There’s nothing better than knowing you’re moving in the right direction. And that’s just what the Jetta delivers. From its German-engineered turbocharged performance to its available leather-wrapped, multi-function steering wheel, every finely crafted inch of the Jetta is a step up. Designed with stylish details and equipped with features like available Volkswagen Car-Net® App-Connect,* it’s easy to see the Jetta is going places. Just like you.

*Always pay attention to the road, and do not drive while distracted. App-Connect features require compatible device, operating system, and mobile app. Standard text and data usage rates apply. See mobile app provider for terms and privacy.
Ambition has a style all its own.

Sporty and smart, the Jetta was drawn to draw attention. From its sleek exterior body to its beautifully designed available Bi-Xenon headlights with LED Daytime Running Lights (DRL), the Jetta tells style from the quiet thunk of a door can screen quality.

Bi-Xenon headlights with LED Daytime Running Lights (DRL). These headlights create bright beams of light to help improve visibility, lasting longer and using less energy than halogen bulbs. The LED Daytime Running Lights add style to your VW.

Side mirrors with integrated turn signals. These side mirrors are more than just beautifully designed; they also do double-duty with visible turn signals.

17" alloy wheels. With 17" wheels, your wheel of style will always be in motion.

Foglights. Inclement weather has met its match. The foglights help cut through mist and fog to light your way and add another subtle, yet sporty note to the front end.

Heated power side mirrors. Even the side mirrors on a Jetta bring the heat. So if the visibility starts to fog up, these can help give you a clear view.

Laser seam welding. By using the process of laser seam welding instead of spot welding, the seams on a Volkswagen are stronger and more precise than spot welding. Which translates to a solidly built car.

Bi-Xenon headlights with LED Daytime Running Lights (DRL).

Heated power side mirrors. Even the side mirrors on a Jetta bring the heat. So if the visibility starts to fog up, these can help give you a clear view.

Step into a status upgrade.

When it comes to interior space, the Jetta has it dialed in. From the moment you grab the sporty, multi-function steering wheel, you’ll understand just how much roomy fun you can have. At 15.5 cu. ft., the Jetta also boasts a plentiful amount of cargo space so you can load up your friends and their belongings while you use the multi-function trip computer to get you to your next adventure.

6-way power-adjustable seat. Get the comfiest seat in the car by adjusting it to your liking. With just one finger, you can move your seat in not one, not two, but six possible ways.

Power tilting/sliding sunroof. It tilts to help give you maximum exposure. You’re one touch away from letting the sun shine on your drive.

V-Tex leatherette seating surfaces. They don’t just look great. These perforated premium seating surfaces are also comfortable and easy to keep clean.

Cruise Control. Keeps your speed constant on the road, so you can concentrate on the journey.

Multi-function trip computer. So is the button with the multi-function trip computer. Conveniently positioned directly in front of you on the dashboard, it’s a quick way to view important trip information.

Multi-function steering wheel. Style doesn’t stop at where you steer. This is why the Jetta comes with a race-inspired steering wheel, crafted and contoured with fine leather so you can experience the joy of driving even more than you already do.

Heated front seats. Who’s turning up the heat? Most likely you and your front seat passenger. You each get three settings to help keep you both comfy and cozy when the cold wind blows.

Climatronic® dual-zone automatic climate control. Some like it hot. Some like it cold. Thankfully, with dual-zone automatic climate control, you and your passenger can sit in your own comfort zone.

Rear seat pass-through. We thought things through. Literally. The 60/40-split folding rear seats with pass-through let you haul that pair of skis with minimal disruption of passengers in the back.

When it comes to status, the Jetta will take you there. The Jetta is available in Titan Black leatherette.
The Jetta offers available advanced Driver Assistance features that help you go on any journey with more confidence in an unpredictable world. These forward-thinking features, like Blind Spot Monitor and Forward Collision Warning and Autonomous Emergency Braking systems (Front Assist), help make you aware and potentially avert troublesome situations while driving. Handy features like Adaptive Cruise Control (ACC) help make you aware of what’s ahead, while the Rear Traffic Alert helps alert you to what is behind you. Progress drives on.

