THE 2015 LAND ROVER LR2 HAS NEVER BEEN MORE READY FOR ADVENTURE

Combining Land Rover capability and versatility with striking lines and up-to-the-minute technologies, it packs as much in as you do.
Land Rover LR2 is designed and engineered to take whatever life throws at it. With Land Rover DNA at its heart, its eminent capability is proven. Whether you’re chasing the surf, in town or cruising down a highway, the Land Rover LR2 is a fully formed SUV in a more compact form.
A glance at the vehicle’s purposeful stance and contemporary looks tells you its design cues are of the moment. Sleek lines and sophisticated styling combine to create an exciting profile and silhouette.
The Land Rover LR2 has performed in temperatures ranging from -40°F to +120°F. It has been driven at altitudes of up to 14,000 feet. And it benefits from excellent approach and departure angles, coupled with generous ground clearance to tackle the toughest of terrains.
If the Land Rover LR2 was born to perform in the most challenging conditions, it was also created to do so on the most challenging terrains. All-terrain technologies featured in the Land Rover LR2 include Hill Descent Control (HDC®) that takes the strain out of negotiating those difficult slopes and the renowned Terrain Response® which automatically optimizes traction and driveability by adapting to the demands of the terrain.*

Vehicle shown is HSE in Loire Blue, with optional wheels.

*These systems are not a substitute for driving safely with due care and attention and will not feature under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner’s manual or your local authorized Land Rover Retailer for more details.
The Land Rover LR2 is equally at home on road as it is off it. Whether you’re heading down a winding coastal highway or negotiating traffic in town, the drive is responsive, controlled and sure. Terrain Response® proves its worth on tarmac in just the same way it does on gravel or sand. Ensuring you arrive at your destination in the most unruffled and relaxed way.

Vehicle shown is HSE in Loire Blue, with optional wheels. Please consult the owner’s manual or your local authorized Land Rover Retailer for more details.
The interior of the Land Rover LR2 has been created to provide a light and airy space that is both comfortable and understated, with simple flowing lines and intuitively placed controls. A range of trim options and personal touches help emphasize individual tastes.

Interior images show HSE LUX in Ivory premium Windsor leather and optional navigation system.
The Land Rover LR2 Command Driving Position greatly improves the view of the road ahead and provides better visibility of the vehicle’s corners.* The driver’s seat is optimized for comfort and support with six-way adjustment so it proves even more invaluable on those longer journeys. Settle into the cockpit and you’ll soon see why being above other traffic has distinct advantages.

*These systems are not a substitute for driving safely with due care and attention and will not feature under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner’s manual or your local authorized Land Rover Retailer for more details.
The Land Rover LR2 naturally accommodates five adults with ease. Everyone benefits from generous leg, head and shoulder room. They can all enjoy the view too as the rear passengers sit in Stadium Seating that is 2 inches higher than those in the front. Added to which, the loadspace is as generous as it is versatile. With 39.4 inches between the rear wheel arches and rear seats which are configured in a 60:40 split that can be adjusted with ease, it’s large enough to take you and everything you need.
If you want to get closer to the music, you’ll love the sound system in the Land Rover LR2. There is the standard Meridian™ Audio System, or optional 17 speaker* 825W Meridian™ Surround Sound Audio System, both with MP3 connectivity as standard.

The Land Rover LR2 is also fitted with a rear view camera** as standard which displays images from behind the vehicle on the center console screen, helping you to park and maneuver more easily.††

*Available as standard on HSE LUX.
**Not available on LR2.
†Additional charges apply. Please contact your authorized Land Rover Retailer for details.
††These systems are not a substitute for driving safely with due care and attention and will not feature under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner’s manual or your local authorized Land Rover Retailer for more details.
With a raft of safety systems, the Land Rover LR2 has been built to take almost anything life throws at it. Firstly, its strong monocoque body and inner body cell, both of which are protected by crumple zones, are designed to absorb energy on impact.

Then, high-strength steel has been used in the build of the body and dual-phase steel is found in key components such as the front windscreen pillars and lower side sills. The Land Rover LR2 also has seven airbags fitted as standard on all vehicles. Such technologies help to create a safety cell providing improved protection.*

*Please remember that the safety belts in a Land Rover vehicle constitute the primary protection system for driver and passengers in collisions. Airbags are not designed to deploy in all collisions. The airbag Supplemental Restraint System (SRS) is a supplement to the safety belts and is designed to work as a system with the safety belts. Although airbags provide additional protection, airbags without safety belts do not provide optimal protection in a crash. Always wear your safety belts. Children younger than 13 years old should always be properly restrained in a back seat, away from airbags. Never place an infant seat in the front seat.
Another level of individuality.
The Land Rover LR2 allows you to personalize your vehicle, the following pages take you through a logical series of steps to make it a true expression of your individuality. You have several choices: from selecting your model and exterior and interior colors to wheels, facia inserts and those detailed touches that define your style.

