Lexus strives to build vehicles to match customer interest, and thus they typically are built with popular options and option packages. Not all options/packages are available separately, and the availability of some options or option packages may be limited to certain models, trims, or regions.

At your Lexus dealer for details.

WARRANTY

Four-year/50,000-mile Lexus Limited Warranty. Six-year/70,000-mile Powertrain Warranty. Six-year/ unlimited-mileage Corrosion Perforation Warranty. All warranties with zero deductible. See the ES Warranty and Services Guide at your Lexus dealer for details.

1. Lexus Enform and Safety Connect are available. Contact with the Lexus Enform and/or Safety Connect response center is dependent upon the telematics device being in an operating condition, cellular connection availability, navigation map data and GPS satellite signal reception, which can limit the ability to reach the response center or receive support. Enrollment and Telematics Subscription Service Agreement required. One-year trial subscription available only with new vehicle purchase of Lexus Enform- and Safety Connect-equipped vehicle. Additional subscription terms available; changes vary by subscription term selected. 2. Lexus Enform premium services Destination Assist and Destination will be continuous for the contiguous United States. These services may also be available in Hawaii and limited areas of Alaska for vehicles that contain map data for those states. They will not function in Canada or in other countries outside the United States. 3. Safety Connect services will function in the United States, including Hawaii and Alaska, and in Canada. The services will not function outside of the United States in countries other than Canada. 4. The Bluetooth telephone feature listed in this Owner's Manual has been tested for compatibility with Lexus vehicles. Performance will vary based on phone software version, coverage and your wireless carrier. Please contact your wireless carrier for information on availability in your area. This service is not available in every U.S. city or roadway. Periodic navigation updates are available at additional cost. Please see your Navigation System Owner's Manual for further details. 5. Lexus Enform services require a subscription after trial period. Subscriptions guided by SiriusXM Customer Agreement available at siriusxm.com. If you decide to continue your SiriusXM service at the end of your trial period, you will be automatically billed at your then-current rates unless you cancel. Fees and programming subject to change. Available only to those at least 18 years of age in the 48 contiguous United States and D.C. 6. The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm your awareness of rear area clearance. Cold weather will limit effectiveness and view may become cloudy. 7. Dynamic Radar Cruise Control is designed to assist the driver with a substitute for safe and attentive driving. Please see your Owner's Manual for important information related to Cruise Control. The Prius C Safety System is designed to help reduce the chances of frontal collisions by providing a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, driver input and road conditions. Please see your Owner's Manual for further information. 8. The Adaptive Front Lighting System can help improve vision at night. However, conditions such as weather, vehicle, road and driver input can all affect whether the system will be effective in providing improved vision. Please use your Owner's Manual for further details. 9. Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is a substitute for safe driving practices. Braking effectiveness also depends upon proper brake system maintenance and tire and road conditions. 10. The performance times are expected to vary depending upon the conventional test tire life may be substantially less than 20,000 miles, depending upon driving conditions. 11. Performance figures are for comparison only and were obtained with prototypes vehicles by professional drivers under controlled safety equipment and procedures. Do not attempt. 12. 2010 EPA-estimated actual mileage may vary. 13. A regular maintenance schedule of regular oil changes is required. All listed scheduled maintenance service items are dependent upon many factors. Use common sense when relying on information provided. Services not available in every city or roadway. Periodic navigation updates are available at additional cost. Please see your Navigation System Owner's Manual for further details. 14. Water resistance is designed specifically for use in this vehicle and model year vehicle and SHOULD NOT be used in any other vehicle. 15. Contact your Lexus dealer for details. Lexus reminds you to wear seatbelts, secure children in rear seat, obey all traffic laws and drive responsibly.

Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC will be effective in preventing a crash or other accident. It is not a collision-avoidance system and is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, road and driver input. System operation is subject to certain conditions. Please see your Owner's Manual for further details.

