Precise performance.
Intelligent, connected technology.
Peerless craftsmanship.

Because performance this instinctive means nothing if it doesn’t lead to the experience of something greater.

The 2019 Lexus GS.

*Experience Amazing*
The 2019 GS F SPORT MODELS

Take any model to the next level with more assertive styling, a more dynamic F SPORT-tuned suspension, and additional performance enhancements such as 10-inch, staggered-width alloy wheels (RWD)*. Available with Rioja Red leather-trimmed interior, TORSEN® limited-slip rear differential*, and Lexus Dynamic Handling with Dynamic Rear Steering.

GS 300

GS 350

A 311-horsepower 3.5-liter V6 engine and eight-speed Sport Direct-Shift transmission with paddle shifters (RWD) or six-speed paddle-shift transmission (AWD). Rear-wheel drive or available all-wheel drive.

Available with 19-inch, staggered-width alloy wheels (RWD).*
GS shown in Atomic Silver // Options shown
GS shown with Flaxen leather and Open-Pore Brown Walnut wood interior trim // Options shown
GS F SPORT shown in Ultra White // Options shown
With an available limited-slip differential or all-wheel drive, the GS is methodically engineered for precise handling at every turn.

Offering two potent engines, and boasting a wide track with optimized body rigidity courtesy of spot and laser welds, the GS brings exhilaration to every drive. Taking performance to the next level, the F SPORT models feature a track-tuned Adaptive Variable Suspension, available Variable Gear-Ratio Steering and—exclusively available on the rear-wheel drive GS 350 F SPORT—a TORSEN® limited-slip differential ensuring every ounce of torque ignites adrenaline-fueling performance.
ENHANCED AGILITY

GS performance starts from the ground up—its alloy wheels are positioned by front and rear aluminum control arms that help reduce unsprung weight and give the GS its responsive agility, body control and steering precision. Engineered to reduce noise and vibration throughout the chassis, available Yamaha® performance dampers provide greater stability at high speeds and further enhance cornering maneuverability.

EIGHT-SPEED SPORT DIRECT-SHIFT TRANSMISSION

In Manual mode, the fast-shifting, eight-speed Sport Direct-Shift automatic Electronically Controlled Transmission with intelligence (RWD) offers paddle-shift control, putting peak revolutions—and exhilaration—at your fingertips. By increasing engine speed during manual downshifts, its throttle-blipping function helps you exit corners with greater acceleration and more precise shifting.

DRIVE MODE SELECT

For added excitement, Drive Mode Select enables you to shift the engine’s emphasis from high efficiency to high performance with a simple turn of a dial. Sport S mode alters the powertrain for faster gear changes and more dynamic throttle mapping. Sport S+ mode on the GS F SPORT goes a step further by tightening the suspension and increasing the steering response on models equipped with Variable Gear-Ratio Steering. In both modes, the transmission’s shift points are automatically altered going into and coming out of corners to optimize acceleration.

FULL-THROTTLE PERFORMANCE

We drove it the equivalent of 24 times around the globe to develop its ultra-precise driving feel.
The turbocharged GS 300 engine delivers a thrilling boost of power. Unlike most car manufacturers, a twin-scroll turbocharger was developed in-house to help create 241 horsepower and 258 lb-ft of torque starting at a low 1,650 rpm. Dual VVT-i technology generates high-rpm power, and Atkinson-cycle operation helps optimize fuel efficiency. For even more aggressive styling and a wide range of enhancements, the GS 300 F SPORT takes performance to the next level.

The GS 350 raises the bar with an aggressive 3.5-liter V6 that generates 311 horsepower and 280 lb-ft of torque—the muscle behind a 5.7-second zero-to-60 time. In the rear-wheel drive GS 350 F SPORT, an exclusively available TORSEN® limited-slip differential pushes power to the rear wheel with the most grip. And in all GS 350 F SPORT models, a track-honed suspension, 19-inch alloy wheels and 14-inch front brakes don’t just connect with the road—they command it.

