2009 Touareg 2

Das Auto.
All around the world, it’s

Did you know that Volkswagen has ESP® standard on all vehicles? Or that we provide a Carefree Maintenance™ Program* on all our 2009 cars? Or that we expect to be the first to make clean diesel available in all 50 states? Or that when people in Europe buy a car, they most often buy Volkswagen?** How about that right now, the VW forest is growing in Mississippi thanks to the Volkswagen Carbon Neutral Project — The first U.S. carbon offsetting program initiated by a car manufacturer? There may be a lot you don’t know about Volkswagen. Turn the page, and meet the remarkable Volkswagen Touareg 2.
what the people want.
The people want more brains with their brawn.

They want gutsy Baja 500 capability. And they want it with an available smart new DVD player, GPS navigation and supple European leather seating surfaces. The people want to feel like they’re racing the Dakar Rally when they’re making a pit stop at the Skokie minimart. They want the perfect combination of plush European comfort, intuitive safety systems and four-wheeling muscle.
German engineering leaves no stone unturned.

Off-Road German Technology (O.G.T.) is the sum of a host of different technologies to help you feel in control and stay in control.

4XMOTION® An advanced, off-road all-wheel drive system with sensors that constantly detect slip at all four wheels, sending more power to the wheels that have traction, helping you get unstuck from whatever situation you almost found yourself stuck in.

Center Differential Lock. When things get a bit more touch and go, touch the available CDF sending equal power to front and back axles, and go. And if you’ve done something like trekked too far into the Amazon or backed up into the La Brea Tar Pits, simply dial in the available Rear Differential Lock. It sends all available power to the one wheel that has traction. Ah, freedom.

Air Suspension. With the turn of this dial, the available air suspension can be raised to maximize off-road capabilities. At highway speeds, it automatically lowers itself by 1-inch (when set at normal ride height of 8.7 inches) to help improve handling and wind resistance. What’s more, with the damping control feature, you can program the air suspension to fit the kind of ride you’re seeking. Auto is your standard setting. Comfort is for a softer ride, and sport is for those enthusiasts looking to feel every nook and cranny of the road.
Cockpit Navigation.

Touareg 2 takes you places other SUVs can’t. And helps get you back again. The optional advanced touch screen navigation system features VW Breadcrumb technology, designed to help you retrace your steps and return home from the big bad woods. Its optional 30GB hard drive can store map data and audio files that can be brought into the device via the optical drive or SD card slot. The optical drive is capable of reading most CD, DVD and DVD audio formats. In concert with the available media device interface (MDI), the system can interface with practically any MP3 device or USB device. And the rear-view camera helps you navigate and steer clear of obstacles behind you.

In-flight Entertainment.

Select the optional 600-watt, 10-speaker Dynaudio® stereo sound system. Boost the steering wheel volume control, and let the dual tweeters, quad midrange speakers and four beefy woofers make the little hairs on the nape of your neck dance. Factor in the available 6-disc CD changer, and you’ll run out of road before you run out of music. It even offers SIRIUS® Satellite Radio with over 130 channels, plus SIRIUS Traffic that streams real-time traffic data into the navigation system.

*Requires optional cables.

Music and navigation from the stars. What do you expect? We do have more engineers than NASA.
The people want to enjoy the great indoors.

No matter how ugly it gets outside, the interior of your Touareg 2 will always be a haven of comfort, technology and safety—an oasis of optional burled wood and supple leather, with beverage holders. Choose either leather seating surfaces, or glove-like, durable V-Tex leatherette upholstery and trim. Grip the “I-have-control-of-my-universe” steering wheel, and set the controls for the heart of the sunset. Tweak the Climatronic™ 2-zone climate control so everybody’s cool. Or warm. Feeling comfortable together is what Volkswagen is all about. There’s even an available 3-button HomeLink® and theft-resistant Immobilizer III technology to help keep your Touareg 2 just that—yours.

The people want German innovation at their fingertips.

To say our engineers have thought of everything would be an understatement. For starters, there’s available Keyless Access with push-start ignition that feels more sports car than sport ute. Simply carry the remote key somewhere on you and your Touareg 2 will unlock with the touch of the door handle. Not to mention, the innovative optional REST button, designed to re-circulate engine heat when the engine is off for as long as 45 minutes. It helps keep your car warm and toasty inside when it’s cold and blowy outside, and the car doesn’t even have to be restarted.
The people want to turn mountains into molehills.

