LAND ROVER DEFENDER NEW FEATURES FOR 2015

EXTERIOR DESIGN CHANGES
Brand new additions feature the availability of two stylish packs including the purposeful Black Design Pack and exclusively for Defender, the Silver Design Pack.

INTERIOR DESIGN CHANGES
With even higher levels of quality materials and craftsmanship, 2015 will see the introduction of contrast leather premium seats. With Windsor leather inserts, these seats will be available in a choice of three colours; Ebony/Pimento, Ebony/Tan or Ebony/Lunar. To complete the look, when these seats are selected, the front centre stowage compartments will feature contrast leather highlights.
Born of a lineage stretching back to the debut of the first Land Rover in 1948, today’s Defender has capability at its heart and takes pride of place as the most capable and adaptable vehicle in the Land Rover range. Over six decades of experience in designing and building one of the world’s most renowned four-wheel drive vehicles have shaped Defender.
Immensely strong, Defender’s chassis is probably the single most important component in the vehicle’s design and contributes to its strength, stability, versatility and durability. The box-section, ladder-frame design is far stronger than an open-channel design and more adaptable than the unibody design favoured by many of its competitors.
Defender’s simple body architecture lends itself perfectly to functionality and versatility. It is available in nine core body styles including Station Wagon, Hard Top, Pick Up, Double Cab Pick Up as well as Soft Tops and Chassis Cabs with three different wheel bases (90, 110 and 130).
The lightweight aluminium body* not only helps to improve fuel consumption, it also increases payload, the vehicle’s renowned capability and gives an optimum trade-off between form and function. Indeed, the corrosion-resistant aluminium body panels have evolved directly from those on the original 1948 Land Rover. Even the cargo bed is made of aluminium so it won’t rust.

*Doors and bonnet are made from corrosion-resistant steel.
Inspired by 21st century industrial design, the Defender fascia is simple, robust and practical but not without its creature comforts. Optional features include premium leather front seats, leather steering wheel and air conditioning. There is a choice of two entertainment systems, with the second system having the added benefit of Bluetooth® wireless connectivity with audio streaming. For a further enhanced in-car sound experience, an upgraded system with superior speakers and subwoofer (150W) is also available.
Superb towing power. And the power to help keep occupants out of trouble. With a state-of-the-art 2.2-litre diesel engine delivering a top speed of 145kph and an impressive 360Nm of torque. With 90 percent of peak power constantly on tap from as low as 2,200rpm to over 4,350rpm, it provides maximum muscle for tough working environments.
Specially developed for heavy-duty applications, Defender’s six-speed transmission is light, strong and provides smooth on-road performance. With 12 forward gears, whether towing, on-road or in rough terrain, you’re always in command. Added to which, Defender has impressive braked trailer towing capability of 3,500kg.
Defender has permanent four-wheel drive with the centre differential distributing torque evenly between front and rear axles to give optimum performance on all terrains. On tarmac, the vehicle’s drive is composed and acceleration is assured. Defender comes with an ABS System featuring Electronic Traction Control and Dynamic Stability Control as standard.
Defender is designed to tackle extreme climbs and descents with ease. The engine’s impressive 360Nm of torque can be fully utilised through the dual-range transfer box and six-speed gearbox. This provides an additional six-forward and one-reverse low-range gears for extreme conditions and gradients as steep as 45 degrees. What’s more, the centre differential can be locked to help minimise wheel spin and maximise traction on slippery surfaces.
The legendary Land Rover Command Driving Position, now a central feature of every Land Rover vehicle, was first established by Defender’s predecessor Series I in 1948. It gives greater visibility of the way ahead and the surrounding environment, adding to the driver’s control and security.
Defender’s design architecture lends itself perfectly to versatility and one-off, tailor-made solutions. In addition to the nine core body styles, conversions are available based upon 11 platforms including Station Wagon, Hard Top, Pick Up and Double Cab Pick up, with standard or Heavy Duty chassis and suspension.** For further information, please contact your local Land Rover Dealer or visit www.landrover.com/professional.

