the CT. the black sheep of green.
they say revolutions begin in the streets. here’s proof.

The ability to switch driving modes for greater efficiency or responsiveness on demand. Bolstered sport seating optimally positioned for agility and comfort. And an innovative chassis design and all-new F Sport™ Package for exhilarating performance. Presenting the 2012 CT.
embraces drivers, not conventions.
embraces drivers, not conventions.

SPORT SEAT DESIGN

The front seats in the CT 200h feature pronounced side bolsters engineered with internal wire framing for additional lateral support during high-G cornering. The driver’s seat also includes power-adjustable lumbar support to help provide added comfort and reduce driver fatigue.
embraces drivers, not conventions.

OPTIMIZED DRIVING POSITION
The placement and angle of the driver’s seat, steering wheel, accelerator and brake pedal were precisely calculated to help position the driver’s hip point as close to the CT’s center of gravity as possible. The result is a driving position that provides optimal comfort and a more dynamic driving experience overall.
Sport Steering Wheel

Sharing design elements with the steering wheel in the LFA supercar, including a horn pad that's positioned precisely at the center of rotation, the 14.6-inch sport steering wheel on the CT features an anatomic design for an enhanced grip. And, with just 2.7 turns lock-to-lock, the CT’s speed-sensitive Electronic Power Steering is among the quickest of any Lexus.
performance-engineered to evade stereotypes.
The lateral performance dampers on the CT were developed by Yamaha to provide additional rigidity to the chassis while also minimizing vibrations. The result: enhanced handling, a more linear steering feel and a ride that's as comfortable as it is invigorating.

Optional equipment shown.
For greater agility, the CT features a MacPherson strut suspension in the front and a fully independent double-wishbone suspension in the rear. Handling is further enhanced by the use of lightweight materials, optimized weld points and extensive bracing throughout.
In ECO mode, the throttle response is modified and climate control is optimized for efficiency. In EV1 mode, the CT can run on battery power alone for short distances, at low speeds under certain conditions. Because the gasoline engine is not engaged, noise is minimized and emissions are eliminated. Depending on driving conditions, both settings can noticeably reduce fuel consumption.
In Sport mode, illumination of the instrument panel and Drive Mode Select switch changes from blue to red, and the Hybrid System Indicator is replaced with a tachometer. For added responsiveness and a more engaging drive, steering is made to feel more direct, throttle response is increased and the traction and stability systems are made less intrusive.

Optional equipment shown.
The highest combined fuel-efficiency rating of any luxury vehicle—42 MPG—is only one aspect of the CT’s ingenious design. To discover more ways we’ve pushed the category forward since introducing the world’s first luxury hybrid more than six years ago, click the buttons below.

Optional equipment shown.
Every aspect of the CT—from its tapered cabin and its LFA-inspired side mirrors to its underbody design—has been engineered for superior airflow. The result is a low 0.29 coefficient of drag that not only offers improved fuel efficiency but enhances control, handling and comfort.
To provide the highest combined fuel-efficiency rating of any luxury vehicle, the CT features numerous innovations. Among them: an Exhaust Gas Recirculation system that captures, cools and repurposes exhaust gasses in the combustion process; electrically powered air conditioning and heating systems that can be used without the engine running; an Exhaust Heat-Recovery system that warms the engine faster for improved efficiency in cold weather; and, as a benefit of its full-hybrid design, the ability to choose the optimal source of power—gas, electric or a combination of the two—for every condition.
now available in a new shade of blur.

For an even greater performance edge, the all-new F Sport™ Package CT is outfitted with a more dynamic sport-tuned suspension. As well as racing-inspired sport aluminum pedals and a sport steering wheel trimmed in perforated leather. It also features bold design cues inside and out, including a distinctive mesh grille and an exclusively available Ultrasonic Blue Mica exterior.

For more information on the package or to configure your CT with individual F Sport Accessories, use the buttons below.
to understand why it’s so far ahead, you need to know where it began.

