### Notes

1. HomeLink® is a registered trademark of Johnson Controls, Inc.
2. The Toyota DVD navigation system is designed to assist in locating an address or point of interest. Discrepancies may be encountered between the system and your actual location. Changes in street names, road closures, traffic flow or other road system changes may affect the accuracy of the mapping software. Rely upon your common sense to decide whether or not to follow a specified route. Detailed coverage not available in every city. Optional periodic geographic updates available at an additional cost. See your Navigation System Owner’s Manual for further details.
3. Toyota Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC will be effective in preventing a loss of control. Please see your Owner’s Manual for further details.
4. 4-Wheel Traction Control (TRAC) in 4WD mode only. Rear-Wheel Traction Control (TRAC) in 2WD mode.
5. Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions.
6. The Toyota driver, front passenger, front seat-mounted side airbags and side curtain airbags are Supplemental Restraint Systems (SRS). The driver and front passenger airbags are designed to deploy in severe (usually frontal) collisions where the magnitude and duration of the forward deceleration of the vehicle exceed the design threshold. The side airbags and side curtain airbags are also Roll-Sensing Curtain Airbags (RSCA) and are designed to deploy in a severe tilt, roll or lateral G force. In all other accidents, the airbags will not deploy. To decrease the risk of injury from a deploying airbag, always wear seatbelts, sit upright in the middle of the seat as far back as possible from the airbag modules and do not lean against the door. Do not put objects in front of an airbag or around the seatbelt. Do not use rearward-facing child seats in any front passenger seat. The force of a deploying SRS airbag may cause serious injury or death. Please see your Owner’s Manual for further instructions.

### WARRANTIES

Every Toyota Car, Truck and SUV is built to exceptional standards. And that’s not idle boasting. We back it up with these Limited Warranty Coverages:

- **Basic**: 36 months/36,000 miles (all components other than normal wear and maintenance items).
- **Powertrain**: 60 months/60,000 miles (engine, transmission/transaxle, front-wheel drive, rear-wheel drive, seatbelts and airbags).
- **Rust-Through**: 60 months/unlimited miles (corrosion perforation of sheet metal).
- **Emissions**: Coverages vary under Federal and California regulations. Refer to applicable Owner’s Warranty Information booklet for details.

**Accessories**: Accessories installed at the time of the new vehicle purchase are covered for 36 months/36,000 miles from the vehicle’s in-service date, whichever occurs first, under the New Vehicle Limited Warranty. Accessories installed by the dealer after the new vehicle purchase are covered for 12 months, regardless of mileage, from the accessory installation date, or the remainder of the New Vehicle Limited Warranty, whichever provides greater coverage. Accessories purchased over the counter are covered for 12 months from the date of purchase. Car covers are warranted for 12 months from the purchase date and are not covered by the New Vehicle Limited Warranty.

2. 2005 Manufacturer’s Suggested Retail Price, excludes the Delivery, Processing and Handling Fee of $540 for Cars and $565 for Trucks, Vans and SUVs. (Historically, vehicle manufacturers and distributors have charged a separate fee for processing, handling and delivering vehicles to dealerships. Toyota’s charge for these services is called the “Delivery, Processing and Handling Fee” and is based on the value of the processing, handling and delivery services Toyota provides as well as Toyota’s overall pricing structure. Toyota may make a profit on the Delivery, Processing and Handling Fee.) Excludes taxes, license, title and available or regionally required equipment. The Delivery, Processing and Handling Fee in AL, FL, GA, NC and SC is $50 higher for Trucks, Sienna and SUVs, and $50 higher for all other Toyota vehicles. The Delivery, Processing and Handling Fee in AR, LA, MS, OK and TX is $55 higher for all Toyota vehicles. Actual dealer price may vary. Pricing, specifications, standard features and available equipment are based on information available when this page was produced and are subject to change without notice.