Touareg 2 tests positive for performance enhancing Off-road German Technology (O.G.T.). It can traverse a 35° lateral incline. Ascend a 45° incline. And its 4-wheel independent suspension and available Servotronic steering make this Touareg 2 all-terrain tank handle more like a nimble German sports coupe. And when you’re trekking through the peaks and valleys of life, it’s always nice to have Hill Descent Assist, and Hill Rollback Assist on your side. Sort of like having the steely-nerved guidance of your own personal Sherpa chauffeur.

22.8” Fording Depth. Other SUVs can dip their little pinkies in the water. But, with an impressive 22.8” fording depth, the Touareg 2 can tackle more of your favorite water crossings.

Towing Capacity. With the Touareg 2, you can tow up to 7,716 pounds. Which means you can play with some big toys on the weekend.

Of course, the Touareg 2 can go, go, go off-road. But equally important is its stopping power. Its advanced braking system is eerily intuitive when it comes to stopping, especially sensing a sudden halt on loose gravel and dirt. When you step on the brakes, they’re designed to stop by creating a pile of debris in front of the tires. This serves as a natural chock, and helps you stop. Simple, right?

*Touareg 2 equipped with optional air suspension in its highest level. Maximum fording depth 22.8 inches. Professional driver; please do not attempt. NEVER enter water that has a current, or where you do not know the depth.
Imagine a vehicle pre-tuned for the 130+mph speedways of Germany. Needless to say, it would have to be European in every detail—with a refined interior and the intelligence of the latest onboard entertainment, navigation and safety systems. Now imagine airdropping that vehicle onto the searing windswept racecourse of sub-Saharan Africa. Picture it on a record-breaking 19,950-foot vertical ascent up the sub-zero volcanic peaks of Patagonia. Enough imagining. Pack up your gear, and let’s hit the road. Or the glacier.

Touareg 2 offers a choice of pre-tuned German engines. Go with the efficient 3.6L VR6 FSI, offering straight fuel injection, and six stout torque-producing cylinders. Next up is the trail-hearty, highway on-ramp-hungry 4.2L V8 FSI.
Where the rubber meets the asphalt is where you can have some fun with your choice of 17” Makalu Alloy Wheels, 18” Karthoums, or beefy 19” Namib Alloy Wheels.

Load up for the weekend with a Basic Roof Rack and a wide assortment of attachments to conquer land, water, sky, and any other elements that may come along. Ski & Snowboard Rack, Kayak Holder, Surfboard Holder, Barracuda® Bike Holder, Fork Mount Bike Holder.

Hitch your wagon to a star or boat as the case may be, with a factory Trailer Hitch and the slope-friendly Trailer Hitch Ski-Rack Attachment.

Up on the roof, you can add the Aluminum Luggage Platform or Soft Luggage Carrier.

Safe happens.

The people want safety standards to be standard. It’s just that simple. So we packed an advanced, inter-working team of safety features into every new Touareg 2. From its unibody safety cage construction, fully-galvanized sheet metal and stabilizer bars, to a complete array of airbags — at Volkswagen, safety is a way of life. Which makes sense, since it helps save lives.

Rollover Sensor System
During off-road activities should a rollover occur this system will activate the side curtain airbags.

ASR and EBA
Help improve handling and prevent compression-induced skidding in slippery conditions.

Side Curtain Protection**
Deploy down the roofline from the A-pillar to the C-pillar, to help reduce head and upper torso injury in the event of side impact.

LATCH
Lower Anchors and Tethers for CHildren. A standardized child safety seat system that helps protect the little people.

Lane Change Feature
Another driver assistance system that is being offered for the first time on a Volkswagen in the U.S. is the optional Side Scan Lane Change Assistance. This system monitors areas behind and next to the Touareg 2, and informs the driver of potential risk of collision via an indicator lamp in the outside mirrors.
ESP
The National Highway Traffic Safety Administration mandates that electronic stability control be included on all vehicles by 2012. So we figured we’d get a head start by making ESP (Electronic Stabilization Program) standard on every 2009 Touareg 2. It helps the driver stay on the intended course by detecting slick and slippery road conditions, and kicking in corrective forces. ESP is most effective when the driver is taking evasive action during sudden maneuvers, like when avoiding an accident. Incidentally, ESP also stands for Extra Sensory Perception. Coincidence?