The CT wasn’t only engineered to be a great Lexus Hybrid, it was engineered to be a great Lexus. Period. In fact, it was designed by the same chief engineer who brought us our most luxurious vehicle to date—the LS 600h L.
unconventional seating, unrelenting standards.
While its fit and finish are as impeccable as you’d expect in a Lexus, the NuLuxe seating material offers more than just good looks. It weighs half as much as leather, and its manufacturing process generates 65% fewer CO₂ emissions than traditional synthetic leathers and no VOCs.

Optional equipment shown.
unconventional seating, unrelenting standards.

QUIET INTERIOR

Though the extensive use of high-strength, lightweight materials makes it the lightest Lexus yet, it’s every bit as smooth and quiet as you’d expect a Lexus to be. Wind noise is greatly reduced by its sculpted shape and superior aerodynamics, while road noise is minimized through a unique door design that strengthens the window seals and increases the rigidity of the glass.

Optional equipment shown.
designed for all the senses, including your sense of responsibility.

A variety of ecological materials and practices are used in the creation of the CT, including floor mats composed of 30% plant-based sources and a painting process specifically designed to reduce environmental impact. And, because 90% of the vehicle can ultimately be recycled, its design won’t only influence the vehicles of the future. It will also help build them.
one more way it excels at handling.
With both seats folded flat, the CT offers more than 30 cubic feet of storage. The folding 60/40-split rear seat can accommodate cargo of multiple shapes and sizes. To prevent items from shifting, a hidden storage compartment in the rear includes a built-in organizer.
To help make your CT truly yours, you’ll find an extensive list of individual accessories and one of the widest range of color combinations of any Lexus. In addition to eight exterior colors, seven interior trim variations and three dash panel options, an all-new F Sport™ Package is also available on the CT. This includes a more dynamic sport-tuned suspension and bold design cues like 17-inch Dark Graphite wheels9 and an exclusively available Ultrasonic Blue Mica exterior.

a one-of-a-kind vehicle.

Not all feats of performance are found on asphalt. Take the innovation found inside the CT. From an available Pre-Collision System\(^\text{10}\) that is the first in its class to audio components that lead the industry, the CT has been miles ahead of the competition since day one.

in the lead before its wheels ever touch the pavement.
a car that changes everything, even the way you hear.

The CT features the world’s first automotive speakers constructed with bamboo charcoal-based resin. The innovative design doesn’t just make them lighter, it also makes them sound better. With the available 10-speaker system, sound quality is further enhanced with a Class D amplifier that uses 50% less power and is 26% lighter than a conventional one. Specifically tuned to the acoustics of the CT’s quiet cabin, it offers exceptional performance at all volume levels.

With the available 10-speaker system, sound quality is further enhanced with a Class D amplifier that uses 50% less power and is 26% lighter than a conventional one. Specifically tuned to the acoustics of the CT’s quiet cabin, it offers exceptional performance at all volume levels.

- Front three-way speakers deliver clear, dynamic sound
- Enhanced sound localization, helping to make vocals more articulate
- Specially designed mid-range speakers create a more natural soundscape
- Rear subwoofer for controlled deep-bass range
With a distinctive shape, the standard light-emitting diode (LED) daytime running lights (DRL) offer an aggressive appearance.

Available low-beam twin LED headlamps use less energy, last longer and offer greater light distribution than conventional bulbs.

Halogen high-beam headlamps are designed to provide added visibility when driving at night.

**highly responsive, down to its headlamps.**
Utilizing a retractable eight-inch LCD screen, the available voice-activated Navigation System isn’t only remarkably fast and accurate, it’s also intelligent: It can recognize more than 100 voice commands.

The available, award-winning Remote Touch functions similarly to a computer mouse, enabling you to easily move through logical menus of the CT’s innovative features. Ergonomically designed with a fingertip toggle pad, haptic feedback and buttons on either side, it’s located centrally for you and your front passenger’s comfort and convenience. Use the buttons on the left to learn more about select features it enables you to access.
SIRIUSXM SERVICES
In addition to standard SiriusXM Satellite Radio capability, available NavWeather™ and NavTraffic™ can provide helpful real-time traffic and weather updates—including warnings about upcoming storms and road congestion.

clearly, innovation isn’t limited to areas under the hood.