18. The Adaptive Front Lighting System is designed to help improve vision at night. However, conditions such as weather, vehicle, road and driver input can all affect whether the system will be effective in providing improved vision. Please use your Owner's Manual for further details. 19. Smart Stop Technology operates only in the event of certain simultaneous brake and gas pedal applications. When engaged, the system will reduce engine power to help the brakes bring the vehicle to a stop. Factors including speed, road conditions and driver input are all important in determining distance. Smart Stop Technology is not a substitute for safe and attentive driving and does not guarantee instant stopping. Please see your Owner's Manual for further details. 20. The Tire Pressure Monitor alerts the driver when the tire pressure should be checked regularly with a gauge if the tire pressure is significantly below the manufacturer’s recommended cold tire pressure. Please see your Owner's Manual for further details. 21. The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm your awareness of rear area clearance. Cold weather will limit effectiveness and view may become cloudy. 22. Dynamic Radar Cruise Control is designed to assist the driver with a substitute for safe and attentive driving. Please see your Owner's Manual for important information related to Cruise Control. The Prius C Safety System is designed to help reduce the chances of frontal collisions by providing a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, driver input and road conditions. Please see your Owner's Manual for further information. 23. The Adaptive Front Lighting System can help improve vision at night. However, conditions such as weather, vehicle, road and driver input can all affect whether the system will be effective in providing improved vision. Please use your Owner's Manual for further details. 24. Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is a substitute for safe driving practices. Braking effectiveness also depends upon proper brake system maintenance and tire and road conditions. 25. The performance times are expected to vary depending upon the conventional test tire life may be substantially less than 20,000 miles, depending upon driving conditions. 26. Performance figures are for comparison only and were obtained with prototypes vehicles by professional drivers under controlled safety equipment and procedures. Do not attempt. 27. 2010 EPA-estimated actual mileage may vary. 28. A regular maintenance schedule of regular oil changes is required. All listed scheduled maintenance service items are dependent upon many factors. Use common sense when relying on information provided. Services not available in every city or roadway. Periodic navigation updates are available at additional cost. Please see your Navigation System Owner's Manual for further details. 29. Brake Assist is designed to help the driver take full advantage of the benefits of ABS. It is a substitute for safe driving practices. Braking effectiveness also depends upon proper brake system maintenance and tire and road conditions. 30. The performance times are expected to vary depending upon the conventional test tire life may be substantially less than 20,000 miles, depending upon driving conditions. 31. Performance figures are for comparison only and were obtained with prototypes vehicles by professional drivers under controlled safety equipment and procedures. Do not attempt.

*Leases for drive-to-build vehicles to match customer interest, and thus they typically are built with popular options and option packages. Not all options/packages are available separately, and some may not be available in all regions of the country. See lexus.com for information about options/packages commonly available in your area. If you would prefer a vehicle without any or with different options, contact your dealer to check for current availability or the possibility of obtaining a special order. Special equipment, features, equipment, technical data and performance figures are based upon information available at time of printing, and color and trim options are based upon information available at time of printing, and subject to change without notice, are not available in every U.S. city or roadway. Lexus reserves the right to alter vehicle colors and contents. See your Lexus dealer for details.

2012 | ES

True luxury is something you can not only touch, but feel. It’s confidence in an unfamiliar location, courtesy of advanced technology like available Lexus Enform® with Safety Connect.® It’s the smooth rush of a six-speed automatic transmission and 268-horsepower engine. And the tranquility of a meticulously sound-dampened cabin outfitted in hand-selected leather and wood trim. In other words, it’s the difference between driving a new luxury car and driving a new Lexus. Presenting the 2012 ES. Let the coveting begin.
114 points of sound dampening, 88 measures to prevent vibrations, 43 sensors for comfort. And, of course, seven sensors to monitor the sensors. Here, seemingly insignificant details. But when combined with the innovative technology, inspiring craftsmanship and intelligent performance of the ES, they result in an experience that’s nothing short of amazing.

**Major Breakthroughs**

**DUAL VVT-i ENGINE**
Monitoring the engine’s speed and load, dual Variable Valve Timing with intelligence (VVT-i) increases torque at lower speeds while boosting power at higher speeds. This results in faster acceleration, better performance and lower emissions.

**SMARTACCESS**
The ultimate in convenience, SmartAccess® enables you to unlock all four doors and the trunk as well as start the ES without removing the device from your pocket or purse. The system can also recognize separate fobs for two drivers and automatically recall their preferred settings.

**MARK LEVINSON® AUDIO**
Designed specifically for the ES, the available Mark Levinson® Premium Surround Sound System® features 71 surround sound, a DVD/CD auto-changer and 14 precision-tuned and positioned speakers. The result is an audio experience that more resembles a concert hall than an automobile.

