Built for the endless weekend. The all-new 2016 Tacoma.

This is the ultimate in desert cred. Toyota has spent over 50 years powering the adventures of off-roaders everywhere, and the all-new 2016 Toyota Tacoma keeps this legacy alive by giving you the toughness you need to rule the off-road. It offers a more powerful and more efficient powertrain, more capability, and its aggressive new look shows that this truck is ready to play dirty. An upgraded cabin brings comfort to those hard-charging expeditions, and new tech brings added fun and helps keep you connected. Your next epic story begins here. Let’s go places.
Get ready for the ultimate in hardworking style. Tacoma impresses wherever it goes, amplifying its off-road attitude with defined, chiseled lines and muscular fenders. Up front, its aggressive grille and available hood scoop hint at the power that lies under the hood. Out back, the tailgate features an embossed Tacoma logo, reminding everyone that this truck was built to lead the pack.

Unwavering capability and the good looks to match.

**Aggressive Styling**

**Easy Lower Tailgate**

The easy lower tailgate opens smoothly, is easily removed when needed, and can be locked to help secure cargo concealed under the available hard tri-fold tonneau cover.¹

**Projector-Beam Headlights**

Let’s light it up. Standard projector-beam headlights shine brightly, helping you get a better nighttime view of the road ahead.

**Rear Combination Taillights**

Smoked taillights give TRD Off-Road and TRD Sport a bold touch. And on Limited, these lights feature clear lenses to add just the right amount of sophistication.

An interior ready for action and the everyday drive.

Taking the long way is never a problem, because there are all-new refinements inside the 2016 Tacoma. Improved engineering and materials help reduce noise, vibration and harshness — so when things are getting hectic outside, Tacoma’s cabin helps keep you feeling calm, cool and collected. A new interior design features soft-touch materials to boost your comfort. And Tacoma Limited adds new leather-trimmed seating surfaces and standard dual zone automatic climate control for the ultimate in tough sophistication.

MULTI-INFORMATION DISPLAY
The available 4.2-in. color Multi-Information Display can be customized to show info like your current mpg, song selection, individual tire pressure¹ and available Multi-terrain Select setting.

MOONROOF
Open up to the elements. An available power moonroof helps bring the outside in, giving you everything from a cool breeze to an epic view of the stars.

¹. See footnote 23 in Disclosures section.
The tech you need to keep the fun going.

Your location may be remote, but Tacoma helps keep you connected to all the things you love. Its redesigned dashboard puts the important knobs and buttons right at your fingertips, making it easier to take control of the fun. The available Entune™ Premium JBL® Audio with Integrated Navigation¹ and App Suite² keeps you in tune with your music, phone book and more. Siri® Eyes Free³ technology lets you access your compatible Apple® device using only your voice, and the standard GoPro® mount⁴ on the windshield is ready to help you capture all the action. Let’s make this weekend legendary.

QI-COMPATIBLE WIRELESS CHARGING⁵
Leave the charging cable at home. With available Qi-compatible wireless smartphone charging, you just place your Qi-compatible device on top of the nonslip surface to help keep it charged up and ready to go.

INTEGRATED BACKUP CAMERA⁶
When backing up on a trail — or just backing out of your driveway — you need to see what’s behind you. The standard backup camera, mounted in the tailgate handle, helps you see an image of what the camera detects behind you on the audio display.

GOPro® MOUNT ON WINDSHIELD
It’s time to make your adventures go viral. Tacoma comes standard with an integrated GoPro® mount on the windshield, so you and your crew can share the good times with the world.

GoPro® mount on the windshield is to be used with GoPro HERO cameras. GoPro® camera not included. GoPro, HERO, the GoPro logo, and the GoPro Be a Hero logo are trademarks or registered trademarks of GoPro, Inc. ¹ See footnote 14 in Disclosures section. ² See footnote 12 in Disclosures section. ³ See footnote 10 in Disclosures section. ⁴ See footnote 38 in Disclosures section. ⁵ See footnote 3 in Disclosures section. ⁶ See footnote 11 in Disclosures section.

Maximum performance and efficiency.

When the world is your sandbox, you want to bring all your favorite toys along. Good thing you’ve got a Tacoma. Its all-new available 3.5-liter V6 and available Tow Package help this truck tow up to 6800 lbs.; and the available 4-/7-pin connector has been relocated to inside the three-piece bumper for added protection. And with a payload capacity of up to 1620 lbs.; you can carry a heck of a lot of gear. It’s the capability you need, so the only thing you need to ask yourself is: Where to next?

3.5L V6 DIRECT-INJECTION ENGINE
Tacoma’s available 3.5-liter DOHC V6 direct-injection Atkinson-cycle engine gives you more of everything you want. It’s got 278 hp and 265 lb.-ft. of torque, giving you the muscle you need to tow, haul and run the dunes. It’s also more efficient, giving you better mpg too.

