Ever since the first Land Rover vehicle was conceived in 1947, we have built vehicles that challenge what is possible. These in turn have challenged their owners to explore new territories and conquer difficult terrains. Our vehicles epitomize the values of the designers and engineers who have created them. Each one is infused with iconic British design cues, delivering capability with composure. Which is how we continue to break new ground, defy conventions and encourage each other to go further. Land Rover truly enables you to make more of your world, to go above and beyond.
DISCOVERY SPORT COMBINES DESIGN EXCELLENCE, ENGINEERING INTEGRITY AND EXCEPTIONAL VERSATILITY TO CREATE A PREMIUM COMPACT SUV.

Gerry McGovern.
Land Rover Design Director and Chief Creative Officer.

A WORLD OF LAND ROVER 102
DESIGN

EXTERIOR

This is a modern, relevant and compelling vehicle, with its well-proportioned compact body and purposeful stance. Its distinctive silhouette and beautifully sculpted surfaces all combine to create a vehicle that truly connects on an emotional level.

Discovery Sport is ready for anything. Characteristic design cues complement perfectly balanced proportions. Strong dynamic lines and robust detailing signal incredible breadth of capability.

Signature features include a clamshell hood and distinctive two-bar grille with hexagonal mesh.

The fast hood line with a pronounced step into the rising beltline conveys a dramatic stance, while the roof tapers subtly downwards, adding extra dynamism.
The desirability of the exterior design continues into the cabin with bold horizontal and vertical lines, complemented by clean surfaces, superb finishes and optional premium leathers that give a lavish feel to the highly versatile interior. Inside and outside seamlessly blend into a vehicle that clearly communicates its Discovery DNA, while firmly looking forward. This spirit of adventure is reflected in the vehicle’s interior, which has been designed with you at its core. It features high-quality materials and a strong vertical center console design to reflect the premium exterior.

The cabin is equipped with up to three 12V electrical outlets and five USB charging sockets. These can be specified for all three rows of seating, allowing multiple electronic devices to be charged simultaneously.

The optional 10” Touchscreen* is a superb addition to the contemporary, clean interior and becomes a centerpiece of the dash. With a 21:9 wide format and 80 percent more pixels than the standard 8” Touchscreen*, this feature is available on HSE and HSE Luxury models.

The Command Driving Position in Discovery Sport provides a greater view of the road ahead so various terrains can be tackled with confidence.

*Driving while distracted can result in loss of vehicle control. Do not operate, adjust or view the navigation or multimedia systems under conditions that will affect your safety or the safety of others. Only use mobile phones, and other devices, even with voice commands, when it is safe to do so. Interior shown left and above is HSE Luxury in Glacier/Lunar. Vehicle shown above right is HSE Luxury in Scotia Grey with Black Design Package.

Interior shown left and above is HSE Luxury in Glacier/Lunar. Vehicle shown above right is HSE Luxury in Scotia Grey with Black Design Package.
5+2 SEATING

Discovery Sport offers exemplary levels of comfort and outstanding versatility. The second row is extremely spacious and flexible with the seats able to slide back and forth by 6.3 inches for greater cargo space or comfort.

The optional third row*, with its simple, single-handed 50:50 deployment, has been cleverly incorporated to avoid any compromises to the vehicle’s exterior design, while maintaining passenger comfort.

By folding down the third row, a flat cargo space is available whenever you need it. So wherever you’re seated, or whatever you want to carry, you can relax.

*Not available with Si4 286HP engine.

Interior shown left is HSE Luxury in Glacier/Lunar.
CARGO SPACE CAPACITY

Deceptively roomy. Cleverly configured. Discovery Sport has been designed and engineered to meet any challenge.

The vehicle has the option of flexible seating which, when needed, gives a maximum cargo space of 42.8 cu. ft., and a maximum cargo space of 62.8 cu. ft.

Even while carrying five passengers, the cargo space is still as impressive as ever. Discovery Sport can accommodate virtually anything you need to carry. Such flexibility helps make carrying family, friends and all their gear that much easier.

COMPLETE DYNAMIC DESIGN PACKAGE

EXTERIOR

The Discovery Sport Complete Dynamic Design Package delivers a more assertive stance while retaining the instantly recognizable design cues of the Discovery Sport. Yet, when it comes to capability and versatility, nothing has been lost. However, in terms of dynamism and appeal, much has been gained. The vehicle's bold new front and rear design with new contoured side moldings form a dramatic presence. This has been augmented with a new Black mesh design for the front grille and side vent. Distinctive Silver Painted Chrome look exhaust finishers together with a Red SPORT badge further enhance the appearance.

*Standard on 286HP engine models.
Vehicle shown right is HSE Luxury with Complete Dynamic Design Package in Firenze Red.
Carefully selected sporting touches enhance the interior of the Complete Dynamic Design Package*. A choice of three color combinations helps to create a vehicle with exemplary levels of finish, available in perforated Windsor leather on HSE and HSE Luxury. The interior is further enhanced with a perforated leather sport steering wheel, contrast micropiping on the seats and headrests and unique textured finish to the door inserts and fascia mid-section.

The mood is augmented with either Dark Grey or Carmine Red Brushed Aluminum center side rails, depending on the color combinations selected. The HSE and HSE Luxury interiors are also complemented with aluminum sport pedals.

*Standard on 286HP engine models.

Interior shown left and above is HSE Luxury with Complete Dynamic Design Package in Ebony/Ebony with Pimento stitching and piping. Interior shown with Carmine Red Brushed Aluminum center side rails and accessory gearshift paddles.
DRIVING TECHNOLOGY

TESTING

Before any vehicle can carry the Land Rover badge, it must complete a series of rigorous tests to establish the very highest levels of luxury, performance and capability.

