WE SET OUT TO CREATE THE MOST CAPABLE DRIVER.

WE DIDN’T ONLY SET OUT TO CREATE THE MOST CAPABLE GX.
WE SET OUT TO CREATE THE MOST CAPABLE DRIVER.

Optional equipment shown.
The search for a seven-passenger vehicle has long involved dilemmas. Choices had to be made: Powerful or efficient? Hard-working or luxurious? Designed for rustic back roads or freeway commutes? To such persistent questions, the 2013 GX replies with a firm and resounding Yes. Consider the dilemma solved.

Optional equipment shown.
ITS AVAILABLE SEMI-ANILINE LEATHER IS THE ONLY THING REMOTELY SEMI ABOUT IT.
IMAGINE, A UTILITY VEHICLE THAT’S DESIGNED TO BE UTILIZED.

A utility vehicle shouldn’t solely be measured by how much it can carry, but rather how easy it is to use. For instance, the GX features a rear window that flips open for convenient loading of smaller items. As well as third-row seats that can easily fold flat by pressing a button located in the cargo area or adjacent to the second-row seat. And, with a passenger-side second-row seat that tilts and slides forward, accessing the third row and accommodating cargo of all shapes and sizes is every bit as effortless as it should be.

Optional equipment shown. See disclosures on page 61.
Remarkably spacious, with a host of accommodations, you’ll be hard-pressed to find a finer home away from home. Among its comforts: exquisite auburn bubinga wood accents, ergonomic seating trimmed in premium double-stitched leather and available heated second-row outboard seating.

TAKE YOUR GREAT ROOM WITH YOU.
One dual-zone climate-control system in the front and another available climate-control system in the rear. To most automobile manufacturers, these systems would be more than enough. But in here, they’re just the beginning. The GX is the first V8 in its class to come standard with heated and ventilated front seats. And, because not all air is good air, the GX also offers an available system that can help detect smog and certain pollutants outside of the vehicle. If it determines the outside air to be contaminated, the system automatically recirculates the cleaner air inside the cabin.

A FRESH TAKE ON FRESH AIR.
At last, something both siblings can agree on. The available dual-screen Rear-Seat Entertainment System in the GX enables two video sources to be viewed at the same time. Using a single remote control, one can be used, for instance, as a DVD player and the other as a game console or audio player. Wireless headphones are also graciously included, leaving the driver free to enjoy something entirely different: silence.

Optional equipment shown. See disclosures on page 61.
Whether it’s a bouldery incline or a parallel-parking space that’s tighter than you’d prefer, every day is filled with obstacles. Fortunately, the GX 460 is filled with answers. To name a few: a suspension system that helps enhance your capability on- and off-road, a turning circle that’s among the tightest in its class, and an engine that delivers extraordinary power and remarkable fuel efficiency.
On-road. Off-road. Suspension systems are typically designed for one or the other. The notable exception: the Kinetic Dynamic Suspension System on the GX. On-road, the system can automatically hold the front and rear stabilizer bars in place, helping to minimize body lean while cornering. And off-road, it reacts to uneven surfaces by automatically adjusting the bars, increasing wheel articulation. This helps the GX keep its wheels in contact with the ground for improved traction and control.

2010 model shown. Optional equipment shown.
A SIXTH GEAR THAT QUIETS THE ENGINE. AS WELL AS THE SKEPTICS.

Add an intelligent six-speed automatic transmission to a powerful, 301-horsepower, 4.6-liter V8 engine and you don’t just turn heads, you silence critics. Because, in addition to reducing the amount of engine noise and vibration you’ll experience in the cabin, the addition of the sixth gear also improves fuel efficiency. So much so that the GX offers one of the highest combined V8 fuel-economy ratings in its class.10
To provide a nearly unparalleled level of quietness, the frame of the GX is designed to absorb noise and vibration before it enters the cabin. And even then, unwanted sounds must pass through a gauntlet of floor-to-ceiling dampening and insulation measures. Additionally, to make your quiet ride an even more enjoyable one, an available Adaptive Variable Suspension enables you to customize the degree of road feel to one of three settings.
Conquering the most intimidating terrain is second nature in the GX. In addition to full-time 4WD and a TORSEN® limited-slip center differential, it features what can be thought of as the off-road equivalent of cruise control. With the press of a button, available Crawl Control® carefully manages the throttle and brakes to help you maintain a slow, consistent speed up, down and over rugged terrain, enhancing your traction and leaving you with a far less daunting task: steering.