Features that move you forward.

Blind Spot Monitor. Proximity sensors can help detect if another vehicle is coming up from behind or alongside you. So when you’re trekking forward, your VW can alert you if a car is in your blind spot.

Adaptive Cruise Control (ACC). Keep things under control with ACC, which is designed to help keep your car at a preset distance from the vehicle in front of you.

Forward Collision Warning and Autonomous Emergency Braking (Front Assist). Sensors in the front of your Jetta help alert you if you are approaching another vehicle too quickly. If you don’t brake enough, the system can boost the braking pressure. And if you don’t brake at all, Front Assist automatically steps in and applies the brakes to help reduce the severity of a potential impact.

Rear Traffic Alert. When in reverse and backing out of a parking space, Rear Traffic Alert can warn you of approaching vehicles. The system can warn if a vehicle right next to or close and can help intervene and respond by applying the brakes if you don’t respond quickly enough to help avoid an accident.

* These features are available in Silver Sport, Comfortline, and Highline trims.
Dashboard meets smartphone.

Connect with your Volkswagen like never before. Your compatible smartphone makes a genius connection. The available Volkswagen Car-Net® connected car suite brings you many ways to connect to your Jetta. Take, for instance, VW Car-Net App-Connect, which can display select apps from your compatible smartphone onto your touchscreen. Once you plug your smartphone into the USB port, App-Connect lets you use your apps on the dash, using either Apple CarPlay®, Android Auto™, or MirrorLink®. Staying in touch has never been this easy.

### AVAILABLE FEATURES

**Composition Color touchscreen sound system.** Play it your way: CDs, USB audio, and your compatible smartphone tunes collection. You can access them through the touchscreen.

**Bluetooth® technology with audio streaming for compatible devices.** Connect your smartphone or other compatible device to the USB port. You can automatically unlock the door of your Jetta as you grip the door handle. Then, once you’re inside, with the push of the start button, your engine starts and you’re ready to go.

**Composition Media touchscreen navigation system.** An advanced touch. The updated navigation system boasts a large, sleek touchscreen display that offers voice control; proximity sensors, and multiple compatible phone-pairing capabilities. It also offers a USB port and VW Car-Net App-Connect®. More accessible.

**SiriusXM Satellite® Radio.** SiriusXM brings music, live sports, news and talk, and the hottest entertainment to your next road trip. **

**Composition Media touchscreen sound system.** The Jetta is now in touch. Literally. With its advanced touchscreen sound system, you can control your media, settings, and the Volkswagen Car-Net App-Connect® feature, which can sync up compatible smartphones and display content on the dash. Be in command with one fingertip.

**Bluetooth® technology with audio streaming for compatible devices.** Connect your smartphone or other compatible device to the USB port. You can automatically unlock the door of your Jetta as you grip the door handle. Then, once you’re inside, with the push of the start button, your engine starts and you’re ready to go.

**Fender® Premium Audio System.** Tonight, in concert: 400 watts powering nine speakers, including a subwoofer; all courtesy of the pros at Fender. It’s the ideal way to take your favorite bands on the road with you.

**Keyless access with push-button start.** The key fob does the job. Leave it in your pocket. You can automatically unlock the door of your Jetta as you grip the door handle. Then, once you’re inside, with the push of the start button, your engine starts and you’re ready to go.

**Rearview Camera System.** Hindsight is now foresight. The rearview camera helps you see and avoid obstacles when backing up, and it can make parking easier.

**Rain-sensing wipers.** When it starts to rain, the windshield wipers can be set to automatically turn on. They can also be set to adjust their speed according to how much rain is falling. Now a little precipitation won’t dampen your drive.

