Elevate your drive to a whole new level.

Good friends, great coffee, and a hunger for an out of the ordinary, food truck adventure-filled day.
Let’s break some rules in all the right ways.

We’ve reached a turning point, and there’s no looking back. The all-new 2014 Toyota Corolla has been redesigned to leave a striking first impression every time. The all-new chiseled exterior’s sleek curves, matched with standard LED headlights and available 17-in. alloy wheels and rear deck spoiler, are going to get some attention. High-quality materials and plenty of space make the interior as cargo-friendly as it is friend-friendly. With available intuitive technology, Corolla helps keep music, maps and apps within your reach at all times. What’s the plan? It doesn’t matter. We’ll figure it out on the way. Let’s go places.
S Plus shown in Blue Crush Metallic with available moonroof.
It’s time to make your move, and Corolla is ready. For those with a sporty soul, there’s Corolla S, with an aggressive front grille, rear deck spoiler and sport fabric seats. LE Eco, with an EPA-estimated 42 hwy mpg, is all about getting higher mileage out of your tank, and it has plenty of features, like a rear deck spoiler and available 16-in. aerodynamically designed alloy wheels, to help maximize the fun in every journey. The all-new Corolla was built to excite, whether you’re chasing down a food truck or just admiring it in your driveway. Just slide into the redesigned sporty interior: Corolla is ready to go.

Remixed. Restyled.
We turned up everything.
Left to right: **S Plus** shown in Blue Crush Metallic with available moonroof; **LE Eco Premium** shown in Blizzard Pearl with available moonroof and Driver Convenience Package.
A space that feels like it was custom made for your lifestyle.

The future is all about flexibility. That’s why the all-new interior of the 2014 Corolla has been designed to accommodate a lifestyle. One minute you’re hauling your friends, the next minute, enough gear to outfit your band. Got big plans and bigger cargo? Rear seats easily fold down to fit fewer friends and more stuff. Maybe you just want to count stars: Simply slide open the available moonroof. Corolla is designed to be the perfect partner no matter what you, or your friends, decide to do.

**AVAILABLE AUTOMATIC CLIMATE CONTROL**
No need to worry about the weather. Just select an exact temperature level using the digital control, and the automatic climate control will take care of everything else. It’s the perfect partner to available heated front seats.

**AVAILABLE SOFTEX®**

**60/40**
The 60/40 split rear seats on Corolla make it easy to transform the space to fit more cargo. Fold one seat down to get a little extra space; fold both, and you have a do-it-yourself flat-screen TV delivery space.
LE Premium interior shown in Black SofTex® with available moonroof.
S Sporty Features

We’ll make this quick. This car is ready for life in the fast lane.

Hold on for a minute—that’s a Corolla? That’s what people will say when they first see its sport gauge cluster and gated shifter. Every feature adds to Corolla’s sport-inspired stylishness. With sleek available paddle shifters and a Sport Mode that delivers real hands-on performance and more fun behind the wheel, Corolla feels fast and looks cool. And sometimes on a late night food run, that’s all that matters.

SPORT GAUGE CLUSTER
Everything you need is right in front of you. The customizable Multi-Information Display with 3.5-in. TFT screen lets you monitor important information, like current/average fuel economy and estimated cruise range.

GATED SHIFTER
If you are a purist, you’ll be glad to know that Corolla S comes with a gated shifter, which lets you shift gears through slots rather than just up and down in a straight motion. It’s all about the driver.

AVAILABLE SPORT MODE
A push of a button is all you need to get every drop of excitement out of Corolla S with CVT transmission. Once Sport Mode is enabled, the Engine Control Unit and simulated shift points are changed to enable a sportier feel.
S Plus interior shown in Steel Blue Mixed Media with available moonroof and Driver Convenience Package.
High tech meets high style.
It’s a match made in tech heaven.

