ADVANCED TECHNOLOGY EARNED TITLES, NOW IT'S EARNING RESPECT.

Last year, Tundra won the titles Truck of the Year,* 4x4 of the Year** and was named Best Full-Size Pickup in Initial Quality.† This year could be your year to take possession of advanced technology with formidable i-FORCE V8 power and torque. Your year for truly awesome payload and towing capabilities. The year when frame strength and technological advancements put Tundra squarely into work and driving situations you wouldn’t attempt with lesser trucks. Last year it earned titles. This year it earns your respect. Tundra for your year: 2001.

**4-Wheel & Off-Road magazine, February 2000.
†The Toyota Tundra was the highest ranked Full-Size Pickup in J.D. Power and Associates 2000 Initial Quality Study. Study based on a total 47,909 consumer responses indicating owner-reported problems during the first 90 days of ownership.

*Shown with available equipment.
**The Toyota driver and front passenger air bags are a Supplemental Restraint System (SRS) designed to inflate in a severe frontal collision. In all other accidents, seatbelts offer primary protection, and the air bags will not inflate. Do not sit or place objects close to an air bag. To minimize the risk of severe injury or death in all types of crashes, seatbelts must be worn at all times by all vehicle occupants. Do not use a rearward-facing child seat in any front passenger seat. The force of a deploying air bag SRS may cause serious injury or death. For more information on air bags and instructions on child seat usage, see the Owner’s Manual.
Options and Packages
