

2014 **Passat**

Das Auto.

Midsized. Not downsized.

Have you noticed a lot of midsize sedans are downsizing? Smaller in overall size, less powerful engines, less interior cabin space. It seems the list of smaller keeps getting bigger. The Passat takes a different approach, providing more everywhere it can. Which is why it's no surprise that it has best-in-class rear legroom.* And more miles per tank than any midsize car.** And

some of the highest possible safety ratings. Drivers seem to like this whole "more" concept. And it looks like the critics do too. It's no wonder that the Passat is one of the most-awarded midsize sedans in its class. So if you're looking for a midsize sedan, get the one that goes big in every way. That's the Power of German Engineering.

V6 SEL Premium shown in Black

Passat, by the numbers.

1

QUALITY

page 05

The Passat has quality you can feel every time you interact with it. But we think the best feeling you'll get is when you drive it.

2

PERFORMANCE

page 07

It's always nice having choice. That's why we gave the Passat four unique engines. Pick your power.

3

TDI® CLEAN DIESEL

page 08

Wouldn't it be great to have power and fuel efficiency?* We think so, which is why we created our TDI Clean Diesel engine.

4

INTERIOR

page 11

With premium quality craftsmanship and best-in-class rear legroom,** you'll find few midsize sedans as accommodating as ours.

5

TECHNOLOGY

page 15

Proof that you can be in touch and in tune with your car, especially when you're rocking out to the available Fender® Premium Audio System.

6

SAFETY

page 17

Many cars advertise how safe they are. The Passat backs it up with a 5-star overall Safety Rating from NHTSA† and a 2013 Top Safety Pick+ from the IIHS.††

7

ACCOLADES

page 19

You've got a lot of choices in the midsize sedan segment. Can you guess which one was the pick of automotive experts?

8

SPECS & ACCESSORIES

page 23

Colors. Trims. Wheels. They're all the things that make a Passat your Passat.

*See www.fueleconomy.gov for EPA estimates. Your mileage will vary and depends on several factors, including your driving habits and vehicle condition. **Based on manufacturers' published data comparing nonpremium midsize sedans. †Government star ratings are part of the National Highway Traffic Safety Administration's (NHTSA's) New Car Assessment Program (www.safercar.gov). ††Top Safety Pick+ based on moderate-overlap frontal crash test, small-overlap frontal crash test, side-impact crash test, rear-impact crash test, and roof strength test. Test performed by the Insurance Institute for Highway Safety. For details, visit www.iihs.org. See vw.com for more information on safety features.

V6 SEL Premium shown in Tungsten Silver Metallic

It's all coming together beautifully.

QUALITY

You know it when you see it. And feel it. And hear it. Because inside and out, the Passat is designed with quality you won't typically find in this class. Things like our class-exclusive laser seam welding, which provides a higher build quality you can actually see. Or that solid thunk you hear every time you close a door. Or maybe it's the premium quality materials everywhere you touch. Of course, if you're not sure where to start, just drive the Passat. We're sure it'll all come together very quickly.

Manufactured in a LEED® Platinum-certified plant in Chattanooga, Tennessee

Stylish and defined character lines

Laser seam welding

Foglights with low-speed corner-illuminating feature*

Premium interior appointments

Forged-steel door hinge. Hear that solid door thunk? It's proof that the sturdy construction you know and love is found throughout the whole car. Even in our door hinges.

Leather-wrapped steering wheel. The available leather-wrapped steering wheel feels good. It makes you feel in control. And it makes you want to drive. It's quality you'll notice every time you take the wheel, or take a turn.

*Feature available on select models.

More power to you.

PERFORMANCE

Having power is great. Getting to pick how you get that power is even better. Which is why we gave the Passat four unique powertrain options, including a class-exclusive TDI Clean Diesel engine, a standard 5-cylinder engine, one of the most powerful V6 engines in its class, and a turbocharged engine that also happens to combine great performance and fuel efficiency.* The Passat is also one of the only midsize sedans to offer a 6-speed DSG® automatic transmission with Tiptronic®, for faster shifts and even the option to shift for yourself. So if you're looking for power, the Passat gives you that and something more. The power of choice.