SUSPENSION

You’re unlikely to push any Land Rover vehicle harder than we have. For an unrivalled breadth of dynamic capability, both on and off-road, the vehicles have been exposed to ten years of the most extreme driving pressures in a fraction of the time using our state-of-the-art test rig.

WIND SPEED

Discovery Sport was developed in state-of-the-art wind tunnels and a suite of climatic chambers to recreate some of the most challenging aerodynamic conditions it will face. Only by pushing all systems to their limits do we develop true reliability.

HOT AND COLD CLIMATE

In real world environments and our climate chambers, we freeze vehicles to -40°F and bake them to 120°F. Key functions and systems are then subjected to our exacting standards. So even in the most remote locations, comfort and peace of mind are never far away.

OFF-ROAD

From the icy proving grounds of Arjeplog, Sweden, to Dubai’s unforgiving desert sands, we ensure our legendary all-terrain performance is innate in every vehicle. Prototypes are developed across approximately 5,282 miles of the most demanding off-road routes.

SEMI-ANECHOIC CHAMBER

In the ‘neutral sound’ of our semi-anechoic chamber we precisely expose the cabin to a range of frequencies and vibrations, making certain that Discovery Sport sounds refined at every speed and across every surface.

MONSOON

Our water testing facilities ensure our vehicles can enter and exit a body of water without water entering the cabin. In the monsoon simulator each one is drenched with some 18,697 gallons of specially dyed water, while tilting it by as much as 45°, checking for even the slightest leak with UV lights.

BUILD YOUR OWN

DESIGN DRIVING TECHNOLOGY TECHNOLOGY COMFORT FOR ALL ENGINES BODY AND CHASSIS ENVIRONMENTAL

LOCATE A RETAILER
Land Rover has always been synonymous with capability and the Discovery Sport lives up to even the most demanding expectations. Confident and responsive, the drive is further enhanced by a generous wheel articulation and innovative off-road technologies such as Terrain Response®.

This feature is standard on all vehicles and adapts to the responses of the vehicle’s engine, transmission, differentials and chassis systems to maximize driveability, comfort and traction.

There are four standard Terrain Response® settings: General Driving, Grass/Gravel/Snow, Mud & Ruts and Sand. So, the vehicle feels sure-footed in various terrains or weather conditions*.

An optional fifth setting, Adaptive Dynamics is also available. This mode tunes the suspension to deliver even tighter body control with flatter handling and sharper responses*.

*These systems are not a substitute for driving safely with due care and attention, and will not function under all circumstances, speeds, weather, road conditions, etc. Driver should not assume that these systems will correct errors of judgment or driving. Please consult your owner’s manual or your local authorized Land Rover Retailer for more details.
All Terrain Progress Control (ATPC) is a state-of-the-art system designed to assist the driver to set and maintain a steady speed in challenging conditions. The system is fitted as standard on all Si4 engines.*

Operating like a cruise control system, it functions at very low speeds between 1 mph and 18 mph, helping the driver to maintain full concentration on steering and finding a path through obstacles. In addition, the system helps the vehicle to pull away smoothly and easily, even on tricky low-friction surfaces like snow or wet grass.*

Developed by Land Rover’s industry-leading all-terrain specialists, it works seamlessly alongside the standard Terrain Response, 4 Wheel Drive (4WD) traction and braking systems.

Once ATPC is activated, the standard steering wheel +/- cruise control buttons are used to set the speed. Brake and accelerator pedals can still override the chosen settings.

*These systems are not substitutes for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner’s manual or your local authorized Land Rover Retailer for more details.

Vehicle shown left is HSE Luxury in Scotia Grey with Black Design Pack.
HILL DESCENT CONTROL (HDC®)

Land Rover’s patented Hill Descent Control (HDC®) is a standard feature on all 4 Wheel Drive (4WD) vehicles. It assists the driver with controlled descents of difficult slopes by maintaining a constant speed and applying braking separately to each wheel*

Hill Start Assist is designed to prevent the vehicle from rolling backwards as it pulls away on an incline*

The vehicle also utilizes Gradient Release Control (GRC) which is designed to prevent the vehicle accelerating too quickly on a steep incline when the driver releases the brake*

*These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner’s manual or your local authorized Land Rover Retailer for more details.

Vehicle shown left is HSE Luxury in Scotia Grey with Black Design Package.
ADAPTIVE DYNAMICS

Optional* Adaptive Dynamics with advanced MagneRide™ monitors vehicle movements at least 1,000 times per second, reacting to driver or road inputs instantly to give greater control and minimize body lean, providing a balanced, flat ride. The system will react even in off-road conditions and optimize the advanced MagneRide™ damper settings accordingly, delivering the perfect balance of agile handling and a supple, controlled ride**.

TORQUE VECTORING

When cornering, the vehicle’s agility and stability are enhanced by the Torque Vectoring by Braking system. This feature comes as standard on all vehicles. Monitoring the vehicle, the system is designed to constantly balance the distribution of torque between all the wheels to improve grip and steering whether on or off-road**.

ACTIVE DRIVELINE

Optional* Active Driveline delivers benefits in both on and off-road situations. In many on-road driving conditions, the system is able to disconnect drive to the rear of the vehicle. A sophisticated control strategy continuously monitors key vehicle and environmental parameters. If the requirements for 4WD are met, the system seamlessly and imperceptibly reconnects drive to the rear of the vehicle within 300 milliseconds. When off-road driving, torque to each rear wheel can be varied according to the available grip. A dedicated display on the Touchscreen relays detailed information, so you always feel in control.