**HD suspension on 90 and 110 models not available in all markets. Please see your Land Rover Dealer for further details.
SPECIFICATION

Defender offers an exclusive range of options that allow you to personalise your vehicle. The following pages take you through a logical series of steps to create your ideal Defender. You have several choices: from selecting your body style to exterior and interior colours before choosing your wheels, finishes and additional options.

Step 1
Choose your body style

A wide variety of body styles and wheelbases provide optimum capability to get the most from your Defender.

Step 2
Choose your colour

There’s an extensive range of paints that provide durable coatings designed for the toughest working environments.

Step 3
Choose your wheels

A selection of stylish, durable trim combinations are available for practicality, comfort and even a touch of luxury.

Step 4
Choose your interior

Additional options can enhance and ensure optimum capability of your Defender.

Step 5
Choose your options

Technical information and data for dimensions, performance and specifications.

Accessories

A range of durable and practical accessories. You can tailor your vehicle to your specific needs.

The Defender engine

Page 62
Defender’s 2.2 litre diesel engine produces an impressive 360Nm of torque. With 90 percent of peak power constantly on tap from as low as 2,200 rpm to over 4,350 rpm, it provides maximum muscle for tough working environments.

With Land Rover’s Diesel Particulate Filter, not only is the Defender’s engine fully compliant with the latest N1 EU5 emissions legislation, it delivers a historic top speed of 145kph.

Form follows function in the Defender interior. Tough working vehicles demand robust materials such as the scuff-resistant facia and durable seat coverings. The facia is a one-piece moulding for improved refinement, its distinctive lines providing Land Rover’s traditional commanding view of the ground ahead.

The seats are arranged stadium style, their position maximizing exterior vision and easing access. Designed to be comfortable and supportive whatever the task or terrain, each seat has a three-point safety harness, but can be folded to optimise the Defender’s load-carrying versatility. There’s space for smaller items too, in trays on the facia or between the front seats. The optional cubby box provides extra storage and includes two cup holders.

**60:40 split folding middle bench seat (Station Wagon and Utility Wagon only).**

Please note:
Forward-facing seats can carry seven adults in comfort. A third row of seats is an optional extra.

**STEP 1 CHOOSE YOUR BODY STYLE**

**SEATING**
### Seating, Interior Features and Finishes

#### Seating
- Twill Vinyl seats (7)
- Part leather seats (2)
- Two front seats only
- Two individual second row rear seats (6)

#### Interior Finishers
- Rubber floor trim (7)
- Carpet floor trim (2)

#### Steering Wheel
- Leather steering wheel (2)

#### Safety and Security
- Perimetric alarm with engine immobilisation

#### Convenience and Loadspace Features
- Front centre console storage tray
- Front centre console storage compartment (2)
- Two front cup holders
- Manual dipping interior mirror
- Driver and passenger sunvisor
- Passenger map pocket (8)
- Driver and passenger map pocket (8)
- Rear loadspace net (2)

#### Information, Communication and Entertainment
- Radio preparation (7)
- Audio system with single slot CD, radio, MP3/AUX and Bluetooth®

#### Exterior Features and Finishes
- Convenience Pack
- Body coloured wheel arches (2)
- Lower tailgate
- Front mudflaps (2)
- Rear mudflaps
- Rear folding step
- Cargo cover/hood – Beige (no side windows)
- Brunel grille (2)
- Brunel headlamp surround (2)
- Heated rear windscreen
- Tinted front and side glass
- Windscreen wash/wipe system with variable intermittent function
- Manually adjustable exterior mirrors
- Station Wagon roof
- Plain metal side panel (no side window)
- Sliding side window
- Rear quarter windows (4)
- Rear wash wipe
- Halogen headlamps
- Solid paint
- 16 inch standard steel wheel with Michelin ‘Latitude Cross’ tyres
- 16 inch heavy duty steel wheel with Continental ‘Conticross’ tyres
- Full size spare wheel

