2016 Touareg
Luxury can mean many things. In the Touareg, it can refer to a refined interior with available ventilated front seats. It can denote the ease of the remote power liftgate and available Driver Assistance features. Or, it can represent the freedom a 3.6L V6 FSI® engine with 4MOTION® all-wheel drive can offer as you head out beyond the crowds, where the stars shine brighter through an available panoramic sunroof. True luxury is having it all.
Luxury without city limits.

Powerful both in performance and in presence, the Touareg gets its fair share of attention. Its strong, confident stance and dynamics make a bold statement about sophistication. But its true power comes from the impressive 3.6L, 280-hp V6 FSI engine residing under the hood. Explore beyond the normal boundaries.

280 horsepower
265 lb-ft of torque

3.6L FSI engine

Its formidable 3.6L V6 engine leverages a dynamic 280 horsepower* and 265 lb-ft of torque—offering an exhilarating rush for the driver and the driven.
Luxury in panorama. Redefined.

The sun just seems to shine brighter through the expansive available panoramic sunroof. And it feels downright majestic to bask in all that sunshine and roomy cargo space. We designed it that way, of course. With space for you and your individuality. We also included thoughtful details like power outlets and a cooling glovebox. Use the available hands-free Easy Open liftgate to fill up the Touareg with your gear, groceries, and golf clubs. After all, luxury is having room to be yourself.

STANDARD FEATURES

- 64 cubic feet of cargo space with rear seats folded down. You don’t have to travel far to enjoy wide-open space. Just fold down the rear seats and discover plenty of room for your gear.
- 40/20/40-split folding rear seats. Full-on flexibility lets you configure your space to make the most of the cargo area, thanks to the split, sliding rear seats and adjustable seatbacks that fold down easily for maximum space. How’s that for convenience?
- Remote power liftgate. Slide the liftgate with just your finger. Pull a switch from inside, or do it remotely by using the key fob to easily access the Touareg rear cargo space.
- Power outlets. Charge your devices while you sit. The Touareg offers a 115V power outlet and four 12V outlets, so it’s easy to recharge and stay in charge. Power to the people.
- Cooling glovebox. Luxuriously cool. Storing items and keeping them cool is now easier than ever with a built-in vent inside the glovebox that can be opened or closed.
- Hands-free Easy Open Liftgate. Hands full? With your keys in your pocket, just swipe your foot under the rear bumper and the hands-free Easy Open Liftgate unlocks and opens.
- Electric rear seat release in cargo area. Sometimes you don’t know how much cargo room is needed until the rear hatch is open. Now, expanding space is quicker than ever. Simply drop one or both rear seatbacks with an easy switch located in the rear cargo area. Easy breezy.

AVAILABLE FEATURES

- 46 cubic feet of cargo space with rear seats folded down. You don’t have to travel far to enjoy wide-open space. Just fold down the rear seats and discover plenty of room for your gear.

Climatronic® dual-zone automatic climate control. Some like it hot. Some like it cold. With dual-zone automatic climate control, you and your passenger can sit in your own comfort zone.

Heated front seats. Who’s turning up the heat? Three settings help keep you and your passenger comfy and cozy when the cold wind blows.

Power tilting/sliding panoramic sunroof. Enjoy a personal skylight with a large 12.7-sq.-ft. expansive sunroof that can let the sun in, while offering an exquisite view of nature’s canvas.

Front seats with active ventilation. Whether on a cross-country drive or battling bumper-to-bumper traffic, you can keep your cool in the front seats. All thanks to an available seat base and backrest that can be ventilated from inside the seat at three levels: low, medium, high.

Heated steering wheel. You’re getting warmer. Turn it on and heat emanates from the steering wheel to help keep your hands warm while you drive on cold mornings and chilly evenings.

14-way power-adjustable front seats with 3-position memory. Get the comfiest seat in the Touareg by adjusting it to your liking. With just one finger, you can move your seat in not one, not two, but 14 possible ways.

STANDARD FEATURES AVAILABLE FEATURES

Comfortably agree to disagree.

With peace-keeping features like Climatronic® dual-zone automatic climate control, the Touareg aims to please those who ride in it. Consider the overall enjoyment you might get from available premium amenities like Vienna leather seating surfaces, or the extravagant view passengers can enjoy through the panoramic sunroof. Your comfort zone is easy to find with available 14-way adjustable front seats. So, even though you might traverse some rough terrain, in the Touareg you’re bound to find common ground too.
**Always pay careful attention to the road, and do not drive while distracted.** *Driver Assistance features are not a substitute for attentive driving. See Owner’s Manual for further details and important limitations.