If you’d like more information or to try our online configurator, go to LandRoverUSA.com

Step 1
Choose your model
Page 26

Compare the standard features on each model.

Step 2
Choose your color
Page 30

There’s a wide range of colors to enable you to express yourself.

Step 3
Choose your wheels
Page 32

There’s a range of styles, each one designed to complement the bold exterior.
Step 4
Choose your interior
Page 34

Carefully selected colors complemented by fascia inserts. You can personalize your own interior space.

Step 5
Choose your options

Steering Wheel Controls
Steering wheel mounted controls at your fingertips for ultimate ease of use. Depending on the model, the intuitive technologies available cover cruise control, the audio system, Say-What-You-See (SWYS) Voice Activation* and hands-free telephone operation. The Land Rover LR2 comes standard with Bluetooth® connectivity. You’ll be able to make and take telephone calls via the vehicle’s audio system (subject to telephone compatibility). Optional† Say-What-You-See (SWYS) Voice Activation* is a useful technology which helps the driver to use and interact more easily with the Land Rover LR2 by displaying voice commands on the seven-inch color Touch-screen.**

Loadspace
The versatile rear loadspace can be expanded by folding the 60:40 split rear seats to provide a flat load floor, and up to 58.9 cubic feet of space. With 39.4 inches between the wheel arches there’s always room for more awkward loads.

Climate Control
Standard dual-zone climate control, with pollen filter, humidity sensor maintains fresh air in the cabin, keeping you and your passengers comfortable whatever the weather.

Convenience Features
Life with the Land Rover LR2 is so practical thanks to thoughtful technology. Features include: an electrochromatic rear view mirror for automatically minimizing the dazzle of headlamps at night. There are rain sensing wipers and twin map lights conveniently located in the roof console above the rear view mirror.

Center Console Storage
The rear of the center console features an additional storage box for small items, a 3.5mm auxiliary socket for MP3 players and a power socket, which can be used to recharge PCs and other low-wattage electrical equipment.

Front Seat and Trim Materials
The standard trim colors are available in Ebony and Almond. The driver’s seat provides excellent support with standard six-way adjustment.

KEY FEATURES
*Not available with Navigation Systems in all markets. Please contact your local authorized Land Rover Retailer for details. **Driving while distracted can result in loss of vehicle control. Do not operate, adjust or view the navigation or multimedia systems under conditions that will affect your safety or the safety of others. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. †Additional charges apply. Please contact your authorized Land Rover Retailer for details. The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Land Rover is under license.
Satellite Navigation
The optional† satellite navigation system, with a seven-inch color Touch-screen, easy-to-use menu and extensive point-of-interest database, makes finding your destination as simple as possible.**

In-Car Entertainment
An outstanding choice of in-car entertainment systems all with USB compatibility: Meridian™ is the ultimate audio specialist and creates sound just as the artist intended by benchmarking acoustic performance against real musical instruments. The Meridian™ Surround Sound System provides a perfect stereo image for each occupant and produces a natural, enveloping concert-like experience.

Note: Sirius Satellite Radio® is available on the Land Rover LR2.

--

*These systems are not a substitute for driving safely with due care and attention and will not feature under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner’s manual or your local authorized Land Rover Retailer for more details.

**Driving while distracted can result in loss of vehicle control. Do not operate, adjust or view the navigation or multimedia systems under conditions that will affect your safety or the safety of others. Only use mobile phones and other devices, even with voice commands, when it is safe to do so.

ΔSubscriptions governed by Sirius Terms and Conditions available at Sirius.com. Service available in the 48 contiguous United States and D.C. Sirius, XM and all related marks and logos are trademarks of Sirius XM Radio Inc. and its subsidiaries.
Stability Control Systems**
The Land Rover LR2 comes with a host of stability control systems as standard, designed to enhance traction by reducing engine torque and applying a unique braking force to each individual wheel where driving conditions dictate. They include: Anti-lock Braking System (ABS), Electronic Brake-force Distribution (EBD), Emergency Brake Assist (EBA), Cornering Brake Control (CBC), Electronic Traction Control (ETC), Dynamic Stability Control (DSC), Trailer Stability Assist (TSA) and Roll Stability Control (RSC).

