Explore everything. Including your limits.

It’s time to get off the beaten path and discover more good times with the new RAV4 Adventure grade. Hearty 18-in. 5-spoke Black alloy wheels, larger overfender flares and pronounced rocker panel guards all come standard on the Adventure grade, ready to help you take on any trip. When it’s time to get away, integrated black roof rails help you bring your gear along for the ride. No matter where you want to go, RAV4 Adventure grade’s unique badging, black-accented power heated outside mirrors and halogen projector-beam headlights with black bezels will get you there in style.

“Let’s create our own adventure and explore the road less traveled.”
Roughing it never felt so good.

Smooth out the rough edges when you’re roughing it. Take hold of the supple available heated steering wheel and Adventure grade shift lever, and treat yourself to a premium experience. You’ll enjoy every getaway with available power-adjustable driver’s and front passenger seats featuring durable fabric trim and supportive sport bolsters. Thoughtful touches like metallic Adventure-badged doorsill protectors will announce your adventurous intentions, while unique accents add the perfect dash of style to your next escape.

UNIQUE INTERIOR COMPONENTS

Go beyond the boundaries. Break free from the conventional road trip, but leave your sense of style intact with RAV4 Adventure grade’s distinctive interior accent pieces. Thanks to the heavy-duty all-weather floor liners and cargo mats, you can bring some of the great outdoors inside without worry.

AVAILABLE 120V/100W POWER OUTLET

Be your own grid with RAV4 Adventure grade’s 120V/100W power outlet. Conveniently located in the rear cargo area, this high-voltage hookup will power up your gear so you can keep the fun fully charged no matter how far your adventure takes you.
ADVENTURE GRADE FEATURES

XLE AWD shown in Magnetic Gray Metallic with available Extra Value “Plus” Package and Adventure AWD shown in Ruby Flare Pearl with available towing hitch receiver. Available roof rack cross bars shown.

See numbered footnotes in Disclosures section.
TOWING AND CAPABILITY

Adventure AWD shown in Ruby Flare Pearl with available towing hitch receiver and XLE AWD shown in Magnetic Gray Metallic with available Extra Value “Plus” Package. Available roof rack cross bars shown. Vehicle shown with some accessories not available from Toyota.

Do not overload your vehicle. See Owner’s Manual for weight limits and restrictions. See numbered footnotes in Disclosures section.

See numbered footnotes in Disclosures section.
Hitch it up and take it with you.

Bring more of what matters along for the ride. Thanks to RAV4 Adventure grade’s unique Tow Prep Package, you can tow up to 3500 lbs. With the upgraded radiator, supplemental engine oil cooler and transmission fluid cooler, you can tackle the longest hauls with ease. Go ahead, hitch it up: RAV4 Adventure grade can take it.

COLD AREA PACKAGE

Cool temps won’t put the big chill on your next trip. RAV4 Adventure grade’s available Cold Area Package includes 8-way power-adjustable driver’s seat, heated/power fabric front-row seats, heated leather-wrapped steering wheel and wiper de-icer to keep the heat turned up. It won’t leave you in the cold during those chilly winter months.
Features designed for your safety.

The road can be unpredictable. That’s why RAV4 is equipped with eight standard airbags, and integrated features like the Star Safety System™ and standard Toyota Safety Sense™ P (TSS-P). This package of safety features combines Pre-Collision System with Pedestrian Detection (PCS w/PD), Lane Departure Alert with Steering Assist (LDA w/SA), Automatic High Beams (AHB) and Dynamic Radar Cruise Control (DRCC) to assist you. TSS-P’s comprehensive features create in-the-moment safety designed to help support your awareness and decision-making on the road.