Corolla will fit seamlessly into your network. Your car, phone and music have just become one. Standard features like Bluetooth® connectivity, steering wheel-mounted audio controls, and available cruise control attest to its technophile soul, while available Entune™ Premium Audio with Navigation® and App Suite® brings a whole new level of options to your fingertips: You can plug in an address, get directions, make restaurant reservations and even buy movie tickets. Go ahead: Call your friends. They’ll want to hear about this.
PADDLE SHIFTERS

Bring on the twisty mountain roads. Paddle shifters, available on Corolla S CVT, give you more control over engine power for a spirited driving experience.

S Plus (CVT) interior shown in Steel Blue Mixed Media with moonroof and available Driver Convenience Package.
Desire can’t be measured in a wind tunnel, but efficiency can.

Beauty is more than skin deep, especially when it comes to aerodynamics. Corolla’s sleek taillights, refined bumpers and flat floor design all add up to an impressive efficiency rating. Enhanced handling, an available shiftless transmission technology called CVTi-S, and Valvematic, a valvetrain mechanism that optimizes intake valve lift, all come together to help earn a gas-station-avoiding EPA-estimated 42 highway mpg.

Desire can’t be measured in a wind tunnel, but efficiency can.

Desire can’t be measured in a wind tunnel, but efficiency can.

Desire can’t be measured in a wind tunnel, but efficiency can.

Desire can’t be measured in a wind tunnel, but efficiency can.

Desire can’t be measured in a wind tunnel, but efficiency can.

Desire can’t be measured in a wind tunnel, but efficiency can.
LE Eco Premium shown in Blizzard Pearl with available moonroof and Driver Convenience Package.
Safety never goes out of style. 
So we made it standard.

Safety is not a luxury. That’s why every Corolla comes standard with the Star Safety System™ our advanced integration of safety technologies that includes Enhanced Vehicle Stability Control (VSC), Traction Control (TRAC), Anti-lock Brake System (ABS), Electronic Brake-force Distribution (EBD), Brake Assist (BA) and Smart Stop Technology® (SST). 

In addition to these confidence-inspiring safety features, Corolla has LATCH to help keep children secure and safe, Whiplash-Injury-Lessening Seats (WIL), and a Tire Pressure Monitor System (TPMS).

A driver and front passenger Advanced Airbag System, driver and front passenger seat-mounted side airbags, front and rear side curtain airbags, and new driver knee and passenger seat-cushion airbags come standard on Corolla. It’s all part of a system designed to help keep you safe.

LATCH
LATCH (Lower Anchors and Tethers for Children) provides an added measure of safety for the smaller members of your family. LATCH includes lower anchors on the outboard rear seats and tether anchors on all rear seats.

Whiplash-Injury-Lessening Seats
In addition to several safety features, Corolla comes with Whiplash-Injury-Lessening front seats that can help reduce the severity of whiplash injury in certain rear-end collisions.

Tire Pressure Monitor System
One of the best ways to help efficiency and performance is to make sure tires are properly inflated. TPMS is designed to alert the driver if one or more of the tires are critically low.

### SAFETY AND CONVENIENCE

**Star Safety System™** — includes Enhanced Vehicle Stability Control (VSC), Traction Control (TRAC), Anti-lock Brake System (ABS), Electronic Brake-force Distribution (EBD), Brake Assist (BA) and Smart Stop Technology (SST).

Eight airbags — includes driver and front passenger Advanced Airbag System, driver and front passenger seat-mounted side airbags, driver knee airbag, passenger seat-cushion airbag, and front and rear side curtain airbags.

Driver and front passenger Whiplash-Injury-Lessening (WIL) seats.

3-point seatbelts for all seating positions; driver-side Emergency Locking Retractor (ELR) and Automatic/Emergency Locking Retractor (ALR/ELR) on all passenger belts.

Adjustable front shoulder anchors, driver and front passenger seatbelt pretensioners with force limiters.

LATCH (Lower Anchors and Tethers for Children) includes lower anchors on outboard rear seats and tether anchors on all rear seats.

Energy-absorbing collapsible steering column.

Front and rear energy-absorbing crumple zones with side-impact door beams.