Standard safety standards.

Bi-Xenon™ Headlamp System with Beam Steering Technology.** Headlamps move with the steering wheel to provide better visibility.

Dual Front and Side Front Airbags.* Can deploy within 5 hundredths of a second.

Side Mirror Turn Signal Assist. Notifying other motorists of your intentions.

*Airbags are supplemental restraints only and will not deploy under all crash circumstances. Wear your safety belts and have children sit in the rear using appropriate restraints for their size and age. **Standard on V8 FSI.
Choose the optional Cricket seating package with supple double-stitched European leather seating surfaces. Or go with V-Tex leatherette seats for a leather-glove feel and rhino hide durability. Color choices include Anthracite, Pure Beige, or Sienna.

“The lap of luxury.” Who’s “lap” is that referring to? I’ve always wondered that.

Standard Features/Packages.

**VR6 FSI**
Package includes: 17” Makalu alloy wheels with All-Season Tires; Dual-zone Climatronic; V-Tex seating surfaces; Silver Metallic interior trim; Leather multi-function steering wheel; Premium V1 AM/FM stereo with CD player and SIRIUS Satellite Radio; 12-way power driver’s seat with 8-way manual passenger seat; Heatable front seats and exterior mirrors; heated washer nozzles; HomeLink; Power sunroof; Power litgate; Front and rear floor mats; Driver and passenger front and side impact airbags; Front and rear Side Curtain Protection head airbags;* Park Distance Control (PDC); Silver roof rails; Privacy glass; Automatic headlights with Coming/Leaving home feature; ABSPlus, ASR, ESP traction control systems; Tire Pressure Monitoring System (TPMS); 4-corner independent comfort suspension.

**V8 FSI**
Package includes VR6 FSI features, plus: 19” Terra Alloy Wheels with All-Season tires; Cricket Leather seating surfaces; Walnut wood center console and interior trim; Leather heatable multi-function steering wheel; Sunshades in rear passenger doors; Bi-Xenon headlights with AFS II; Power flush folding, self dimming exterior mirrors; Servotronic steering system; 12-way power passenger seat with Memory II (both front seats, mirrors, steering column, front safety belts).

SIRIUS Satellite Radio delivers over 130 channels, including 100% commercial-free music. Enjoy three introductory months of real-time traffic data and six introductory months of everything from news to sports to classical to metal to hip hop to honky tonk, SIRIUS has it all. And if there’s such thing as hip tonk or honky hop, you better believe you’re getting that too.

*Airbags are supplemental restraints only and will not deploy under all crash circumstances. Always use safety belts and seat children only in the rear, using restraint systems appropriate for their size and age. Professional driver, do not attempt with your vehicle. May cause damage to wheels, tires or suspension and can result in personal injury to vehicle occupants.
Keyless access

Halogen headlamps with clear, lightweight, chip-resistant polycarbonate lenses

Bi-Xenon headlamps with APS II

Automatic headlights with coming home and leaving home feature

Halogen projector foglights, integrated into front bumper

Driver and passenger side power exterior mirrors, heatable

Integrated flood lights mounted underneath the exterior mirrors aid in exiting and entering vehicle

Driver and passenger auto dimming, power flash folding exterior mirrors with memory function

Power glass sunroof

Front and Rear Park Distance Control

Power Liftgate

255/60 R17 H, all-season tires (snow chain compatible)

275/45 R19 PRC, all-season tires (not snow chain compatible)

195/60 R17, inflatable spare tire

195/75 R18, inflatable spare tire

Tire Pressure Monitoring System (TPMS)

17" alloy wheel with anti-theft wheel locks

18" alloy wheel with anti-theft wheel locks

Rain sensor, automatic wiper speed control

Driver and passenger side dual-zone climate control (Climatronic)

Genuine Walnut wood interior

Center power locking system with key operated closing feature for power glass sunroof, opening and closing feature for power windows and selective unlocking at driver door

