Since our inception more than 20 years ago, our pursuit of perfection has led to craftsmanship, innovation and ownership experiences that set a new standard for the industry. Now, with the exquisite ES, we’ve used state-of-the-art technology to create a driving experience unlike any you’ve known before.
unparalleled, uncompromising.

in other words, a Lexus.

Sensors. Sound dampeners. Integrated systems. While all highly innovative, they’re anything but technology for technology’s sake. Rather, they are evidence of an approach to engineering so singularly focused on taking each detail to the nth degree that what is ultimately created for you is not simply a vehicle, but an experience. One whose goal is simple: for every moment you spend inside the 2011 ES to be as remarkable as the first.

ES 350
3.5-liter V6
Dual Variable Valve Timing with Intelligence (VVT-i)
six-speed sequential-shift automatic transmission
Most of us have a sense of adventure. Yet, not everyone is satisfied by simply exploring the many luxurious and useful features of their vehicle. First, consider the wood used to create the paneling throughout the cabin of the ES. It’s hand-selected to ensure consistency of grain, color and shade. Of course, when you consider this attention to detail, it’s no wonder the interior is also thoughtfully appointed with available heated and ventilated semi-aniline leather-trimmed seats with 10 individual settings, eight of which can be recalled at the push of a button. Also keeping your cabin luxurious is a dual-zone climate-control system that has an automatic smog-sensing function to help prevent smog-forming compounds from entering the vehicle.

an entire world to discover before you even leave the car.
Offering fully discrete 5.1-channel playback in a 7.1-channel architecture, the available Mark Levinson® Premium Surround Sound System in the ES uses 14 strategically placed speakers to create a "sweet spot" of sound that envelops the entire cabin. The result is a listening experience virtually unrivaled by other vehicles in its class. For more information, please visit lexus.com/ES/levinson.

LEXUS ENFORM®
Offering the ultimate in convenience for the driver, the available Lexus Enform® system features two services: eDestination and Destination Assist. The first allows you to save up to 200 points of interest from your computer and upload them to your ES. The latter connects you to a live agent, available 24/7, who can help you find destinations while driving and automatically upload them to your available Navigation System. Learn more at lexus.com/ES/enform.

VOICE COMMAND
Designed around the way people naturally speak, available voice command offers an experience catered to the driver. It enables you to place Bluetooth®-enabled phone calls and control climate, audio and select navigation functions. Learn more at lexus.com/ES/voicecommand.

We’ve gone to great lengths—and heights—to provide a driving experience that feels personal. Lexus Enform® is an available GPS-enabled service that features a live response center available 24/7 to assist with everything from turn-by-turn directions to restaurant suggestions. There’s an available voice command that eliminates the need for robotic catchphrases and will raise the temperature setting by 4 degrees if you simply state, “It’s too cold.” And when you’re not talking to your car, you’ll find listening to the available Mark Levinson Premium Surround Sound Audio System, with its 14 speakers, is like enjoying a concert created just for you.
An available Dual-swivel Adaptive Front Lighting System (AFS) can help illuminate curves by rotating the right or left headlamps up to 15 degrees into a turn at speeds below 19 mph and both headlamps together at speeds above 19 mph.

The sensor in the available Dynamic Radar Cruise Control® uses radar technology to help you maintain a pre-set following distance from a car traveling in front of you, reducing the throttle and applying the brakes if necessary.

An available Pre-Collision System (PCS)® is designed to help detect when a frontal collision is unavoidable and automatically retracts the front seatbelts to prepare for impact while simultaneously delivering the maximum braking force once you press the brake pedal.

In creating some of the most advanced safety technology on the road today, what is outside your vehicle is just as important as what’s inside. Curves, for example. To help you see them more clearly there’s an available lighting system that can rotate in either direction to better illuminate more of the road. And to help you stay keenly aware of other vehicles, we’ve created the available Dynamic Radar Cruise Control® that helps you maintain a safe following distance and our available Pre-Collision System®, which helps to better prepare you for impact should a frontal collision be unavoidable.

As attentive to its surroundings as it is to you.
We all love the visceral feeling of an engine that can perform. However, we’ve designed ours to be admired just as much for its brains. Take the innovative system known as dual Variable Valve Timing with intelligence (VVT-i). To ensure that power is there when you demand it, it automatically monitors the engine’s speed and load and adjusts the timing of the intake and exhaust valves accordingly. There’s also the computer-controlled engine mount that can detect the frequency of the engine’s vibration and counter it with the opposite frequency, negating the effect.

an engine as powerful as it is thoughtful.
The average person will spend more than 40,000 hours behind the wheel over their lifetime. To ensure this is time well spent, we engineer the ES down to the finest detail. First, consider the 114 points of sound dampening, like the thin layer of film that’s been placed within the windshield or the wheel wells lined with Thinsulate®. There are also the 43 sensors for comfort, 23 for safety, and since one can never be too meticulous, 7 more sensors to monitor the sensors.