**USB port.** More better to play the perfect soundtrack to your drive. The USB port provides a direct route from your music to your ears.

The whole part is the fun part.

With the Jetta, it’s not just one thing that makes it great. It’s everything. For starters, it comes with a standard turbocharged engine, which is anything but standard when it comes to delivering performance with a wow factor. And when you consider there are three other available engine options, let the high-performance fun begin.*

**1.4L TSI® engine**

With the Jetta, this turbocharged direct injection engine starts an all-turbo engine lineup. Which means it’s powerful. And fuel efficient** **™ that way.

**1.8L TSI engine**

You can take lightweight, turbocharged, 150-hp engine goes the extra spark you need to make any drive more spirited**. 

**SPORTY FEATURES**

**Sporty gauge cluster.** The sport-inspired instrument gauge cluster puts the speedometer and tachometer in clear view for easy reference as you run through the gears.

**4-corner independent suspension.** Built for the autobahn, this German-engineered, 4-corner independent suspension helps you stay in control of the road. And its fine-tuned design helps make every ride a smooth one.

**6-speed automatic transmission with Tiptronic® and Sport mode.** The Sport mode is custom made for those spirited drives.* And those times you want to be more hands on, Tiptronic lets you change gears with a quick tap of the shifter.

†Always pay careful attention to the road, and do not drive while distracted. App-Connect features require compatible device, operating system, and mobile app. Standard text and data usage rates apply. See mobile app provider for terms and privacy.

†Efficiency is estimated by the Environmental Protection Agency and will vary and depends on several factors, including your driving habits and vehicle condition.
A whole lot of safety features under one roof.

When equipped with the optional Forward Collision Warning and Autonomous Emergency Braking (Front Assist) system,* the Jetta is a 2015 IIHS Top Safety Pick.** We also included a rigid safety cage with strategically placed crumple zones, and active and passive safety features that work in tandem to help offer peace of mind. And with intelligent safety features and advanced technologies like the Intelligent Crash Response System; the Jetta is ready to help be on the lookout for you.

Safety cage. The safety cage for the Jetta has been designed to help protect you during front, rear, or side impacts. In addition, advanced thermoformed steel B-pillars offer strong reinforcements on top.

Intelligent Crash Response System (ICRS). In the event of a collision that activates the vehicle’s airbags,†† the Intelligent Crash Response System can automatically disable the fuel pump, unlock all the doors, and turn on the hazard lights.†

Adaptive airbags. Our airbags have been engineered to adapt to crash severity, and special door sensors will deploy Side Curtain Protection® airbags in the event of a side impact.††

Seven stability-enhancing systems. From Electronic Brake-pressure Distribution (EBD), which helps maintain appropriate stopping power during a hard-braking situation, to Electronic Stability Control (ESC), which adjusts engine throttle and applies corrective forces to the wheels that need them most, there are seven systems total to help you stay in control.

Tire Pressure Monitoring System (TPMS). The right amount of tire pressure is needed to help maximize your riding comfort. Thanks to this feature, you’ll be alerted when your tire pressure is low so you know when to add air.

Automatic Post-Collision Braking System. Not every collision brings your car to an immediate stop. That’s why we engineered the Automatic Post-Collision Braking System. By automatically slowing down your car after a collision, you have a better opportunity to take control and help reduce the chance of any additional impacts.

Accessories. For and by Volkswagen.

A diverse lineup calls for an even more diverse array of Volkswagen Accessories. That’s why these available items are specially designed and created to fit your Volkswagen. So whether you’re preparing for some outings or going for style points, your VW can be customized to your lifestyle.

Volkswagen Accessories installed by an authorized Volkswagen dealer are covered for the greater of: (1) the accessory limited warranty period (12 months or 12,000 miles, whichever occurs first) from the time of purchase; or (2) the remainder of the New Vehicle Limited Warranty period (3 years or 36,000 miles, whichever occurs first). See dealer for details.