Head-impact protection structure.

High-tensile-strength steel body panels.

Tire Pressure Monitor System (TPMS).

Engine immobilizer.

---

### Packages and Options

- **Moonroof** — Power tilt/slide moonroof with sliding sunshade

  - Driver Convenience Package (requires moonroof):
    - Smart Key System on front doors and trunk with Push Button Start, remote keyless entry system with lock, panic, trunk-release and liftgate functions
    - Entune™ Premium Audio with Navigation and App Suite — includes the Entune™ Multimedia Bundle (6.1-in. high-resolution touch-screen with split-screen display, AM/FM CD player, six speakers, auxiliary audio jack, USB 2.0 port with iPod connectivity and control, advanced voice recognition: hands-free phone capability, phone book access and music streaming via Bluetooth® wireless technology, HD Radio, HD predictive traffic and Doppler weather overlay, AM/FM cache radio, SiriusXM Radio with 90-day All Access trial, and Gracenote album cover art

See numbered footnotes in Disclosures section.

- **S** = Standard  
- **O** = Optional  
- **—** = Not available  
- **P** = Available as part of a package
Every Toyota Car, Truck and SUV is built to exceptional standards. And that’s not idle boasting. We back it up with these Limited Warranty Coverages:

**Basic:** 36 months/36,000 miles (all components other than normal wear and maintenance items).

**Powertrain:** 60 months/60,000 miles (engine, transmission/transaxle, drive system, seatbelts and airbags).

**Rust-Through:** 60 months/unlimited miles (corrosion perforation of sheet metal).

**Emissions:** Coverages vary under Federal and California regulations. Refer to applicable Warranty and Maintenance Guide for details.

**Accessories:** For Genuine Toyota Accessories purchased at the time of the new vehicle purchase, the Toyota Accessory Warranty coverage is in effect for 36 months/36,000 miles from the vehicle’s in-service date, which is the same coverage as the Toyota New Vehicle Limited Warranty.

For Genuine Toyota Accessories purchased after the new vehicle purchase the coverage is 12 months, regardless of mileage, from the date the accessory was installed on the vehicle, or the remainder of any applicable new vehicle warranty, whichever provides greater coverage, with the exception of car covers. Car covers are warranted for 12 months from the date of purchase and do not assume any coverage under the Toyota New Vehicle Limited Warranty.

You may be eligible for transportation assistance if it’s necessary that your vehicle be kept overnight for repairs covered under warranty. Please see your authorized Toyota dealership for further details.

For complete details about Toyota’s warranties, please visit www.toyota.com, refer to the applicable Warranty and Maintenance Guide or see your Toyota dealer.
DISCLOSURES

