FORGET PAST AUTOMOTIVE EXPERIENCES.
LOOK BEYOND CURRENT EXPECTATIONS.
CHALLENGE. DISCOVER. ASPIRE. ADVANCE.
It is seeing a curve in the road and envisioning a whole new way through it. It is rejecting the constraints of traffic and weather and instead doing something about them. It is about creative transformative technologies. It is about finding inspiration beyond the confines of current automotive design. And using premier race circuits as testing grounds for our ideas. Advance is about recognizing the state of the world we live in, and anticipating what’s next. In performance. In technology. In safety. In design. All for the purpose of heightening anticipation for your next drive.

ADVANCE IS NOT JUST ABOUT MOVEMENT, IT IS ABOUT PROGRESS.

We race to win. And in our very first race, an Acura American Le Mans car took the top spot in the 2007 Twelve Hours of Sebring. This year, as we build on all we learned, we continue a commitment to constant advancement and of testing technology at the highest level, so we can one day bring it to you.

advanced sports-car concept. Though not intended for the showroom, its combination of precision and passion signals the future of Acura design.
ART AND ENGINEERING DESIGNED TO CAPTURE EMOTION, ANTICIPATION, DESIRE,
The all-new 2009 Acura TL and TL SH-AWD. From the bold, fluid lines to the thrilling driving dynamics, every aspect was crafted to inspire movement.

AND SET THEM ALL INTO BEAUTIFUL, EXHILARATING MOTION.
THROUGH THE USE OF LINE, SHAPE, TEXTURE AND LIGHT, A DEEPER, MORE VISCERAL CONNECTION IS FORGED.

In a sedan built for performance, every element should function without adding unnecessary distraction. Every system engineered to turn complexity into clarity. The intuitive nature of the vehicle’s controls is evident in the steering wheel with its illuminated paddle shifters. In high-resolution gauges that include a Multi-Information Display to help you quickly keep tabs on a variety of vehicle systems. And with the available Technology package, you can bring the entire experience to life with a touch of the pushbutton ignition.

TL SH-AWD® SHOWN WITH TAUPE LEATHER AND AVAILABLE TECHNOLOGY PACKAGE.
Dramatic styling. Textural refinement. Fluid energy.

It’s not just a seat. Or an armrest. Or a steering wheel. It’s a contact point. When crafting the cabin of the new TL, Acura designers took extra steps to ensure that every detail excels in its ability to comfort, engage and inspire. High-quality, soft-touch materials abound. With the available Technology package, these include full-grain Milano perforated leather seats. A new stitching style allows for thicker, more comfortable seat inserts. Underfoot you’ll find plush pile carpeting. The TL SH-AWD includes more supportive seat bolsters, a thicker steering wheel and sporty stitching. The perfect accompaniment to this material richness is an available GPS-linked climate control system that senses if one side of the cabin is getting more sun and adjusts the climate zones to keep everyone cool.

TL SH-AWD® SHOWN WITH TAUPE LEATHER AND AVAILABLE TECHNOLOGY PACKAGE.
Producing power efficiently has always been one of Acura’s defining goals. After all, the lighter the engine, the less inertia to overcome in getting you off the line, or through a tight turn. And while the 3.7-liter engine motivating the TL SH-AWD is the most powerful production engine ever developed by Acura, materials such as aluminum and magnesium help keep the weight down. Employing an updated variable valve system that manages both air intake and exhaust, the engine breathes deeply, getting the most power out of every stroke and producing an impressively high horsepower-per-liter ratio.

The 3.5-liter engine found in the standard TL also delivers the benefits of variable valve management. By adjusting the timing and lift of the intake valves, it also generates the kind of performance usually associated with larger engines.
Rather than simply imposing your will onto a vehicle, true performance can more accurately be described as a conversation. Advanced engineering ensures that the TL is more than adequate at holding up its end. The fully independent, sport-tuned suspension features all-new damper valves and increased roll stiffness for more linear response to driver input. Speed-sensitive steering is tuned to provide visceral feedback. Special ducts on the TL SH-AWD help cool the front brake discs for virtually fade-free stopping.

Keeping unwanted interference out of the conversation are chassis and engine mounts designed to isolate the cabin from vibrations. An acoustic windshield drastically reduces windnoise.