Available on the GS 350 and GS 350 F SPORT models, all-wheel drive (AWD) helps ensure a balanced delivery of power, even in inclement weather. By monitoring current driving conditions, AWD automatically allocates engine power between the front and rear wheels from a rear-biased 30/70 (front/rear) torque split to 50/50.
More advanced technologies, inside and out, push imaginative innovation above and beyond.
PEACE OF MIND, STANDARD

Presenting Lexus Safety System+, an integrated suite of the most advanced active safety equipment ever offered on the GS.*

PRE-COLLISION SYSTEM WITH PEDESTRIAN DETECTION

This system* is engineered to help detect a vehicle or a pedestrian** in the path of your Lexus under certain conditions. Should it detect a potential frontal collision, it’s designed to automatically prepare Brake Assist for increased brake force and, in some cases, can even automatically brake the vehicle to a stop.

LANE DEPARTURE ALERT WITH LANE KEEP ASSIST

This system* utilizes a camera to monitor visible lane markings. If an inadvertent or potential lane departure is detected, it’s designed to warn you and can take slight corrective measures. And, if Dynamic Radar Cruise Control** is engaged, the system can even help you remain in the center of the visibly marked lane, helping to prevent drifting before it occurs.

ALL-SPEED DYNAMIC RADAR CRUISE CONTROL

This system** uses radar and camera technology to help you maintain a preset speed and following distance from the vehicle ahead. Whether at highway speeds or in stop-and-go traffic, the system is designed to detect if you get closer than the preset distance and automatically slow your vehicle—even to a complete stop. If driving at highway speeds and the road ahead clears, your Lexus returns to its preset speed.

INTELLIGENT HIGH BEAMS

To help provide greater visibility for you as well as other drivers, Intelligent High Beams*** offer added illumination to help keep you focused on the road. When the road ahead is clear, the system defaults to high-beam mode, then temporarily switches to low beams when it detects the headlamps or taillamps of vehicles ahead.

12.3-in split-screen multimedia display

NAVIGATION SYSTEM

Displaying on a 12.3-inch high-resolution split screen with full-screen map mode, the available voice-activated Navigation System can map millions of points of interest across the country and can display information in English, French or Spanish. And, in addition to offering up-to-date traffic and weather information, 3D city views, and simulated views of approaching highway junctions, it displays the current speed limit and can automatically identify nearby gas stations if you begin to run low on fuel.

VOICE COMMAND

Voice Command enables you to place compatible Bluetooth-enabled phone calls and operate audio functions using normal, everyday speech. When equipped with available Navigation, the system also allows you to control climate and navigation functions. Compatibility with Siri Eyes Free further extends your hands-free capabilities.

MARK LEVINSON® AUDIO

The available 17-speaker, 835-watt Mark Levinson® Premium Surround Sound Audio System features patented, proprietary Clari-Fi® technology that restores audio quality from compressed music, resulting in crisp, clear, dynamic sound from any source. This, combined with technology designed to create an expansive “sweet spot” of audio, envelops every passenger in three-dimensional sound that rival the finest home audio systems.

DELIVERY AND TECHNOLOGY SPECIALISTS

To help you get the most out of these and other features in your new Lexus, a Vehicle Delivery Specialist will walk you through nearly every setting and function you desire. And to answer questions that arise after delivery, a Vehicle Technology Specialist can offer expert guidance in person or without you ever leaving the driveway via camera-enabled apps like FaceTime. Learn more about these complimentary services at lexus.com/specialists.

CONNECTIVITY, EVOLVED

With more advanced telematics and enhanced navigation, this is the heart of connected technology.

LEXUS ENFORM

Lexus Enform™ elevates connected technology and provides concierge-level convenience. From emergency assistance and a live response center agent, to the ability to start your engine remotely through your smartphone, smartwatch or using the Lexus skill on Amazon Alexa-enabled devices, our premium suite of connected technology offers peace of mind with every drive.

Its sculpted presence and well-defined character lines do more than hint at a visceral relationship with the road—they stake your claim in performance territory. From its chiseled front fascia with air intakes that channel cooling air to the front brakes, to the rear diffuser that foils aerodynamic drag, every element contributes to a driver’s experience like no other.

DARING DESIGN

Muscular styling makes an aggressive statement. With an exclamation point.
Throughout the cabin, the highest levels of craftsmanship are transformed into artistry. On the dash and doors, eye-catching Gray Sapele wood is among the expertly crafted available trims that set the tone. Using laser-etching technology, the process reveals aluminum highlights behind the polished wood veneer. The available leather-trimmed seats are made from premium leather that undergoes multiple hand-selection processes and an array of tests, including the equivalent of 10 years of UV-ray exposure, long before its artful stitching begins. And available ambient lighting accentuates design details throughout the cabin.