What are we trying to prove? Simply that we are Lexus, and this is what we do.
exterior colors

- Tungsten Pearl
- Starfire Pearl
- Smoky Granite Mica
- Satin Cashmere Metallic
- Obsidian
- Cerulean Blue Metallic
- Makoador Red Mica
- Truffle Mica

Wood- and leather-trimmed steering wheel and shift knob

Wood trim:
- Espresso Bird’s Eye Maple
- Brown Walnut
- Black Leather
- Black/Saddle Tan Two-Tone Leather

interior colors

- Parchment Leather
- Light Gray Leather
- Black Leather
- Black/Saddle Tan Two-Tone Leather

options and accessories

- Power rear sunshade
- Intuitive Parking Assist
- Pre-Collision System (PCS) and Dynamic Radar Cruise Control
- Heated and ventilated front seats
- Wood- and leather-trimmed steering wheel and shift knob
- High-Intensity Discharge (HID) headlamps and Dual-swivel Adaptive Front Lighting System (AFS)
- Full-size spare tire with matching 17-in alloy wheel
- Body side moldings
- Car cover
- Cargo net – envelope
- Carpet cargo mat
- First aid kit
- Paint protection film
- Rear bumper appliqué
- Rear spoiler
- Wheel locks

NAVIGATION SYSTEM/Mark Levinson Premium Audio System Package

- HDD Navigation System including voice command, color LCD display with integrated backup camera and Enhanced Bluetooth technology
- XM NavTraffic, XM NavWeather, and XM Sports and Stocks: Subscription required. 90-day trial subscription included
- Lexus Enform with Safety Connect and Destination Assist, eDestination, Automatic Collision Notification, Steering Wheel Location, Emergency Assistance Button (SOS) and Enhanced Roadside Assistance services. Subscription required. One-year trial subscription included

Mark Levinson 14-speaker, 300-watt Amplifier with less than 0.1% THD, 20–20,000 Hz. Premium Surround Sound Audio System with 10-channel architecture and in-dash, single-feed, six-disc DVD/CD auto-changer featuring DVD audio and DVD video playback.

ultra luxury package

- Semi-aniline perforated leather-trimmed interior with double contrast stitching
- Wood- and leather-trimmed steering wheel and shift knob
- Heated and ventilated front seats
- Driver’s seat power cushion extender
- Lexus Memory System for front passenger’s seat
- Electrochromic (auto-dimming) outside mirrors with 40-down-in reverse
- Panorama glass roof
- Power rear sunshade
- High-Intensity Discharge (HID) headlamps
- Dual-swivel Adaptive Front Lighting System (AFS)
- 15 x 7-in., 10-spoke Liquid Graphite–finish alloy wheels
- Full-size spare tire with matching 17-in alloy wheel

For details on accessories available through your Lexus dealer, please visit lexus.com/ES/accessories. *Please see inside back cover for more information regarding options/packages.

*Not available with Ultra Luxury Package. †Available with Ultra Luxury Package only.

option packages

- Voice-activated HDD Navigation System with backup camera and Enhanced Bluetooth technology
- High-Intensity Discharge (HID) headlamps

**General**

- **Type**: Five-passenger luxury sedan
- **Construction**: Welded-steel unibody
- **Curb Weight**: 3,580 (1,624 kg)

**Body and Dimensions**

- **Width**: 71.7 in (1,820 mm)
- **Height**: 56.3 in (1,430 mm)

**Headroom**

- Front/rear unroofed: 57.3/56.3 in (1,455/1,430 mm)
- Front/rear sunroof glass roof: 57.3/56.3 in (1,455/1,430 mm)

**Hiproom**

- Front/rear unroofed: 56.3/55.9 in (1,430/1,418 mm)
- Front/rear sunroof glass roof: 56.3/55.9 in (1,430/1,418 mm)

**Trunk Capacity**: 14.7 cu ft (416 L)

**Fuel Tank Capacity**: 17.5 gals (70 L)

**Engine**

- **Type**: 60° V6, aluminum block and heads
- **Displacement**: 3.5 liters (211 cubic inches)
- **Valvetrain**: Four cam, four-valve per cylinder, with dual Variable Valve Timing with intelligence (VVT-i)
- **Compression Ratio**: 10.8:1
- **Horsepower at RPM**: 268 hp @ 6,200
- **Torque at RPM**: 248 lb-ft @ 4,700
- **Emission Rating**: Certified Ultra-Low Emission Vehicle (ULEV II)
- **Fuel Requirement**: Regular unleaded, 87 octane

**Performance**

- **0-60 MPH Acceleration**: 7.0 seconds
- **1/4 Mile Acceleration**: 15.2 seconds
- **Top Track Speed**: (electronically limited)
- **Fuel Economy Estimates**: 19/27/22 mpg
- **Aerodynamic Drag Coefficient**: 0.28
- **Turning Circle**: 36.7 ft

**Drivetrain**

- **Drive Wheels**: Front-wheel drive
- **Transmission**: Six-speed sequential-shift automatic Electronically Controlled Transmission with intelligence (ECT-i)
- **Final Drive Ratio**: 3.685:1