*Not available on SE  
**These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions. Drivers should not assume that these systems will correct errors of judgment in driving. Please consult the owner’s manual for your full detailed user manual for more details.

MagneRide™ is a registered trademark of BWI Company Limited.

Vehicle shown above right is HSE Luxury in Scotia Grey.

DRIVING TECHNOLOGY 27
TOWING AIDS

With a towing capacity of up to 4,400 lbs, and by incorporating tailored technologies, Discovery Sport can handle the most demanding of tasks.

REAR VIEW CAMERA* Providing improved visibility when reversing, the Rear View Camera is a valuable parking aid and offers help when hitching a trailer. Fitted as standard on SE, HSE and HSE Luxury.

Tow Hitch Assist makes coupling a trailer to the vehicle much easier by helping you visualize the hitching process*, it displays the predicted path of the vehicle towards the tow bar on the Touchscreen. Standard with Rear View Camera.

TRAILER STABILITY ASSIST
Trailer Stability Assist monitors the vehicle to detect movements in the trailer and then uses selective braking to help correct potentially hazardous situations*.

SURROUND CAMERA SYSTEM
As part of the Surround Camera System, the Tow Assist feature helps with reversing by predicting the trailer’s direction*. You can even input your trailer’s width for precise guidelines displayed on the Touchscreen.

*These systems are aids to assist the driver safely with their use and intention, and are not substitutes under all circumstances, speeds, weather and road conditions, etc. Driver should exercise due care and attention and not assume that these systems will correct errors of judgment in driving. Towing regulations vary. Please ensure you comply with local regulations in the US.

Vehicle shown left and above is HSE Luxury in Scotia Grey.
**Technology**

**Infotainment**

Land Rover InControl® is our suite of advanced technologies that link both you and your Discovery Sport to the wider world. Choose from two InControl infotainment systems: Touch or Touch Pro.

**Head-up Display**

Head-up Display is a technology option that presents key vehicle data such as vehicle speed, gear position and navigation directions on the windshield, without the need for the driver to take their eyes off the road.

This innovative laser system is more robust against issues such as ‘washout’ – the effect that the glare from sunlight has on inferior LED-based systems. The feature can be turned on and off dependent upon driver preference. Available as an option on HSE Luxury models, Touch and Touch Pro are part of the Head-up Display and Park Assist Package.

**Touch**

- Standard on SE, HSE and HSE luxury models
  - 6" Touchscreen
  - Land Rover Enhanced Sound System 150W with 10 speakers (standard on SE and HSE models)
  - Meridian™ Sound System 380W with 11 speakers including the subwoofer (standard on HSE luxury and optional on SE and HSE models)
  - Protect consists of SOS Emergency Call, Land Rover Optimized Assistance and Remote smartphone app.

**Touch Pro**

- Standard on SE, HSE and HSE luxury models
  - 10" Touchscreen
  - Meridian™ Surround Sound System 625W with 17 speakers including the subwoofer
  - Navigation Pro
  - Voice Recognition
  - CD/DVD player
  - Pro Service including Wi-Fi Hotspot, Rover Planner app, Share ETA, Live Services, Commute Mode, Arrival Mode and Arrival Mode Parking
  - Protect (Standard on all models)

**Optional**

- Navigation including Voice Recognition (Standard on HSE luxury and optional on SE and HSE models)
- Sirius XM Satellite Radio‡ and HD Radio™
- InControl Apps
  - InControl Apps feature a range of Land Rover approved apps that can be connected to Discovery Sport from your smartphone, to enhance aspects of your in-car experience. (Standard on HSE luxury and optional on SE and HSE, when navigation is selected)
  - Wi-Fi Hotspot.

**Touch Pro Available as an option on SE and HSE Luxury models**

- Sirius XM Satellite Radio‡ and HD Radio™ (Standard on SE and HSE models)
For the sharpest sound quality, Discovery Sport offers you the choice of three exceptional audio systems. With 10 speakers, the Land Rover Enhanced Sound System in Discovery Sport SE and HSE delivers a crisp, well-balanced sound.

Added to which, Land Rover has partnered with Meridian™, a world leader in high-performance audio technologies and digital sound processing, to develop advanced audio systems for Discovery Sport.

Dynamic Volume Control technology has been integrated on all Meridian sound systems, to ensure that any unwanted noise detected in the cabin will be instantly and automatically balanced out.

The Meridian™ Sound System 380W is optional on SE and HSE and standard on HSE Luxury as part of the Touch suite of features. This sound system includes 11 speakers including a subwoofer, delivering exceptional definition, crystal clear highs and full, deep bass through the careful arrangement of speakers.

Discovery Sport also offers an optional upgrade from the 380W system to the Touch Pro Meridian™ Surround Sound System, which produces 825W through 17 speakers including a subwoofer.

This system also includes Meridian Trifield™ technology. This technology delivers the very best in world-class audio reproduction, bringing you closer to the original performance regardless of your position in the vehicle; everyone of feel and hear pure musical enjoyment.
Connectivity

Touch and Touch Pro provide a wealth of information and entertainment. This intuitive InControl® technology can help you find a parking space and stream your favorite music. Making the more rewarding, hassle-free and enjoyable.*

Planning Routes

Before setting off, use the Route Planner app or online portal to search, save locations or set your destination. The app uses the Cloud to send your destination automatically to your vehicle’s navigation screen*. Only available with the Entertainment Package and Driver Assist Plus Package (Touch Pro).