**METICULOUS CRAFTSMANSHIP**

Craftsmanship that goes beyond the expected, from subtle ambient lighting to innovative laser-cut wood trim.
F SPORT PERFORMANCE

Rigorously tuned and tested, the GS F SPORT delivers more aggressive performance with its Adaptive Variable Suspension and available Lexus Dynamic Handling.

LEXUS DYNAMIC HANDLING

The available Lexus Dynamic Handling system coordinates Dynamic Rear Steering, Variable Gear-Ratio Steering and Electronic Power Steering to anticipate and deliver the ideal handling behavior for virtually any situation. Dynamic Rear Steering can adjust the steering angle of the rear wheels by up to two degrees based on vehicle speed, yaw rate and lateral Gs. At high speeds, it turns the rear wheels in the same direction as the front for optimal agility and stability. At low speeds, the rear wheels turn in the opposite direction for precise maneuvering and an even tighter turning circle.
F SPORT STYLING

Open the door of the F SPORT and step into a command center with a performance pedigree. Lean into the 16-way power-adjustable driver’s sport seat with power side bolsters and four-way lumbar support—all designed to grip you through every turn. A perforated leather-trimmed steering wheel, aluminum pedals and LFA-inspired instrumentation give a nod to its performance roots. And available Rioja Red leather trim with exclusive stitching and distinctive Naguri Aluminum accents answer your demand for cutting-edge design.

EXCLUSIVE DESIGN

The GS F SPORT’s performance deserves to be matched with an equally dynamic appearance. Exclusive exterior styling features include a more distinctive front fascia, signature mesh grille, rear valance, rear spoiler and F SPORT badging.

PERFORMANCE COMPONENTS

Exclusive F SPORT components include massive 14-inch, two-piece front brake rotors and 12.2-inch ventilated rear discs that decrease unsprung weight and provide enhanced cooling for reduced brake fade.1 As well as 19-inch split five-spoke alloy wheels (RWD) which are wider in the rear, providing even greater traction and handling. Offering arresting style to match their performance, the four-piston calipers (RWD) are available in the same orange as that on the Lexus F high-performance line.

PREMIUM PACKAGE
(Available on GS 300 and GS 350 AWD, standard on GS 350 RWD)

- Leather-trimmed interior (GS 350 AWD)
- Power rear sunshade
- Heated front seats (standard on GS 350 AWD)
- Ventilated front seats
- Intermittent rain-sensing windshield wipers

NAVIGATION PACKAGE
(Available on GS 300, standard on GS 350)

- Navigation System\(^1\) with 12.3-in high-resolution split-screen multimedia display and Lexus Enform App Suite\(^2\)
- Lexus Enform Destination Assist\(^3\) Complimentary for the first year of ownership.

COLD WEATHER PACKAGE
(Available on GS 350 AWD)

- Headlamp washers
- Windshield wiper de-icer
- Water-repellent front-door glass

F SPORT
Includes Premium Package, plus:
- Drive Mode Select adds Sport S/S+/modes
- 19-in split-five-spoke alloy wheels\(^4\)
- F SPORT-tuned Adaptive Variable Suspension
- Variable Gear-Ratio Steering (GS 350 RWD)
- 14.0-in, two-piece front brake rotors with monoblock four-piston calipers\(^5\) (RWD)
- LFA-inspired instrumentation
- F SPORT front seats with enhanced bolsters
- 16-way power-adjustable driver’s seat
- F SPORT interior details including black headliner, Naguri Aluminum trim and aluminum sport pedals
- F SPORT exterior styling including unique front bumper, upper and lower grills inserts, rear valance and rear spoiler

ACCESSORIES

- C REAR SPOILER
  Enhance the bold aerodynamic presence of your vehicle with a trunk-mounted lip spoiler color-keyed to precisely match your vehicle.

- D ILLUMINATED DOOR SILLS
  Heighten the thrill of stepping into your Lexus with illuminated door sills for the driver and front passenger doors.

- CARPET TRUNK MAT
  Keeps your trunk looking like new.