Optional equipment shown.
A ride this exhilarating demands an equally impressive soundtrack. Accordingly, the audio system offers both USB and auxiliary input connectivity for portable music players. For your convenience, an Electronic Device Holder can accommodate music players, smartphones and portable navigation devices. And, for those with compatible Bluetooth® devices, an audio-streaming function enables you to access content without ever removing the device from your pocket or purse.

The audio system can also be used to play MP3 files stored on portable USB drives.

Devices with A2DP Bluetooth compatibility can stream content wirelessly to the audio system.

Optional equipment shown. Device not included.
it does more than make waves, it uses them.

Utilizing advanced radar technology, an available Dynamic Radar Cruise Control system can help maintain a constant speed or pre-set following distance from a vehicle traveling ahead. And, the CT is the first in its class to offer an available Pre-Collision System (PCS) that's designed to detect potential front collisions and take measures to help reduce impact damage.

The available Pre-Collision System (PCS) visually and audibly alerts the driver of a potential frontal impact.

The system determines a collision is imminent and proactively retracts the front seatbelts and prepares Brake Assist.

If the driver forcibly presses on the brake pedal, Brake Assist provides additional braking force.

If the brake pedal is not pressed, the brakes are automatically applied to help reduce impact speed.

### STANDARD FEATURES

#### LUXURY AND CONVENIENCE

- SmartAccess\(^{24,25}\) with push-button Start/Stop and touch sensors on exterior front-door handles
- Power tilt-and-slide moonroof with sliding sunshade
- Dual-zone automatic climate control with interior air filter
- Tilt-and-telescopic steering column
- Power windows with one-touch auto open/close
- Power door locks
- Powered auxiliary console
- Cruise control
- Center console with cupholders and storage bin
- Lexus Personalized Settings (LPS)\(^{26}\) to customize select electronic functions
- Illuminated entry system
- Dual illuminated visor vanity mirrors

#### SEATING AND TRIM

- NuLuxe-trimmed interior
- Leather-trimmed steering wheel
- Chrome-finished shift knob
- 10-way power driver’s seat (including lumbar); four-way manual front passenger’s seat
- Heated front seats
- Height-adjustable headrests for all seating positions

#### COMMUNICATION, AUDIO AND NAVIGATION

- Lexus six-speaker Sound System with Automatic Sound Levelizer (ASL) and in-dash CD player
- SiriusXM Satellite Radio\(^{13,14}\) Subscription required. 90-day trial subscription included
- USB and auxiliary iPod\(^{8,17}\)/MP3/Windows Media\(^{\circ}\) Audio (WMA) port
- Bluetooth\(^{\circ}\) technology\(^{19}\)
- Bluetooth audio\(^{20}\) profile for wireless integration of compatible music players with in-vehicle audio system
- Electronic Device Holder

#### INSTRUMENTATION AND CONTROLS

- Steering-wheel-mounted audio, phone and display controls
- Multi-information display
- Drive Mode Select with Normal, Sport, ECO and EV (Electric Vehicle)\(^1\) driving modes
- Selectable blue or red instrumentation lighting
- Selectable ECO driving indicator or tachometer
- Automatic on/off headlamps with auto-off delay
- Interior fuel-filler door release
- Outside temperature gauge
STANDARD SAFETY AND SECURITY FEATURES

**ACTIVE SAFETY**
- Vehicle Stability Control (VSC)²⁷
- Traction Control (TRAC)
- Four-wheel power-assisted disc brakes
- Electronic Controlled Braking (ECB)
- Four-sensor, four-channel Anti-lock Braking System (ABS)
- Brake Assist²²
- Electronic Brakeforce Distribution (EBD)
- Smart Stop Technology²⁸
- Direct Tire Pressure Monitor System²⁹
- Vehicle Proximity Notification Sensor
- Water-repellent front-door glass
- LED daytime running lights
- Integrated foglamps
- LED taillamps
- Variable intermittent windshield wipers with mist function
- Intermittent rear-window wiper with washer
- Rear-window defogger with auto-off timer
- Power-adjustable outside mirrors with turn indicators and defloggers