Speedometer, tachometer, odometer, trip odometer, fuel gauge, vehicle temperature gauge, oil gauge, battery gauge, gear indicator, clock, outside temperature, audio functions, adjustable ride height display (if equipped with 4-corner air suspension), and warning lights

Multi-function trip computer: Featuring trip time, trip length, average trip speed, average trip fuel consumption, and miles to empty

Multi-color display featuring multi-function trip computer and multi-function onboard computer

Automatic headlight off delay

Automatic wiper off delay

Automatic wiper speed control

Driver and passenger side blind spot monitoring system

3-point safety belts, all five seating positions. Height adjustable for driver, front passenger, and rear outboard seating positions

Safety belt pre-tensioners for driver, front passenger, and rear outboard seating positions

LATCH (Lower Anchors and Tethers for Children)

Driver and passenger auto dimming, power fush folding exterior mirrors with memory function

Rear view camera

Rearview mirror with LED in door top sill with audible and visual activation

Blackout privacy glass for all doors

Automatic headlights with coming home and leaving home feature

Rear view monitor

Automatic wiper speed control

Front and rear air vents

Power height adjustable telescoping steering column with memory

“Cicrket” leather seat trim

Power windows with pinch protection

Immobilizer III theft deterrent system

3.6L 280hp, 266lbs-ft torque, 24 valve, DOHC, VR6 with FSI direct fuel injection (14/19 mpg**)

ABSPlus (Anti-lock Braking System)

Wheelbase 112.4 inches (2,855 mm)

Anti-intrusion side door beams

Rollover sensor system

Power assisted rack and pinion steering

Center locking differential

Double wishbone front and 4-link rear independent suspension with 4-Corner non-adjustable steel springs

Double wishbone front and four link rear independent suspension with 4-Corner height-adjustable and damping-adjustable air suspension

Rollover sensor system

Anti-theft vehicle alarm system for doors, hood, hatch, radio, and starter interrupt, with warning LED in door top sill with audible and visual activation

Immobilizer III theft deterrent system

Anti-theft vehicle alarm system for doors, hood, hatch, radio, and starter interrupt, with warning LED in door top sill with audible and visual activation

Immobilizer III theft deterrent system

Driver and passenger side dual-zone climate control (Climatronic)

Genuine Walnut wood interior

Center power locking system with key operated closing feature for power glass sunroof, opening and closing feature for power windows and selective unlocking at driver door

Speedometer, tachometer, odometer, trip odometer, fuel gauge, vehicle temperature gauge, oil gauge, battery gauge, gear indicator, clock, outside temperature, audio functions, adjustable ride height display (if equipped with 4-corner air suspension), and warning lights

Multi-function trip computer: Featuring trip time, trip length, average trip speed, average trip fuel consumption, and miles to empty

Multi-color display featuring multi-function trip computer and multi-function onboard computer

Automatic headlight off delay

Automatic wiper off delay

Automatic wiper speed control

Driver and passenger side blind spot monitoring system

3-point safety belts, all five seating positions. Height adjustable for driver, front passenger, and rear outboard seating positions

Safety belt pre-tensioners for driver, front passenger, and rear outboard seating positions

LATCH (Lower Anchors and Tethers for Children)
Introducing our Volkswagen Carefree Maintenance Program:

Volkswagen is proud to offer three years of complimentary scheduled maintenance on the Touareg 2. The program includes oil and filter changes, brake checks, fluid checks, tire rotation, and airbag checks, just to name a few.

*The Volkswagen Carefree Maintenance Program covers the vehicle’s 10K, 20K and 30K scheduled maintenance intervals on the Touareg 2, during the term of the new vehicle limited warranty, at no additional charge. See dealer or vehicle maintenance program booklet for details. The Touareg 2 equipped with optional air suspension at its highest level. Maximum fording depth is 22.8 inches. Professional driver; please do not attempt. NEVER enter water that has a current or where you do not know the depth.
The Carbon Neutral Project is a partnership with Carbonfund.org, designed to start addressing the issue of carbon emissions. With their help, we'll be making it easy for anyone who owns a Volkswagen to determine their vehicle's carbon output and take action towards offsetting it. So far, the VW community has planted 278,496 trees and offset 413,609 tons of carbon. And that's just the beginning. Learn more at vw.com.