- ALL-WEATHER FLOOR LINERS\(^6\)
  Tub-style perimeter design provides optimal protection and an ideal fit.

- DOOR EDGE FILM BY 3M\(^7\)
  Help protect your vehicle’s vertical door edges from dings and paint chips.

WARRANTY Four-year/50,000-mile Lexus Limited Warranty. Six-year/70,000-mile Powertrain Warranty. Six-year/unlimited-mileage Corrosion Perforation Warranty. All warranties with zero deductible. See the GS Warranty and Services Guide at your Lexus dealer for details.

DISCLAIMERS 1. Ratings achieved using the required premium unleaded gasoline with an octane rating of 91 or higher. If premium fuel is not used, performance will decrease. 2. Ultrasonic Blue Mica 2.0 available for an additional charge. 3. 17-, 18- or 19-in performance tires are expected to experience greater tire wear than conventional tires. Tire life may be substantially less than mileage expectancy of 15,000 miles, depending upon driving conditions. 4. TORSEN® is a registered trademark of Zexel Torson, Inc. 5. Performance figures are for comparison only and were obtained with prototype vehicles by professional drivers using special safety equipment and procedures. Do not attempt. 6. Use only if aware of circumstances surrounding vehicle and it is legal and safe to do so (e.g., do not remotely start engine if vehicle is in an enclosed space or vehicle is occupied by a child). Remote Connect is dependent on an operative telematics device, a cellular connection, navigation data and GPS satellite signal reception, and other factors. See Owner's Manual for additional limitations and details. 7. Intelligent High Beams operate at speeds above 25 mph. Factors such as a dirty windshield, weather, lighting and terrain limit effectiveness, requiring the driver to manually operate the high beams. See Owner's Manual for additional limitations and details. 8. LSS+ drivers are responsible for their own safe driving. Always pay attention to your surroundings and drive safely. System effectiveness is dependent on many factors including road, weather and vehicle conditions. See Owner's Manual for additional limitations and details. 9. The LSS+ Pre-Collision System is designed to help avoid or reduce the crash speed and damage in certain frontal collisions only. It is not a substitute for safe and attentive driving. System effectiveness is dependent on road, weather and vehicle conditions. See Owner's Manual for additional limitations and details. 10. The Pedestrian Detection System is designed to detect a pedestrian ahead of the vehicle, determine if impact is imminent and help reduce impact speed. It is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, size and position of pedestrians, and weather, light and road conditions. See Owner's Manual for additional limitations and details. 11. Lane Departure Alert with Lane Keep Assist is designed to read visible lane markers under certain conditions when DRCC is engaged. It provides a visual and audible alert and slight steering force when lane departure is detected. It is not a collision-avoidance system or a substitute for safe and attentive driving. Effectiveness is dependent on many factors including road, weather and vehicle conditions. See Owner's Manual for additional limitations and details. 12. The Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. System effectiveness is dependent on many factors, including road, weather and traffic conditions. See Owner's Manual for additional limitations and details. 13. Be sure to obey traffic regulations and maintain awareness of road conditions. Functionality depends on many factors. Select apps use large amounts of data; you are responsible for charges. Apps and services subject to change at any time without notice. See lexus.com/forhelp for details. 15. Amazon, Alexa and all related logos are trademarks of Amazon.com, Inc. or its affiliates. Certain Alexa functionality is dependent on an operative telematics device, a cellular connection, navigation data and GPS satellite signal reception, and other factors. See Owner's Manual for additional limitations and details. 16. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Availability and accuracy of the information provided by the Driver Information System is dependent on many factors, including road, weather and traffic conditions. See Owner's Manual for additional limitations and details. 17. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. HD Radio Technology manufactured under license from iBiquity Digital Corporation. ’Radio Data System’ is a trademark of the Radio Data System Corporation. HD Radio™ and HD Radio logo are registered trademarks of iBiquity Digital Corp. logos as they appear in this document. 18. Concentrations of brake dust on the road should always be your first priority while driving. Do not use the hands-free phone system if it will distract you. The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Lexus is under license. A compatible Bluetooth® enabled phone must first be paired. Phone and hands-free phone systems vary by phone and carrier and are subject to change at any time without notice. Subject to smartphone connectivity and capability. Data charges may apply. 19. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. See Owner's Manual for details. 