**Chassis**

- **Stability Control (VSC)**: Electronic system that monitors and helps control loss of traction in a turn by using yaw-rate, deceleration, vehicle-speed and steering-wheel-angle sensors. Modulates engine power and applies individual brakes as necessary. Integrates Anti-lock Braking System (ABS), Brake Assist and Traction Control (TRAC)
- **Suspension**: Front: Independent, MacPherson struts with coil springs, gas-pressurized shock absorbers and stabilizer bar
- **Rear**: Independent, dual-link MacPherson struts with coil springs, gas-pressurized shock absorbers and stabilizer bar
- **Steering**: Engine-speed-sensing, progressive power-assisted rack-and-pinion. 3.2 turns, lock to lock
- **Brakes**: Four-wheel power-assisted discs, with four-sensor, four-channel Anti-lock Braking System (ABS) and Brake Assist. Electronic Brakeforce Distribution (EBD) and Brake Assist. 11.6-in ventilated front, 11.0-in solid rear discs
- **Wheels and Tires**: 17 x 7.0-in five-split-spoke alloy wheels with 215/55R17 all-season tires. Available full-size spare tire on alloy wheel

the pursuit continues.

One more way our pursuit is perfecting itself is by reducing the environmental impact. The paper used for this brochure, referred to in the printing industry as "Lexus Pursuit 30," is composed of 30% post-consumer waste. It’s also manufactured with 100% certified renewable energy sources and has garnered just about every environmentally responsible acronym you can imagine. Including FSC, SFI and PEFC certifications and ECF and pH-neutral designations.

LEATHER TRIM AND SEATING

Leather-trimmed interior

- 10-way driver’s and front passenger’s (including luxury) power seats
- Lexus Memory System to control power driver’s seat (your unique look) outside mirrors and steering wheel
- Height-adjustable headrests for all seats
- Brown walnut or espresso bird’s-eye maple interior trim

INSTRUMENTATION AND CONTROLS

Steering-wheel-mounted audio and display controls

- Liquid-crystal multi-information display
- Electric/variable instrument panel

ELECTROCHROMIC TECHNOLOGY

- Driver’s and front passenger’s twin-chamber airbag (SRS)27
- Front and rear side curtain airbags (SRS)27
- Reinforcements in pillars and door sills
- High-visibility body structure with front and rear crumple zones for all passenger seating positions. Emergency Locking Retractor (ELR) only for driver’s seat

SAFETY AND SECURITY

- Automatic Locking Retractor/Emergency Locking Retractor (ALR/ELR) seatbelts for front and outboard rear seats
- Front and rear side curtain airbags (SRS)27
- Rear-window defogger with auto-off timer
- Four-wheel power-assisted disc brakes with front ventilated discs
- ABS. It is not a substitute for safe driving practices. Braking effectiveness also depends on proper brake-system maintenance and tire and road conditions.

SAFETY CONNECT

- Automatic Locking Retractor/Emergency Locking Retractor (ALR/ELR) seatbelts for front and outboard rear seats

Vehicle theft-deterrent and engine-immobilizer system 22

- Traction Control (TRAC)
- Vehicle Stability Control (VSC)28

- Xtronic CVT
- Quarter-back seats
- Driver seat height adjustment
- Direct-Flow air-conditioning system
- Air conditioning automatically controlled
- Automatic recirculation mode
- Heating and air-conditioning with automatic climate control
- All-speed Electronic TPMS29
- VSC will not be effective in all accidents. System effectiveness depends on many factors, such as speed, driver input and road conditions. Please see your Owner’s Manual for further information.

Inflated airbags (AB) are Supplemental Restraint Systems. All ABs (if installed) are designed to inflate only under specified conditions of a frontal or near-frontal collision. ABs inflate with great speed, force, and volume. This may cause serious injury or death. Please refer to your Owner’s Manual for further information.

- Two-chamber ABS
- Power steering
- Power tilt-and-slide moonroof with one-touch open/close and sliding sunshade
- Power windows with one-touch auto-up/rollover feature
- Illuminated entry system
- Power door locks
- Cruise control
- Front seat recliner cushion defogger and rear seat defogger
- Automatic Rear Seat Recliner
- Automatic Power Retracting Seatbelt System

SAFETY CONNECT

- Vehicle theft-deterrent and engine-immobilizer system 22

VSC will not be effective in all accidents. System effectiveness depends on many factors, such as speed, driver input and road conditions. Please see your Owner’s Manual for further information.

- Power-adjustable outside mirrors with turn indicators, defoggers and puddle lamps
- Front-seat dials and switches
- Remote-linked window and moonroof opening

Electrochromic (i.e., light-tinting) inside rearview mirror with compass

- Retained accessory power for moonroof and windows

- Power tilt-and-slide moonroof with one-touch open/close and sliding sunshade
- Power windows with one-touch auto-up/rollover feature
- Illuminated entry system
- Power door locks
- Cruise control
- Center console with storage bin and accessory power outlet
- Brown walnut or espresso bird’s-eye maple interior trim