**Adaptive Cruise Control (ACC).** Keep things under control with ACC, which is designed to help keep your car at a preset distance from the vehicle in front of you. *

**Lane Departure Warning (Lane Assist).** This system helps warn you in certain conditions, if it detects that you’re driving outside of your lane without use of a turn signal. If you happen to move outside of your lane, the steering wheel will vibrate to help alert you. *

**Forward Collision Warning and Autonomous Emergency Braking (Front Assist).** Sensors in the front of your Touareg help alert you if you are approaching another vehicle too quickly. If you fail to brake enough, the system can boost the braking pressure. And if you don’t brake at all, Front Assist automatically steps in and applies the brakes to help reduce the severity of a potential impact. *

**AVAILABLE DRIVER ASSISTANCE FEATURES**

**Touchscreen sound system.** Stream and play it: HD Radio™, CDs, MP3 and WMA songs on CD, and your compatible smartphone tunes collection. You can access through the touchscreen on the dash.

**Bluetooth® technology with audio streaming for compatible devices.** Connecting your smartphone or other compatible device for talking and streaming. This way you can handle business without missing a beat.

**Bi-Xenon headlights with LED DRL (Daytime Running Lights).** Brighter than halogen, Bi-Xenon bulbs last longer and help save energy. Plus, with LED DRL, it’s a built-in light show.

**AVAILABLE FEATURES**

**Dynaudio® premium sound system.** Surround yourself in rich, full sound from the 620-watt, 10-speaker system that makes every seat the best seat in the house.

**Touchscreen navigation with 3D landmarks.** Stream and play it: HD Radio™, CDs, MP3 and WMA songs on CD, and your compatible smartphone tunes collection. You can access through the touchscreen on the dash.

**Keyless access with push-button start.** The key fob does the job. Leave it in your pocket. You can automatically unlock the door of your Touareg as you grip the door handle. Then once you’re inside, with the press of the brake and the push of the start button, your engine starts and you’re ready to go.

Before you can be confident, you need to be prepared. That's why the Touareg is equipped with active and passive safety features, our Intelligent Crash Response System (ICRS) and Automatic Post-Collision Braking System, which all combine to help prepare you for the unpredictability of the road ahead. Here's that for peace of mind!

Confidence. Backed by forward thinking.

Intelligent Crash Response System (ICRS). In the event of a collision that activates the vehicle's airbags, the Intelligent Crash Response System can automatically disable the fuel pump, unlock all the doors, and turn on the hazard lights.

Automatic Post-Collision Braking System. Not every collision brings a car to an immediate stop. That's why we engineered the Automatic Post-Collision Braking System. By automatically slowing down your car after a collision, you have a better opportunity to take control and help reduce the chance of any additional impacts.

Adaptive airbags. Our airbags have been engineered to adapt to crash severity, and special door sensors will deploy Side Curtain Protection® airbags in the event of a side impact.

Seven stability-enhancing systems. From Electronic Brake-pressure Distribution (EBD), which helps maintain appropriate stopping power during a hard-braking situation, to Electronic Stability Control (ESC), which adjusts engine throttle and applies corrective forces to the wheels that need them most, there are seven systems in total to help you stay in control.

ESC with trailer stabilization. When towing a trailer, Electronic Stability Control can detect instability that towing may cause. It can then adjust engine throttle and apply corrective forces at each wheel to help maintain control.

Safety cage. The safety cage for the Touareg has been designed to help protect you during front, rear, or side impacts. In addition, advanced thermoformed steel B-pillars offer strong reinforcements at top.

Accessories. For and by Volkswagen.

A diverse lineup calls for an even more diverse array of Volkswagen Accessories. That’s why these available items are specially designed and created to fit your Volkswagen. So whether you’re preparing for some outings or going for style points, your VW can be customized to your lifestyle.

Volkswagen Accessories installed by an authorized Volkswagen dealer are covered for the greater of: (1) the accessory limited warranty period (12 months or 12,000 miles, whichever occurs first) from the time of purchase; or (2) the remainder of the New Vehicle Limited Warranty period (3 years or 36,000 miles, whichever occurs first). See dealer for details.
