designed to never completely release the brake pedal. If the combination of speed, road conditions and driver input is not consistent with the driver’s brake intentions, the system will not reduce power to the brakes. 24. The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Cold weather will limit effectiveness and visibility may become cloudy. 25. Whiplash-Injury-Lessening front seats can help reduce the severity of whiplash injury in certain rear-end collisions. 26. The Pre-Collision System is designed to help reduce the crash speed and damage in certain frontal collisions only. They are not collision-avoidance systems and are not substitutes for safe and attentive driving. System effectiveness depends on many factors such as speed, driver input and road conditions. See your Owner’s Manual for further information. 27. The automatic high beam system operates at speeds above 21 mph. Situations such as a dirty windshield, variable weather, lighting conditions and hilly terrain will limit effectiveness, requiring the driver to manually turn off. See Owner’s Manual for details. 29. Smart Key System. See your Owner’s Manual for further details. 30. Contact with the Safety Connect® response center is dependent upon cellular connection availability and GPS satellite signals, which can limit the ability to reach the response center or receive emergency service support. Enrollment and Subscription Service Agreement required. One-year trial subscription available only with new vehicle purchase of Safety Connect®-equipped vehicles. Additional subscription terms available; charges vary by subscription term selected. 31. Do not rely exclusively on the Rear Cross-Traffic Alert system. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection, range and clarity of the monitor. There is a complete list of limitations and directions regarding use of the monitor; see the Owner’s Manual. 32. Do not rely exclusively on the Blind Spot Monitor. Always look over your shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection, range and clarity of the monitor. There is a complete list of limitations and directions regarding use of the monitor; see the Owner’s Manual.

WARRANTIES

Every Toyota Car, Truck and SUV is built to exceptional standards. And that's not idle boasting. We back it up with these competitive Warranty Coverages:

Basic: 36 months/36,000 miles (all components other than normal wear and maintenance items).

Hybrid-Related Component Coverage: Hybrid-related components, including the HV battery, battery control module, hybrid control module and inverter with converter, are covered for 8 years/100,000 miles. The HV battery may have longer coverage under emissions warranty. See your Owner’s Manual for details.

Powertrain: 60 months/60,000 miles (engine, transmission/transaxle, drive system, seatbelts and airbags).

Rust-Through: 60 months/unlimited miles (corrosion perforation of sheet metal).

Accessories: For Genuine Toyota Accessories purchased at the time of the new vehicle purchase, the Toyota Warranty on Accessories applies for 36 months/36,000 miles from the vehicle’s in-service date, which is the same coverage as the Toyota New Vehicle Limited Warranty.

For Genuine Toyota Accessories purchased after the new vehicle purchase the coverage is 12 months, regardless of mileage, from the date the accessory was installed on the vehicle, or the remainder of any applicable new vehicle warranty, whichever expires first. Coverage is limited to the first accessory usage and does not cover any replacement part used for the repair.

For complete details about Toyota’s warranties, please visit www.toyota.com, refer to the applicable Warranty and Maintenance Guide or see your Toyota dealer.