BILSTEIN® SHOCKS
Available Bilstein® shocks know how to keep their cool under pressure, delivering consistent performance when the going gets rough. Standard on TRD Off-Road, these shocks help soak up the heavy dips and bumps, thanks to high-performance components and valving tuned specifically for off-road driving.

Utility

Carry your boards, bikes and sense of adventure.

Throw it in and go. Tacoma’s rugged truck bed is ready to take whatever you throw at it, all while helping keep it safe too. A durable composite bed surface and heavy-duty Deck Rail System help this truck play even harder. Tacoma also offers an available hard tri-fold tonneau cover right from the factory. Built just for Tacoma and OE tough, this lockable cover works with the standard locking tailgate to help keep the stuff in your truck bed secure. Now, when action calls, you’ll be ready to go.

COMPOSITE BED

Tacoma’s bed is comprised of an ultra-durable, fiber-reinforced Sheet-Molded Composite (SMC) surface. This material boasts a greater impact strength than steel and will help keep the bed of your truck looking good for years to come.

120V/400W POWER OUTLET

The available bed-mounted 120V/400W AC outlet helps you keep the action powered up, even when you’ve left civilization in your dust.

DECK RAIL SYSTEM

It’s easy to strap down your gear. The standard Deck Rail System features C-channel frames and four heavy-duty adjustable tie-down cleats, giving you the strength you need to keep your cargo secure.

Where others see an obstacle, we see a weekend.

This is where the rubber meets the dirt. With available equipment like a locking rear differential, Crawl Control (CRAWL)™ and Multi-terrain Select, the 2016 Tacoma has got the guts to help you power through some of the toughest terrain. We’re talking the same legendary capability that has helped make Toyota king of the off-road, wrapped in a rugged package built to take on almost any challenge. Your fun has no limits, and Tacoma is ready to play.

LOCKING REAR DIFFERENTIAL
TRD Off-Road models come with a standard electronically controlled locking rear differential, which distributes engine power evenly to both rear wheels so they move at the same speed, providing more grip in low-traction conditions.

CRAWL CONTROL (CRAWL)
This available advanced system automatically modulates the throttle and brakes on five low-speed settings so you can keep your focus on steering through difficult terrain.

MULTI-TERRAIN SELECT
With five modes to choose from, the available Multi-terrain Select system regulates wheelspin by automatically adjusting the engine throttle and brakes, helping improve traction.

Let’s help make every outing a safe one. Every new Tacoma comes standard with the Star Safety System™, our advanced integration of safety technologies that includes Enhanced Vehicle Stability Control (VSC), Traction Control (TRAC), Anti-lock Brake System (ABS), Electronic Brake-force Distribution (EBD), Brake Assist (BA) and Smart Stop Technology® (SST). Adding to Tacoma’s safety features are a driver and front passenger Advanced Airbag System and knee airbags, front and rear Roll-sensing Side Curtain Airbags (RSCA), and a new, stronger door structure for enhanced side-impact performance.

Peace of mind for the journey ahead.

*Cars built for the way you live.

At Toyota, we build cars for how you live. From building advanced safety features designed to help prevent crashes to driving cross-country to understand how we can make your driving experience better, our work starts with understanding your needs. Building cars for how you live also means thinking about tomorrow — from fuel efficiency and environmental innovations, to things beyond cars, like a bicycle that you can control with your mind. And because what we learn building cars can help improve lives in other places, we do things like help communities rebuild their homes quickly after a disaster and work with soup kitchens to help them serve more people faster. Toyota. Built for how you live. Together we are going places.

WARRANTIES

Every Toyota Car, Truck and SUV is built to exceptional standards. And that’s not idle boasting. We back it up with these Limited Warranty Coverages:

**Basic:** 36 months/36,000 miles (all components other than normal wear and maintenance items).

**Powertrain:** 60 months/60,000 miles (engine, transmission/transaxle, drive system, seatbelts and airbags).

**Rust-Through:** 60 months/unlimited miles (corrosion perforation of sheet metal).

**Emissions:** Coverages vary under Federal and California regulations. Refer to applicable Warranty and Maintenance Guide for details.

**Accessories:** For Genuine Toyota Accessories purchased at the time of the new vehicle purchase, the Toyota Accessory Warranty coverage is in effect for 36 months/36,000 miles from the vehicle’s in-service date, which is the same coverage as the Toyota New Vehicle Limited Warranty.

For Genuine Toyota Accessories purchased after the new vehicle purchase the coverage is 12 months, regardless of mileage, from the date the accessory was installed on the vehicle, or the remainder of any applicable new vehicle warranty, whichever provides greater coverage, with the exception of car covers. Car covers are warranted for 12 months from the date of purchase and do not assume any coverage under the Toyota New Vehicle Limited Warranty. You may be eligible for transportation assistance if it’s necessary that your vehicle be kept overnight for repairs covered under warranty. Please see your authorized Toyota dealership for further details.

For complete details about Toyota’s warranties, please visit www.toyota.com, refer to the applicable Warranty and Maintenance Guide or see your Toyota dealer.