Staying Connected

Before you get into your vehicle, set your ideal cabin temperature with the Remote app on your smartphone and route the Apple Watch. On the road, the optional in-car WiFi hotspot provides a stable Internet connection and lets you connect up to eight devices**. Available with the Entertainment Package and Driver Assist Plus Package (Touch Pro).

Staying Focused

Our Touch and Touch Pro Voice-Recognition system understands normal spoken instructions. So you can concentrate on the road ahead without any distractions*. Our customisable Touch Pro Voice-Recognition system lets you use voice control in the home with Siri® or vividly hear your favorite music with any device with Bluetooth®.

Finding Parking

When you near your destination, Navigation Pro will suggest nearby parking from a database including space availability. With just one click, your parking is added and your route is updated. Around-Floor Parking shows a 360° street level image to help you identify your parking. Only available with Touch Pro*.

Moving Faster

Touch Pro brings you more processing power, thanks to a quad core processor and Solid State Drive-based system. This adds to the system “moving faster”*. Customisable homescreens let you arrange the screen, as you like, with up to four personalized homescreens and over 60 shortcuts.

Intelligent Routing

Commute Mode allows the system to learn your commutes and automatically selects the directions you prefer. Only available with the Entertainment Package and Driver Assist Plus Package (Touch Pro).

Door-To-Door

Once you’ve parked, the Route Planner app will guide you to your destination – a true door-to-door experience which includes public transportation options. Only available with the Entertainment Package and Driver Assist Plus Package. The Remote app also lets you check your vehicle to make sure you’ve locked and armed all doors and windows. Standard with Touch or Touch Pro.

Help Is Always At Hand

With Protect, in the event of an incident where the vehicle was deployed, SOS Emergency Call will automatically connect you to the emergency response team who will send the emergency services to your location. Otherwise, you can call them manually via an in-car button. You can also summon a Land Rover Optimized Assistance operator should you need technical assistance. Standard on SE, HSE and HSE Luxury.

Share your estimated time of arrival so your selected contact(s) will know exactly when you will arrive, as calculated by the navigation guidance system. If you’re running late, Share ETA can then send automatic updates via text or email, without any further action from you*. Only available with the Entertainment Package and Driver Assist Plus Package (Touch Pro).

InControl® features, options and their availability may vary market and powertrain dependent – check with your Retailer for local market availability and full terms. Certain features require the fitment of specific equipment. InControl® technology can allow you to control your vehicle remotely using your smartphone. Always use your smartphone safely and responsibilities.

* Do not use Land Rover InControl® features under conditions that will affect your safety or the safety of others. Driving while distracted can result in loss of vehicle control and serious injury.** The Wi-Fi Hotspot is intended for passenger use only. InControl features may require an additional subscription with separate terms and conditions.

For more information about Land Rover InControl® please refer to the standard and optional feature listing on pages 58-71.
**DRIVER ASSISTANCE**

**LANE KEEP ASSIST AND DRIVER CONDITION MONITOR**
Lane Keep Assist is designed to detect when your vehicle is unintentionally drifting out of your lane, and gently steer you back. Driver Condition Monitor detects if you’re starting to feel drowsy and gives you an early warning when you need to take a break.

**ADAPTIVE CRUISE CONTROL WITH QUEUE ASSIST AND INTELLIGENT EMERGENCY BRAKING**
If a potential frontal collision is detected, this system displays a forward collision warning, giving you time to take action. A camera at the front of the vehicle monitors at speeds from 3 to 50 mph for frontal collisions. If a collision is still anticipated and you have taken no action, this system is designed to apply the brakes to help reduce the severity of the possible impact.

**BLIND SPOT MONITOR AND REVERSE TRAFFIC DETECTION**
Blind Spot Monitor is designed to alert you to vehicles in, or quickly approaching your blind spot through a small warning light in the corresponding door mirror. Reverse Traffic Detection warns you of hazards, approaching from either side of your vehicle, through both audible and visual warnings so you know what’s behind you even when the view is obstructed.

**PARKING AIDS**

**PARK ASSIST**
Our Park Assist system makes parallel and perpendicular parking easier than ever by automatically steering your vehicle into a suitable space. You just have to select the appropriate gear and control the vehicle’s speed with the brake and accelerator pedals. Graphics and notifications guide you through the maneuvers. Park Assist will also steer you out of a parallel parking space, taking the stress out of parking.

**REAR VIEW CAMERA**
To make parking in tight spots simpler, static lines to represent the vehicle, outer perimeter and predicted path are superimposed on the rearward image displayed on your touchscreen.

**SURROUND CAMERA SYSTEM**
Using four digital cameras discreetly placed around the vehicle, the system provides an almost complete 360° view including a birds-eye overhead view via the touchscreen. This helps with various maneuvers from parking by a curb, to getting in and out of tight spaces and intersections.

**GARAGE DOOR OPENER (HOMELINK®)**
The Garage Door Opener (HomeLink®) system is a universal transmitter fitted to the underside of the interior rear view mirror. This transmitter can be programmed to operate up to three home or office wireless controlled systems, such as garage doors, automatic gates, or security lighting. By replacing the individual remote control units normally required for each system, the driver no longer needs to search the car interior for the correct handset when needed.

