HIGH REGARD

WITH EVERY MILESTONE, RESPECT FOR ALFA ROMEO HAS GROWN EXPONENTIALLY OVER ITS 100+ YEAR HISTORY. GIULIA WAS INTRODUCED IN 1962, USHERING IN A REVOLUTIONARY STREET VERSION OF ALFA ROMEO’S SUCCESSFUL RACETRACK FORMULA, COMBINING EXTREME POWER WITH LIGHTWEIGHT TECHNOLOGY. TODAY’S GIULIA ELEVATES THIS LEGACY IN EVERY RESPECT.

Engineered “luck”

It is a badge born over one hundred years ago that still stands for something totally original today: the Alfa Romeo marque represents a passion for motoring unlike any other. With racetrack wins at Mille Miglia, Targa Florio, 24 Hours of Le Mans and countless milestones along the way, a century-long motorsport history comes through loud and clear on any vehicle produced by this iconic Brand.

The very top Alfa Romeo performers are further distinguished by another historic emblem — Quadrifoglio — a four-leaf clover inlay within a white triangle. It’s a good-luck tradition started by the legendary Alfa Romeo factory driver Ugo Sivocci in 1923, whose original hand-painted clover within a white square adorned his winning car at Targo Florio that year. Weeks later, Sivocci tragically lost his life in a vehicle that was missing his good luck charm. From that point on, every Alfa Romeo performance car would bear the four-leaf clover on a white triangle instead of a square — with the missing corner symbolizing the loss of Sivocci. Now, the latest Giulia Quadrifoglio, with its record-breaking track results, wears it well.

Alfa Romeo has always taken a unique and innovative approach to designing its automobiles; it is the point of convergence between a love for the most cutting-edge technology and a strong instinct to inspire emotions. Today, Alfa Romeo is writing a new chapter in its history, introducing a future where, once again, the driver is at the center of the design.
A Return to F1

This is a Formula 1 comeback story that restores the standing of one of the greatest names in motorsport history. Now, the legendary Alfa Romeo Quadrifoglio badge will appear on a Sauber C37, as it has on the brand’s top performance cars since 1923. The iconic four-leaf symbol returns to the highest level of racing to show the world the continuing strength and success of the Alfa Romeo philosophy. It demands the constant search for excellence; first applied to racing, then transferred in its entirety to the brand’s production cars. Over one hundred years later, the legend continues.
2.9L Twin-Turbocharged V6 Engine

505 horsepower 443 lb-ft of torque between 2,500 and 5,500 rpm 3.8 seconds 0–60 mph 191 mph top speed
2.0L Turbocharged 4-Cylinder Engine

- **280** horsepower
- **306** lb-ft of torque between 2,000 and 4,800 rpm
- **5.1** seconds 0–60 mph
- **149** mph top speed
DNA

ALFA DNA DRIVE MODE SELECTOR Alfa DNA and Alfa DNA Pro Drive Mode Selectors (exclusive to Quadrifoglio) instantaneously adapt the behavior of the vehicle to the selected driving mode:

• RACE deactivates traction control and stability control while activating the overboost function for increased torque to maximize performance
• DYNAMIC delivers sharper throttle response, enhanced steering feedback and performance shift-mapping for sporty on-road driving
• NATURAL is a comfort setting for a perfect balance in daily driving
• ADVANCED EFFICIENCY is engineered for maximum fuel efficiency; on Quadrifoglio, it includes cylinder deactivation

The intrinsic value of AWD

Giulia’s available Q4 All-Wheel-Drive (AWD) system combines the advantages of AWD with the performance and driving pleasure of rear-wheel drive. Under normal conditions, the Q4 AWD system sends 100% of the engine torque to the rear axle. When necessary, the system can automatically transfer up to 60% of the torque to the front axle thanks to the Active Transfer Case (ATC). It continuously monitors road conditions to deliver ideal torque distribution, maximizing grip and performance.
DUAL EXHAUST  Beyond creating a sporty rear view on Giulia, these chrome tips are just part of a comprehensive exhaust system which delivers the signature Alfa Romeo exhaust note.

