2015 Golf
Ready. Set. Golf. Filled with big ideas, big power, and big possibilities, the Golf is ready for anything. Smartly refined yet incredibly sporty, it is everything Volkswagen does well in its most modern and versatile form. Spontaneity is calling. Golf is the answer. That's the Power of German Engineering.
Driver-focused interior.

Inside the Golf, everything is designed to be within reach and easy to engage. In this case, it’s all about you.

LED Daytime Running Lights (DRL). Efficient yet stylish, these available LED lights aren’t limited to dual purposes. They also help make you more visible to other drivers.

Driver-focused interior. Inside the Golf, everything is designed to be within reach and easy to engage. In this case, it’s all about you.

Iconic design. Introduced 40 years ago, the design of the Golf, with its distinct rear C-pillars, has stood the test of time. It’s what happens when you get it right the first time.
Versatility. In an increasingly populated world, space becomes a luxury. That’s why the Golf was redesigned to feel bigger inside by actually being bigger inside. Which means, with rear seats folded, it offers not only elbow room but room for knees, legs, and shoulders, in addition to more cargo space for your end tables, grocery bags, and moving boxes. Whether you need personal space, cargo space, or space for friends, the Golf gives you the kind of versatility you’ve been looking for.

So accommodating, you could say it’s polite.
Transformation comes from within.

Interior. Step inside the Golf and you’ll feel the difference as soon as you close the door. It’s everywhere you look, from the leather-wrapped steering wheel to the luxurious V-Tex leatherette seating surfaces and the chrome accents throughout. To complete your transformation, the rear seats fold down to offer cargo space to haul back whatever you find on your travels. It’s never been easier to find your little oasis in the middle of the metropolis.

SEL shown in Titan Black

- 60/40-split folding rear seats
- V-Tex leatherette seating surfaces
- Adjustable cargo floor
- Interior ambient lighting*
- Leather-wrapped, multi-function sport steering wheel
- Climatronic® dual-zone automatic climate control*
- Driver’s seat storage compartment*
- 12-way power driver’s seat including power-adjustable lumbar support*
- Power tilting/sliding panoramic sunroof*

*Feature available on select models.
Performance. Gear up for an urban thrill ride. The Golf, with its standard turbocharged engine, is a perfect complement to fast-paced city life. The new lighter chassis combined with increased driving dynamics means the Golf handles city streets like a dream. It's agile. It's quick. And it's turbocharged. Which means you'll always beat the crowd to your next urban adventure.*

Outmuscle city hustle.

1.8L TSI® engine

With the turbocharged 1.8L TSI engine, performance comes standard along with practicality. It's fast! It’s fun. And it can get up to an EPA-estimated 37 mpg highway to start, it's a turbocharged win-win.

2.0L TDI® Clean Diesel engine

With the 2.0L TDI engine, you’ll appreciate every fuel efficient mile with the EPA-estimated 45 mpg highway! But that’s only half the story. Step on the pedal and feel the 236 lb-ft of torque and let the performance tell the other half.*

170 horsepower 200 lb-ft of torque

150 horsepower 236 lb-ft of torque

*Always obey local speed and traffic laws. **2015 Golf 1.8L TSI with manual transmission: 25 city/37 highway mpg EPA estimates. †2015 Golf 2.0L TDI with manual transmission: 30 city/45 highway mpg EPA estimates. Your mileage will vary and depends on several factors, including your driving habits and vehicle condition.
Rethink your city limits.

Performance. With TDI Clean Diesel engines, city driving becomes so fuel efficient that you can travel uptown, downtown, crosstown, or from San Diego to San Francisco before having to stop at a fuel station. And with a turbocharged engine and 236 lb-ft of torque, you’ll have fun doing it. Whether you drive in your urban oasis or seek new horizons, TDI Clean Diesel technology will make for a long, adventure-filled journey.