**PASSIVE SAFETY**
- Driver’s and front passenger’s advanced airbag system (SRS)³⁰
- Front seat-mounted side airbags (SRS)³⁰
- Driver’s and front passenger’s knee airbags (SRS)³⁰
- Front and rear side curtain airbags (SRS)³⁰
- Whiplash Injury Lessening (WIL) front seats³¹
- Three-point seatbelts for all seating positions, pre-tensioners with force limiters for front seats
- Automatic Locking Retractor/Emergency Locking Retractor (ALR/ELR) seatbelts for all passenger seating positions. Emergency Locking Retractor (ELR) only for driver’s seat
- Height-adjustable front shoulder belt anchors
- Child Restraint Seat (CRS) tether anchor brackets for rear outboard seating positions
- Highly rigid body structure with front and rear crumple zones
- Impact-dissipating upper interior trim
- Collapsible steering column

**SECURITY**
- Safety Connect® offers Automatic Collision Notification, Stolen Vehicle Location, Emergency Assistance Button (SOS) and Enhanced Roadside Assistance²⁵ services.
  Subscription required. One-year trial subscription included
- Vehicle theft-deterrent and engine-immobilizer system²⁵
- First aid kit
ACCESSORIES*

1. Remote engine starter
2. Cargo net – envelope
3. Cargo tray
4. Cargo net – spider
5. Wheel locks
6. Car cover
7. Glass breakage sensor
8. Ashtray
9. First aid kit
10. Rear bumper appliqué
11. Rear bumper protector (stainless-steel matte finish)
12. Paint protection film
13. Door edge guards
14. Cargo liner
15. Dash panels – bamboo, matte brown ash burl (shown) or striated graphite metallic
16. All-weather floor mats
17. Carpet cargo mat
18. Premium carpet floor mats

F SPORT™ EQUIPMENT
19. F Sport Trident-five-spoke Alloy Wheels (17-in)
20. F Sport Sway Bar Kit
21. F Sport Lowering Springs

*Please see page 101 for more information regarding accessories.
OPTIONS AND PACKAGES® (CT 200h Premium)

PREMIUM AUDIO PACKAGE
Lexus 10-speaker Premium Sound System Levelizer (ASL) and in-dash, single-feed, six-disc CD auto-changer

Electrochromic (auto-dimming) inside mirror with compass (not included if equipped with Navigation)

Link universal transceiver to operate compatible garage, gate, home lighting and home security systems

NAVIGATION PACKAGE (REQUIRES PREMIUM AUDIO PACKAGE)

HDD Navigation System including Remote Touch® device, voice command, reconfigurable color LCD display with integrated backup camera and enhanced Bluetooth® technology

NavTraffic®, NavWeather® and Sports and Stocks® Subscription required. 90-day trial subscription included

Lexus Enform® offers Destination Assist and eDestination Subscription required.

One-year trial subscription included

LEATHER PACKAGE (REQUIRES PREMIUM AUDIO PACKAGE)
Perforated leather-trimmed interior

Lexus Memory System to control power driver's seat (except lumbar) and outside mirrors

Electrochromic (auto-dimming) outside mirrors with auto-tilt down in reverse

Rain-sensing variable intermittent windshield wipers

F SPORT™ PACKAGE

17-in 10-spoke alloy wheels® with Dark Graphite finish

F Sport-tuned suspension

F Sport upper and lower grille inserts and rear spoiler

Black NuLuxe or available Black leather with white perforations interior trim

F Sport leather-trimmed steering wheel and shift knob, front door badging, nightshade metallic graphite dashboard panel, aluminum sport pedals and metal front door sill scuff plates

Black headliner

OPTIONS

Post-Collision System (PCS)® and Dynamic Radar Cruise Control (DRC) (requires Navigation and Premium Audio Package)

Electrochromic (auto-dimming) inside mirror with compass and backup camera®

LED low-beam headlamps with dynamic auto-leveling and headlamp washers

*Please see page 101 for more information on options and package selections.