CARBON FIBER DRIVESHAFT  The ideal power-to-weight ratio of Giulia is the product of lightweight, high-tech materials, such as carbon fiber for the driveshaft and aluminum for the engines, suspension systems, hood,* doors and roof.* These elements enhance Giulia’s overall balance, providing excellent precision and performance — delivering exceptional handling even in extreme conditions.

*Hood and roof carbon fiber on Quadrifoglio

PATENTED ALFA LINK™ SUSPENSION  Giulia excels at high-lateral acceleration by forming a near-perfect footprint, thanks to its front double-wishbone suspension. Its semi-virtual steering axis guarantees rapid, accurate steering. The rear suspension uses a 4 1/2-link system — patented by Alfa Romeo — representing the best combination of lateral grip and comfort level, even on rugged road surfaces.
Designers gave Giulia an organic design for timeless character. Its optimized balance and seductive Italian design are highlighted with a long hood and front fender proportions.
The latest evolution of Giulia began with an all-new architecture that’s characterized by a longitudinal engine framework. The design emphasizes precise placement of lightweight materials to help achieve near-perfect 50/50 weight distribution across the front and rear axles.
What sets Giulia Quadrifoglio apart? Plenty. Beyond its iconic clover badge, you'll find a leather-wrapped steering wheel with Red push-button start that offers precise control, as its 2.9L twin-turbocharged V6 engine fuels thrill rides with 505 hp and 443 lb-ft of torque. You'll hear a distinctive exhaust note from the dual-mode quad exhaust, and you'll feel the difference a turn of a knob can make with the Alfa DNA Pro Drive Mode Selector. For Quadrifoglio, it features the Race mode, for one-with-the-road performance, while the carbon fiber active aero front splitter adds another level of control. Comfort gets personal — 14-way front power seats offer 4-way lumbar and power adjustable bolsters, all wrapped up in Alcantara®/performance leather.
Ti Sport stirs up the adrenaline with athletic talents that reward drivers at every turn. Its flat-out performance exceeds the high expectations its fierce cladding suggests: sport front and rear fascias, colored calipers, available 19-inch Dark 5-hole aluminum wheels and run-flat all-season performance tires help deliver on a visual promise. Playing to the crowd, Ti Sport features aluminum interior trim, sport leather seats and aluminum sport pedals. Its flat-bottomed steering wheel brings mounted audio controls, aluminum steering column-mounted paddle shifters and a push-button start to the ride.
With Ti Lusso, Giulia steps up its Italian propensity for high style. This is a performance sedan whose competitive side extends to creature comforts. It offers amenities that both anticipate and surprise in a way that treats every occupant as a distinguished guest. Materials are thoroughly vetted; craftsmanship is vigorously scrutinized to a degree that makes its superiority plain to even the most discerning drivers. For those lucky enough to travel in a Ti Lusso, every sense will be rewarded.
This is distinctive Italian craftsmanship that puts high luxury at ease. Materials are selected to be in full harmony with each Giulia model and to uphold a long tradition of skillful artistry, including the finest Italian leather with meticulous accent stitching. Look forward to Cannelloni design seats, featuring front power 12-way adjust (including 4-way lumbar and driver memory), luxury leather-wrapped steering wheel, leather-wrapped dash with accent stitching and leather-trimmed interior accents. Genuine Light Walnut Wood or Dark Gray Oak Wood trim complete the rich, natural feel.
With the available leather-wrapped steering wheel with carbon fiber inserts, Quadrifoglio puts controls right at your fingertips ... including the button that starts and stops your journey.
Made for drivers

Gaining a full understanding of Giulia’s potential happens just seconds after stepping on its accelerator. Those fortunate enough to gain a seat behind the wheel will benefit from innovative gains in efficient engine design, lightweight technologies and optimally balanced weight distribution. This is exhilarating, exacting performance that speaks to the highest standards of motoring. It’s a specialized language that fluent drivers will seek to be immersed in as much as possible.
Life uninterrupted
DON'T HOLD THE PHONE: KEEP ON GOING ABOUT YOUR DAY (OR NIGHT) WITH THE INTUITIVE AND INDISPENSABLE FEATURES OF APPLE CARPLAY® — IT ONLY ADDS TO THE PLEASURE OF DRIVING GIULIA.