### Engine, Transmission, Suspension and Driving Dynamics
- Six-speed transmission with dual range transfer box
- Permanent four wheel drive
- Front axle two-pin differential
- Power Assisted Steering
- Standard duty suspension
- Underseat bottle jack
- Diesel Particulate Filter (DPF)
- Heavy duty suspension (1)
- Anti-lock Braking System (ABS) with Electric Traction Control (ETC) and Dynamic Stability Control

### Exterior Features and Finishes

#### Roof and Exterior Styling
- Body coloured wheel arches (2)

### Soft Top

#### Seating, Interiors and Features

- Twill Vinyl seats
- Part leather seats
- Two front seats only
- Two individual second row rear seats
- Rubber floor trim
- Carpet floor trim
- Leather steering wheel
- Perimetric alarm with engine immobilisation
- Front centre console storage tray
- Front centre console storage compartment
- Two front cup holders
- Manual dipping interior mirror
- Driver and passenger sunvisor
- Driver and passenger map pocket (8)
- Passenger map pocket (8)
- Rear loadspace net
- Halogen headlamps
- Solid paint
- Standard with part leather and leather seats only.
STEP 2: CHOOSE YOUR COLOUR

Body Colour

- Barolo Black* (Premium Metallic)
- Havana* (Premium Metallic)
- Santorini Black (Metallic)
- Aintree Green (Metallic)
- Montalcino Red (Metallic)
- Corris Grey (Metallic)
- Fuji White (Solid)
- Indus Silver (Metallic)
- Scotia Grey (Metallic)
- Keswick Green (Solid)

Optional Roof Colour**

- Standard Fuji White

**The availability of select paint colours vary by model and by time of year. Please contact your local Dealer for further details. *Not available with 110 Hard Tops.

Visit landrover.com for more information.
Personalising the exterior

To distinctively style your vehicle, two bold side runners are available to create a dramatic impact to the Defender’s exterior.

The new Silver Painted Side Runner enhances the vehicle’s purposeful design, providing a perfect addition to customers opting to take the Silver Design Pack. Also available, the Black Painted Side Runner brings a traditional element of elegance to the action-packed adventurer.
Personalising the exterior

Showcasing distinctive style to match the Defender's bold character, the Black Design Pack creates a dramatic impact on the overall image of the vehicle.

The Black Design Pack includes the following: Santorini Black roof, grille, grille and headlamp surrounds, wheel arches, bonnet script, interior facia, Ebony headliner* and either Gloss Black Sawtooth alloys or Gloss Black Heavy Duty wheels. To complete the look, the pack also includes privacy glass as a distinctive new feature.*

For further details on tyre efficiency as required by the EU legislation please speak to your local Land Rover Dealer. When choosing vehicles fitted with specific wheel and tyre combinations or optional wheels and tyres, your intended use of the vehicle should be considered. Off-road wheels may be more vulnerable to damage in some off-road conditions. Please discuss your requirements with your Land Rover Dealer when selecting your vehicle and specification.

\*Only available with MT/R tyre.

Visit landrover.com for more information.
STEP 4 CHOOSE YOUR INTERIOR – SEAT MATERIALS

Right for the job and for making the right impression. A selection of stylish, durable trim combinations from the utility to the premium are available for practicality, comfort and even a touch of luxury.

Dimensions (mm) (inches) "Road test figures shown" "Model year top speed is quoted. "Due to greater weight (1,110 kg (2,444 lbs)) steel side and side Black Tread which may affect fuel consumption."
Vehicle Loading

Instructs vehicle and trailer loading to give better vehicle handling and braking performance and a generally unresponsive and inefficient vehicle.

Payload and Weight Distribution

A correct weight distribution is achieved by considering several simple points:

- **Payload** is calculated by GVW – EEC kerb weight and must not be exceeded.
- The height of the payload should be kept to a minimum to keep the centre of gravity as low as possible.
- Additional effects of a trailer should be taken into consideration (see towing section below).

Please refer to the way that talks opposite and the dimensions section to assess the most appropriate vehicle configuration for the loads you are likely to carry.

