In some cases, looks do matter. It’s why we made the CC. Because we thought you might like a car that’s not just loaded with features, but is also loaded with sophistication and style. And with its sporty performance, it looks like heads will turn a lot quicker when you pass by. That’s the Power of German Engineering.
Street art.

Quality. Every once in a while you see something on the street that really captures your attention. And sometimes, even your imagination. That was our goal when we made the CC. And it’s why we spent so much time making sure that everything about the CC exudes quality. From the sleek exterior styling details to the finely crafted interior, the CC has a level of quality that elevates the art of design. And it’s how the CC steals glances and hearts all at the same time.

LED Daytime Running Lights (DRL) and LED taillights
Elegant instrument panel
4-door coupe design
Bi-Xenon headlights
Premium multi-function trip computer*
Headlight washer system*

Frameless door design. These sleek, frameless doors are perfectly framed by the sleek roofline. And they give the CC its distinct coupe-like profile.

Integrated rear spoilers. The elegant profile of the CC is further enhanced by the rear spoiler that melds perfectly with the body. Beauty is more than sheet-metal deep.

Frameless door welding. Unlike most cars that have visible spot welds which need to be covered, the CC uses an advanced laser seam welding process for a seamless roof design.

 copied
You have to see it. To believe it.

Easy Open trunk access. Sometimes you’ve got your hands full. That’s why we offer this available feature, which allows you to automatically open the trunk of your CC hands-free by simply waving your feet under the bumper.

Rearview camera. Backing up or parallel parking is easier with a rearview camera that shows what’s going on behind you. So when you’re in reverse, you always know what’s coming.

Volkswagen Car-Net® connected car features. Want the status of your vehicle’s doors, windows, and trunk? Find a great restaurant? VW Car-Net lets you connect with your car and the outside world through your computer or compatible smartphone. **

Technology. The CC proves that style and substance don’t have to be mutually exclusive. With a standard navigation system, rearview camera, and VW Car-Net connected car features, the CC is loaded with features you’ll appreciate using every day. And with an available 600-watt Dynaudio® premium sound system, you’ll get to hear how the CC brings all this technology together beautifully.

**VW Car-Net services provided by Verizon Telematics, Inc. Automatic Crash Notification may be enabled for up to six hours after a collision. *VW Car-Net services are subject to vehicle cellular connectivity and availability of vehicle GPS signal. VW Car-Net includes services that may collect location information. See applicable Terms of Service available at vw.com/carnet for details. **Requires VW Car-Net mobile application on Apple® or Android® device. Standard text and data rates apply.

You have to see it. To believe it.
Leather seating surfaces. You’ll notice the second you sink into the available supple leather seating surfaces and eye their two-tone design. The lap of luxury just got more luxurious.

Driver’s seat massage function. Make any day a better day with this available driver’s seat massage function. It’s how the CC can help take you away on every getaway.

Inner beauty that’s easy to see.

Interior. Sit inside the CC and you’ll see that its beauty runs more than just skin deep. From the rich materials used throughout the cabin to the fine details everywhere you look and touch, it’s clear that the CC isn’t just beautiful to look at, it’s also a beautiful experience once you get inside.

- In-dash analog clock
- Interior ambient lighting*
- Volkswagen navigation system™
- V-6 TDI Clean Diesel engine
- Climatronic® dual-zone automatic climate control
- Leather-wrapped, multifunction steering wheel
- 12-way power-adjustable front seats including 4-way power lumbar support
- Power rear sunshade*

*Feature available on select models.
3.6L V6 engine

Feel free to exercise all that power. With 280 hp, this available V6 engine makes the CC one of the most powerful sedans in its class. And lets you pass more time in the passing lane.

2.0T engine

Don’t let its size fool you. This standard turbocharged engine produces 200 hp, which will turn every road into an expressway.* See, big things do come in smaller packages.

Performance. Whether you go with the standard 200-hp turbocharged engine or the available high-output 3.6L V6, the CC puts the power in your hands. And with an autobahn-tested suspension and available 4MOTION all-wheel drive, the CC shows how powerful performance and sporty handling can live together in perfect harmony.

And the luxurious.

*Always obey local speed and traffic laws.
We go the extra mile here.

Safety cage with advanced thermoformed steel B-pillars. Our safety cage not only helps protect you in front, side, and rear impacts, but the CC is also reinforced on top with specially formed and incredibly strong B-pillars.

Intelligent Crash Response System (ICRS). The Intelligent Crash Response System can automatically disable the fuel pump, unlock all the doors, and turn on the hazard lights in the event of a collision that activates the vehicle's airbags.†

Tire Pressure Monitoring System (TPMS). The CC is sensitive, especially when it comes to its tires. To help stay efficient and safe, the Tire Pressure Monitoring System can alert you to a loss of tire pressure.

Seven stability-enhancing systems. Electronic Stability Control (ESC) can help the CC maintain control by applying corrective forces at each wheel when you need it. It helps regulate and control.

Adaptive airbags. Our airbags are designed to adapt to crash severity, and special sensors in the doors deploy the Side Curtain Protection® airbags faster in the event of a side impact. ** We’re thinking ahead, from every angle.

Brake disc drying. When it’s raining outside, this system wipes water off the disc brakes to help them remain dry and retain their full stopping power. And it’s activated by simply turning the windshield wipers on.

PASSIVE

ACTIVE

PASSIVE

ACTIVE

So every mile is safer out here.

Safety. We’ve always felt that safety should never be a luxury. That’s why we built the CC with a host of standard features designed to help you avoid a collision and help protect you if one becomes unavoidable. Because there’s nothing like the luxury of knowing you’re driving a car that invests so much in you and your passengers.
