The California
There is simply no surpassing the California.

**Low fuel consumption.**
Thanks to the state-of-the-art engine generation.

**Efficient BlueMotion Technology.**
Standard for all engines.

**Unique drive concept.**
Combination of 4MOTION all-wheel drive and dual clutch gearbox DSG.\(^1\), \(^2\)

**Most off-road-ready vehicle in its class.**
4MOTION all-wheel drive\(^1\), Hill Descent Assist and mechanical differential lock.\(^1\)

**Advanced driver assistance systems.**
From ACC\(^1\) to “Front Assist”\(^1\) and “Light Assist”\(^1\) to the Automatic Post-Collision Braking System.

**State-of-the-art infotainment systems.**\(^1\)
Intuitive operation, intelligent functions, best connectivity.

**Innovative mobile online services.**\(^1\)

**Versatile travel and leisure vehicle.**
Ideal vehicle for both travelling and driving in the city.

**High-quality interior finish.**
With standard elevating roof and four adequately sized beds.

**Highest level of customisation in its class.**
Three equipment lines and numerous engine-transmission combinations.

**Proven Volkswagen quality.**
Durable materials and high-quality workmanship.

\(^1\) Option at extra charge.  \(^2\) Not available for all engine options.
Please contact your local Volkswagen dealer for details of the standard equipment and optional extras applicable in your country.
Wherever your travels take you, with the California you are always on the right track, enjoying the best time of the year in its uniquely cozy atmosphere. You will feel right at home in the California, our goal is to draw you by its high-quality interior equipment and latest infotainment systems, as well as the sharp new exterior design. The advanced driver assistance systems and highly efficient engines prove their worth, not only on longer journeys, but in everyday life too. And with the California Coast you can now choose from three equipment lines. This makes the California an easy choice.

At home on the road: The California Beach, Coast and Ocean.
Welcome to the Hotel California.
The California will make a big impact no matter how you look at it. The distinct design puts even the most breathtaking of landscapes in the shade. Bold front headlights (fig. 01) and taillights (fig. 02) – available with high-efficiency LEDs upon request – turn every drive into an adventure. Add to the pleasure of driving in the great outdoors with the optional 18-inch “Springfield” alloy wheels, the extensive selection of solid, metallic, effect and two-tone paint finishes.

Illustration includes option at extra charge. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras applicable in your country.

Views that are magnificent from every angle.
A striking design for a very special impression.
With the high-quality interior, you might find yourself spending more time in the California than outside. It’s almost too attractive and comfortable to leave. A clear arrangement awaits you whenever you look in the cockpit — thanks to the de luxe dash panel 1) with its many practical compartments and storage options. The radio system and optional navigation system, as well as numerous other functions, can be operated via the buttons of the optional leather-trim multifunction steering wheel. An unimpeded walkway between the cockpit and the living area offers you unrivalled access and convenience. The comfortable front seats, each with two armrests, can be swivelled up to 180 degrees when the vehicle is at a standstill (fig. 01). 2)

Unbeatable quality no matter where you’re sitting.

That special feeling of home in the most remote of places.

1) As standard in the California Coast and Ocean, optional at extra charge in the Beach. 2) When the handbrake is on, the swivelling angle in this case cannot be limited. 3) Illustration includes optional extra charge. 4) Please contact your local Volkswagen dealer for details of the standard equipment and optional extras applicable in your country.
A great night’s sleeping comfort on two floors.

Four adequately sized beds as standard.

As night falls all around, the atmosphere inside is especially cosy. You can then transform the California into your own cozy bedroom with up to four beds in just a few easy steps: two persons in the lower level on the folded 2-seater bench seat and another two in the upper level on the 1.20 m x 2.00 m slatted bed frame with the foam mattress (fig. 01). The LED lights in the standard tilting roof and in the tailgate* provide excellent illumination and are operated by easy-to-reach switches. The living and driving compartments can be blocked out with the help of window blinds, and fresh air can circulate through the sliding window. Get ready: in the California, the term “night owl” takes on a whole new meaning.

*As standard in the California Ocean, option at extra charge in the Beach and Coast. Standard includes option at extra charge. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras applicable in your country.
A vibrant world on board.

More fun with the latest infotainment systems.

Experience the freedom in the California – while driving is touch. Whether it’s unplanned routes, real-time traffic information or your favourite music: the infotainment systems keep you and your fellow travellers connected to all your travelling essentials. For example, the touchscreen display in the optional navigation system features intuitive controls and a good overview of all the information you need. For even greater levels of comfort, the infotainment system is available with numerous optional online services from Car-Net and CarAuto. Further information is available on page 68 or www.volkswagen-commercial-vehicles-car-net.com.

1) Car-Net App-Connect. With this function, compatible apps from your smartphone can be used while driving. The screen of your smartphone will be mirrored onto the radio or navigation system’s display via the USB port and controlled using the touch screen.

2) Volkswagen Media Control. Turn your smartphone or tablet into a remote control for the navigation system and control the audio system using a wireless connection from the comfort of the passenger compartment. Or, for instance, mirror a navigation route from your tablet onto the colour touch screen display.