Optional equipment shown. See disclosures on page 61.
THEY SAY NOBODY EVER PLANS TO BE IN AN ACCIDENT. ON THE CONTRARY.

We’ve spent years preparing for an event we hope never takes place. Developing technology to help you see more and react faster to potentially avoid a collision. And if one is unavoidable, you can be assured that we’ve planned for that, too. The GX is equipped with a highly advanced 10 airbag system.

Optional equipment shown. See disclosures on page 61.
JUST A FEW OF THE WAYS WE’VE THOUGHT ABOUT THE UNTHINKABLE.

When time is of the essence, distraction can be a danger. That’s where the available Pre-Collision System™ with Driver Attention Monitor® comes in. A first in its class, it uses a front-mounted radar sensor that can help detect an object ahead and a camera attached to the steering column that can help discern the position of your face. If you’re not facing forward when a potential collision is detected, it sounds a warning and, if necessary, lightly taps the brakes to get your attention. And, if it deems a collision is imminent, it can even apply increased braking force the moment the driver steps on the brake pedal.

LANE DEPARTURE ALERT
Using a camera that monitors the lane markings, the available Lane Departure Alert™ is designed to help detect if the GX is beginning to drift out of its lane. If so, it can warn you with a series of audible and visual alerts.
INTELLIGENT HIGH-BEAM HEADLAMPS
The GX also offers available intelligent high-beam headlamps. They operate in high-beam mode until the system detects the headlamps from an oncoming vehicle or other vehicles traveling closely ahead, and then temporarily enter into low-beam mode until vehicles are no longer detected.

When you’re rounding a turn in the dark, the advanced Adaptive Front Lighting System (AFS) available on the GX can help illuminate the road by rotating the right headlamp up to 10 degrees and the left headlamp up to 15 degrees into a turn.

YOUR FOCUS: ONE THING THAT SHOULD NEVER GO OFF-ROAD.

Optional equipment shown. See disclosures on page 61.
When you own a GX, you’re surrounded by remarkable thinking. Literally. With 10 airbags—among the most in its class—and a host of safety systems, the GX helps to protect you and your passengers in a myriad of ways. Among them: driver and front-passenger airbags that deploy, in part, based on the severity of impact and/or seat-track position; driver and front-passenger knee airbags; side-curtain airbags that nearly run the length of the interior; and standard second-row outboard seatbelt pre-tensioners.

Optional equipment shown. See disclosures on page 61.
THERE’S MORE THAN ONE WAY TO FORGE NEW PATHS.

The available voice command is just one of its many innovations. It is designed to understand the way people actually speak. To raise the temperature, for instance, you need only say, “It’s too cold,” and the interior will warm by four degrees. And, from the destination menu, if you say, “I need an ATM,” the closest locations will be displayed.
You can’t avoid what you can’t see. So the GX offers a Wide-view Front and Side Monitor. At low speeds, a small camera on the front grille and one under the passenger side-mirror can help provide greater visibility, which makes navigating blind intersections, narrow passages and parking spaces even more convenient. The GX also features a standard backup camera. When placed in reverse, an inconspicuous camera lens located above the rear license plate transmits a wide-angle view behind you to a dash-mounted screen. Explore the areas on the left to see what you otherwise might have missed.
SAFETY CONNECT®
DESIGNED TO HELP
SAFEGUARD YOUR LIFE.

With available Safety Connect¹⁻³ you can request emergency help, whether that means assisting the police with locating your stolen vehicle or requesting Enhanced Roadside Assistance²⁵ for a flat tire. The Safety Connect¹⁻³ service (one-year trial subscription included) also features Automatic Collision Notification, which automatically sends a call for help the moment the system senses the vehicle has been in a severe rear-end collision or the airbags¹³ have been deployed.