V6 SEL Premium in Tungsten Silver Metallic

01 2.5L engine. A 4-cylinder engine is standard for this class. Which is why we raised the standard by including a 5-cylinder engine on the Passat.

02 1.8T engine. Sometimes you just need a little boost. That's why we made an eco-conscious engine that gets impressive gas mileage, and it also packs a turbocharger for that extra boost of power when you need it.

03 3.6L V6 engine. The 280-hp V6 on the Passat has a power delivery and smoothness that few midsize sedans can match. Which isn't surprising, since you can't even get a V6 on some midsize sedans.

04 2.0L TDI Clean Diesel. With up to 43 hwy mpg and a best-in-class range of 795 miles per tank, the available TDI Clean Diesel gives the Passat better range than any midsize sedan, including any hybrid midsize sedan.**

*See www.fueleconomy.gov for EPA estimates. Your mileage may vary and depends on several factors, including your driving habits and vehicle condition. **2013 Passat 2.0L TDI Clean Diesel, manual transmission: 31 city/43 highway mpg EPA estimates. Range based on 43 highway mpg EPA estimate and an 18.5-gallon tank. Your mileage will vary and depends on several factors, including your driving habits and vehicle condition. Model year 2014 estimates not available at time of printing.

2.0L TDI Clean Diesel engine. Engineered with the idea that less is more. The Passat TDI has lower CO₂ emissions compared to 93% of other vehicles.* So every getaway you make will be a cleaner one.

795
miles per tank.**

TDI CLEAN DIESEL

Extended play. You know that feeling on a trip when you don't want it to end? We do too. This direct-injection engine was engineered to really go the distance—up to 43 highway mpg, or an astonishing 795 miles. Add in all that addictive torque and turbocharged power that the TDI is known for, and you may never stop driving. Because it's always more fun finding your next destination than the nearest fuel pump.

Going longer

Longer-lasting fun

*Based on 2013 Federal Emissions Guide for Department of Energy comparing grams per mile of Combined CO₂ emissions as shown on Federal Emissions label. **2013 Passat 2.0L TDI Clean Diesel, manual transmission: 31 city/43 hwy mpg EPA estimates. Range based on 43 hwy mpg EPA estimate and an 18.5-gallon tank. Your mileage will vary. Comparisons based on manufacturers' published data and EPA estimates. 2013 Hyundai Sonata Hybrid 2.4L, automatic transmission: 36 city/40 hwy mpg. Range based on 40 hwy mpg EPA estimate and a 17.2-gallon tank. 2013 Nissan Altima S 2.5L, automatic transmission: 27 city/38 hwy mpg. Range based on 38 hwy mpg EPA estimate and an 18-gallon tank. 2013 Toyota Camry Hybrid LE 2.5L, automatic transmission: 43 city/39 hwy mpg. Range based on 39 hwy mpg EPA estimate and a 17-gallon tank. 2013 Ford Fusion Hybrid 2.0L, automatic transmission: 47 city/47 hwy mpg. Range based on 47 hwy mpg EPA estimate and a 14-gallon tank. Your mileage will vary and depends on several factors, including your driving habits and vehicle condition. Model year 2014 estimates not available at time of printing.

Room with a view.

INTERIOR

Sit inside the Passat, and you'll be treated to a roomy cabin that looks and feels unlike any other midsize sedan. That's because it's the only German-engineered sedan in its class. Look around, and you'll see premium quality and craftsmanship on the dash and doors. You'll notice thoughtful touches like the driver's side glovebox. And it's doubtful anyone could miss its rear seat, with best-in-class rear legroom.* Of course, if you really want a room upgrade, you can add available interior ambient lighting and a power sunroof. We think either can noticeably expand your views.

- Leather-wrapped, multi-function steering wheel**
- Paddle shifters**
- Multi-function trip computer
- Climatronic® dual-zone automatic climate control**
- Driver's and passenger's side glovebox
- Interior ambient lighting**
- Power tilting/sliding sunroof**

V6 SEL Premium shown in Cornsilk Beige leather with Dinamica inserts

*Based on manufacturers' published data comparing nonpremium midsize sedans. **Feature available on select models.