PRE-COLLISION SYSTEM WITH PEDESTRIAN DETECTION (PCS w/PD)
Using an in-vehicle camera and radar to help detect a vehicle or a pedestrian in front of you, the Pre-Collision System with Pedestrian Detection (PCS w/PD) can help you mitigate or avoid a potential collision. If the system determines that a frontal collision is likely, it prompts you to take action using audio and visual alerts. If you notice the potential collision and apply the brakes, PCS w/PD may apply additional force using Brake Assist (BA). If you don’t brake in time, it may automatically apply the brakes to reduce your speed, helping to minimize the likelihood of a frontal collision or reduce its severity.

DYNAMIC RADAR CRUISE CONTROL (DRCC)
Intended for highways and similar to “constant speed” cruise control, Dynamic Radar Cruise Control (DRCC) lets you drive at a preset speed. DRCC uses vehicle-to-vehicle distance control, which adjusts your speed, to help you maintain a preset distance from vehicles ahead of you that are driving at a slower speed. DRCC uses a front-grille-mounted radar and an in-vehicle camera designed to detect vehicles and their distance. If a driver is traveling slower than you, or within your preset range, DRCC will automatically slow your vehicle down without deactivating cruise control. If DRCC determines you need to slow down more, an audio and visual alert notifies you and brakes are applied. When there’s no longer a vehicle driving slower than your set speed in front of you, DRCC will then accelerate and regular cruise control will resume.

LANE DEPARTURE ALERT WITH STEERING ASSIST (LDA w/SA)
Under certain circumstances, Lane Departure Alert (LDA) is designed to detect lane departure on roads with clear markings. LDA only activates when you’re traveling at a speed of 32 mph or faster. When you hear and see the alert, after carefully checking the road around you, you should safely direct your vehicle back to the center of your lane. In addition, Toyota vehicles equipped with Toyota Safety Sense™ P (TSS-P) and Electronic Power Steering (EPS) include Steering Assist functionality. When it’s activated and senses that you’re unintentionally drifting, the system may automatically make small corrective steering inputs to help keep your vehicle in its lane.

AUTOMATIC HIGH BEAMS (AHB)
Automatic High Beams (AHB) are a safety system designed to help you see more clearly at night — without blinding other drivers. Designed to activate at speeds above 25 mph, AHB rely on an in-vehicle camera to help detect the headlights of oncoming vehicles and taillights of preceding vehicles, then automatically toggle between high and low beams accordingly to provide the appropriate amount of light. By using high beams more frequently, the system may allow earlier detection of pedestrians and obstacles.

See numbered footnotes in Disclosures section.
A rewarding space where technology meets luxury.

Enjoy every trip, from uphill to downtown, in RAV4’s roomy interior. The driver and front passenger enjoy available heated seats and dual zone automatic climate control. Another convenient piece of tech is the available Smart Key System. The luxurious leather-trimmed steering wheel delivers a premium touch while the available Entune™ Premium JBL® Audio with Integrated Navigation™ and App Suite® includes 11 JBL® GreenEdge™ speakers to help you stay connected to your tunes and your life. SiriusXM® Satellite Radio™ with 3-month complimentary SiriusXM All Access trial; and available frameless HomeLink®-capable mirror, further enhance the high-tech experience. Immerse yourself in the refined interior and drive in complete comfort.

RAV4’s available Bird’s Eye View Camera helps you see nearby objects and get into and out of small spaces with ease. The system includes Perimeter Scan — an innovative feature that displays live, rotating 360-degree views of your surroundings when you’re parked.

RAV4 helps you customize your comfort. Available multi-stage heated SofTex®-trimmed front seats help tame those chilly nights. And finding the perfect driving position is never an issue, thanks to an available 8-way power-adjustable driver’s seat with memory function and power lumbar support.

See numbered footnotes in Disclosures section.
Redefine what a hybrid SUV can do, with more efficiency and excitement.