**LEATHER AND WOOD TRIM**
Brown walnut or espresso bird’s-eye maple accents are hand-selected for consistent color, shade and grain throughout the cabin. And for optimal quality, leather and available semi-aniline leather trim must undergo 11 rigorous durability tests to ensure they’re up to Lexus’ standards.

**BLUETOOTH® TECHNOLOGY**
In addition to enabling you to place hands-free calls on compatible phones, Bluetooth® lets you control compatible portable audio players wirelessly using the onboard audio system.
VOICE COMMAND
Accessed by pressing a button on the steering wheel, the available voice-command system enables you to place phone calls and control climate, audio and available navigation functions using your normal, everyday speaking voice.

DUAL-ZONE CLIMATE CONTROL
Separate controls allow the driver and front passenger to adjust the cabin temperature to their preference. In addition, a smog-sensing automatic recirculation system monitors the outside air for smog-forming compounds. If a high level is detected, the air intake turns off, and the cleaner air is recirculated inside the cabin.

HEATED AND VENTILATED FRONT SEATS
To help keep you comfortable, the available feature circulates air through perforations in the front seat leather trim and allows you to heat the front seatbacks and lower-seat cushions to one of three levels.

Indulge more than your SENSE OF WONDER
In here, you’ll discover materials and craftsmanship more commonly found on vehicles twice its price. As well as available accommodations like a panorama glass roof, driver’s seat power cushion extender and heated and ventilated front seats trimmed in perforated semi-aniline leather. In fact, of all the things you’ll appreciate about the ES, the most impressive just might be the one thing it lacks: compromise.
**OVERVIEW**

**CONSTRUCTION**

- Free-passenger luxury sedan
- Welded-steel unibody

**CURB WEIGHT**

- 3,580 lb (1,624 kg)

---

**ENGINE**

**TYPE**

- 60° V6, aluminum block and heads

**DISPLACEMENT**

- 3.5 liters (211 cubic inches)

**VALVETRAIN**

- Four cam, four valves per cylinder, with dual Variable Valve Timing with intelligence (VVT-i)

**COMPRESSION RATIO**

- 10.8:1

**HORSEPOWER AT RPM**

- 268 hp @ 6,200 rpm

**TORQUE AT RPM**

- 248 lb-ft @ 4,700 rpm

**EMISSION RATING**

- Certified Ultra-Low Emission Vehicle (ULEV II)

**FUEL REQUIREMENT**

- Regular unleaded, 87 octane

---

**CHASSIS**

**SUSPENSION**

- Front: Independent, MacPherson struts with coil springs, gas-pressurized shock absorbers and stabilizer bar
- Rear: Independent, dual-link MacPherson struts with coil springs, gas-pressurized shock absorbers and stabilizer bar

**STEERING**

- Engine-speed-sensing, progressive power-assisted rack-and-pinion. 3.2 turns, lock to lock

**BRAKES**

- Four-wheel power-assisted discs, with four-sensor, four-channel Anti-lock Braking System (ABS), Electronic Brakeforce Distribution (EBD) and Brake Assist

**BRAKE SIZE**

- 11.6-in ventilated front, 11.0-in solid rear discs

**WHEELS AND TIRES**

- Front: 17 x 7.0-in split-five-spoke alloy wheels with 215/55R17 all-season tires
- Rear: Optional wheels and tires: 17 x 7.0-in 10-spoke Liquid Graphite-finish alloy wheels with 215/55R17 all-season tires

---

**PERFORMANCE**

**0–60 MPH ACCELERATION**

- 7.0 seconds

**1/4 MILE ACCELERATION**

- 15.2 seconds

**TOP TRACK SPEED**

- 137 mph (electronically limited)

**EPA FUEL ECONOMY ESTIMATES**

- 19/28/22 mpg (city/highway/combined)

---

**BODY AND DIMENSIONS**

**HIP ROOM**

- Front: 56.3 in (1,429 mm)
- Rear: 56.3 in (1,429 mm)

**SHOULDER ROOM**

- Front: 57.3 in (1,455 mm)
- Rear: 56.3 in (1,429 mm)

**HEADROOM**

- Front: 37.4 in (952 mm)
- Rear: 36.8 in (935 mm)

**LEG ROOM**

- Front: 42.2 in (1,071 mm)
- Rear: 35.9 in (912 mm)