3) Only available in conjunction with the “Discover Media” and “Discover Media Plus” navigation systems. From the fourth year, usage carries an extra charge. In order to establish an Internet connection, the customer will require their own mobile wireless router (e.g. a smartphone with Hotspot capability) or a suitable USB dongle (e.g. Volkswagen CarStick) that works with their own SIM card with an Internet data tariff. Further information is available on page 68 or www.volkswagen-commercial-vehicles-car-net.com.

4) The driver is obliged by law not to operate the Volkswagen Media Control functions while driving. When the handbrake is on, the swivelling seats in the cab cannot be turned.

Illustration includes option...
It’s anything but risky: your safety in the California. Safety systems that are prepared for almost anything.

Electronic Stabilisation Programme: Prevents under- or over-steering via targeted braking of individual wheels. *(BE | CO | OC)*

Anti-lock braking system (ABS): Prevents wheel block and, thus, maintains manoeuvrability. *(BE | CO | OC)*

Tractive control system (ASR): Prevents wheel spin. *(BE | CO | OC)*

Electronic differential lock (EDL): Distributes the engine torque to the tyres without slippage. *(BE | CO | OC)*

Airbags: Provide the best possible protection in the event of head-on and side impacts as standard. The front passenger airbag can be deactivated using the vehicle key where a child seat is fitted. *(BE | CO | OC)*

Seat belt warning: If the seat belts are not fastened, the seat belt warning reminds the driver to fasten the seat belt with a visual warning when the engine is started, and an acoustic warning after setting off. *(BE | CO | OC)*

Automatic Post-Collision Braking System: Triggers braking after a collision with the aim of preventing secondary collisions. The Automatic Post-Collision Braking System activates when two independent sensors detect an accident. After a short delay, the vehicle begins an accelerated braking action down to 10 km/h, during which the driver can take over at any time. *(BE | CO | OC)*

It is nice to have a travel companion you can rely on. With the California you have a partner at your side to look after you and your fellow travellers. As a result, you can feel safe in almost every situation, even in the most difficult of driving conditions.

Support in critical situations.

Advanced driver assistance systems.

Driven Alert System. A visual and acoustic warning is automatically activated when the driver takes a break as soon as it registers driving behaviour that indicates tiredness.

- BE | CO | OC

Brake assistance. Registers the speed at which the brake pedal is pressed. During a reflexive or emergency braking action, it ensures that full brake pressure is built up more quickly.

- BE | CO | OC

Daytime running lights. Switches on automatically when the ignition is activated and lowers the risk of an accident in daylight.

- BE | CO | OC

Lane change assist “Side Assist”. 2) Displays a warning signal in the door mirror if one of the system’s sensors registers a vehicle in the blind spot when changing lanes.

- BE | CO | OC

“Front Assist” ambient traffic monitoring system.

2), 3) Uses a radar system to detect situations where the distance to the vehicle in front is critical, and reduces the vehicle’s stopping distance. In dangerous situations, the system sends the driver visual and acoustic warning signals, and with a warning jolt of the brakes.

- BE | CO | OC

“Rear View” reversing camera. Simplifies parking by having a limited view of the area behind the vehicle on the display of the radio or navigation system. Additional static guidelines facilitate the parking process.

- BE | CO | OC

Fog lights with integrated static cornering light.

Ensures optimal visibility in poor weather conditions. The headlight nearest to the corner illuminates the roadside when turning.

- BE | CO | OC

Adaptive Cruise Control ACC. Automatically adapts the vehicle’s speed to that of the vehicle driving in front and maintains the distance set by the driver. At the same time, it remains within the set speed. Includes the “Front Assist” ambient traffic monitoring system.

- BE | CO | OC

High-beam assistant “Light Assist”. Automatically dips the headlights for oncoming vehicles or vehicles travelling ahead before they are dazzled. Above 60 km/h and in complete darkness, the system automatically switches on the high-beam headlights.

- BE | CO | OC

Driver assistance systems

Advanced driver assistance systems and the driver in the event of critical situations by being alerted, temporarily assume break and engine control, and thus increase the danger when in road traffic.

1) Depending on the version of the radio system
2) While the radio in the system
3) Up to 30 km/h

Please consult your local Volkswagen dealer for details of the standard equipment and optional extras applicable in your country.
State-of-the-art engines with low fuel consumption.

Each engine offers particularly low fuel consumption and maximum driving pleasure at the same time. This results in a low average consumption of 6.2 l/100 km with average CO₂ emissions of 162 g/km. The 2.0 l TDI engine with 150 kW is particularly powerful, while also boasting low fuel consumption. If you prefer petrol engines, you have the choice between a 2.0 l TSI engine with 110 kW and the 2.0 l TSI engine with 150 kW. Both engine options are equipped with a direct injection system and an exhaust turbocharger.

Illustration includes option at extra cost.

Fill up the tank without emptying your pockets.

Dual clutch gearbox DSG (not illustrated). The optional 7-speed dual clutch gearbox (DSG) permits fully automatic, almost imperceptible gear changes with no interruption in power flow, which results in significantly increased driving comfort. You can choose between normal and sport mode.