See disclosures on page 61.

LEXUS ENFORM®
DESIGNED TO HELP
SIMPLIFY YOUR LIFE.

With the available Lexus Enform¹⁻² system, you can speak to a live service agent, 24 hours a day, seven days a week. You don’t have to memorize any numbers, navigate through seemingly endless screens—or even have your cell phone with you.

Need an address? Simply call Destination Assist via the GX’s available Navigation System²⁴ for live assistance. Once you’ve decided on a location, your agent can send the turn-by-turn directions straight to your vehicle’s Navigation System.²⁴ Planning a trip? You also have the option of pre-selecting up to 200 destinations online and sending them to your vehicle.
AFTER ROCKS, DUNES AND MOGULS, TRAFFIC DOESN’T STAND A CHANCE.

The GX is designed to overcome nearly every type of obstacle. Available NavTraffic™ offers real-time traffic information on-screen or via audible updates to help you avoid delays caused by everything from road construction to fender benders. Available NavWeather™ offers real-time weather reports for selected cities and can alert you when you are approaching severe weather conditions. And to make sure your time on the open road is well spent, available Sports and Stocks from SiriusXM Satellite Radio™ lets you keep tabs on your favorite teams and stock portfolio.

Optional equipment shown. See disclosures on page 61.
17 MORE WAYS TO MAKE THE MOST OF ITS CABIN SPACE.

For the audiophile looking to experience even greater performance than that of the standard nine-speaker premium audio system, look no further. With 17 custom-designed speakers and 7.1-channel architecture, the available Mark Levinson® Premium Surround Sound Audio System\textsuperscript{27} provides clarity and sound quality that’s second to none. And, to put whichever audio system you select to good use: available SiriusXM Satellite Radio\textsuperscript{24,26} and a standard USB input that enables you to control your compatible iPod\textsuperscript{24} or iPhone\textsuperscript{25} through the vehicle’s interface.

Optional equipment shown. See disclosures on page 61.
With so much happening at Lexus, it’s hard to keep up. That’s why we created the Lexus Pursuit newsletter. This monthly e-mail provides subscribers with exclusive information about upcoming model launches and events, as well as news, innovations and offers. Sign up today and stay informed of all things Lexus.

STANDARD LUXURY FEATURES

LUXURY AND CONVENIENCE

- SmartAccess<sup>31,32</sup> with push-button Start/Stop
- Remote keyless entry-linked memory for driver’s seat and climate control
- Dual-zone automatic climate control with interior air filter, smog sensor and automatic recirculation mode
- Three-zone automatic climate control with interior air filter, smog sensor and automatic recirculation mode (GX 460 Premium)
- Lexus Memory System to control power driver’s seat (except lumbar), outside mirrors and steering wheel
- Power tilt-and-telescopic steering column with automatic tilt-away
- Power tilt-and-slide moonroof with one-touch open/close and sliding sunshade
- Power windows with one-touch auto open/close
- Remote-linked window and moonroof opening
- Electrochromic (auto-dimming) inside rearview mirror
- Electrochromic (auto-dimming), power-folding outside mirrors (GX 460 Premium)
- Overhead conversation mirror
- Cruise control
- HomeLink<sup>®</sup> universal transceiver to operate compatible garage, gate, home lighting and home security systems
- Lexus Personalized Settings (LPS)<sup>33</sup> to customize select electronic functions
- Illuminated entry system
- Illuminated front door sills (GX 460 Premium)
- Running boards with built-in courtesy lights
- Roof rails<sup>34,35</sup>
- Body side moldings
- Rear spoiler with integrated wiper
- Center-console storage compartment
- Privacy glass
- Cargo-area tonneau cover (GX 460 Premium)