1. May not be compatible with all mobile phones, MP3/WMA players and like models. 2. iPod® is a registered trademark of Apple Inc. All rights reserved. 3. The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Toyota is under license. Other trademarks and trade names are those of their respective owners. The phones listed on toyota.com have been tested for Bluetooth® wireless technology compatibility with Toyota vehicles. Performance will vary based on phone software version, coverage and wireless carrier. 4. Entune™ is a trademark of Toyota Motor Corporation. Always drive safely, obey traffic laws and focus on the road and traffic conditions while driving. Services vary by phone/carrier. Functionality depends on many factors. Services subject to change. For enrollment and more details, see toyota.com/entune. 5. Advanced voice recognition capabilities vary by head unit. 6. The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Cold weather will limit effectiveness and view may become cloudy. 7. The Smart Key System may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. 8. Always drive safely, obey traffic laws and focus on the road and traffic conditions while driving. Availability and accuracy of the information provided by the Navigation system or any HD services are dependent upon many factors. Use common sense when relying on information provided. Services and programming subject to change. Services not available in every city or roadway. Navigation updates are available at an additional cost from your Toyota dealer. See your Navigation System Owner’s Manual or Toyota dealer for details. HD Radio® Technology manufactured under license from iBiquity Digital Corporation U.S. and Foreign Patents. HD Radio® and the HD, HD Radio, and “Arc” logos are proprietary trademarks of iBiquity Digital Corp. 9. Always drive safely, obey traffic laws and focus on the road and traffic conditions while driving. Select Entune™ apps use a large amount of data and you are responsible for all data charges. Apps and services vary by phone and carrier; not all services available all the time and in all locations, and are subject to change. Apps identified by “TM” or “®” are trademarks or registered trademarks of their respective companies and cannot be used without permission. See toyota.com/entune for the latest information regarding registration, apps and services, and other details. 10. SiriusXM services require a subscription after 90-day trial period. Subscriptions governed by SiriusXM Customer Agreement available at SiriusXM.com. If you decide to continue your SiriusXM service at the end of your complimentary trial, the plan you choose will automatically renew and bill at then-current rates until you call 1-866-635-2349 to cancel. Fees and programming subject to change. Available only to those at least 18 years of age in the 48 contiguous United States and D.C. 11. Cargo and load capacity limited by weight and distribution. 12. 2013 EPA-estimated mileage. Actual mileage will vary. 13. Toyota strives to build vehicles to match customer interest and thus they typically are built with popular options and option packages. Not all options/packages are available separately and some may not be available in all regions of the country. See toyota.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of placing a special order. 14. The Toyota Tire Pressure Monitor alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. See your Owner’s Manual for details. 15. Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC will be effective in preventing a loss of control. Please see your Owner’s Manual for further details. 16. Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions. 17. Smart Stop Technology® operates only in the event of certain simultaneous brake and accelerator pedal applications. When engaged, the system will reduce power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology® is not a substitute for safe and attentive driving and does not guarantee instant stopping. Please see your Owner’s Manual for further details. 18. The airbag (AB) systems are Supplemental Restraint Systems. All ABs (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions: frontal and knee ABs typically inflate in frontal collisions; side and side curtain ABs in side collisions; Roll-Sensing Curtain ABs at a severe tilt degree, roll or lateral G-force. In all other accidents, the ABs will not inflate. To decrease the risk of injury from an inflating AB, always wear seatbelts, sit upright in the middle of the seat as far back as possible and do not lean against the door. Do not put objects in front of an AB or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. The force of an inflating AB may cause serious injury or death. See your Owner’s Manual for further information/warnings. 19. Whiplash-Injury-Lessening front seats can help reduce the severity of whiplash injury in certain rear-end collisions. 20. The engine immobilizer is a state-of-the-art anti-theft system. When you insert your key into the ignition switch or bring a Smart Key fob into the vehicle, the key transmits an electronic code to the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle’s immobilizer. Because the transponder chip is embedded in the key/fob, it can be costly to replace. If you lose a key or fob, your Toyota dealer can help. Alternatively, you can find a qualified independent locksmith to perform high-security key services by consulting your local Yellow Pages or by contacting www.aloa.org. 21. This floor mat was designed specifically for use in your model and model year vehicle and SHOULD NOT be used in any other vehicle. To avoid potential interference with pedal operation, each mat must be secured with retention hooks/clips. Do not install a floor mat on top of an existing floor mat.

Some vehicles are shown with available equipment. Seatbelts should be worn at all times. For details on vehicle specifications, see your Owner’s Manual or Toyota dealer. A vehicle with particular equipment may not be available at the dealership. Ask your Toyota dealer to help locate a specifically equipped vehicle.

All information presented herein is based on data available at the time of posting, is subject to change without notice and pertains specifically to mainland U.S.A. vehicles only. Prototypes shown. Actual production vehicles may vary.

FOCUS ON SUSTAINABILITY

Toyota encourages their partners to embrace environmentally responsible business practices. Toyota brochures use paper from well-managed forests, as certified by FSC® (Forest Stewardship Council®) chain-of-custody guidelines. The electricity used to manufacture this paper was generated by the paper mill’s own Green-e® certified renewable energy sources. Wind-powered electricity was used to print some brochures through purchased REC (renewable energy credits), also Green-e® certified.