DCC adaptive chassis control (not illustrated). The optional DCC adaptive chassis control improves vehicle handling and can be adjusted to your favourite setting at the touch of a button, simply choose from NORMAL, SPORT or COMFORT.
Volkswagen models with BlueMotion Technology are in line with the “Think Blue” concept: that is why every single one of the state-of-the-art Euro 6 engines is equipped with a start/stop system, regenerative braking, Hill Start Assist and roll resistance-optimised tyres.

Technologies that save fuel too.

BlueMotion Technology as standard.

01 Start/stop system. After shifting into neutral and releasing the clutch*, the engine is switched off automatically, e.g. at red traffic lights. To start the engine again, it is enough to step on the clutch.

Regenerative braking (not illustrated). This recharges the vehicle’s battery during overrun and braking phases, thereby reducing strain on the engine and reducing fuel consumption.

Roll resistance-optimised tyres (not illustrated). The California makes contact with the road via roll resistance-optimised tyres. Low rolling resistance reduces fuel consumption, and with it, CO₂ emissions.

California Beach, 2.0 l TDI engine with 110 kW, fuel consumption in l/100 km: urban from 7.9 to 6.8, extra-urban from 6.1...
Mechanical Differential Lock.

The mechanical differential lock is optionally available for the rear axle together in conjunction with the optional 4MOTION all-wheel drive. This makes starting up in adverse conditions, such as driving off-road, much easier.

4MOTION all-wheel drive and 7-speed dual clutch gearbox DSG.*

The California is the only vehicle in its class available with the optional 4MOTION all-wheel drive and optional 7-speed dual clutch gearbox DSG. Enjoy added driving comfort when navigating mountainous terrain thanks to fully automatic gear changes.

Hill Descent Assist.

This optional system allows you to drive down slopes in a safe, controlled way, thanks to the engine management’s ability to govern the engine speed, and apply the brakes if necessary. The vehicle’s speed is maintained at a constant crawling pace without the driver having to intervene.

Conquers almost all terrains together with you.

Unique combination of the 4MOTION all-wheel drive and dual clutch gearbox DSG.

*Not available for all engine options. Illustrated includes option at extra charge. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras applicable in your country.
What began with the VW camper as a rolling symbol for independence and freedom, has become a true home on four wheels in the California. There is no better way to add to the success story of a legend. And no better way to express your current attitude to life.

Know where you come from.
No matter where you want to go.

One of the most popular travel and recreation vehicles for generations.

Illustration includes option at extra charge. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras applicable in your country.
The California Beach.

The California Coast.

The California Ocean.

At home on twelve wheels.

The California stands for boundless freedom—at three equipment lines. Four standard seats, two comfortable beds and a fully functional kitchenette provide maximum comfort in a small space. What makes the California so special is the cozy, feel-good atmosphere that you usually only find in your own home.

For White Wood in the California Coast and Dark Wood in the California Ocean, illustration includes option at extra charge. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras applicable in your country.
Those who love the joys of nature can experience them up close in the California Beach – seen here in the optional, solid paint finish, Grape Yellow, available exclusively for the Beach. Spend the night on the beach under the standard elevating roof and Alpine Grey folding fabric before surfing perfect waves the next day.

The California Beach.

Illustration includes option at extra charge. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras applicable in your country.
The four standard seats – upholstered with easy-to-clean "Pilion"* fabric – can be optionally complemented with up to three further seats, which turns the California Beach into a fully fledged 7-seater. Folding down the 2-seater bench seat creates a comfortable sleeping surface measuring 1.50 m x 2.00 m. The 2-seater bench seat is both removable and has an almost infinite slide sliding adjustment – perfect for transporting large loads. The camping table and chairs can be set up outside (fig. 01) – and stowed neatly away to save space when not being used (fig. 02).

Space for plenty of luggage and a bed measuring 1.50 m x 2.00 m.

*Also available with "Kutamo" cloth seat upholstery in combination with the optional 3-seater bench seat.

Please refer to pages 40–41 for an overview of the standard equipment.
Feel at home: all together under one roof and cooking as the mood strikes. For those who do not want to go without their favourite food while on the road, the California Coast boasts a fully functional kitchenette, which includes refrigerator and a compact washer/dryer. The optional Acapulco Blue metallic paint finish matches the clear blue skies when driving on a beautiful day. An optional awning provides pleasant shade on hot, sunny days and expands the living space outside.

The California Coast.
Just like at home: everyone meets in the kitchen.

Holidaying in the great outdoors works up an appetite. How incredibly handy when you can whip up something tasty in a jiffy. Provisions can be stored in the roomy compressor cool box and cooked on the twin-burner gas-stove (fig. 01). Afterwards, you can wash up the camping dishes at the sink. The kitchen storage cupboard, wardrobe, a rear cupboard and a ceiling storage box offer more than enough storage room. All fitted cupboards feature robust lightweight aluminium construction and a White Wood decor. The 2-seater bench seat can be folded down to create a sleeping surface, measuring 1.14 m x 2.00 m, and like the front seats, is upholstered with the “Visitamo” cloth. With just a few adjustments you can gain access to the upper two beds (fig. 02).