***These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner’s manual or your local authorized Land Rover Retailer for more details.**

**PARKING AIDS**

**TECHNOLOGY**

**LOCATE A RETAILER**

**CONTENTS SPECIFICATION BUILD YOUR OWN**
LOCATE A RETAILER
CONTENTS SPECIFICATION
BUILD YOUR OWN
DESIGN DRIVING TECHNOLOGY TECHNOLOGY COMFORT FOR ALL ENGINES BODY AND CHASSIS ENVIRONMENTAL

As a part of the Cold Climate Package, heated front and rear seats are available on SE. For the ultimate comfort whatever the temperature, heated and cooled front seats are available on HSE and HSE Luxury, as part of the Cold Climate Package. This option provides ventilation through perforations in the perforated grained leather and perforated Windsor leather seats, dependent on model specification. The driver and passenger preferences can be independently controlled via the Touchscreen.*

**POWERED GESTURE TAILGATE**
Powered gesture tailgate allows you to operate the tailgate (both to open and close) from outside the vehicle without needing to physically touch the vehicle or the smart key. Provided that the smart key is detected, the tailgate may be operated by a kicking gesture underneath the rear of the vehicle.

**PANORAMIC ROOF**
The full glass fixed panoramic roof enhances the sense of space in the vehicle’s interior and floods it with natural light as well as providing uninterrupted views of the surrounding environment. Importantly, the toughened glass has a dark tint to maintain a comfortable temperature inside the cabin and protect occupants and the interior from the sun’s rays. A full-sized, powered interior blind is also provided for those who may prefer a more private experience.

**USB CHARGING POINTS**
Want to charge a games console, tablet or smartphone while you’re on the move? Discovery Sport has the option of five USB charging ports throughout all rows, to make charging your devices effortlessly simple.

*Driving while distracted can result in loss of vehicle control. Do not operate, adjust or view the navigation or multimedia systems under conditions that will affect your safety or the safety of others. Only use mobile phones, and other devices, even with voice commands, when it is safe to do so. **Not available on the SE model.

Vehicle shown right is HSE Luxury in Yulong White. Interior shown right is HSE Luxury in Glacier/Lunar.
9-SPEED AUTOMATIC TRANSMISSION

The lightweight, compact 9-speed Automatic Transmission provides optimum fuel economy and CO2 emissions, as well as greater control in low-grip conditions or when towing through the specially designed, ultra-low first gear. The transmission is specifically designed for transverse applications, and is one of the most efficient and technically advanced ever used in a production Land Rover vehicle. Two patented dog clutches replace the bulkier conventional set-up, allowing small ratio steps to give better response during acceleration, plus improved shift quality, drive and refinement.

The higher top gear not only reduces fuel consumption but the lower engine revs improve comfort and reduce noise when cruising at a sustained speed. The 9-speed Automatic Transmission is extremely robust and perfectly complements Land Rover’s rugged all-terrain ability while delivering exceptionally high levels of refinement.

Vehicle shown left is HSE Luxury in Scotia Grey.
INGENIUM GAS ENGINES

544 237HP
The Ingenium 2.0 liter 4-cylinder 237HP Turbocharged Gas engine produces 251 lb-ft of torque and delivers outstanding fuel economy and drivability.

- The intelligent Continuously Variable Valve (CVVL) system allows greater control over engine operation with varying engine speeds, loads, etc. This is linked to an electronically operated valve and variable valve train, allowing maximum efficiency and reduced pumping losses.
- CVVL works in combination with dual independent variable cam timing for ultimately excellent fuel economy, resulting in excellent power across the rev range.
- The high powered Si4 286HP engine comes with the Dynamic Design Package as standard featuring a unique bumper. Fog lights not available.

INGENIUM GAS ENGINES

544 286HP
The high performance Ingenium 286HP 2.0 liter 4-cylinder Turbocharged Gas engine features upgrades to the boosting system.

- Delivering a peak torque of 295 lb-ft at 1,500 rpm.
- The uprated turbocharger features a high flow compressor wheel enabling 26% more air, enabling a peak power output of 286HP.
- The twin-scroll turbocharger features ceramic ball bearings which reduces friction and improves transient response.

**Always follow local speed limits.**

**Note:** Specifications and availability may vary. Please consult your local retailer for more information.

BODY AND CHASSIS

STRENGTH AND STABILITY

BODY
Discovery Sport features a strong, lightweight body structure which has been developed using advanced, weight-saving materials to deliver outstanding stiffness and refinement together with exemplary characteristics. The structure is based on a steel monocoque foundation which is derived from Land Rover’s compact SUV platform. Lightweight technologies are used extensively in the body design including:

- Optimized steel body construction
- Aluminum hood, roof and tailgate panels
- Lightweight aluminum suspension components
- Magnesium cross car beam and front end carrier

CHASSIS AND VEHICLE DYNAMICS
Discovery Sport has been specially developed by Land Rover engineers to deliver agile and refined on-road dynamics along with the brand’s legendary all-terrain capability. Lightweight aluminum chassis components are used extensively to improve suspension performance by increasing stiffness and reducing unsprung weight, while also reducing total vehicle weight. The chassis features a number of innovations, such as Electric Power Assisted Steering (EPAS), which help the vehicle achieve its unique dynamic character.

FRONT SUSPENSION
Aluminum components are used within the front suspension. The front suspension struts have advanced hydraulic rebound stops which help to manage the noise and loads caused by severe impacts such as speed humps, to maintain composure in urban and off-road environments.

COMPACT REAR SUSPENSION DESIGN
Discovery Sport has a fully independent suspension system with an advanced multi-link rear suspension design. This delivers enhanced dynamics and refinement together with a compact layout to provide increased interior space.

The system has been specifically developed to enhance the Discovery Sport’s unrivalled breadth of capability, offering responsive and agile handling together with supreme ride quality and refinement. Excellent wheel control and simulation helps the vehicle achieve legendary Land Rover off-road performance.

The compact aluminum multi-link layout also creates a much more spacious rear compartment, with enhanced shoulder and elbow room, the option* of 5 + 2 seating and increased luggage space. Mounted on an optimized steel subframe, the system is light and stiff for optimum steering response, chassis performance and refinement.