SEATING AND TRIM

- Auburn bubinga wood interior trim
- Leather-trimmed interior
- Semi-aniline leather-trimmed interior (GX 460 Premium)
- Leather-trimmed steering wheel and shift knob
- Wood- and leather-trimmed shift knob and heated steering wheel (GX 460 Premium)
- 10-way driver’s and front passenger’s (including lumbar) power seats
- Heated and ventilated front seats
- Heated second-row outboard seats (GX 460 Premium)
- Reclining, sliding, 60/40-split middle-row seat with 40/20/40-split seatback
- Power fold-flat, 50/50-split third-row seat

COMMUNICATION, AUDIO AND NAVIGATION

- Lexus nine-speaker Premium Sound System with Automatic Sound Levelizer (ASL) and in-dash, single-feed, six-disc CD auto-changer
- SiriusXM Satellite Radio<sup>24,26</sup> Subscription required. 90-day trial subscription included
- Bluetooth<sup>®</sup> audio<sup>36</sup> profile for wireless integration of compatible music players with in-vehicle audio system
- USB audio input for iPod<sup>®</sup>/compatible music player integration with audio system
- Multi-information center-console display with integrated backup camera<sup>23</sup>

INSTRUMENTATION AND CONTROLS

- Steering-wheel-mounted audio, phone and display controls
- Electroluminescent instrumentation with multi-information display
- ECO Driving indicator
- Auto on/off projector-beam halogen headlamps

See disclosures on page 61.
SAFETY AND SECURITY FEATURES

ACTIVE SAFETY

Vehicle Stability Control (VSC)37
Four-wheel Active Traction Control (A-TRAC)
Four-wheel ventilated power-assisted disc brakes
Four-sensor, four-channel Anti-lock Braking System (ABS)
Smart Stop Technology28
Brake Assist17
Electronic Brakeforce Distribution (EBD)
Full-time four-wheel drive with TORSEN® limited-slip center differential31 and differential lock
Hill-start Assist Control (HAC)39
Downhill Assist Control (DAC)40
Direct Tire Pressure Monitor System41
Rain-sensing intermittent windshield wipers with mist cycle and deicer
Intermittent rear-window wiper with washer
Adaptive Front Lighting System (AFS)20 (GX 460 Premium)
High-Intensity Discharge (HID) headlamps with dynamic auto-leveling and headlamp washers (GX 460 Premium)
Daytime running lights
Integrated foglamps
LED taillamps
Rear-window defogger with auto-off timer
Power-adjustable outside mirrors with turn indicators, defoggers and auto tilt-down in reverse

PASSIVE SAFETY

Driver’s and front passenger’s dual-stage airbag system (SRS)13
Front seat-mounted side airbags (SRS)13
Driver’s and front passenger’s knee airbags (SRS)13
Second-row outboard seat-mounted side airbags (SRS)13
Front-, second- and third-row Roll-Sensing Curtain Airbags (RSCA) (SRS)13
Active front headrests18
Three-point seatbelts for all seating positions
Seatbelt pre-tensioners for front and outboard second-row seats. Force limiters for front seats
Automatic Locking Retractor/Emergency Locking Retractor (ALR/ELR) seatbelts for all passenger seating positions. Emergency Locking Retractor (ELR) only for driver’s seat
Height-adjustable front- and second-row shoulder belt anchors
Child Restraint Seat anchor brackets for outboard second-row seats
Highly rigid body structure with front and rear crumple zones
Reinforced ladder-type frame
Side-impact door beams and impact-dissipating upper interior trim
Collapsible steering column

SECURITY

Safety Connect®1,3 features Automatic Collision Notification, Stolen Vehicle Location, an Emergency Assistance Button (SOS) and Enhanced Roadside Assistance25 connectivity. Subscription required. One-year trial subscription included
Vehicle theft-deterrent and engine-immobilizer,32 with in-key transponder
Tool kit
First aid kit

**WARRANTY**

Four-year/50,000-mile Lexus Limited Warranty. Six-year/70,000-mile Powertrain Warranty. Six-year/unlimited-mileage Corrosion Perforation Warranty. All warranties with zero deductible. See the GX Warranty and Service Costs in your Lexus dealer for details.