Please refer to pages 40–41 for an overview of the standard equipment.

When the handbrake is on, the swivelling seats in the cab cannot be turned. 

Illustration includes option at extra charge. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras applicable in your country.
The perfect moment belongs to the right time and place. The California Ocean – seen here in the optional metallic paint finish, Mojave Beige – is the perfect camper van to capture such moments. The fully functional kitchenette and built-in cupboards in Dark Wood decor or, optionally, White Wood decor, as well as the high-quality and extensive standard equipment, make sure that the journey is almost as beautiful as the destination.

The California Ocean.

Illustration includes option at extra charge. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras applicable in your country.
Reflecting on the day’s best moments – in the California Ocean you can enjoy this ritual in style on seats and beds upholstered in the high-quality “Valley” material. The double-glazed windows in the living area keep it warmer for longer inside when the temperature outside has dropped. A handy storage compartment under the rear bench seat can be used for all kinds of small and medium-sized travelling paraphernalia needed during the journey (fig. 01). And when it is time to retire to bed, you can conveniently open out the electro-hydraulic elevating roof with the push of a button from the central control console (fig. 02).

The ideal camper van leaves nothing to be desired.

Please refer to pages 40–41 for an overview of the standard equipment.

When the handbrake is on, the swivelling seats in the cab cannot be turned.  
Illustration includes option at extra charge.  
Please contact your local Volkswagen dealer for details of the standard equipment and optional extras applicable in your country.
The California

Depending on the engine/gearbox combination. Illustration includes option at extra charge. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras applicable in your country.

Canvas sides: Alpine Grey

Illustration includes option at extra charge.

(1) Only available in conjunction with the de luxe dash panel.
(2) Only available for selected exterior paint finishes.

The illustrations on these pages can only be regarded as a general guide as the printing process cannot render the colours with absolute accuracy.

Please contact your local Volkswagen dealer for details of the standard equipment and optional extras applicable in your country.
Bringing wonderful colour to the road. The California Ocean

Red, Blue and Grey.

The California special edition models Ocean Red, Ocean Blue and Ocean Grey give your wanderlust fresh colour. With coloured canvas sides in Strawberry Red, Glacier Blue and Alpine Grey, perfectly coordinated with the vehicle’s paint finish, they enhance the landscape of the most beautiful travel routes. Two other highlights, literally, are the LED headlights and the entry light with model designation lettering. The tinted privacy glass, the seat upholstery in Alcantara1) Moonrock, the decorative inserts in Black Glossy2) and the wood look floor create a unique ambience in the interior.

EXTERIOR – Canvas sides in Strawberry Red for the California Ocean Red – Canvas sides in Glacier Blue for the California Ocean Blue – Canvas sides in Alpine Grey for the California Ocean Grey – 17-inch “Devonport” alloy wheels3) – LED headlights – Tinted LED tail lights – Chrome package – Privacy glass – Lettering with model designation on both sides of the vehicle

INTERIOR – Alcantara seat upholstery in Moonrock 1) – Decorative inserts in Black Glossy 2) – Wood look floor in Dark Wood (fig. 01) or White Wood (fig. 02) in the passenger compartment, matching the decor of the kitchenette cabinets (also available as an option for the California Coast and California Grey) – Step illumination with model designation lettering

FUNCTION – Light and Sight package – California interior lighting concept with deluxe lighting in driver’s side and passenger compartment incl. lighting in the elevating roof and the tailgate

The California special edition models Ocean Red, Ocean Blue and Ocean Grey are based on the California Ocean. Please refer to pages 40 – 41 for more standard equipment features of the California Ocean.

Optional two-tone paint finishes

The California Edition is based on the California Beach, Coast or Ocean. Please refer to pages 40 – 41 for more standard equipment features of the California Beach, Coast and Ocean.

Sometime it’s good to see the world in black and white. The California Edition.

Whenever your journey takes you, you can be sure that you look sporty and chic while getting there. Exclusive paint finishes are complemented by black surfaces and add-on parts – including the roof, the exterior mirror caps, the side panels with “Edition” lettering, and the section underneath the front bumper. The 17-inch “Cascavel” alloy wheels in black round off the unique look perfectly. The privacy glass protects you from prying eyes and the sun’s strong rays. The California Edition is available in three levels – the California Beach Edition, the Coast Edition, and the Ocean Edition.
The system consists of a TFT monochrome interface, a USB port, and a Bluetooth loudspeakers, an SD-card slot, an AUX-IN display, a 4 x 20 watt output with four standard equipment.

Optional extra | BE | CO | OC

01 Beach | CO | BE | OC | radio reception.

02| BE | CO | OC | dual tuner with phase diversity for optimum connection for mobile telephones, and a dual tuner with phase diversity for optimum radio reception.

03| BE | CO | OC | works with their own SIM card with an Internet data tariff.

04| BE | CO | OC | only available in conjunction with the "Composition Colour" radio system.

05| BE | CO | OC | only available in conjunction with the "Composition Colour" radio system.

06| BE | CO | OC | works with their own SIM card with an Internet data tariff.