*Not available with 286HP engine.
Sustainability is at the heart of everything we do and consequently all powertrains on Discovery Sport have been optimized to enhance sustainability by minimizing fuel consumption and CO2 emissions.

Gas engines feature the latest high-pressure direct injection technology and state-of-the-art low-friction designs which have been carefully developed to minimize frictional losses. While the 9-speed Automatic Transmission is specified with the latest low viscosity transmission fluid to maximize efficiency.

An advanced intelligent Stop/Start system is standard on all automatic models which automatically shuts down the engine in just 300 milliseconds when the vehicle comes to rest. A smart regenerative charging electrical system has also been introduced which has an intelligent power management system to prioritize charging when the vehicle is decelerating, capturing the wasted kinetic energy and reducing the fuel demand of the electrical system.

With up to 35 lbs of recycled plastic on the Discovery Sport Turbocharged i-4 engine, as well as up to 49 lbs of renewable and natural materials in each vehicle, we are taking big steps in reducing our environmental footprint.

**SUSTAINABILITY**

**ECO MODE**
This standard feature when activated prioritizes the most efficient vehicle settings, including automatic transmission, Active Driveline* and comfort features like heating and air conditioning in order to minimize fuel consumption and CO2 emissions.

The ECO Data feature provides drivers with information and feedback via the Touchscreen to help them adopt more economical driving habits.

**OPTIMIZED AERODYNAMICS**
With its more streamlined profile, Discovery Sport is one of the most aerodynamic Land Rover vehicles.

**LIGHTWEIGHT MATERIALS**
To optimize vehicle performance and efficiency, Discovery Sport has been developed using lightweight materials and technologies. The vehicle has been designed with key weight-saving technologies including an optimized steel body construction, aluminum hood, roof and tailgate panels, lightweight aluminum suspension components and a magnesium cross beam and front end carrier.

The 4 Wheel Drive (4WD) components have also been optimized for weight. The interior has also been designed with efficiency in mind, with optimized seat structures which use laser-welded high tensile steel.

**LIFE CYCLE ASSESSMENT**
In order to reduce the vehicles overall ecological impact, Discovery Sport is designed with a life cycle approach, aiming to minimize the environmental impact by considering the entire life cycle of the vehicle: from development and manufacturing, through customer use, to end-of-life recycling and reuse. Each element of the life cycle was analyzed with a view to consuming fewer natural resources, using more sustainable materials and minimizing the generation of waste.

*Please contact your nearest Land Rover Retailer for feature availability.

*Please contact your nearest Land Rover Retailer for feature availability.
**DISCOVERY SPORT OFFERS YOU GREAT OPTIONS AND FLEXIBILITY TO PERSONALIZE YOUR VEHICLE.**

The following pages take you through a logical series of steps to make your vehicle suit your lifestyle. There are several choices: from selecting your engine and model to exterior and interior colors, wheels, finishes and those detailed touches to enable you to personalize your vehicle.

If you’d like to bring your options to life, go to our online configurator at landroverusa.com.

### STEP 1: CHOOSE YOUR ENGINE
You can select from a choice of powerful gas engines.

### STEP 2: CHOOSE YOUR MODEL AND OPTIONS
Compare the standard and optional features on each model.

### STEP 3: CHOOSE YOUR COLOR
There’s a wide range offered to enable you to express yourself.

### STEP 4: CHOOSE YOUR WHEELS
There’s a range of styles, each one designed to complement the bold exterior.

### STEP 5: CHOOSE YOUR INTERIOR
When you choose your interior, you can personalize it by selecting your optimum seat configuration, the ideal color combination of seats, materials and your preferred finisher. These three considerations help celebrate and enhance a sense of your own style.

### STEP 6: CHOOSE YOUR ACCESSORIES
This range of stylish and practical accessories can be tailored to suit any lifestyle.

- Power fold, heated door mirrors with approach lights
- Automatic headlights with rain sensing wipers
- Land Rover Enhanced Sound System 190W with 10 speakers
- Leather steering wheel
- Partial grained leather seats
- 10-way electric front seats
- Two-zone Climate Control with second row vents
- Ambient Interior Lighting
- Remote and Protect
- Rear Parking Aid*
- Rear View Camera*
- Cruise Control and Speed Limiter*
- All Terrain Progress Control*.

*These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner’s manual or your local authorized Land Rover Retailer for more details.

Vehicle shown is SE with optional Vision Assist Package.

EACH MODEL HAS A CHOICE OF ENGINES AND UNIQUE FEATURES
This guide will help you to select your ideal Discovery Sport.

On the following pages you’ll see the key standard features for each model.

Visit landroverusa.com to configure your vehicle online.

DISCOVERY SPORT HSE

Contents of SE, plus:
- Front fog lights**
- Garage Door Opener (HomeLink®)
- Front Parking Aid*
- Keyless Entry.

Replaces SE content:
- Auto-dimming, power fold, heated door mirrors with memory and approach lights
- Atlas fender vents and grille with Narvik Black surround
- White Silver tow eye covers
- Xenon headlights with LED signature
- Fixed panoramic roof
- 18” 5 split-spoke ‘Style 511’ alloy wheels†

DISCOVERY SPORT HSE LUXURY

Contents of HSE, plus:
- SD Navigation System
- SiriusXM Satellite & HD Radio
- InControl Apps
- Premium carpet mats
- Configurable Ambient Interior Lighting
- Illuminated aluminum front tread plates with Discovery script
- Meridian™ Sound System (380W).