Towing

Choosing the correct equipment:

Land Rover offers a range of towing equipment to suit different applications, both as optional original equipment and accessories. Multi-height tow bars enable the tow ball to be fitted in three different positions to suit different trailer towing requirements.

Adjustable tow bars enable the tow ball to be readjusted to different heights and are suitable for users who are likely to tow a variety of different trailers, or where the rear heights of the vehicle may vary significantly with different payloads.

Roof Racks

Any load on the roof of the vehicle will affect vehicle handling and significant or tall loads should be avoided. Land Rover recommends a maximum of 150kg including the roof rack. Land Rover Accessories and Land Rover Professional Vehicles offer a range of roof rack systems to ensure roof loads are carried as safely as possible. Please refer to the accessories section of this brochure or your Land Rover Dealer for more information.

**TECHNICAL SPECIFICATION, PERFORMANCE AND KEY DATA**
**Vinyl Wheel Cover**

Protect your spare wheel from mud and dirt with this premium quality padded wheel cover. Distinctive Land Rover logo.

- StC8485aa – 205 and 600 R16 tyres (not shown)
- StC8487aa – 265 R16 tyres (not shown)
- StC8488aa – 7.5 R16 tyres (not shown)

*Not available in all European markets. Please see your Land Rover Dealer for further details.

**Front Mudflap**

Heavy duty moulded vinyl flaps reduce spray and help protect vehicle pantograph. Suitable for 90 and 110 models only.

**Side Protection Runners**

Vpldp0197 – bright, to fit 90 models

Vpldp0198 – bright, to fit 110 models

The sturdy steel design of these Side Protection Runners, enhances the appearance of your Defender as well as easing entry and exit. Available in black finish. The moulded rubber footgrips ensure non-slip stability.

**Union Flag Bonnet and Side Decals**

VpldB0146lkh – Corris Grey

VpldB0150paB – Santorini Black (not shown)

Union Flag Bonnet and Side Decals offer an exterior styling upgrade with a distinctively British twist. Tested to exacting Land Rover standards to ensure resistance to fading or peeling over time. Recommended exterior colour combinations: Corris Grey Decals with Santorini Black, Fuji White or Indus Silver body colours. Santorini Black Decals with Corris Grey bodycolour.

**Union Flag Side Decal** – Corris Grey

**Moulded Wheel Cover**

Stylish spare wheel covers for most wheel sizes.
ACCESSORIES

ribbed aluminium Undershield

Helps to provide under-engine protection when driving off-road.

rear Step Bumper

Makes access to the loadspace easy as well as helping to provide added protection from minor knocks, and also incorporates a dual height tow bracket.

a-frame protection Bar – non winch version

Manufactured from durable polymer, suitable for models with or without air conditioning.

folding Side Step*

Spring-loaded folding step helps makes access to the interior of your Defender easier. Supplied with fitting kit. For all Defender models.

folding rear Step

Original equipment pattern spring-loaded folding step for all Defender models. Makes access to the loadspace easy.

Side protection runners – twin tube**

– Stainless Steel – Defender 90

– Black Finish – Defender 110SW and Double Cab (not shown)

– Black Finish – Defender 90SW (not shown)

Wing Top Protectors

Manufactured in an aluminium chequer plate design, these enable access to roof racks and a potential viewing height advantage.

Chequer Plate Protection Kit

Features a ridge with compatible protection and front bumper step plates.

Please note: Front bumper step plates are not compatible with PIAA Driving Lamp Kit.

Raised Air Intake

LR008383

Ideal for dusty conditions, this raised air intake secures to the vehicle’s “A” post and also utilises the existing air intake vent fixings. Suitable for Td5, 2.4 and current 2.2 diesel engines.

please note:

Not compatible with SVX Soft Top model.

PIAA driving lamp kit

LR006815

High performance bumper mounted driving lamps, with covers, suitable for all vehicles. Not compatible with hinged lamp guards, front bumper step plates and Front Lighting Pack and Moulding Kit.