07 Electr

08 Power outlet (not illustrated). Provides access to mobile online services, like Car Net Guide & Info, even while the vehicle has its own internet access. The USB port, which is also located in the compartment, is an internet-compatible smartphone.

09| BE | CO | OC | only available in conjunction with the "Composition Colour" radio system.

10| BE | CO | OC | only available in conjunction with the "Composition Colour" radio system.

11| BE | CO | OC | only available in conjunction with the "Composition Colour" radio system.

12| BE | CO | OC | only available in conjunction with the "Composition Colour" radio system.
01 Flexible worktop. *The movable table is suspended on the kitchen unit and can be opened when the seat/sleeping surface is pulled forward.

02 Double socket inside vehicle. **A 12 V system is available.

03 Sink/stove kitchen unit. The 2-burner hob with piezo ignition is on the left, and to the stainless steel sink with removable washing-up bowl. Both feature a glass cover. The water supply complies with directive DIN 2001-2. [BD | BC | OC]

04 Countertop. The top-loading compressor cool box with a basket insert is on the left-hand side of the kitchen unit. It has a capacity of 42 litres and keeps groceries fresh in minutes, and requires very little storage space. [BE | CO | OC]

05 Wardrobe. Built in wardrobe and shelf fittings are located at the back of the living area. Both are easily reached via a practical hinged cover and a roller shutter. [BD | BC | OC]

06 Rear cupboard with gas bottle holder. A 2.8 kg camping GAZ cylinder for cooking is pulled forward. It can be reached easily from a sitting or lying position. [BE | CO | OC]

07 Ceiling storage box. Above the bench seat backrest is a fold-down roof storage box. It can be stored in the rear cupboard to save space. Initial equipment with a gas bottle is optionally available. [BD | BC | OC]

08 Cup holder. The cup holder is hung on a special bracket on the side of the kitchen cupboard (California Coast and Ocean) or on the left side panel rail (Beach). [BD | BC | OC]

09 Bed, upper. The bed in the first storey measures 1.20 m x 2.00 m. A slatted frame improves sleeping comfort. The mattress overlay can be packed up in a basket insert. Which, together with the multiflex board, creates an additional storage surface. The seat can be folded down, they fit flush with the window pillars to ensure that the windows are completely screened. [BD | BC | OC]

10 Bed, lower. A multiflex board is available for the California Beach in conjunction with a 3-seater bench seat. It can be secured to the rail system, provides a divider for the boot space, and creates an additional storage space. [BD | BC | OC]

11 De luxe mattress overlay. It covers up crevices and small irregularities, thus significantly enhancing your sleeping comfort. The mattress overlay can be fastened up in a matter of minutes, and requires very little storage space. [BD | BC | OC]

12 Roller shutter. The opening between the cab and upper berth can be closed with a roller shutter when not being used. [BD | BC | OC]

13 Multiflex board. A multiflex board is available for the California Beach in conjunction with a 3-seater bench seat. It can be secured to the rail system, provides a divider for the boot space, and creates an additional storage surface. The seat can be folded down, it sits flush with the sleeping surface which, together with the multiflex board, measures 1.50 m x 1.83 m. [BD | BC | OC]

14 Shades in cab. The blinds are housed in the roof frame trim. When pulled down, they fit flush with the window pillars to ensure that the windows are completely screened. [BD | BC | OC]

15 Shades in living area. The front window can be blacked out by two blinds in the California Coast and Ocean, and by a framed fabric blind in the California Beach. Snap-in shades cover the side window in all three models. [BD | BC | OC]

California interior lighting concept with de luxe lighting in driver’s cab and passenger compartment and lighting in the elevating roof and the luggage port areas. Enjoy the cosy atmosphere of the interior thanks to the indirect lighting. The following components are provided with suitable deep opening levers, upper storage compartments in the cab doors, front panel and passenger compartment, in the elevating roof and in the luggage area. [BD | BC | OC]

*When the handbrake is on, the swivelling seats in the cab cannot be turned. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras applicable in your country.
In the California Beach, the rear bench seat with two optional single seats (not illustrated). This option for the California Beach provides comfortable seating for two in the passenger compartment, making the California Beach a fully fledged 7-seater.

A roomy drawer under the rear bench seat is then omitted. The standard stowage compartment, making the California Beach a fully fledged 7-seater.

The storage compartment (not illustrated). A net pocket in access opening to the roof with cooling function. The sealed and cooled additional seat with comfortable armrests, fully, leaves, has height adjustment and can be removed. It features a 3-point seat belt and ISOFIX mounting points. Cannot be supplied for the California with WSD+C. The standard stowage compartment with pading in the roof. Small items such as books and reading glasses can be stowed here. If a second seating row.

The ergonomic seats for the driver and front passenger are equipped with armrests and lumbar support. They offer good lateral support and can be rotated through approx. 180°. The lumbar support is available with the optional multiflex board, measures 135 x 140 x 190 mm. The standard storage compartment with cooling function is fitted on the left next to the rear bench seat instead of the standard throughloading separation (not illustrated). An electric 12-way seat adjustment (not illustrated). The table is easy to put up indoors or outdoors, and provides plenty of space for breakfast, supper and games. After use, it can be put away in the sliding door lining to save space.