Let’s bring tech, style and efficiency to every adventure. With RAV4 Hybrid’s advanced innovations and Toyota’s proven hybrid powertrain, you can make the most of any trip. And in addition to great fuel economy, RAV4 Hybrid adds extra oomph with 194 net horsepower and outstanding acceleration. For extra confidence when Mother Nature rains on your parade, the available Electronic On-Demand All-Wheel Drive with intelligence (AWD-i) is designed to help make any trek a sure-footed experience, with an electric motor that delivers instant torque to the rear wheels when you need more traction. It helps you get even more from everything you want to do.

RAV4 Hybrid engages a variety of future-forward tech to help make every journey as efficient as possible. You’ll enjoy the extra thrills that come from the power and acceleration, and with RAV4 Hybrid’s EPA-estimated 34 mpg city,** your wallet will be happy too.

RAV4 Hybrid has the tools to help increase the efficiency of your drive. The energy monitor indicates the operation of the gas engine, electric motor generator and hybrid battery. As conditions change, it provides real-time information showing how power is being routed to the drive wheels, or how the battery is being charged.
Limited Hybrid shown in Electric Storm Blue with available Advanced Technology Package.
Expand your horizons and your personal space.

RAV4 makes comfort and convenience a priority. Reduced noise, vibration and harshness help make for a quiet cabin, and the available flexible cargo net system and second-row seats with a reclining, folding 60/40 split let you easily reconfigure the cargo area to meet your needs. With this much space, you can get busy expanding your horizons.

CUP HOLDER

Bring your favorite beverage along for the ride. RAV4 features a convenient cup holder design that can accommodate your favorite travel mugs — handles and all.

HANDS-FREE, FOOT-ACTIVATED POWER LIFTGATE 6

Loading cargo when your hands are full has never been easier. Available on RAV4, the hands-free, foot-activated power liftgate senses your Smart Key fob and opens when you simply wave your foot under the center of the rear bumper. And because it’s height-adjustable, the liftgate can be programmed to stop at your desired height every time. Getting ready for the adventure is easier than ever. (Photo for demonstration purposes only. Please see Owner’s Manual for more details on functionality.)

CARGO AREA

RAV4’s generous cargo area lets you take the fun wherever you go. Whether you fold the 60/40 split second-row seats flat or leave them upright, with RAV4’s up to 73.4 cubic feet of cargo capacity there’s always plenty of space in the back. So go ahead: Bring your friends and all their gear. There’s no reason to leave any of the fun behind.

See numbered footnotes in Disclosures section.
SE interior shown in Black with available cargo net hammock. See numbered footnotes in Disclosures section.
Raise the bar with a spirited driving experience.

Drive with confidence. RAV4 SE’s available All-Wheel Drive features an innovative Dynamic Torque-Control AWD. It helps enhance handling by distributing engine power from front to rear and manages the vehicle’s braking system from side to side for optimal control. Sport Mode provides a more exciting drive, with thrilling acceleration and revised shift points from the 6-speed automatic transmission.

SE GAUGE CLUSTER
Sporty touches for an inspiring drive. SE gas models feature performance-inspired styling cues such as eye-catching red needles and red gauge cluster illumination. It all helps you stay informed with just a glance so you can stay focused on the drive ahead.

SE PADDLE SHIFTERS
Paddle shifters let you shift gears without letting go of the wheel. A light touch on either lever gives you rapid gear changes and a more engaging drive. It’s one more way SE gas models help keep you in control of the fun.

SUSPENSION
Comfort and control. RAV4’s suspension provides a smooth ride on the highway. For those with an athletic soul, RAV4 SE gas models feature a sport-tuned suspension with attractive blue shocks up front to deliver a more spirited drive.
STYLING

SE shown in Black with available S-Code Paint Treatment. Limited Hybrid shown in Electric Storm Blue with available Advanced Technology Package. See numbered footnotes in Disclosures section.