PERFORMANCE SPECIFICATIONS

WARRANTY

Four-year/100,000-mile Lexus Limited Warranty. Eight-year/100,000-mile Hybrid System Warranty. Six-year/70,000-mile Powertrain Warranty. Six-year/unlimited mileage Corrosion Perforation Warranty. All warranties with zero deductible. See the HS Warranty and Services Guide for your dealer at details.

1. CAUTION! When driving a hybrid vehicle, pay special attention to the area around the vehicle. Because there is little vehicle noise in electric-only mode, pedestrians, people riding bicycles or other people and vehicles in the area may not be aware of the vehicle starting up or approaching them, so take extra care while driving. ET mode is based on battery power alone for up to one mile at speeds below 30 mph. 3. Hybrid models combined fuel economy ratings are based on EPA tests conducted using the Federal Test Procedure 49/60 mpg. Actual mileage will vary. 4. F Sport™ Accessories are warranted for 12 months from the date of installation. 5. Sport is a trademark of Toyota Motor Corporation. All information is subject to change without notice. F Sport Accessories are available exclusively through participating Lexus dealers. See dealers for more detailed information. 6. To avoid interference with pedal operation, do not install or shift a floor mat on top of an existing one, and each mat must be secured with retention hooks (4). This floor mat was designed specifically for use in this model and model year vehicle and SHOULD NOT be used in any other vehicle. 7. To be ISO 26262 compliant. 8. Standards. 9. Cargos and load capacity limited by weight and distribution. 10. It is performance tests are expected to experience greater life than conventional tires. This tire may be substantially less than 20,000 miles, depending upon driving conditions. 10. The Pre-Collision System is designed to help reduce the crash speed and damage in certain frontal collisions only. It is not a substitute for collision avoidance system and is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, driver input and road conditions. Please see your Owner’s Manual for more information on system limitations and potential factors that may affect system performance. 11. To the extent permitted by law, the supplying of traffic information by Lexus is done “as is” and without warranty, express or implied, including but not limited to the implied warranties of merchantability and fitness for a particular purpose. 12. To the extent permitted by law, navigation services provided by the Navigation System may be unavailable due to certain factors, including but not limited to: road or traffic conditions; weather conditions; road closures, detours or congestion; or recoverability of the telematics device from operative condition, cellular connection availability, navigation map data and GPS satellite signal reception, which can limit the ability to reach the response center or receive emergency support. 13. These warranties do not cover maintenance services such as replacement of brake pads/linings and clutch linings; or noise, vibration, cosmetic conditions and other deterioration governed by SiriusXM Customer Agreement available at siriusxm.com. 14. Fees and programming subject to change. Available only to those at least 18 years of age and not immediately in the back seat. Availability and accuracy of the information provided by the Navigation System or any SiriusXM services mentioned (if installed) is dependent on availability of SiriusXM satellite service; certain fees and subscription terms apply. 15. F Sport Accessories are warranted for 12 months from the date of installation or for the balance of the new-car or Certified Pre-Owned (CPO) warranty in force at the date of installation, whichever is greater, when installed by an authorized Lexus dealer. F Sport Accessories installed by anyone other than an authorized Lexus dealer are warranted for 12 months from the date of purchase only, and the warranty coverage is limited to the replacement value of the F Sport Accessories. These warranties do not cover maintenance services such as replacement of brake pads/linings and displacement of bilateral pad change, and do not cover any wear caused by normal wear and tear. Part failure caused by improper installation by anyone other than an authorized Lexus dealer may void the F Sport Accessories warranty, the vehicle warranty, or both. 16. The F Sport™ package is a trademark of Toyota Motor Corporation. All information is subject to change without notice. F Sport accessories are available exclusively through participating Lexus dealers. See dealers for more detailed information. 17. To avoid interference with pedal operation, do not install or shift a floor mat on top of an existing one, and each mat must be secured with retention hooks (4). This floor mat was designed specifically for use in this model and model year vehicle and SHOULD NOT be used in any other vehicle. 