The horizontal lines of the exterior design are mirrored inside by horizontal lines of the interior layout provides seating for three in the rear passenger compartment of the California Beach. The seat can be folded down to make a sleeping surface which, together with the optional multiflex board, measures 1.50 x 1.83 m. The standard stowage compartment with cooling function is fitted on the left next to the rear bench seat instead of the standard throughloading separation (not illustrated). An electric 12-way seat adjustment (not illustrated). The table is easy to put up indoors or outdoors, and provides plenty of space for breakfast, supper and games. After use, it can be put away in the sliding door lining to save space.
Light and light package (not illustrated). Designed to improve visibility, this package consists of an automatically dimming rear view mirror, which protects against dazzling from traffic to the rear, and a rain sensor, which activate the windshield wipers. The strong light assistant with “turning home” and “leaving home” function clarifies the area around the vehicle for improved safety and convenience.

Auxiliary heating system. This works independently of the heating and ventilation systems, and can be controlled via the central console or remote control. An auxiliary water heater is also available as an option for the Beach.

Heated rear window (not illustrated). Makes it easier to see the rear view in damp and cold weather.

Heated windshield (not illustrated). Heating elements in the windshield to ensure good visibility in the front view in damp and cold weather.

Seat heating (not illustrated). Desired level of warmth can be controlled separately for the driver and front passenger seats.

Front roof window. The electro-hydraulic elevating roof can be fitted with a semicircular window for the Beach. So you can just have to raise your head in the morning and enjoy the sunrise.

Magnetic torch. It has two brightness settings, can be attached to metal surfaces, and helps you to find your way in the dark. The torch can be charged via the docking station as the first passenger's seat. Here it also serves as a footwell light.

Mini reading light. The handy LED lamp can be charged during the journey in the cigarette lighter or, for example, in the 12 V socket on the instrument panel, so that it is always ready to use.

Leather-covered multifunction steering wheel with paddles (not illustrated). In vehicles featuring the dual clutch gearbox DSG the paddles enable sporty gear changes.

Anti-theft warning system (not illustrated). Acoustic and visual signals warn of unauthorized entry. The system is also available with interior monitoring. It can be deactivated via a separate switch if necessary.

Leather-covered multifunction steering wheel. Adjustable height and reach provide excellent grip. It is also extremely user-friendly. The radio or navigation system, a mobile phone or the cruise control can be controlled using its buttons.

Leather-covered multifunction steering wheel. The 7-speed dual clutch gearbox DSG permits fully automatic, almost imperceptible gear changing with no interruption in power flow, which results in significantly increased comfort.

Interior and comfort.

01 Tailgate spotlights. Two LED lamps on the inside of the tailgate provide more light in the living compartment when it is dark outside. When the tailgate is open, the luggage area remains free behind the tailgate. The dimmable interior lighting and underfloor lighting...

04 Dual clutch gearbox DSG. The 7-speed dual clutch gearbox DSG permits fully automatic, almost imperceptible gear changing with no interruption in power flow, which results in significantly increased comfort. You can choose between normal and sport mode.

05 Leather-covered multifunction steering wheel. Adjustable height and reach provide excellent grip. It is also extremely user-friendly. The radio or navigation system, a mobile phone or the cruise control can be controlled using its buttons.

06 Auxiliary heating system. This works independently of the heating and ventilation systems, and can be controlled via the central console or remote control. An auxiliary water heater is also available as an option for the Beach.

07 "Air Care Climatronic" air conditioning. This system offers 3-zone temperature control for the driver, front passenger and passengers in the passenger compartment. It recognizes the intensity of the sun's rays and the outside temperature, and adds more or less cool air accordingly. The automatic air recirculation function, the air quality sensor, additional air vents in the roof lining of the rear passenger compartment and an auxiliary heater create a pleasant interior climate. The coating of the new allergen filter also keeps out substances such as pollen and spores which may trigger allergies.

08 "Climatic" air conditioning. This semi-automatic air conditioning system has an interior sensor, and constantly compares the interior temperature with the desired temperature in the cab. It also provides optimal air distribution in the passenger compartment.

09 Front roof window. The electro-hydraulic elevating roof can be fitted with a semicircular window at the front. So you can just have to raise your head in the morning and enjoy the sunrise.

Standard equipment

LED tail lights. Modern LED technology gives the side and braking lights an attractive lighting signature and also optimises visibility.

Headlight cleaning system. When the low- or high-beam headlights are turned on, the headlight housing glass is washed with every fifth window wipe. (not illustrated)

LED number plate light holder (not illustrated). Standard feature in all three equipment ranges.

“Ball badge”. The “Ball badge” is available as an alternative to the model designation lettering at the rear. It is lockable, removable and at the rear axle differential, an underride guard for the rear axle. It is available for all California models with 4MOTION all-wheel drive.

The California Beach

1) Not in the California Beach.

2) May result in longer delivery periods. 

3) Illustration shows Caravelle.

Please contact your local Volkswagen dealer for details of the standard equipment and optional extras applicable in your country.
### The Wheels.

