The most fuel-efficient gas-powered luxury vehicle, with 42-mpg EPA-estimated combined rating," five-door versatility, Electronically controlled Continuously Variable Transmission, driver-selected driving modes, double-wishbone rear suspension and Yamaha® lateral performance dampers.

Exclusive F SPORT-tuned suspension, LFA-inspired steering wheel with perforated leather trim and F SPORT badge, aggressive F SPORT styling including a black roof, rear spoiler with aerodynamic cutouts and an interior trimmed in Black NuLuxe or available Black leather with white perforations.

CARVE YOUR OWN PATH.
INTRODUCING
THE 2015 LEXUS CT
Get more from your drive. A highly responsive suspension, extensive body welding and lateral performance dampers combine to deliver an exhilarating ride. Distinct the Sport setting with Drive Mode Select for peak responsiveness. Take it to the next level with the CT F SPORT, boasting an exclusive sport-tuned suspension. And both models can be equipped with a variety of track-proven F SPORT Accessories.
Tailgate parties. Road trips. Concerts in the park. Get around your city like never before when you access subscription-free traffic and weather services through the available Navigation System or the available Display Audio System. And with the best MPG rating of any luxury car (gas- or diesel-powered) and access to available in-vehicle apps like Pandora,® Yelp,® iHeartRadio and OpenTable,® your only limit is your imagination.

*2015 EPA 43/40/42 city/hwy/combined MPG ratings. Actual mileage will vary.
Performance is only one way the CT F SPORT takes you further. Its aggressive aesthetics start with the F SPORT 17-inch split-five-spoke alloy wheels with Graphite two-tone finish, continue up the exclusive mesh grille and sculpted front fascia, and wrap around to the unique rear spoiler. And proving it can turn heads from any direction, it features a black roof that epitomizes standout style.
LEXUS ENFORM APP SUITE

The subscription-free Lexus Enform App Suite uses your compatible smartphone to give your in-vehicle access to some of your favorite mobile applications. You can order movie tickets from the console, personalize your Pandora® playlist and even make dinner reservations. Learn more at lexus.com/enform.

DRIVER SUPPORT

The CT is designed to help you arrive safely. Use the available Dynamic Radar Cruise Control to help maintain a preset distance between the CT and the vehicle traveling ahead. If the vehicle ahead slows, the CT slows automatically. And to help you park with confidence, the available backup camera features distinct grid lines that shift with the CT’s approximate path, even when turning the steering wheel.

SOUND-DAMPENING MATERIALS

To help you hear less undesirable noise and more of what you do want to hear—like the dynamic audio system—optimized sound-dampening materials included in the CT help reduce engine and road noise. When combined with optimally placed carpeting and insulation, the result is a ride that’s not only exhilarating, but also quiet.

DRIVE MODE SELECT

Drive Mode Select lets you choose your level of responsiveness or efficiency. Choose EV mode at low speeds and short distances to operate on battery alone and eliminate emissions. ECO mode moderates throttle response and hybrid system power for increased fuel efficiency. Feeling a little more daring? Choose Sport mode for a thrilling throttle response and maximized steering feel.

PRE-COLLISION SYSTEM

Go further with greater peace of mind. To help prepare for and, if possible, avoid potential front collisions, an available Pre-Collision System is designed to watch the road ahead for obstacles and warn you of their presence with audible alerts and visible indications. This advanced technology feature can even preload the brakes to help optimize braking power the moment the brake pedal is depressed.