**TRUNK CAPACITY**

- 14.7 cu ft (416 L)

**OVERALL LENGTH**

- 191.1 in (4,854 mm)

**WIDTH**

- 71.7 in (1,820 mm)

**HEIGHT**

- 56.3 in (1,429 mm)

---

**DRIVETRAIN**

**TRANSMISSION**

- Six-speed sequential-shift automatic Electronically Controlled Transmission with intelligence (ECT-i)

**DRIVE WHEELS**

- Front-wheel drive

**FINAL DRIVE RATIO**

- 3.648:1

---

**WHEELS**

- 17-in split-five-spoke alloy wheels
- 17-in E-Sport alloy wheels

---

**FOR A COMPLETE LIST OF VEHICLE SPECIFICATIONS, PLEASE VISIT LEXUS.COM/ES/SPECS.**
STANDARD LUXURY FEATURES (Abbreviated list)

- Wood- and leather-trimmed steering wheel and shift knob
- 17-in E-Sport alloy wheels
- Power tilt-and-telescopic steering column
- Retained accessory power for moonroof and windows
- Automatic on/off projector-beam headlamps with auto-off delay
- Remote keyless entry
- Leather-trimmed interior
- Height-adjustable front shoulder belt anchors for front and outboard rear seats
- Three-point seatbelts for all seating positions, pre-tensioners with force limiters
- Driver's and front passenger's knee airbags (SRS)
- Front and rear side curtain airbags (SRS)
- Front and rear seat-mounted side airbags (SRS)
- Driver's seat power cushion extender
- Lexus Memory System to control power driver's and front passenger's seats (except lumbar), outside mirrors and steering wheel
- Panorama glass roof
- Power rear sunshade
- Mark Levinson 14-speaker 300-watt @ less than 0.1% THD 20–20,000 Hz
- Premium Surround Sound Audio System with 7.1 architecture and in-dash, single-feed, six-disc DVD/CD auto-changer featuring DVD audio and DVD video playback
- 17 x 7.0-in 10-spoke Liquid Graphite–extender
- Lexus Memory System to control power driver's seat (except lumbar), outside mirrors and steering wheel
- Panorama glass roof
- Power rear sunshade
- Mark Levinson 14-speaker 300-watt @ less than 0.1% THD 20–20,000 Hz

COMMUNICATION, AUDIO AND NAVIGATION

- High-Intensity Discharge (HID) headlamps and Dual-swivel Adaptive Front Lighting System (AFS)
- Adaptive Front Lighting System (AFS) • 17 x 7.0-in 10-spoke Liquid Graphite–extender
- Ultra Luxury Package • Semi-aniline perforated leather-trimmed interior (Black with Saddle Tan accent)
- Height-adjustable front shoulder belt anchors for front and outboard rear seats
- Three-point seatbelts for all seating positions, pre-tensioners with force limiters
- Driver's and front passenger's knee airbags (SRS)
- Front and rear side curtain airbags (SRS)
- Front and rear seat-mounted side airbags (SRS)
- Driver's seat power cushion extender
- Lexus Memory System to control power driver's and front passenger's seats (except lumbar), outside mirrors and steering wheel
- Panorama glass roof
- Power rear sunshade
- Mark Levinson 14-speaker 300-watt @ less than 0.1% THD 20–20,000 Hz
- Premium Surround Sound Audio System with 7.1 architecture and in-dash, single-feed, six-disc DVD/CD auto-changer featuring DVD audio and DVD video playback

SAFETY AND SECURITY FEATURES (Abbreviated list)

- Vehicle Stability Control (VSC) with cutoff switch
- Traction Control (TRAC)
- Four-wheel power-assisted disc brakes with front ventilated discs
- Four-sensor, four-channel Anti-lock Braking System (ABS)
- Brake Assist
- Electronic Brakeforce Distribution (EBD)
- Four-sensor, four-channel Anti-lock Braking System (ABS)

EXTERIOR COLORS

- TUNGSTEN PEARL
- STARFIRE PEARL
- NEBULA GRAY PEARL
- SATIN CASHMERE METALLIC
- DEEP SEA MICA
- OBSIDIAN
- CERULEAN BLUE METALLIC
- MATADOR RED MICA
- TRUFFLE MICA