Think Blue!® It’s our commitment to building earth-conscious cars that don’t compromise a single drop of performance. Who knew saving could feel so carefree?

DSG® automatic transmission. Double your fun. This available transmission helps provide better efficiency and smoother shifts in full automatic mode, or lets you shift manually.

Glovebox with cooling feature. When you want to help keep your food and drinks cool on those long road trips, this is the spot. It’s not just good for gloves, it’s great for snacks.

2.0L TDI engines with 236 lb-ft of torque
6-speed manual or available 6-speed DSG automatic transmission
Up to 594 hwy miles on a single tank of fuel*
30 city/45 highway mpg*

hwy miles per gallon
Street smarter.

Technology. The Golf doesn’t just get by on its good looks. It’s intelligent too. Find your way back home with the available advanced navigation system with 5.8-inch color touchscreen. Get lost in your favorite playlist with iPod®/iPhone® integration. Help make parking and backing out of your driveway a cinch with an available rearview camera. And if you ever need Roadside Assistance, there’s Volkswagen Car-Net® connected car features. It pretty much sounds like a no-brainer to us.

**Feature available on select models.
Safety and Driver Assist. The new body has integrity where it counts. And a variety of intelligent and responsive systems that combine to work on your behalf. To reduce the likelihood of a collision, there are active safety systems. And if a collision becomes unavoidable, the multiple passive safety systems deploy to help protect you and your passengers. The 2015 Golf was also named a 2014 IIHS Top Safety Pick** for 4-door models equipped with the optional Driver Assistance Package.** Proof that when it comes to peace of mind, all that thinking really pays off.

Adaptive airbags††
Intelligent Crash Response System (ICRS)‡
Automatic Post-Collision Braking System

Seven stability-enhancing systems

Electronic Stability Control (ESC) can help the Golf maintain control by applying corrective forces at each wheel in unsafe conditions. It regulates and controls in the event that you can't.

Adaptive airbags. You’re virtually surrounded by safety in the Golf with four airbags, including mounted Side Curtain Protection® airbags that help protect you and your passengers.††

Safety Features

Driver Assist Features

Dramatization.†

In case someone else doesn’t.

We think about your protection.

Automatic Post-Collision Braking System. Not every collision brings a car to stop. That’s why we made the Automatic Post-Collision Braking System. It can help keep your car from moving after a collision, helping reduce the chance of any additional impacts.

Forward Collision Warning. Driver assistance has been demonstrated by the standard Forward Collision Warning system that uses radar-based sensors to detect the distance of vehicles in front of you. It warns you if an upcoming collision is detected. This system sends a warning alert to help you. Late availability.**

SiriusXM Satellite Radio, SiriusXM Traffic, and SiriusXM Travel Link subscriptions are sold separately or as a package after trial period and are continuous until you call SiriusXM at 1-866-635-2349 to cancel. See Customer Agreement for complete terms and more information at www.siriusxm.com. ©2014 SiriusXM Radio Inc. Sirius, XM, and all related marks and logos are trademarks of Sirius XM Radio Inc. Volkswagen DVD navigation depends on the signals from the worldwide Global Positioning Satellite network. The vehicle’s electrical system, and existing wireless and satellite technologies, must be available and operating properly for the system to function. The system is designed to provide you with suggested routes to location addresses, destinations, and other points of interest. Changes in street names, construction zones, traffic flow, points of interest, and other road system changes are beyond the control of Volkswagen of America, Inc. Complete detailed mapping of lanes, roads, streets, toll roads, highways, etc., is not possible, therefore you may encounter discrepancies between the mapping and your actual location. Please rely on your individual judgment in determining whether or not to follow a suggested navigation route. Periodically, the mapping is updated and a new DVD will be required in order to maintain the latest navigation information available to us. These will be available for purchase from time to time at additional cost. For further information regarding any Volkswagen model, please call 1-800-DRIVE-VW or just look us up at vw.com.