V6 SEL Premium shown in Cornsilk Beige leather with Dinamica inserts

01 Autumn Nut Burl interior trim. Looking to spruce up the interior of your Passat? We can't think of anything better to do it with than the available Autumn Nut Burl wood finish.

02 Best-in-class rear legroom. People always talk about wanting some extra elbow room. We thought you could use some additional legroom as well.*

03 Leather seating surfaces with Dinamica® inserts. Eco-conscious thinking goes into everything we do, including our leather seating surfaces with Dinamica inserts. Each insert uses 20 recycled bottles per seat. So, you can sit easy knowing you're doing your part just by sitting down.

V-Text leatherette seating surfaces**

Leather seating surfaces with Dinamica inserts**

8-way power front seats with memory for driver's seat**

Heated front seats**

Remote start feature**

60/40-split folding rear seats

Rear pass-through with console*

Backseat armrest with storage*

15.9

cubic feet of trunk space.

INTERIOR

Load more loads. We know you're busy. And you've got lots to do. Which usually means you've got lots of stuff too. No problem. The Passat was designed to take you, your friends, and all of your stuff wherever you want to go. With a cavernous 15.9 cubic feet of trunk space combined with a 60/40-split folding rear seat, you can fit things you never thought possible. Like that home improvement project from your local furniture store. Or that shiny new toy from the electronics store. Or all your gear and luggage for your next big trip. Whatever you decide you want to take, you can load an impressive amount of stuff into the Passat. Loads more.

Never miss a beat.

TECHNOLOGY

Whether it's your favorite tune or staying in touch with your favorite friend, you'll never miss a thing with all of the technologies available on the Passat. Things like Bluetooth® with audio streaming let you play your music wirelessly through the stereo system and make calls on the go.*/** A choice of two touchscreen navigation systems puts you in touch with your next adventure. And the available 400-watt Fender Premium Audio System has crystal-clear sound, proving it can hold more than a few beats on its own.

- Keyless access with push-button start**/†
- Rearview camera*
- Bluetooth with audio streaming**
- Volkswagen Car-Net™ connected car features††
- RNS 315 navigation system*
- RNS 510 premium navigation system*
- Fender Premium Audio System*
- Media Device Interface (MDI) with iPod® cable*/**

When we decided we wanted to put a rockin' sound system into the Passat, we thought "Why not go to the company that really knows rock?" So we partnered with the legendary Fender music company. You know, the one that makes all the guitars, amps, and speakers you see at shows. And we had them design a system just for Volkswagen. So now when you want to hear your music in concert sound, you don't have to go to a concert to do it. Just your driveway.

*Feature available on select models. **Requires compatible device. †See page 23 for important information on this feature. ††VW Car-Net services provided by Verizon Telematics, Inc. Available only on select models. Automatic Crash Notification may be enabled for up to six months without activating a trial or paid subscription. Manual Emergency Call feature and all other VW Car-Net features require trial or paid subscription. VW Car-Net services require vehicle cellular connectivity and availability of vehicle GPS signal. VW Car-Net includes services that may collect location information. See applicable Terms of Service available at vw.com/car-net for details.

5★ safety

SAFETY

Safety that's easily transparent. Beneath that attractive Passat exterior, you'll find even more attractive features designed to help keep you safe. Numerous active safety features help reduce the likelihood of an accident occurring in the first place. And should the unthinkable become unavoidable, we've implemented multiple passive safety systems to do our very best to help protect you and your passengers. It's no wonder that the 2013 Passat was awarded a 5-star Overall Safety Rating from the National Highway Traffic Safety Administration, as well as being named a Top Safety Pick+ from the Insurance Institute for Highway Safety—the highest rating possible from both organizations (applies to Passat models built after October 2012)*. That's a pretty clear endorsement.