### SAFETY/CONVENIENCE

- Toyota Safety Sense™ P (TSS-P)™ — Pre-Collision System® (PCS w/PD), Lane Departure Alert with Steering Assist (LDA w/SA)®, Automatic High Beams (AHB)®, and Dynamic Radar Cruise Control (DRCC)®
- Star Safety System® — includes Enhanced Vehicle Stability Control (VSC)®, Traction Control (TRAC), Anti-lock Brake System (ABS), Electronic Brake-force Distribution (EBD), Brake Assist (BA)® and Smart Stop Technology® (SST)®
- Blind Spot Monitor (BSM)® and Rear Cross-Traffic Alert (RCTA)®
- Front and rear parking sonar®
- Hill Start Assist Control (HAC)®
- Trailer-Sway Control (TSC)®
- Tire Pressure Monitor System (TPMS)®
- Driver and front passenger Advanced Airbag System®; driver knee airbag; front passenger seat-cushion airbag; driver and front passenger seat-mounted side airbags; and front- and second-row Roll-sensing Side Curtain Airbags (RSCA)
- Driver and front passenger Whiplash-Injury-Lessening (WIL) seats®
- 3-point seatbelts in all seating positions, with adjustable front seatbelt anchors
- Driver and front passenger seatbelt pretensioners with force limiters
- Driver-side Emergency Locking Retractor (ELR) and Automatic/Emergency Locking Retractor (ALR/ELR) on all passenger belts
- Driver and front passenger seatbelt warning system
- LATCH (Lower Anchors and Tethers for Children) includes lower anchors and tether anchors on outboard second-row seats
- Child-protector rear door locks
- Engine immobilizer®

See numbered footnotes in Disclosures section.

Every Toyota Car, Truck and SUV is built to exceptional standards. And that's not idle boasting. We back it up with these Limited Warranty Coverages:

**Basic:** 36 months/36,000 miles (all components other than normal wear and maintenance items).

**Hybrid-Related Component Coverage:** Hybrid-related components, including the HV battery, battery control module, hybrid control module and inverter with converter, are covered for 8 years/100,000 miles. The HV battery may have longer coverage under emissions warranty. Refer to applicable Warranty and Maintenance Guide for details.

**Powertrain:** 60 months/60,000 miles (engine, transmission/transaxle, drive system, seatbelts and airbags).

**Rust-Through:** 60 months/unlimited miles (corrosion perforation of sheet metal).

**Emissions:** Coverages vary under Federal and California regulations. Refer to applicable Warranty and Maintenance Guide for details.

CARS BUILT FOR THE WAY YOU LIVE

At Toyota, we build cars for how you live. From building advanced features designed to help prevent crashes to driving cross-counties to understand how we can make your driving experience better, our work is a constant learning experience, often building on what we already know -- from fuel efficiency and environmental innovations, to things beyond cars, like a bicycle that you can control with your mind. And because what we learn building cars can help improve lives in other places, we do things like help communities rebuild their homes quickly after a disaster and work with

commands are not accessible in the vehicle. Data charges may apply. See apple.com and phone carrier for details. Siri® is a registered trademark of Apple Inc.

contemporaneous brake and accelerator pedal applications. When engaged, the system will reduce power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input can all impact stopping distance.

shoulder and use your mirrors to confirm rear clearance. There are limitations to the function, detection and range of the system. See Owner's Manual for additional limitations and details. 32. Before towing, confirm your vehicle and trailer are compatible, hooked up and loaded properly and that you have any necessary additional equipment. Do not exceed any Weight Ratings and follow all instructions in your Owner's Manual.

the key transmits an electronic code to the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle's immobilizer. Because thieves cannot duplicate these chips, it provides additional protection against theft.