Replaces HSE content:
- Noble Plated upper and lower door handles
- Atlas fog light surrounds, tailgate finisher and Discovery script (hood and tailgate)
- 19” 9 spoke ‘Style 902’ with Diamond Turned finish alloy wheels†
- Perforated Windsor leather seats.

To view the full list of standard and optional features available on each Discovery Sport derivative please see the accompanying Specification and Price Guide or visit landroverusa.com

HomeLink® is the registered trademark of Gentex Corporation.

**Not available on Si4 286HP engine   †Si4 286HP models will feature 20” 9 spoke alloy wheels with Gloss Black finish alloy wheels.
Vehicle shown above is a HSE Luxury with Dynamic Design Package and Si4 286HP engine which features a unique bumper. Fog lights not available.

Visit landroverusa.com to configure your vehicle online.

PERSONALIZING THE EXTERIOR

COMPLETE DYNAMIC DESIGN PACKAGE

Bold. Arresting. Discovery Sport has been designed without compromise. Exterior enhancements include a new front and rear design with new contoured side moldings which form a dramatic presence. This has been augmented with a new Black mesh design for the front grille and side vent. Distinctive Silver Painted Chrome look exhaust finishers together with a Red SPORT badge further enhance the appearance.

Carefully selected interior touches add to the impact of your chosen color combination; so too does the use of such materials as perforated Windsor leather on HSE and HSE Luxury.

Premium details include contrast micro-piping on the seats and headrests, a perforated leather sport steering wheel and unique textured finish to the door inserts and fascia mid-section. Depending on your chosen color combination, Dark Grey or Carmine Red Brushed Aluminum center stack side rails complete the look. The interior is further enhanced on HSE and HSE Luxury with aluminum sport pedals.

Narvik Black fog light surround

20" 5 split-spoke ‘Style 511’ with Gloss Black finish

Chrome exhaust finishers

Carmine Red Brushed Aluminum center stack side rails

*Fog lights not available with Si4 286HP engine.
STEP 2
CHOOSE YOUR MODEL AND OPTIONS

BLACK DESIGN PACKAGE**

The Black Design Package gives the overall design of the vehicle a more assertive appearance, with exterior elements changed to Narvik Black and a choice of distinctive Gloss Black alloy wheels.

*Dependent on model selected   **Not available with Si4 286HP engine.

(1) These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Land Rover Retailer for more details.

(2) Please remember that the safety belts in a vehicle constitute the primary protection system for driver and passengers in collisions. Airbags are not designed to deploy in all collisions. The airbag Supplemental Restraint System (SRS) is a supplement to the safety belts and is designed to work as a system with the safety belts. Although airbags provide additional protection, airbags without safety belts do not provide optimal protection in a crash. Always wear your safety belts. Children younger than 13 years old should always be properly restrained in a back seat, away from airbags. Never place an infant seat in the front seat.

For more information on packages, see pages 68-71.

Optional - Not Available.
(1) Not available with Si4 286HP engine or Complete Dynamic Design Package. 
(2) These systems are not a substitute for driving safely with due care and attention and will not function under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner's manual or your local authorized Land Rover retailer for more details.

(3) A 3-month trial subscription to the Sirius XM All Access package is included with the vehicle, which gives you access to 175+ channels of premium programming. Plan for Sirius XM on your computer, smartphone or tablet is included in your trial. If you decide to continue service after your trial, the subscription plan you choose will automatically renew thereafter and you will be charged according to your chosen payment method at then-current rates. Fees and offers subject to change. Sirius XM satellite radio requires a subscription to SiriusXM at a monthly fee. SiriusXM service only available to those at least 16 years and older. For more information, call SiriusXM at 1-866-635-2349. ©2023 SiriusXM Inc. Terms and conditions apply. All fees and programming subject to change. Visit landroverusa.com to configure your vehicle online.

Now you have chosen your Discovery Sport model, you can select your exterior paint color. From rich, deep lusters to incandescent metallic patinas, our paints incorporate the latest in pigment technologies. Our solid paints produce a deep flat color. Our metallics deliver a sparkle finish that is sure to catch the eye. And our premium metallic paints enhance both the color and the intensity of the sparkle for sleek metallic finish to give your vehicle even more presence.

Choose Your Interior – Seat Configuration

60:40 Second Row Seats with Slide and Recline
These seats have forwards/backwards movement of 6.3 inches allowing truly flexible use of space for luggage or to maximise passenger legroom. The seats can also recline to provide even greater comfort.

5 + 2 Seating*
A neatly integrated optional third row of seats can be specified on 4WD vehicles to give you even more versatility. These seats are ideal for children and teenagers, or adults on short trips. They are easily accessed by tipping and sliding forward the second row seats. When folded, the third row seats leave a flat floor in the luggage compartment as if it were a five-seat model.

*Not available with Si4 286HP engine or with Complete Dynamic Design Package. Interior shown left and above is HSE Luxury in Glacier/Lunar.

STEP 5

CHOOSE YOUR INTERIOR
Discovery Sport is so capable and adaptable it can get straight to work across a huge variety of vastly differing conditions and roles. Even so, some owners want to add their own stamp of individuality by tailoring their Discovery Sport to their specific needs with a range of stylish, practical accessories that are tough, versatile and bring an opportunity for personalization.

Importantly, these accessories can be added by your Land Rover Retailer at any stage during the vehicle’s life – not just when it’s new. Naturally, Land Rover Accessories are designed, tested and manufactured to the same exacting standards as the original equipment fitted to your vehicle.

Vehicle shown above is HSE Luxury in Yulong White.

**STEP 6**

**CHOOSE YOUR ACCESSORIES**

**Bright Side Tubes**

VPLCP0209

Highly Polished Stainless Steel side tubes provide an off-road inspired’s appearance, designed to complement the vehicle’s exterior design.