Dramatization.**

01 Tire Pressure Monitoring System (TPMS).

The TPMS lets you know when the pressure of one of your tires is low, helping improve overall safety, tire life, handling, and even fuel economy. Good reasons why the Passat tirelessly monitors your tire pressure.

02 Seven active stability-enhancing systems.

The Passat features seven active stability systems to help enhance control when accelerating, braking, and while cruising. And it can help enhance your sense of confidence on the road too.

03 Adaptive airbags.

For enhanced protection, the front airbags can tailor their operation based on crash severity and even the weight of the occupants. And pressure sensors within the doors help accelerate the side airbags' response time in side impacts. All to help provide an extra cushion of safety.†

04 Safety cage.

Front and rear crumple zones help absorb crash energy, while a rigid safety cage helps deflect it away from the occupant compartment. Heat-formed steel B-pillars and anti-intrusion side beams prove the Passat not only has your back, but your sides as well.

05 Intelligent Crash Response System (ICRS).

In the event of a collision that activates the vehicle's airbags,† the ICRS will automatically disable the fuel pump, unlock all the doors, and turn on the hazard lights.†† It's how your Volkswagen looks out for you when you need it most.

*Government star ratings are part of the National Traffic Safety Administration (NHTSA's) New Car Assessment Program (www.safercar.gov). **Top Safety Pick+™ based on moderate-overlap frontal crash test, small-overlap frontal crash test, side-impact crash test, rear-impact crash test, and roof strength test. Test performed by the Insurance Institute for Highway Safety. For details, visit www.iihs.org. See www.iihs.org for more information on safety features. ††This is a dramatization and does not depict what will happen in an accident. All bags will not inflate simultaneously in real-world accidents and if multiple bags do deploy, they will be in various stages of inflating/deflating and will never all be inflated at the same time. ‡Airbags are supplemental restraints only and will not deploy under all crash circumstances. Always use safety belts and seat children only in the rear, using restraint systems appropriate for their size and age. ††The Intelligent Crash Response System (ICRS) will only activate in a collision where the airbags deploy or safety belt pretensioners activate. Not all collisions cause airbags to deploy or safety belt pretensioners to activate.

TDI SEL Premium shown in Tungsten Silver Metallic

In all modesty.

ACCOLADES

We don't like to brag. Thankfully, with the Passat, we don't have to. We let the car speak for itself. Or in this case, the many automotive experts and third parties who have awarded the Passat as their top midsize sedan. And most fuel-efficient.* And one of the highest rated in safety. Even the plant that makes the Passat received recognition as the only automotive manufacturing facility in the world to receive LEED® Platinum certification for environmentally sound building practices. OK, maybe we'll brag just a little. But drive a Passat, and you'll understand why it's so hard to be modest about owning one.

Our environment.

Building cars comes with responsibilities—not just to you, but to the environment. And this starts before our cars are even built, like at our LEED® Platinum-certified plant in Chattanooga. It follows our “Think Blue. Factory.” philosophy by taking a holistic approach to our ecological activities. Our goal is to reduce the environmental impacts from the Volkswagen brand’s production operations by 25% per vehicle by 2018 by improving resource efficiency and reducing emissions. As you can see, this sort of thinking really does come second nature to us. **Think beyond green. Think Blue.**

Our commitment to the environment

- Encouraging eco-conscious behavior
- The first LEED Platinum auto plant
- Partnering with other progressive thinkers like MoMA, the Surfrider Foundation, and PeopleForBikes

Your enjoyment.

Driving a fuel-efficient* vehicle shouldn’t mean sacrificing performance. There are just too many fun, curvy roads out there, which is why Volkswagen makes a variety of fun-to-drive engines, including a high-range TDI® Clean Diesel engine with enough grin-inducing torque to pin you back in your seat. Our TSI® engine uses direct injection to be both powerful and efficient, and our Jetta Hybrid sports a turbocharger under its hood, which is the first of its kind in its class. Who knows, this could account for all the happy VW drivers out there. Quite honestly, nothing would make us happier.