CommandShift®
The six-speed automatic transmission with CommandShift® is standard. CommandShift provides manual sequential gear changes and Sport mode for an even livelier performance.

Performance with Efficiency
The 2.0 liter four-cylinder engine provides state-of-the-art turbocharged efficiency with refinements and the performance of a six-cylinder while delivering the fuel economy of a four-cylinder.

Headlamps
There are two types of headlamp available: Standard Halogen headlamps with impact-resistant polycarbonate lenses or optional† automatic Xenon headlamps with automatic headlamp leveling and a signature LED light design.

Safety*
High-strength steel is used to construct a strong monocoque body and inner safety cell protected by front and rear energy absorbent crumple zones. Seven airbags are fitted as standard on all vehicles. There are separate driver and front passenger airbags for head and chest protection as well as side airbags for side impact protection. Full-length curtain airbags are designed to provide head impact and rollover ejection protection for all occupants. The Land Rover LR2 also features a driver’s inflatable knee airbag for additional lower body protection.

Remote Control Key
The remote control includes the following functions: locking and unlocking of the doors and tailgate, a 30 second courtesy headlamp delay and activation of alarm.

CommandShift®
The six-speed automatic transmission with CommandShift® is standard. CommandShift provides manual sequential gear changes and Sport mode for an even livelier performance.

*Please remember that the safety belts in a Land Rover vehicle constitute the primary protection system for driver and passengers in collisions. Airbags are not designed to deploy in all collisions. The airbag Supplemental Restraint System (SRS) is a supplement to the safety belts and is designed to work as a system with the safety belts. Although airbags provide additional protection, airbags without safety belts do not provide optimal protection in a crash. Always wear your safety belts. Children younger than 13 years old should always be properly restrained in a back seat, away from airbags. Never place an infant seat in the front seat. **These systems are not a substitute for driving safely with due care and attention and will not feature under all circumstances, speeds, weather and road conditions, etc. Driver should not assume that these systems will correct errors of judgment in driving. Please consult the owner’s manual or your local authorized Land Rover Retailer for more details. †Additional charges apply. Please contact your authorized Land Rover Retailer for details.
**DIMENSIONS AND CAPABILITIES**

- **Wheelbase**: 104.7 inches
- **Height**: 68.5 inches
- **Front wheel track**: 63.0 inches
- **Rear wheel track**: 63.5 inches
- **Overall length**: 177.1 inches
- **Width**: 78.9 inches (mirrors folded), 86.4 inches (mirrors out)
- **Obstacle Clearance**:
  - Below front differential: 8.3 inches
  - Below rear differential: 10.5 inches
- **Approach Angle**: 31°
- **Ramp Angle**: 23°
- **Departure Angle**: 34°
- **Variations in Height**:
  - With roof rails: 72.1 inches
  - With roof rails and crossbars: 72.8 inches
  - With sunroof open: 69.8 inches
  - Standard Ride Height:
    - With roof pod: 69.5 inches
    - With roof pod and crossbars: 72.8 inches
  - With roof pod and crossbars, sunroof open: 69.8 inches
  - With sunroof: 69.8 inches
- **Loadspace Capacity**:
  - **Rear seats upright**:
    - Height: 34.8 inches, Width: 49.1 inches
    - Loadspace volume: 26.7 cu.ft
    - Loadspace width between arches: 39.4 inches
    - Length at floor: 61.8 inches
  - **Rear seats folded**:
    - Height: 34.8 inches, Width: 49.1 inches
    - Loadspace volume: 58.9 cu.ft
    - Loadspace width between arches: 39.4 inches
    - Length at floor: 61.8 inches

---

*Including fluids, 90% fuel and 165lbs driver.
**Not additive.
†If towing for commercial gain, please refer to your Land Rover Retailer for information relating to digital tachograph installation.
††Always obey legal speed limits.
Aqua Sports Carrier*  
VPLGR0107  
Tilts to facilitate easy loading and unloading. Carries one surfboard, kiteboard or sailboard and mast, or one canoe or kayak. Load capacity 99.2lbs.*

Luggage Box*  
VPLVR0062  
Gloss Black finish. Opens from both sides. Lockable for security. External dimensions: 68.9 inches long, 32.3 inches wide, 17.7 inches high. Volume 410 liters. Maximum payload 165.3lbs.†

Ski/Snowboard Holder*  
LR006849  
Carries four pairs of skis or two snowboards. Incorporates slider rails for easy loading. Lockable for security. Maximum payload 79.4lbs.†

Luggage Carrier*  
LR006848  
Load capacity 125.6lbs* on roof rails and cross bar†.