17. To be ISO 26262 compliant. 17-in 10-spoke alloy wheels® with Dark Graphite finish, electrochromic (auto-dimming) inside mirror with compass and backup camera®. 18. Black leather with white perforations interior trim. 19. To avoid interference with pedal operation, do not install or shift a floor mat on top of an existing one, and each mat must be secured with retention hooks (4). This floor mat was designed specifically for use in this model and model year vehicle and SHOULD NOT be used in any other vehicle. 20. To avoid interference with pedal operation, do not install or shift a floor mat on top of an existing one, and each mat must be secured with retention hooks (4). This floor mat was designed specifically for use in this model and model year vehicle and SHOULD NOT be used in any other vehicle. 21. Bluetooth® phone lists shown in this manual have been tested for compatibility with Lexus vehicles. Performance will vary based on phone software version, coverage and your wireless carrier. Phones are warranted by their manufacturer, not Lexus. The Bluetooth word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Lexus is under license. 22. To the extent permitted by law, the supplying of traffic information by Lexus is done “as is” and without warranty, express or implied, including but not limited to the implied warranties of merchantability and fitness for a particular purpose. 23. Roll-Sensing Curtain Airbags are designed to protect occupants in certain types of severe collisions: frontal and knee ABs typically inflate in frontal collisions; side and side curtain ABs in side collisions; Roof-Mounted Side Curtain ABs in certain side-impact collisions. 24. To the extent permitted by law, the supplying of traffic information by Lexus is done “as is” and without warranty, express or implied, including but not limited to the implied warranties of merchantability and fitness for a particular purpose. 25. The engine immobilizer is a state-of-the-art anti-theft system. When you insert your key into the ignition switch or bring a SmartAccess fob into the vehicle, the key transmits an electronic code to the vehicle. The engine will only start if your key or SmartAccess fob, it can be costly to replace. If you lose a key or SmartAccess fob, your Lexus dealer can help. Alternatively, you can find a qualified independent locksmith to perform high-security key services by consulting your local Yellow Pages or by contacting www.locksmith.org. 26. The LexStart Personalized (LPS) can be programmed in two ways: For most models equipped with the Navigation System, a driver can reconfigure the settings themselves; for other models, including those without a Navigation System, programming is done by your Lexus dealer. If you have a SmartAccess key fob, it can be costly to replace. If you lose a key or SmartAccess fob, your Lexus dealer can help. Alternatively, you can find a qualified independent locksmith to perform high-security key services by consulting your local Yellow Pages or by contacting www.locksmith.org. 27. The LexStart Personalized (LPS) is not a substitute for safe and attentive driving and does not guarantee instant stopping. Please see your Owner’s Manual for further details. 28. Smart Stop Technology operates only in the event of certain simultaneous brake and gas pedal applications. When engaged, the system will reduce engine power, help decelerate the vehicle at the driver’s request, and apply the brakes if necessary to stop the vehicle before an accident occurs. Smart Stop Technology is not a substitute for safe and attentive driving and does not guarantee instant stopping. Please see your Owner’s Manual for further details. 29. The Tire Pressure Monitor system detects low tire pressure in one or more of the vehicle’s tires. This pressure should be checked regularly with a gauge; do not rely solely on the pressure-monitoring system. Please see your Owner’s Manual for more details. 30. The airbags (A/B) systems are Supplemental Restraint Systems. All A/Bs (if installed) are designed to inflate only under certain conditions and can increase the risk of injury in a rollover crash. Please see the Owner’s Manual for more details. 31. Whiplash Injury Lessening (WIL) front seats can help reduce the severity of whiplash injury in certain rear-end collisions. 32. The Safety Connect services automated Collision Notification, Emergency Assistance and Stolen Vehicle Location will function in the United States, including Hawaii and Alaska, and in Canada. Enhanced roadside assistance will function in the United States (except for Hawaii) and in Canada. No Safety Connect service will function outside of the United States in countries other than Canada. 33. Coverage only available in the continental United States. Please see your Lexus dealer for details. 34. Up to 90% recyclable based on ISO 22628 standards. 35. Up to 90% recyclable based on ISO 22628 standards.