APPLE CARPLAY® COMPATIBILITY This is smarter iPhone® integration, so you will experience your favorite features through your dashboard. With Siri®, all you have to do is ask — catch up on calls and messages, get directions from Apple Maps or request a song through Apple Music. The system lets you browse music or discover nearby gas stations, parking, restaurants and more. Plus, Maps helps to predict where you’re headed.

IT USED TO BE THAT YOU DIDN'T WANT ANYONE TELLING YOU WHERE TO GO OR WHAT YOU COULD LISTEN TO … BUT ANDROID AUTO™ WILL DEFINITELY MAKE YOU RETHINK ALL THAT.

ANDROID AUTO™ INTEGRATION For those who know and love Android™ Google™ goes with you thanks to navigation and “OK Google” voice detection; you'll also hear your favorite Google Play music and get voice-guided navigation from Google Maps. Stay focused and productive while on the road with voice controls® that allow you to make calendar appointments, set timers, reply to emails and messages — and more.

*A note about this brochure: all disclaimers and disclosures can be found on page 50.
Giulia is more than eager to share its report card. The vehicle performance pages offer up useful data that track tire pressures, engine oil, service visits and much more.

Standard Apple CarPlay®1 integration puts Apple Maps from your iPhone® front and center on the radio screen. Receive turn-by-turn directions, up-to-date traffic conditions and more — all through the hands-free convenience and safety of Siri®2 voice control.

Like having an extra set of eyes on the subject, drivers get a better view of what lies behind thanks to the rear back-up camera5 with dynamic grid lines, standard on every Giulia. Screens also display settings, radio and other essential information.
Reverberations

HARMAN KARDON® PREMIUM AUDIO SYSTEM
Designed to provide concert-like sound, the available 900-watt, 12-channel class-D amplifier and Logic 7® sound technology distribute clear sound through a system of 14 premium speakers and a subwoofer. It’s quality sound that resonates with everyone.
Invaluable insight

**Blind Spot Monitoring** This available system has dual ultra-wideband radar sensors that aid the driver when changing lanes, and when trailing vehicles are in the blind spot, via an illuminated sideview mirror icon (standard on Quadrifoglio).

**Rear Cross-Path Detection** This available system is activated anytime the vehicle is in reverse. It lets the driver know vehicles are crossing behind with illuminated icons on the sideview mirror, as well as an audible chime (standard on Quadrifoglio).
Adaptive Cruise Control Plus with Full Stop (ACC Stop)\textsuperscript{11} This available system helps drivers maintain a safe distance from the vehicle ahead and, under certain traffic conditions, can bring Giulia to a full stop without driver intervention.

Anti-Slip Regulation (ASR) and Traction Control System (TCS) The standard ASR limits the spin of the driving axle during a driver torque request in the event the adherence limit is reached, optimizing vehicle traction. The standard TCS limits the wheelspin of a single drive wheel by applying brake torque to the wheel while an equivalent amount of torque is transferred via the differential to the other wheel, providing the vehicle the torque required to drive away.

Full-Speed Forward Collision Warning (FCW) Plus\textsuperscript{9} This available system provides autonomous braking and can bring the vehicle to a full stop when a frontal collision is imminent (standard on Quadrifoglio).

Air Bag System\textsuperscript{10} Giulia features a standard comprehensive system that includes driver and front-passenger dual advanced air bags, and supplemental front-seat-mounted side air bags (pelvic-thorax).
Nero Edizione

Giulia expresses its wicked side in a special edition that includes: 19-inch Dark Miron aluminum wheels • Dark Miron V-Scudetto grille • Dark Miron exterior mirror caps • custom-painted brake calipers (Red/Black/Yellow) • Dark exhaust tips • Dark headlamp bezels • Gloss Black window surrounds • monotone wheel caps with Alfa Romeo logo • Dark Miron exterior badging
The limited Ti Sport Carbon Fiber Package features accents that highlight the beauty and lightweight performance advantages of this high-tech material, including: carbon fiber mirror caps • carbon fiber V-Scudetto grille surround • carbon fiber side skirt • Dark headlamp bezels • 19-inch Dark 5-hole aluminum wheels • monochromatic center cap • Dark Miron badges • Dark exhaust tips • leather-wrapped dash and upper door panels • carbon fiber interior accents • carbon fiber illuminated door sills
Giulia/Giulia Sport
### GIULIA MECHANICAL
- All-aluminum 2.0L turbocharged 4-cylinder engine
- 280 hp and 306 lb-ft of torque
- 8-speed automatic transmission
- Rear-Wheel Drive (RWD)
- Q4 All-Wheel Drive (AWD), available