Our commitment to your driving enjoyment

- TDI technology uses less fuel and provides more torque than comparable gas engines*
- TSI engines use turbocharging and direct injection to be more powerful and efficient*
- The 48 highway mpg Jetta Hybrid is the first turbocharged hybrid in its class**

Think Blue.®

Ground clearance	5.4 in (138 mm)
Cargo volume	15.9 cu. ft. (0.45 cu. m)

^{*}Requires compatible device. ^{**}VW Car-Net services provided by Verizon Telematics, Inc. Available only on select models. Automatic Crash Notification may be enabled for up to six months without activating a trial or paid subscription; Manual Emergency Call feature and all other VW Car-Net features require trial or paid subscription. VW Car-Net services require vehicle cellular connectivity and availability of vehicle GPS signal. VW Car-Net includes services that may collect location information. See applicable Terms of Service available at vw.com/carnet for details. [†]Some Volkswagen models are equipped with a Keyless Ignition feature. The details as to how the system works can vary and Volkswagen owners should consult their owner's literature or an authorized Volkswagen dealer if they have further questions about the operation of this feature. Please note that Volkswagen warns against leaving the vehicle unattended with the engine running, particularly in enclosed spaces. ^{††}Airbags are supplemental restraints only and will not deploy under all crash circumstances. Always use safety belts and seat children only in the rear, using restraint systems appropriate for their size and age. [‡]The Intelligent Crash Response System (ICRS) will only activate in a collision where the airbags deploy or safety belt pretensioners activate. Not all collisions cause airbags to deploy or safety belt pretensioners to activate. ^{**}Roadside Assistance provided by Signature Motor Club, Inc., and Signature Motor Club of California, Inc.

Lower aspect ratio tires can aid performance and handling; however, in order to avoid tire, rim, or vehicle damage, it is important that the inflation pressure is regularly checked and maintained at optimum levels. See owner's manual for details. Please also remember in making your selection that, while larger diameter wheels and lower aspect ratio tires can help deliver responsive handling, they may ride less comfortably and make more noise than other choices. These tires may wear more quickly than other choices. *Custom SunShields by Cover King are covered by a Cover King limited warranty. Please visit VWCarCovers.com for additional information.

VOLKSWAGEN FAMILY

Why VW. It's not a question. It's our philosophy behind why we think everyone deserves a better car. No matter where they are or where they're headed, people should have a quality car they can feel good about and enjoy for a long time. Today, we have ten different models

to choose from—all engineered with this same belief. And it's why we have the most vehicles on the road with over 100,000 miles.* Because Why VW is all about making sure that the VW you have today will still be the one you love to love tomorrow.

Sirius Services: SiriusXM Satellite Radio, SiriusXM Traffic, and SiriusXM Travel Link subscriptions are sold separately or as a package after trial period and are continuous until you call SiriusXM at 1-866-635-2349 to cancel. See Customer Agreement for complete terms and more information at www.siriusxm.com. ©2013 Sirius XM Radio Inc. Sirius, XM, and all related marks and logos are trademarks of Sirius XM Radio Inc. Volkswagen DVD navigation depends on the signals from the worldwide Global Positioning Satellite network. The vehicle's electrical system, and existing wireless and satellite technologies, must be available and operating properly for the system to function. The system is designed to provide you with suggested routes to location addresses, destinations, and other points of interest. Changes in street names, construction zones, traffic flow, points of interest, and other road system changes are beyond the control of Volkswagen of America, Inc. Complete detailed mapping of lanes, roads, streets, toll roads, highways, etc., is not possible, therefore you may encounter discrepancies between the mapping and your actual location. Please rely on your individual judgment in determining whether or not to follow a suggested navigation route. Periodically, the mapping is updated and a new DVD will be required in order to maintain the latest navigation information available to us. These will be available for purchase from time to time at additional cost. For further information regarding any Volkswagen model, please call 1-800-DRIVE-VW or just look us up at vw.com. VW14PASBUS

*Average mileage based on Wolfram Alpha data (www.wolframalpha.com). Vehicles on the road based on Polk global registrations of 2001 models and older in 48 countries, as of September 2012.