Roof Mounted Bike Carrier  
VPLFR0091  
Lockable bike carrier designed for holding a single bike. Raised Roof Rails and Cross Bar Kit will accommodate up to three bike carriers.* Load capacity 44lbs.**

*Roof Rails and Crossbars are required for all Land Rover roof mounted accessories. Objects placed above the roof mounted satellite antenna may reduce the quality of the signal received by the vehicle and could have a detrimental effect on the navigation and satellite radio systems, if fitted.

**Load capacity is minus roof mounted accessory weight. Maximum payload equals the load capacity of the roof mounted accessory.
ACCESSORIES
**Fitment compatible with certain derivatives, please speak to your local Land Rover Retailer.**

**Adhesive required (STC50551)**

Please see your authorized Land Rover Retailer for details.

*Protects seats from mud, dirt and wear and tear. Machine washable. Includes headrest and armrest covers. Colors may differ from actual product.

**Not compatible with large rear head restraints.

Please see your authorized Land Rover Retailer for details.
ACCESSORIES

Cargo Divider
LR002522
Separates cargo space into two protected sections. Lockable outer gate on one side. Must be fitted with Cargo Barrier (LR002521).

Cargo Barrier
LR002521
Easily removed.

Cargo Barrier – Half Height
VPLFS0146 – (not shown)

Rigid Loadspace Protector
LR002424
Semi-rigid protector. Black plastic loadspace protector. May be used in conjunction with cargo barriers.

Loadspace Rubber Mat
LR002516
Waterproof with retaining lip and non-slip surface.

Rear Bumper Protector Cover
VPLVS0179
Protects the rear bumper from scuffs and scratches when loading.

Flexible Loadspace Protector
VPLFS0014
Heavy duty fabric protects loadspace up to window height. Covers loadspace floor with second row seats folded.

Cargo Net
LR003852
Secured to rear of second row seating.

Load Retention Net
VUB503130
Uses loadspace tie down points. Includes floor net and two ratchet straps. Strap length approximately 78.7 inches.
Seat Back Stowage
Premium – VPLV50181
Standard – VPLV50182 (not shown)

Ski Bag
VPLG50166
Carries up to two pairs of skis and poles up to 70.8 inches long. Features removable shoulder straps.

iPad® Holder
VPLV50165
Fits from iPad® 2 onwards.

iPad® 1 Holder
VPLV50164 (not shown)

Ratchet Strap
CAR500010
Nylon tie strap for securing items to the Crossbars and Luggage Carrier. 16.4ft long, 0.8 inches wide. Supplied individually.

Towing Mirror Extension
VPLVT0080

Tow Recovery Strap
STC9199AA
Includes storage bag that can be attached as a warning flag to the strap. 1,363lbs maximum load capacity.

Electric Cool Bag
VUP100140L
Powered by the 12 volt auxiliary socket. Thermostatically controlled temperature. Easy clean interior surface. Height 15.0 inches, length 15 inches, width 13.7 inches. Volume 14 liters.

Collapsible Cargo Carrier
EEA500050PVJ
The collapsible Cargo Carrier keeps items from shifting during transport with two durable straps.

Front Screen Shade
VPLFY0067
Reflects the sun’s rays and helps to keep the interior of your vehicle cool.

Bulb Kit
VPLFV0089

Warning Triangle
KCC500021

Touch-up Paints
A comprehensive range of touch-up paint sticks and aerosols to help your Land Rover LR2 look as good as new despite those minor chips and scrapes. Please contact your Land Rover Retailer for further details.

Body colored Door Handles
Primed Door Handle* – LR006876
Emergency Snow Traction Aid
VPLVW0073
For use on the front wheels only.

Tire Pressure Gauge
VPLVW0077

Styled Valve Caps
Land Rover – LR027560
Union Jack – LR027664
Black Jack – LR027666

Wheel Nuts – Black
VPLVW0070
Set of 20 wheel nuts, especially suitable for use with Gloss Black finish wheels.

Locking Wheel Nuts – Black
VPLVW0072
Black locking wheel nuts provide added security for your valuable wheels.