Vehicle Stability Control is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe and attentive driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether TSC will be effective in preventing a loss of control. See Owner's Manual for additional limitations and details. 21. HD Radio™ and the HD, HD Radio, and “Arc” logos are proprietary trademarks of iBiquity Digital Corp. 22. Availability and accuracy of the information provided by the smartphone provider is dependent upon many factors. Use common sense when relying on information provided. Services and programming subject to change. Services not available in every city or roadway. Updates may be available from your dealer at an additional cost. See Owner's Manual for details. 23. CAUTION! When driving a hybrid vehicle, pay special attention to the area around the vehicle. Because there is little vehicle noise in electric mode, pedestrians, people riding bicycles or other people and vehicles in the area may not be aware of the vehicle starting off when shifting from park to a different gear, so take extra care while driving. 24. HomeLink® and the HomeLink® house icon are registered trademarks of Gentex Corporation.

vehicle and use your mirrors to confirm surrounding clearance. Environmental conditions may limit effectiveness and view may become obscured. See Owner's Manual for additional limitations and details. 8. The Bird's-Eye-View display provides an overall view of the area surrounding the vehicle. You should also look around outside your vehicle and use your mirrors to confirm surrounding clearance. 9. The Memory Mirror with Homelink® is designed to operate in the event of certain information/warnings.

owner’s manual. See owner’s manual for details.

to change the vehicle’s exact curb weight is to weigh your vehicle without passengers or cargo. 13. "Payload capacity" is the calculation of GVWR minus curb weight and should be used for comparison purposes only. Do not exceed any Weight Ratings and follow all instructions in your Owner’s Manual. The maximum you can haul (payload) depends on base curb weight plus the total weight of any cargo, passengers, or accessories you choose to carry. See owner’s manual for details. 14. The engine immobilizer is a state-of-the-art anti-theft system. When you insert your key into the key lock, the engine will not start until the key meets the requirements of the immobilizer. 15. Keyless entry system.

Always lock over your shoulder and use your turn signal. There are limitations to the function, detection and range of the mirror. See Owner's Manual for additional limitations and details. 5. Do not rely exclusively on the Blind Spot Monitor. Always look over your shoulder and use your turn signal. There are limitations to the function, detection and range of the monitor. See Owner's Manual for additional limitations and details. 6. See Owner's Manual for additional limitations and details. 7. The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearances. Environmental conditions may limit effectiveness and view may become obscured. See Owner's Manual for additional limitations and details. 8. The Bird's-Eye-View display provides a comprehensive view of the area surrounding the vehicle. You should also look around outside your vehicle and use your mirrors to confirm surrounding clearance. 9. The Memory Mirror with Homelink® is designed to operate in the event of certain

select Toyota vehicles. 20. Owner's Manual for additional limitations and details. 26. The Smart Key System® is designed to help avoid or reduce the crash speed and damage in certain frontal collisions. It is not a substitute for safe and attentive driving. System effectiveness is dependent on road, weather and vehicle conditions. See Owner's Manual for additional limitations and details. 27. Drivers are responsible for their own safe driving. Always pay attention to road and traffic conditions and use the vehicle's features to help maintain control. Drivers are also responsible for following all traffic laws. 28. Available on vehicles with factory remote keyless entry system. 29. Before towing, confirm your vehicle and trailer are compatible, hooked up and loaded properly and that you have any necessary additional equipment. Do not exceed any Weight Ratings and follow all instructions in your Owner’s Manual. 30. To cancel you must call SiriusXM at 1-866-635-2349. See SiriusXM Customer Agreement for complete terms at www.siriusxm.com. All fees and programming subject to change. Not all vehicles or devices are compatible with the service. For complete details, see www.siriusxm.com. 31. Trial length and service availability may vary by model, model year or trim. 32. Owner's Manual for additional limitations and details. 33. Vehicle Stability Control is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe and attentive driving practices. Factors including speed, road conditions, weather and driver steering input can all affect whether TSC will be effective in preventing a loss of control. See Owner's Manual for additional limitations and details. 34. Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper vehicle maintenance, and tire and road conditions. See Owner's Manual for additional limitations and details. 35. Smart Stop Technology® operates only in the event of certain conditions. It is designed to reduce speed and possibly prevent a collision. Bumper-painted full size SUVs/4-door sedans may not all have Smart Stop Technology®. Contact your local Toyota dealer for details.

keyless entry system.
