HUSTLIN!

Eagle is ready to take on the road... and then some! Long heralded for its inimitable blend of luxury, four-wheel drive convenience and security, Eagle once again proves its title as a rugged performer and refined family vehicle.

Its sophisticated automatic four-wheel drive system, Select Drive, allows the driver to shift on-the-fly from two to four-wheel drive with the flick of a switch. There's no need to change gears or speeds when shifting, and the four-wheel drive mode can be engaged indefinitely without excessive wear on drive components.

Under normal driving conditions, two-wheel drive is the default setting. Entire engine power resides in the rear wheels to provide a smooth, confident ride. When road conditions demand solid traction, a shift to four-wheel drive distributes power to all four wheels, offering even greater performance and security. Powerful this versatile vehicle is equipped with a 4.2 litre V8 engine, matched to a 3-speed automatic or a 5-speed manual. (A 3-speed automatic is optional.) In addition, advanced electronics monitor and control a variety of engine functions that result in improved operation and efficiency.

Eagle boasts an independent front suspension system with coil springs, telescoping shock absorbers and large front stabilizer bars. The rear suspension features a live axle on computer-selected leaf springs and telescoping shock absorbers tailored to specific vehicle weight. For even more confidence on the road, there's an optional Extra-Duty Suspension Package that includes heavy-duty springs and shocks, plus unique front and rear sway bars. Performance... style... security. That's Eagle for 1987. And it may be just what you're looking for.

The sophisticated Select Drive four-wheel drive system allows you to shift on-the-fly from two to four-wheel drive at any speed.
RELAXIN’!

No matter where you’re going, Eagle gets you there in style. Whether you choose the practical wagon or smart sedan, a spacious, well-appointed interior awaits you. In each, six adults can ride with ease and comfort.

Attention to detail is immediately apparent upon entering Eagle. Individually reclining front seats and a full-width rear bench seat are thickly padded and covered in premium vinyl or cloth, while thick carpet covers the floor and cargo area wagon. Adding to Eagle sedans distinctive design is a vinyl padded roof and opera windows.

Eagles inviting interior is also very functional. The efficient instrument panel design makes all controls easy to read and within reach. An optional gauge package includes an electric clock and tachometer, as well as oil, voltmeter and vacuum gauges. Also available are optional cruise control, and power door locks and windows.

Further refinements can be found in Eagle Wagon Limited. It features meticulously tailored leather seats and plush carpeting, along with dual chrome remote control mirrors and wire wheel covers.

To add sportiness to elegance, opt for the Eagle Wagon Sport Package. It includes special billet-out accent trim, silver "4x4" graphics, steel-belted radials, halogen headlamps and fog lamps, and an exclusive leather-wrapped sport steering wheel.

Let your quest for sporty join your passion for elegant — Eagle does it with flair!
LOADIN'

When it comes to carrying cargo, Eagle is a natural. In addition to the convenience of four doors and room for six, both wagon and sedan offer plenty of room for gear.

Swing up the wagon’s easy-opening rear hatch and enter the spacious, carpeted cargo area, complete with slat strips, retractable cover and lockable storage compartment.

With the rear seat folded down, Eagle wagon offers a generous 57 cubic feet of cargo space, while Eagle sedan provides a generous 12.2 cubic feet of trunk space.

For even more convenience and versatility, Eagle wagon can be outfitted with an optional roof rack that adjusts to varying load sizes.

Fill it full of kids or cargo — there’s always room for more. Whatever you’ve got to load, Eagle makes it easy!
HAULIN'

Superior technology and versatility make Eagle a dependable all-weather performer. And when it comes to trailering, you'll appreciate these traits even more. Outstanding traction and control join Eagle's rugged build to make both wagon and sedan ideal for towing a variety of loads, and there are two optional trailer packages.

A Light-Duty Trailering Package for Class I trailers (up to 2,000 lbs.) includes bumper-mounted hitch, five-conductor wiring harness and vehicle-to-trailer wiring kit. Recommended equipment includes an automatic transmission, 3.60 axle ratio, heavy-duty battery, automatic Load Leverer rear shock absorbers and maximum-duty cooling.

A Medium Duty Trailering Package for Class II trailers (up to 3,500 lbs.) includes equalizing hitch, seven-conductor wiring harness, vehicle-to-trailer wiring kit and auxiliary transmission oil cooler. Required equipment includes an automatic transmission, 3.60 axle ratio, heavy-duty battery, automatic Load Leverer rear shock absorbers and maximum-duty cooling. Match the security of four-wheel drive with a go-anywhere, do-anything attitude, and you've got Eagle—ready for hauling!

The performance and dependability of four-wheel drive. A sophisticated, soothing interior. The convenience of cargo space and superb towing capabilities. Simply, Eagles get it all.

Whether you choose Eagle wagon or sedan, you're making a very intelligent choice. Both come with an impressive list of standard features designed to give you maximum security and comfort. In addition, an extensive list of optional features lets you equip your Eagle to suit your needs.

Through the years, Eagle heritage has grown strong and proud. 1987 is no exception. Eagle truly is a breed apart.

1987 EAGLE NEW VEHICLE LIMITED WARRANTY

All 1987 Eagle vehicles are covered by the 1987 AMC New Vehicle 12-month/12,000-mile Limited Warranty that offers extensive coverage of components on the vehicle. Upon completion of the new vehicle limited warranty, a number of specified engine and drivetrain components are covered against defects for an additional 12 months/12,000 miles. This powertrain coverage under the new vehicle limited warranty requires the owner to pay the first $300 per repair visit for the repair or replacement of any covered items.

For additional information on warranty coverage and exclusions, consult your owner's manual.

American Motors Corporation offers long-term service contracts to owners of both new and used Eagle vehicles.

The Service Security Plan offers exclusionary protection against major repair bills, car rental assistance, towing expense,valued claims, nationwide service and road service. A standard 5-year/60,000-mile plan and a reduced 5-year/50,000-mile plan are fully backed by American Motors Corporation. In addition, a 90-day trial period prepayment plan is now available for all. For more information, see your local dealer.

Certain equipment, items and features (illustrated or described in this catalog) are optional at extra cost, unless otherwise specified. This catalog contains information that is correct at the time of printing. However, American Motors reserves the right to discontinue or change specifications, models, accessories or prices at any time without prior obligation.