TL SH-AWD shown in Polished Metal Metallic with available 19-inch high performance tire and wheel package.
Connecting the TL SH-AWD to the road while separating it from the competition is the vehicle’s Super Handling All-Wheel Drive™ (SH-AWD™). Utilizing an array of sensors, the system continually monitors each wheel’s grip on the road and sends power to where it will be most effective. If any of the tires experience a loss of traction, torque will be redirected to those with a better hold. If all four wheels are on a low-traction surface, power is balanced among them for more surefooted traction. By actively distributing power between the front and rear wheels, as well as between the right and left rear wheel, SH-AWD delivers more confidence-inducing handling when the weather or road conditions are less than ideal.
Driving stability can be compromised not only by adverse road conditions, but also from the shifting weight of the vehicle as it maneuvers through a set of tight turns. The crisp handling of the TL SH-AWD is the result of its ability to proactively determine where more traction will be needed to help you hold tight to your chosen line. When you take a corner, the system can send up to 100% of available rear-wheel torque to the outside wheel and then spin that wheel slightly faster. These two actions dramatically increase the vehicle’s turning force, delivering not only increased stability and control, but also more thrilling response.

TL SH-AWD SHOWN IN WHITE DIAMOND PEARL.
Seated behind the wheel of the TL, you have considerable power at your disposal. But while you may not be able to alter the weather, the level of data the vehicle supplies certainly helps you make the most informed decisions. The available Acura Navigation System with Voice Recognition™ not only provides current and 3-day weather forecasts, but it can also display weather radar and advise you of severe conditions along your intended route. The system also lets you keep an eye on traffic and provides lane guidance information to help you through unfamiliar highway interchanges.

The high-resolution screen gives you more precise information, as does the next-generation point-of-interest database with its over 7,000,000 entries. Utilizing a hard disk drive (HDD) for stored information, the navigation system responds faster, covers more territory, including Alaska and Hawaii, and even lets you upload your own personal wallpaper for display whenever the system is not in use.

TL SHOWN IN EBONY LEATHER WITH AVAILABLE TECHNOLOGY PACKAGE.
Hands-free connectivity.

Voice Recognition

ACURALINK REAL-TIME WEATHER
See current information as well as forecasts for virtually any U.S. city right on the screen of the available navigation system.6

ZAGAT SURVEY® RESTAURANT REVIEWS
Get trusted recommendations, complete with food, service and decor ratings with this feature of the available navigation system.

ACURALINK REAL-TIME TRAFFIC
The available navigation system quickly communicates traffic flow as well as collisions, road construction and weather-related incidents.5

BLUETOOTH® HANDSFREELINK®
Link your compatible Bluetooth® enabled mobile phone4 and you can make and receive calls without taking your hands off the wheel.

AUDIO SYSTEM CONTROLS
The TL’s ability to recognize a vast list of commands lets you verbally control most of the functions of the vehicle’s Acura/ELS Surround® audio system.

ADAPTIVE CLIMATE CONTROL
Simply voice your preference and the system will adjust the temperature to accommodate each front passenger’s individual choice.

It is the next best thing to being able to read your thoughts. Systems designed to work intuitively and instinctively. Simply activate the steering wheel-mounted button and the available Technology packages voice recognition feature gives you intimate control of a variety of vehicle systems while keeping your hands firmly grasping the wheel. A situation you’ll undoubtedly appreciate with a powerful engine at your command and a curved stretch of asphalt in your sights.
The TL’s navigation system has the capacity to inspire as well as inform. The system’s hard disk drive (HDD) contains enough space for you to record and store more than 200 hours of your music, the equivalent of over 3,600 songs. Just insert your CD into the system’s single disc slot and your music can be recorded automatically into the database while it plays. Disc and track information is provided by Gracenote, letting you scan to your preferred music based on title, artist or genre.
Sound is an integral part of any rich experience. And while the vehicle’s engine note adds a certain amount of depth to your drive, the music created by the Acura/ELS Surround System (with available Technology package) also holds the ability to inspire. Specifically tuned by Grammy® Award-winning engineer and producer Elliot Scheiner (the “ELS” in ELS Surround), the system’s DVD-Audio capabilities help it reproduce the feel of the original studio performance. This 10-speaker, 440-watt system comes equipped with XM® Radio and is compatible with a number of music formats, including MP3 and WMA. A USB port and an MP3/auxiliary input jack let you bring more of your music along, as does the TL’s hard disk drive (HDD) with its capacity to store more than 200 hours of music.
TL SH-AWD® SHOWN IN POLISHED METAL METALLIC WITH AVAILABLE 19-INCH HIGH PERFORMANCE TIRE AND WHEEL PACKAGE.
Vehicle Stability Assist™ (VSA®) is designed to detect when understeer or oversteer is imminent. This system will adjust the engine’s torque and/or apply individual brakes to help stabilize the vehicle. On the TL SH-AWD, the system will first use the vehicle’s SH-AWD to correct the situation by altering the torque distribution among the four wheels.

