1992 LAND CRUISER

LAND CRUISER IS A FAMILY NAME that's been handed down from generation to generation for almost 40 years. Which is why we've taken such extreme care to preserve the Land Cruiser. Every time we've redesigned it, we've made sure that it was redesigned right, and that it remained the definitive four-wheeler.

And this year, we've done it once again. With more power and more refinement than ever. And thanks to a distinctive new look that makes it, in America's words for it, a thoroughbred.

LAND CRUISER WAGON

LAND CRUISER COMES IN SIX COLORS. The interior is equally versatile, accommodating seven passengers in its available jackets of Luxury Leather. And with the rear seats folded down, it can carry a load of 1,500 pounds and provide a comfortable space when camping. Or when you're on the road, you can relax in the cruise control system, which lets you set a speed and then forget about it. Or you can take advantage of the tilt steering wheel, which adjusts to your height. And however you employ each of these features, you'll appreciate the fact that they're all standard equipment. Which is also true of the anti-theft system, the air conditioning, and the AM/FM stereo cassette with seven speakers. Land Cruiser. It's a name you've come to trust and a vehicle you've come to expect tremendously.

LAND CRUISER INTERIOR

THE MOOD IS LUXURY TIMES SIX ONE SPACE. Each Land Cruiser wagon comes finished in one of six colors. Each of which is complemented by a choice of two interior fabrics. Or you can choose from a selection of Luxury Leather jackets. Which, naturally, flatters the available power windows and locks. Also standard are a tilt steering wheel, cruise control, and a premium AM/FM stereo cassette with seven speakers. Which, in turn, is complemented by the optional CD player. Which is also available with a premium JBL sound system. Which is also available with a premium JBL sound system. Which is also available with a premium JBL sound system.

LAND CRUISER TECHNOLOGY

AN AVALANCHE OF TECHNOLOGICAL INNOVATIONS is what you'll find in Land Cruiser. Including the Electronically Modulated Suspension (EMS) system, which automatically adjusts the shock absorbers to match road conditions. Or superb control provided by the Anti-Lock Brake System (ABS). Or the Traction Control System (TCS), which helps prevent wheel spin when you're starting out on a slippery surface. Or the Vehicle Skid Control (VSC) system, which helps prevent skids when you're cornering. Or the Active Stability Control (ASC) system, which helps prevent rollovers when you're cornering. Or the Active Stability Control (ASC) system, which helps prevent rollovers when you're cornering. Or the Active Stability Control (ASC) system, which helps prevent rollovers when you're cornering.