20. Phone and hands-free phone systems vary by phone and carrier and are subject to change at any time without notice. Subject to smartphone connectivity and capability. Data charges may apply. 22. High-friction brakes require periodic inspection and measurement as outlined in the Warranty and Services Guide. The pads and rotors are expected to experience greater wear than conventional brakes. Pad life may be less than 20,000 miles, and brake rotor life may be less than 50,000 miles depending on driving conditions. It is an inherent characteristic of materials and design of brake pads used in this high-performance brake system that brake noise/brake dust may result. 23. Preliminary mileage estimates determined by Lexus. EPA mileage estimates not available at time of publishing. Actual mileage will vary. 24. The SmartAccess system may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. 25. The engine immobilizer is a state-of-the-art anti-theft system. When you insert your key into the ignition switch or bring a Smart Key fob into the vehicle, the key transmits an electronic code to the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle’s immobilizer. Because the transponder chip is embedded in the key/fob, it can be on the road should always be your first priority while driving. 26. Always drive safely and obey traffic laws. Apps, prices and services vary by phone and carrier and are subject to change at any time without notice. Subject to smartphone connectivity and capability. Data charges may apply. 27. May not be compatible with all mobile phones, MP3/WMA players and like models. 28. Lexus Safety Connect is dependent upon an operative telematics device, a cellular connection and other factors outside of Lexus’ control, which can limit the ability to reach the response center or receive emergency support or otherwise limit the functionality or availability of the system. Terms and conditions of subscription service agreement apply. To learn about Lexus Enform’s data collection, use, sharing and retention, please visit https://www.lexus.com/privacyny/. The Lexus Safety Connect trial period is at no extra cost and begins on the original date of purchase or lease of a new vehicle. After the trial period expires, enrollment in a paid subscription is required. Terms and conditions apply. 29. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. See Owner's Manual for additional limitations and details. 30. The backup camera does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Environmental conditions may limit effectiveness and view may become obscured. See Owner’s Manual for additional limitations and details. 31. Intuitive Parking Assist (IPA) is designed to assist drivers in avoiding potential collisions at speeds of 9 mph or less. Certain vehicle and environmental factors, including an object’s speed, shape, size and composition, may affect the system’s effectiveness. Always look around outside the vehicle and use your mirrors to confirm rearward clearance. See Owner’s Manual for additional limitations and details. 32. 2018 Kelley Blue Book Brand Image Awards are based on the Brand Watch™ study from Kelley Blue Book Strategic Insights. For more information, visit www.kbb.com. Kelley Blue Book is a registered trademark of Kelley Blue Book Co., Inc. 33. Destination Assist is dependent upon an operative telematics device, a cellular connection, navigation data and GPS satellite signal reception, and other factors outside of Lexus’ control, which can limit the ability or functionality of the system. Use common sense when relying on this information. To learn about Lexus Enform’s data collection, use, sharing and retention, please visit https://www.lexus.com/privacy3/. See Owner’s Manual for additional details. 34. Carpet and all-weather floor liners/mats are model-specific with the exception of specific floor mats. Floor liner/mats are designed for use in specific models only and SHOULD NOT BE USED in any other vehicle. To avoid potential interference with pedal operation, each liner/mat must be secured with its fasteners. Do not install a floor liner/mat on top of an existing floor liner/mat. 35. Lexus Genuine Accessory Warranty will only apply when the installation is performed by a trained Lexus-approved installer. See Lexus dealer for details. 36. Accessories are warranted for labor only if the installation is performed by a Lexus dealer. 37. Remote Connect is dependent upon an operative telematics device, a cellular connection, navigation data and GPS satellite signal reception, and other factors outside of Lexus’ control, which can limit the ability or functionality of the system. Use common sense when relying on this information.

Lexus drives to build vehicles to match customer interest, and thus they typically are built with popular options and option packages. Not all options/packages are available separately at times and may not be available in all regions of the United States. See your dealer for details. Lexus reminds you to wear seatbelts, secure children in rear seat, obey all traffic laws and drive responsibly. For more information, call 800-USA-LEXUS (877-539-88) or visit lexus.com. To learn more about your financing options, contact your Lexus dealer or call Lexus Financial Services at 800-874-7050.