The benefits of Acura’s Safety Through Innovation philosophy can be found throughout the new TL. In features like its Advanced Compatibility Engineering (ACE) body structure that’s designed to direct frontal crash energy away from the passenger compartment and minimize misalignment with vehicles of differing size. In door liners shaped to reduce occupant injury. In new hot-stamped steel that is both lighter and stronger than conventional steel. It’s all been designed to help the TL achieve 5-star crash ratings from the National Highway Traffic Safety Administration (NHTSA) and top marks from the Insurance Institute for Highway Safety (IIHS).

Perhaps the most important feeling the TL inspires is confidence.

Safety through innovation.
Collision avoidance and injury mitigation.

Active Front Head Restraints
The TL’s active front head restraints are designed to help minimize whiplash injuries.

Hill Start Assist
On TL SH-AWD, this system will hold the brakes to help prevent rollback.

Tire Pressure Monitoring System
This system actively monitors and displays the air pressure of each tire.

Brake Assist
This system can detect emergency braking and apply additional brake force.

Rearview Camera
Part of the available technology package, this feature displays what’s directly behind you on the vehicle’s navigation screen when you shift into reverse. Guide lines on the screen indicate the vehicle’s width and approximate distances behind the bumper.

Advanced Airbag System
The TL’s passive safety features include dual-stage, dual-threshold front airbags, new larger front side airbags and side curtain airbags. An occupant position detection system (OPDS) is designed to prevent deployment of the front passenger’s side airbag if a small-statured or an out-of-position front passenger leans into the airbag’s deployment path.

*Always use seat belts and appropriate child seats. Children 12 and under are safest when properly restrained in the rear seat. Front airbags inflate and deflate in a fraction of a second.

### EXTERIOR

- Power moonroof with tilt feature, auto-open/close, auto-reverse and key-off operation
- Heated outside mirrors with reverse gear tilt-down and integrated directional signals
- Auto-on/off headlights
- Stainless steel body-contoured roof trim
- Speed-sensing, variable intermittent windshield wipers
- Integrated dual-outlet exhaust

### ACCESSORIES

When it comes to personalizing your TL, choose Acura genuine accessories that are crafted to the same strict levels of quality as the rest of your vehicle. See your Acura dealer for a complete list of accessories.

- 18-inch and 19-inch aluminum-alloy wheels™
- Under-body spoiler kit
- Decklid spoiler
- Back-up sensors
- Wood steering wheel and shift knob
- Car cover
- All-season floor mats

### Interior

- Dual-zone, dual-mode adaptive climate control system with humidity control and air filtration
- Rear-passenger ventilation controls
- Remote entry system with folding key and Acura personalized settings for driver's seat, outside mirrors, select audio settings and more
- Power windows with driver's and front passenger's auto-up/down, auto-reverse and key-off operation
- Remote- and driver's door lock-operated windows-open function
- Bluetooth® HandsFreeLink® wireless telephone interface®
- Steering wheel-mounted controls (cruse control, audio, phone, Multi-information Display and available voice recognition)
- HomeLink®
- Cruise control
- Tilt and telescopic steering column
- Simulated chestnut wood trim
- Textured metal interior trim
- Overhead LED map lights (front and rear)
- Ambient cabin lighting
- Driver's and front passenger's footwell lighting
- Door-mounted courtesy lights
- Leather-wrapped steering wheel and gearshift knob
- Beverage holders (front and rear)
- Front and rear-door storage compartments
- Center console utility compartments
- Aluminum threshold garnish
- Driver's and front passenger's illuminated vanity mirrors
- 12-volt power outlets (front, center console)

### Audio

- Acura 276-watt Premium Sound System with AM/FM tuner, 6-disc in-dash CD, MP3, WMA changer, Dolby® Pro Logic® II and 8 speakers, including 8-inch subwoofer
- XM® Radio®
- USB Audio Interface® with iPod® integration
- MP3/auxiliary input jack
- Bluetooth® Audio
- Radio Database System (RDS)
- Speed-sensitive volume control (SVC)

### Safety

- Advanced Compatibility Engineering™ (ACE™) body structure
- Vehicle Stability Assist™ (VSA®) with traction control
- 4-wheel anti-lock braking system (ABS) with Electronic Brake Distribution (EBD) and Brake Assist
- Dual-stage, dual-threshold front airbags (SRS)
- Front side airbags with passenger-side Occupant Position Detection System (OPDS)
- Side curtain airbags
- Active front head restraints
- Retractable rear-seat head restraints
- 3-point height-adjustable seat belts with load limiters and automatic tensioning system (front)
- 3-point seat belts (rear)
- LATCH (Lower Anchors and Tethers for Children) child-seat mounting system
- Xenon High-Intensity Discharge (HID) headlights
- Daytime Running Lights (DRL)
- Fog lights
- Tire Pressure Monitoring System (TPMS) with location and pressure indicators®
- Impact-absorbing crumple zones (front and rear)
- Theft-deterrent system with electronic immobilizer
- Rear-window defroster with timer
- Side-impact door beams
- LED mirror-integrated directional signals, taillights, brake lights and Center High Mount Stop Light
- Automatic dimming rearview mirror