Worklight

rtC8921aa

Enables your Defender to provide floodlight style illumination when working in reduced lighting conditions. Fits both 90 and 110 models. Switches, cables and brackets are supplied in the kit.

rear led lamps

LR010368, LR009711, LR008982, LR008913, LR009792, LR008975, LR009773

Clear lens design. Three lamps per side required. Not compatible with rear hinged lamp guards. Please see your Land Rover Dealer for further details.

please note:

not compatible with PIAA Driving Lamp Kit (LR006815).

Side Protection Bars – "Safe-Talk"†

– Black – Defender 110SW and Double Cab (not shown)

– Black – Defender 110SW (not shown)

Raised Air Intake

LR010368

Ideal for dusty conditions, this raised air intake secures to the vehicle’s “A” post and also utilises the existing air intake vent fixings. Suitable for Td5, 2.4 and current 2.2 diesel engines.

please note:

Not compatible with SVX Soft Top model.

PIAA driving lamp kit

LR006815

High performance bumper mounted driving lamps, with covers, suitable for all vehicles. Not compatible with hinged lamp guards, front bumper step plates and Front Lighting Pack and Moulding Kit.

Worklight

rtC8921aa

Enables your Defender to provide floodlight style illumination when working in reduced lighting conditions. Fits both 90 and 110 models. Switches, cables and brackets are supplied in the kit.

rear led lamps

LR010368, LR009711, LR008982, LR008913, LR009792, LR008975, LR009773

Clear lens design. Three lamps per side required. Not compatible with rear hinged lamp guards. Please see your Land Rover Dealer for further details.

please note:

not compatible with PIAA Driving Lamp Kit (LR006815).
ACCESSORIES

9.5ti Electric Winch

VPLDP0113
Rated capacity of 9,500lb/4,310kg. 38m x 8mm diameter wire rope.
This powerful electric winch is designed to fit easily to the front of your Defender, even if the air conditioning option is fitted. Offering maximum reliability for all general winching and self recovery requirements, the winch is available as a complete vehicle kit, ensuring specification and installation are straightforward.

Side Protection Runners

LR008379 – Black Finish – Defender 90
LR008375 – Black Finish – Defender 110 (not shown)
The sturdy steel design enhances the appearance of your Defender as well as helping to ease entry and exit. The moulded rubber footgrips help to ensure non-slip stability.

Two Part Rear Access Ladder

AGP710010
For use with Expedition Roof Racks, VPLDR0063 and VPLDR0064.

LED Lighting

VPLDR0067

Includes two rear lights and headlight moulding surrounds to make your Defender look more ‘Trendy’. Not compatible with all ‘S’ Series models.

Upgraded Performance Headlining Rolls – Pair

VPLDR0061
Enhanced light output. 2007 model year vehicles onwards.

Cargo Barriers

LR006447
– Cargo Barrier – 110SW
LR006785**
– Cargo Barrier – 90/110HT (not shown)
LR006448**
– Cargo Barrier – 90SW (not shown)
The sturdy steel design enhances the appearance of your Defender as well as helping to ease entry and exit. The moulded rubber footgrips help to ensure non-slip stability.

Moulding Kit – Bright Silver Finish

LR008361
Includes four bar grille and headlamp moulding surrounds to make your Defender look more ‘Trendy’. Not compatible with all ‘S’ Series models.

Please note: Not recommended for use with 9.5ti Electric Winch (VPLDP0113).

Upgraded Performance Headlining Rolls – Pair

VPLDR0061
Enhanced light output. 2007 model year vehicles onwards.

LED Lighting

VPLDR0067

Includes two rear lights and headlight moulding surrounds to make your Defender look more ‘Trendy’. Not compatible with all ‘S’ Series models.

Upgraded Performance Headlining Rolls – Pair

VPLDR0061
Enhanced light output. 2007 model year vehicles onwards.