### EXTERIOR
- 17-inch Bright 10-spoke aluminum wheels
- 225/50R17 run-flat all-season performance tires
- Dual-mode quad exhaust tips
- Bi-xenon headlamps
- LED Daytime Running Lights (DRLs)
- LED taillamps
- Aluminum window surrounds
- Silver brake calipers

### INTERIOR
- Leather trim seats
- 10-way power front seats, including 4-way power lumbar support and driver-seat memory
- 40/20/40 split fold-down seats with trunk pass-through
- Flat-bottomed leather-wrapped steering wheel with audio controls and Black push-button start
- Tilt/telescoping steering column
- 160-mph speedometer
- Bright Alfa Romeo door sills
- Ambient lighting

### TECHNOLOGY (continued)
- 7-inch Thin Film Transistor (TFT) cluster with dynamic display controller
- Central display rotary controller
- 8-speaker audio system
- Alfa DNA Drive Mode Selector (Dynamic, Natural and Advanced Efficiency)
- Dual-zone climate control
- Integrated Brake System (IBS)
- Start/Stop technology
- Back-Up Camera with dynamic grid lines
- Rear Park Sensors
- Passive entry with keyless-go
- Remote Start
- Automatic dusk sensor lights
- Electronic Stability Control (ESC)
- Hill Start Assist (HSA)
- Rain-sensing auto wipers
- Carbon fiber driveshaft
- Advanced Brake Assist
- Electric parking brake
- Anti-slip/torque control
- Traction control
- 8 air bags
- Auto-dimming interior rearview mirror
- Power folding heated exterior mirrors
- Remote trunk release
- 12-volt power outlet
- Universal garage door opener

### GIULIA SPORT EXTERIOR
- 18-inch Sport aluminum wheels
- 225/45R18 run-flat all-season performance tires
- Front and rear sport fascias
- Gloss Black window surrounds
- Colored brake calipers (Red/Black/Yellow)

### OPTIONS/PACKAGES
- Dual-pane sunroof
- Heated rear seats
- Full-Speed Forward Collision Warning (FCW) Plus
- 6.5-inch display with 2D navigation (Giulia)
- 8.8-inch display (Giulia)
- 8.8-inch display with 3D navigation
- SiriusXM Radio – 12-month trial included (Giulia)
- Harman Kardon® Premium Audio System
- Premium Alarm System
- Engine block heater
- Colored brake calipers (Red/Black/Yellow)
- Nero Edizione Package
- Driver Assistance Static with Front Park Sensors Package (Giulia)
- Driver Assistance Dynamic Plus Package
- Cargo Convenience Package
- Cold Weather Package
- Sport Interior Package (Giulia Sport)
- 17-inch Bright cerchio aluminum wheels (Giulia)
- 18-inch Bright turbine aluminum wheels (Giulia)
- 18-inch Dark turbine aluminum wheels (Giulia)
- 18-inch Sport aluminum wheels
- 19-inch Y-spoke aluminum wheels
- 19-inch Dark 5-hole aluminum wheels
- 19-inch wheels with front 225/40R, rear 255/35R three-season performance tires
MECHANICAL
All-aluminum 2.0L turbocharged 4-cylinder engine
280 hp and 306 lb-ft of torque
8-speed automatic transmission
Rear-Wheel Drive (RWD)
Q4 All-Wheel Drive (AWD), available

EXTERIOR
18-inch polished double Y-spoke aluminum wheels
225/45R18 run-flat all-season performance tires

INTERIOR
Heated front seats
Heated steering wheel
Heated windshield washer nozzles
Genuine Dark Gray Oak Wood interior trim

TECHNOLOGY
8.8-inch display with Bluetooth®, AM/FM radio and MP3
SiriusXM® Radio¹³ – 12-month trial included