### Technology Package

- Acura/ELS Surround® 440-watt Premium 10-speaker Sound System with hard disk drive (HDD) media storage, in-dash CD, DVD-Audio, MP3, WMA and DTS® player, Dolby® Pro Logic® II and AM/FM tuner
- AcuraLink® satellite communication system with real-time traffic and weather®
- Keyless Access System with smart entry, pushbutton ignition and Acura personalized settings for driver's seat, outside mirrors, select audio and navigation settings and more
- GPS-linked, solar-sensing, dual-zone, dual-mode adaptive climate control system with humidity control and air filtration
- XM® Radio® with Note function music-reminder
- Bluetooth® HandsFreeLink® wireless telephone interface with phone-book exchange®
- Automated Appointments™
- Interface dial
- Body-colored decklid spoiler with integrated rearview camera
- Sport seats with perforated Milano premium leather-trimmed interior
- Chrome door-handle trim

### Features

- 305-hp, 3.7-liter, 24-valve, SOHC V-6 engine with intake/exhaust VTEC
- Super Handling All-Wheel Drive (SH-AWD)
- Hill Start Assist
- Exclusive 18-inch tire and alloy wheel
- Integrated quad-outlet sport exhaust
- Bumper-integrated front brake cooling ducts
- Exclusive front sport seats and steering-wheel design
- Black carpeting
- 19-inch high performance tire and wheel package (available TL SH-AWD factory option)
OWNER BENEFITS

Warranty  All Acura vehicles and the accessories installed by the dealer at the time of vehicle purchase have a 4-year/50,000-mile limited warranty. Acura vehicles are also covered by a 6-year/70,000-mile limited powertrain warranty. In addition, outer body rust-through is covered on all Acura vehicles by a 5-year/unlimited-mile limited warranty.

Acura-Trained Service Personnel  Your local Acura dealer is an excellent source for Acura genuine parts and factory-trained technicians. They have the experience, training and specialized tools needed to keep your Acura up to factory standards of performance and reliability.

1-800-to-Acura  Operators are available 24 hours a day to help get answers to your Acura questions.

Acura Care  Additional peace of mind can be had with the Acura Care® program – comprehensive vehicle and travel protection beyond the initial warranty period. See your Acura dealer for all the features and benefits available with this program.

Total Luxury Care® – Owner Benefits  Acura’s total commitment to your satisfaction doesn’t end with delivery of a world-class vehicle. It only begins there. Every Acura comes with Total Luxury Care® (TLC®), an array of services designed to help you enjoy your automobile for years to come.

Honda Financial Services  Whether you’re buying or leasing, Honda Financial Services can assist you with the process. See your dealer for details.

24-Hour Roadside Assistance  As part of your TLC benefits, 24-hour roadside assistance is available to you everywhere in the continental U.S. and Canada, day or night, every day of the year. Just call the toll-free number and rest assured that assistance is promptly on the way.

Trip-Interruption Benefits  If a problem that is covered by your warranty interrupts your trip more than 100 miles from home, Acura will provide you with reimbursement for meals, lodging or car-rental expenses. Please see your Acura dealer for all the program details.

Acura Concierge – Travel Service  In an emergency or just to help you plan a trip, Acura Concierge service can help you with many logistical details. It will even relay up to three urgent messages on your behalf if you cannot do so.

My Acura  Your complimentary My Acura personalized Web site provides you immediate access to the most current information about your vehicle. With advanced technology videos, personalized maintenance records and online service scheduling, My Acura extends your ownership experience from the road to the Internet. Visit My Acura at owners.acura.com.
Concierge Service.

Some parts subject to normal wear and replacement, and certain other items are excluded. See your Acura dealer for the terms and conditions of limited warranties.

Vehicle care and maintenance

The maintenance schedule is indicated in the owner's manual. Do not rely solely on the maintenance reminder system. Normal driving conditions may allow you to extend the intervals.

Scheduled maintenance services are designed to help maintain the vehicle in good operating condition. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge. Do not rely solely on the monitor system.

For more information or to design your own TL, visit acura.com.