**Stainless Steel Undershield – Front**

VPLCP0212

The off-road designed undershield, manufactured from stainless steel, features a premium Bright Polished finish for the front of the vehicle.

**Stainless Steel Undershield – Rear**

†

VPLCP0213

The off-road designed undershield, manufactured from stainless steel, features a premium Bright Polished finish for the rear of the vehicle.

**Cargo Space Organizer**

VPLCS0340

Convenient cargo space organizer provides segregated compartments to store delicate items or separate shopping/luggage. Featuring lockable lids, it is secured via cargo space ‘D’ loops.

**Sill Treadplates – Illuminated**

VPLCS0286LAA – Lunar

VPLCS0286PVJ – Ebony (not shown)

Sill treadplates featuring illuminated Discovery script. Supplied as a pair for driver and front passenger sides of the vehicle.

**Sill Treadplates – Personalized**

VPLCS0343PVJ – Ebony

VPLCS0343LAA – Lunar (not shown)

Personalized illuminated treadplates allow you to choose a personalized message using an approved set of fonts/typefaces which will be highlighted in White illumination when the front doors are open. Available as front pair only.

Visit gear.landroverusa.com for more information.
TOURING

Cargo Space Liner Tray

Face Tow Receptor‡
VPLCT0141
For 5 + 2 seat models with a reduced
sized spare tire.
VPLCT0142

Fixed Tow Receiver‡
VPLCT0161
For 5 + 2 seat models with a reduced
sized spare tire.
VPLCT0143

Towing Electrics − 13 PinΔ
VPLCT0134
Towing electrics must be ordered with part shown, please consult your Land Rover Retailer for further information.

Waterproof Seat Covers
VPLWR0101 – MD (not shown)
VPLWR0100 – Large Sports Roof Box (not shown)
VPLWR0100 – Sports Roof Box (not shown)
VPLVS0176
Center Armrest Cooler/Warmer Box

Sports Roof Box
VPLVR0061 – Sports Roof Box (not shown)
VPLVR0061 – Sports Roof Box (not shown)
VPLVR0061 – Sports Roof Box (not shown)
VPLWR0100 – Large Sports Roof Box (not shown)
VPLWR0100 – Sports Roof Box (not shown)
VPLVS0176
Center Armrest Cooler/Warmer Box

Sports Expansion Rail
VPLCS0424
For 5 seat models.

**Vehicles with a fixed roof require separate ditch finishers, color matched to the rails. Part No. Silver – VPLCR0135 and Black – VPLCR0134

*Roof rails and cross bars are required for all Land Rover roof mounted accessories. Objects placed above the roof mounted satellite antenna may reduce the quality of the signal received by the vehicle and could have
a detrimental effect on the navigation and satellite radio system, if fitted

†Maximum payload equals the load capacity of the roof mounted accessory.

ΔTowing electrics must be ordered with part shown, please consult your Land Rover Retailer for further information.
Luggage Partition – Half Height* 
VPLCS0300
Designed to prevent luggage from entering the passenger compartment. The design of the luggage partition has been optimized to second row seating, ensuring its functionality. The luggage partition shelf can be revealed in the luggage position to separate the cargo area from the passenger area.

Cargo Space Mat – Rubber 
VPLCS0279
Waterproof rubber mat helps to protect the rear cargo space carpet from general dirt. Rubber mat extension for protection of the back of the rear seats when folded down is also available – Part No: VPLCS0273.

Rubber Floor Mats 
VPLCS0280 – Third row (not shown)
VPLCS0281
Rubber footwell mats help provide protection from general dirt.

Fixed Side Steps** 
VPLCP0210
The side step aids entry and exit to the vehicle and improves access to the roof. Design features include Bright stainless steel edge trim and a rubber tread mat.

Mudflaps 
VPLCP0203 – Front
VPLCP0204 – Rear
VPLCP0205 – Rear with 5 + 2 seating†

Mudflaps are a popular upgrade for reducing spray and ensuring paintwork is protected from debris and dirt. Designed to complement vehicle exterior design.

Puddle Light Covers 
VPLVS0187MMU – Aluminum
VPLVS0187CAY – Aluminum Red
Complete the look and feel of your steering wheel with premium aluminum paddles. Gear shift paddles are machine polished, anodized and hand brushed to provide exceptional wear resistance and a premium finish.

Sports Pedal Covers 
VPLHS0044 – Automatic Transmission vehicles
VPLHS0045 – Manual Transmission vehicles (not shown)
Stainless steel Bright finish sports pedal covers are easy-to-fit and feature hidden fixings for a clean finish.

Mirror Covers – Noble 
VPLCB0251
Noble Chrome Plated mirror covers designed to enhance Discovery Sport's exterior design cues. This neat design upgrade complements various exterior trim and paint colors.

Pedestrian Airbag System 
LR067898 – Gloss Black
A Gloss Black finish to the Pedestrian Airbag System is designed to enhance Discovery Sport's exterior design cues. This striking design upgrade complements various exterior trims and paint colors.

Luxury Carpet Mat Set 
VPLCS0282LAA – Lunar
VPLCS0282PVJ – Ebony (not shown)
Luxurious, tailored, deep pile 2.05g/m2 carpet mat set, with waterproof backing, provide a well appointed finishing touch to the interior.

Gearshift Paddles 
VPLVS0187MMU – Aluminum
VPLVS0187CAY – Aluminum Red
Complete the look and feel of your steering wheel with premium aluminum paddles. Gear shift paddles are machine polished, anodized and hand brushed to provide excellent wear resistance with a premium finish.