Winter tyres (not illustrated). Winter tyres are available for the 16-inch and 17-inch steel wheels. This additional type set significantly improves driving characteristics in very dry, very wet and slushy, braking distances on slippery surfaces.

Roll resistance-optimised tyres (not illustrated). All wheels have roll resistance-optimised tyres as a BlueMotion Technology measure. Low rolling resistance reduces fuel consumption, and with it, CO₂ emissions.

1) Depending on the engine/gearbox combination.     2) In conjunction with a two-tone paint finish only the Reflex Silver/Acapulco Blue combination is available with the two-tone paint finish. Please contact your local Volkswagen dealer for details of the standard equipment and optional extras applicable in your country.

### Special equipment.

Upon request you can also adapt the California to your own personal needs. The special equipment shown here can be ordered from your Commercial Vehicles dealership. All components have been custom-designed to fit the California perfectly and are expertly installed at our factory. For further information, please contact our customer support team for special vehicles.

#### 01 Raised vehicle body. By increasing the ground clearance by 30 mm, the risk of scraping the vehicle is reduced and the vehicle is even more suitable for off-road driving. The higher vehicle body includes new springs and shock absorbers, complemented by wheel alignment for fine tuning.*

#### 02 Carpet inset. The velour carpet, which is specially adapted to the shape of the interior, is very durable and especially easy to clean with a vacuum cleaner. A non-slip coating in the reverse side ensures a secure hold and durability.*

#### 03 Storage pockets for the boot. With a well thought-out allocation of space, these pockets provide lots of storage space for all kinds of paraphernalia. They come in various sizes and are attached to the backrests of the driver and passenger seats. The high-quality storage pockets in “Leather Moonrock” (Coast, Ocean) and “Pilion Moonrock” (Beach) create a homely feel.*

#### 04 Storage pockets for the “cupboard window”. The lower of the two pockets is padded and has elastic straps, e.g. for four typical spice jars.*

#### 05 Storage pocket for the bench seat. It helps to keep things tidy on the sliding door side of the bench seat.*

#### 06 Fire extinguisher. To make sure it is in particularly easy reach, the fire extinguisher is stored to the left of the seat base for the front passenger seat. It is fitted with a pressure gauge and has a 2 kg capacity.*

* May result in longer delivery periods. Customer support for special vehicles, telephone: +49 (0)180 3 798 798 (0.09 €/min). Email: kundenbetreuung.spezialfahrzeuge@volkswagen.de, Office hours: Mon.–Fri. 8:00 am – 6:00 pm.

### General Information.

Return and recycling of end-of-life vehicles.

Volkswagen meets the challenges of modern society and takes them into consideration in all new products of the Volkswagen brand. This naturally also applies to protection of the environment and resources. All new Volkswagen vehicles carry, therefore, be recycled in an environmentally-friendly way, subject to fulfilment of legal prerequisites, can be returned free of charge. You can obtain further details on the return and recycling of end-of-life vehicles from your local Volkswagen Commercial Vehicles Dealer, on our website at www.volkswagen.com or under the telephone number 0800-VOLKSWAGEN (0800-8655792436), which is free of charge in the Federal Republic of Germany.

DSG®, TDI® and 4MOTION® are registered trademarks of Volkswagen AG and other companies in the Volkswagen Group in Germany and in other countries. The fact that a trademarked name is not shown with an ® sign in this document cannot be interpreted to mean that this is not a registered trademark and/or that it may be used without prior approval in writing from Volkswagen AG.

Some of the vehicles shown are equipped with options at extra charge. The decoration shown in the illustrations is not included in the standard specification.

The standard and optional equipment cannot be shown in full in this brochure. Some options may result in longer delivery periods for the vehicle.

Efficiency classes apply only to passenger car models.

Quality guaranteed.

In addition to the statutory warranty, you receive a 2-year Volkswagen guarantee for all new Volkswagen vehicles, a 3-year guarantee for paintwork, and a 12-year guarantee against rusting through. All details regarding the Volkswagen guarantee and the Volkswagen paintwork guarantee apply solely to vehicles of the Volkswagen brand in accordance with the current range of vehicles offered for the Federal Republic of Germany, and which are issued with a service booklet from Volkswagen AG for the German market.

The data given here on specifications, equipment, appearance, technical data, and operating costs of the vehicles is based on the features of the German market and is in accordance with the information available at the time of going to print. Your Volkswagen Commercial Vehicles Dealer will be pleased to inform you of the differences in your specific country. Subject to change without notice.
The California is a comfortable passenger leisure vehicle and camper van for everyday use that leaves nothing to be desired. Volkswagen Accessories, you can count on further additions to the functions and capabilities of your vehicle and adapt the vehicle according to your needs. The equipment lines have been developed through close cooperation with our Development and Design Departments, preserving top quality, and are only available at your Volkswagen dealer. So everything fits nicely together.

1 Wind and rain deflector. When driving with the window slightly open, the deflector effectively reduces spray and wind noise. It also offers protection for when the sun shines from the side. The deflector’s shape is an exact match to the vehicle and can be attached without drilling or adhesives.