Snow Chains

VPLAW0082
Snow Chains are designed to give improved steering and braking control on snow and ice, when fitted to front wheels (can also be fitted to rear wheels when necessary). Easy-fit design, manufactured from high quality hardened galvanised steel, the chains are supplied in a tough vinyl carry bag for storage when not in use.

Hinged Lamp Guards – Front Pair

STC53161
These hinged lamp guards are high quality, front and rear lamp guards. Not compatible with Front Lighting Pack and Moulding Kit.

Hinged Lamp Guards – Rear Pair

STC53157
For door mounted spare wheel.

Not compatible with 235/265 tyres and Moulded Wheel Cover.
STC53158**
– Hinged Lamp Guards – Rear Pair (not shown)
Without door mounted spare wheel.
STC50448**
– Hinged Lamp Guard – Single (not shown)

Please note: Not available in all European markets. Please see your Land Rover Dealer for further details.

Please refer to the Euroлеп and user guide for your intended use of the vehicle should be considered. Alloy wheels may be more vulnerable to damage in some off-road conditions.
Please discuss your requirements with your Land Rover Dealer when selecting your vehicle and specification.

Rigid Loadspace Protector* 
Manufactured from a tough acrylic material, moulded to fit the contours of the loadspace area. 

*Not available in all European markets. Please see your Land Rover Dealer for further details.

Lockable Cubby Box with Leather Lid 
This strong, useful, lockable box is designed to fit between the front seats and lockable with a key for added security. Light grey stitching, trimmed in black leather, complete with moulded drinks holder and installation fixings.

Loadspace Rubber Mat* 
Helps to protect the loadspace floor from water, mud and general wear and tear.

Front Footwell Rubber Mats* 
Moulded to fit footwell areas, these mats feature a perimeter wall design that helps prevent spillage of mud and water from reaching the interior carpet.

Rear Footwell Rubber Mats* 
Moulded to fit footwell areas, these mats feature a perimeter wall design that helps prevent spillage of mud and water from reaching the interior carpet.

Recaro Front Seat Kit** 
Heated seat with cloth seat facings and leather surround, featuring Land Rover and Recaro embossed logos. Installation kit included. Not compatible with vehicles fitted with a bulkhead or 90 bulkhead deleted vehicles with jack stowage brackets behind the front seats. ** These accessories are not suitable for Caravans, Trailers or Lighting Boards fitted with rear mounted LED Lamps.

† Not available in all European markets. Please see your Land Rover Dealer for further details.
IMPORTANT NOTICE:
Jaguar Land Rover Limited is constantly seeking ways to improve the specification, design and production of its vehicles. Alterations take place continually. Whilst every effort is made to produce up to date literature, this brochure should not be regarded as an infallible guide to current specifications, nor does it constitute an offer for the sale of any particular vehicle. Distributors and dealers are not agents of Jaguar Land Rover Limited by any express or implied undertaking or representation.

All Land Rover Approved Accessories fitted by a Land Rover Dealer within one month or 1,600 kilometres/1,000 miles (which ever occurs first) of the handover of a new registered vehicle will benefit from the same warranty terms and period of cover as the vehicle warranty. Accessories purchased outside of these parameters will be subject to a 12 month unlimited mileage warranty. All Land Rover Approved Accessories are rigorously tested to the same exacting standards as those applied to our vehicles. Performance in extreme hot and cold temperatures, corrosion resistance, impact and airbag deployment highlight some of the exhaustive product testing carried out to ensure accessories are both durable and importantly, continue to comply with current legislation.

All our accessories are designed to be an integral part of Land Rover vehicles. While many items such as roof carriers are simple to fit, some products require specialist tools and diagnostic equipment to ensure correct integration with the vehicle structure and electrical systems. These products vary from market to market, please consult your Land Rover Dealer who will be pleased to advise you on current specifications and any query you may have.

The colours reproduced here are subject to the limitations of the printing process and may therefore vary slightly from the actual vehicle. The company reserves the right to alter or withdraw any colour finish without notice. Some of these colours may not be obtainable in your country. Please check availability of colours and current specifications with your Land Rover Dealer.