2 Travel and comfort system. This consists of a basic module, which is secured between the headrests of the front seats, and several auxiliary modules: there is a tablet holder for a Samsung Galaxy, a second to fourth generation iPad, a first generation iPad Air and an iPad Mini. There is also a folding table with a cup holder, a clothes hanger and a sturdy bag holder, a clothes hanger and a sturdy bag. The auxiliary modules can simply be attached to the basic module and are easily interchangeable.

3 Tailgate tent. The tent is made of flame retardant, wind-resistant material, and can be fitted easily and quickly to the open tailgate. It is very versatile, e.g. as a living room extension, as a shower or toilet cabin, for weather protection or for improving ventilation in the sleeping area during the summer months. The removable tunnel entrance has a mosquito window that can be sealed.

4 Basic carrier. 1) A lockable, city-crash-tested basic carrier made of anodised aluminium profile bars is available for the California. It is designed for a load of up to 60 kg, and can be fitted with different carrier systems.

5 Roof box. 1) The large boxes in Black high-gloss are easy to open and have a capacity of either 340 or 460 litres. The DuoLift system makes the boxes easy to open from either side. Both boxes can be comfortably sealed with 3-point central locking.

6 Ski and snowboard holder. 1) The lockable ski holder can be fitted to the basic carrier, and allows you to transport up to six pairs of skis, four snowboards or one wakeboard. The wide opening buttons and convenient pull-out function make loading and unloading as easy as possible even with thick gloves.

7 Bicycle carrier. 1) This custom-fit bicycle carrier transports four bicycles safely on the tailgate. The easy-to-secure frame is made from anodised aluminium profile and can carry up to 60 kg. The sliding bicycle bars, attachment arms that can be removed when the bicycle carrier is fitted and no bikes are attached, are particularly handy when loading. The tailgate can still be opened easily and unloading as easy as possible even with thick gloves.

8 G0 infant seat plus ISOFix. Offers a high level of comfort and optimum protection for newborns and infants up to 15 months old (or weighing up to 13 kg). The easy-to-use frame is made from anodised aluminium profile and can carry up to 60 kg. The sliding bicycle bars, attachment arms that can be removed when the bicycle carrier is fitted and no bikes are attached, are particularly handy when loading. The tailgate can still be opened easily and unloading as easy as possible even with thick gloves.

9 G1 ISOFIX DUO child seat plus Top Tether. This comfortable seat system offers optimal support for children from 3 years up to 15 years old (or 15 to 36 kg). The seat is secured to the ISOFix mounting points on the vehicle. The child is strapped in using the 3-point seat belt. The backrest is guaranteed a safe and comfortable journey. The seat is attached using the vehicle’s ISOFix mounting points. The child is strapped in using the 3-point seat belt. The backrest is...

10 G2-3 ISOFIT child seat. Children between three and twelve (or 15 to 36 kg) are guaranteed a safe and comfortable journey. The seat is attached using the vehicle’s ISOFix mounting points. The child is strapped in using the 3-point seat belt. The backrest is...
Car-Net Guide & Inform.

You can activate the online-based Car-Net Guide & Inform services if your vehicle is equipped with an optional navigation system. Guide & Inform is available free of charge for the first three years. You can use two kinds of services: services that support you directly in the vehicle and services you configure from home – either via the customer portal or else via the Car-Net app. To use Guide & Inform in the vehicle, simply generate a hotspot with your smartphone or use the optional Volkswagen CarStick.

Guides & Inform keeps you up to date, with online-based traffic information, fuel station prices, free parking spaces nearby and a Google POI search in the navigation system.

Well organised from home.

Using the customer portal, you can set up online routes, destinations and POIs and then import them into the navigation system. The Car-Net app also synchronises calendar entries and driving destinations.

Car-Net Guide & Inform services:

- Online Traffic Information
- Online POI search
- Fuel Info.
- News.
- Parking Info.
- Weather.
- Personal POI.
- Online Route Import.
- Time manager.
- Destination Import.
- Vehicle Health Report.

Register a personal account at www.volkswagen-car-net.com/portal.

Enter your vehicle identification number (FIN).

You receive an 8 digit registration code.

Use your smartphone to create a mobile hotspot or use the Volkswagen CarStick.

Connect your smartphone via USB to your vehicle.

- Online Route Import.
- Time manager.
- Destination Import.
- Vehicle Health Report.

The mobile online services.

Car-Net Guide & Inform.

You can activate the online-based Car-Net Guide & Inform services if your vehicle is equipped with an optional navigation system. Guide & Inform is available free of charge for the first three years. You can use two kinds of services: services that support you directly in the vehicle and services you configure from home – either via the customer portal or else via the Car-Net app. To use Guide & Inform in the vehicle, simply generate a hotspot with your smartphone or use the optional Volkswagen CarStick.

Guide & Inform keeps you up to date, with online-based traffic information, fuel station prices, free parking spaces nearby and a Google POI search in the navigation system.

Well organised from home.

Using the customer portal, you can set up online routes, destinations and POIs and then import them into the navigation system. The Car-Net app also synchronises calendar entries and driving destinations.