1. Contact with the Lexus Enform and/or Safety Connect response center is dependent upon the telematics device being operable in conjunction, cellular availability, navigation snap data, and GPS satellite signal reception, which can limit the ability to reach the response center or receive emergency support. Enrollment and Telematics Subscription Service Agreement required. Offer trial subscription available only with new vehicle purchase of Lexus Enform- and Safety Connect-equipped vehicles. Additional subscription terms available after one year. See your Lexus dealer for details.

2. Lexus Enform premium services Destination Assist® and Navigation will function in the contiguous United States and Washington, DC. These services are dependent on providing signals in Canada that can map the exact location of those states. They will function in Canada in the following countries outside the United States: the United Kingdom, Germany, France, and Australia. The Safety Connect® services Automatic Collision Notification, Emergency Assistance and Stolen Vehicle Location will function in the United States, including Alaska and Hawaii, and Canada. The Lexus Enform and/or Safety Connect system will function outside of the United States in countries other than Canada. 4. iPod® is a registered trademark of Apple Inc. All rights reserved. 5. Phone® and iPod® are registered trademarks of Apple Inc. All rights reserved. 6. A separate DVD player or game system utilizing the center console’s video/audio inputs is required to use split-screen function.

3. Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology is not a substitute for safe and attentive driving. Please see your Owner’s Manual for further information.

4. The Pre-Collision System is designed to help reduce the crash speed and damage in certain frontal collisions only. It is not a collision-avoidance system and is not a substitute for safe and attentive driving. Effectiveness depends on many factors, such as speed, driver input and road conditions. Please see your Owner’s Manual for more information.

5. Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver input can all impact stopping distance. Smart Stop Technology is not a substitute for safe and attentive driving. Please see your Owner’s Manual for further information.

6. The Tire Pressure Monitor System alerts the driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge, direct only against the monitor system. Please see your Owner’s Manual for details.

7. The Wide-view Front and Side Monitor does not provide a comprehensive view of the front and side areas of the vehicle. You should always look around outside your vehicle, and use your mirrors to confirm clearance. Cold weather will limit effectiveness and view may become cloudy. 23. The camera does not provide a comprehensive view of the rear area of the vehicle. You should always look around outside your vehicle, and use your mirrors to confirm clearance. Cold weather may limit effectiveness and view may become cloudy.

8. Availability and accuracy of the information provided by the Navigation System or any XM services mentioned (if installed) are dependent upon many factors. Use common sense when relying on navigation information provided. Services not available in every city or service area. Periodic Navigation updates available at additional cost. Please see your Navigation System Owner’s Manual or contact XM for details. 25. Optional equipment shown. 26. This service allows you to use your vehicle as a mobile hotspot for your laptop or tablet. Wireless devices connected to the Lexus Enform Wi-Fi hotspot are subject to any restrictions or policies set by your wireless carrier.

9. Apple CarPlay® is a registered trademark of Apple Inc. All rights reserved. 10. Toyota’s Certified Pre-Owned vehicle certification is for Model Year 2014 or newer, 50,000 miles or less. Some vehicles with shown with equipment available. Please see your Lexus dealer for details. 11. This service allows you to use your vehicle as a mobile hotspot for your laptop or tablet. Wireless devices connected to the Lexus Enform Wi-Fi hotspot are subject to any restrictions or policies set by your wireless carrier.

12. The vehicle is designed to meet most off-road driving requirements, but off-road driving inherently dangerous. Abuse use may result in local damage or vehicle warranty. 13. Warpage compensation for normal wear and tear is a scheduled maintenance item. Specifications, features, equipment, and color/trim are based upon information available at time of printing, are subject to change without notice, are for mainland U.S.A. vehicles only. Some vehicles shown with equipment available. Please see your Lexus dealer for details. 14. This service allows you to use your vehicle as a mobile hotspot for your laptop or tablet. Wireless devices connected to the Lexus Enform Wi-Fi hotspot are subject to any restrictions or policies set by your wireless carrier.

15. The Pre-Collision System is designed to help the driver maintain vehicle control under adverse conditions. It is not a collision-avoidance system and is not a substitute for safe driving practices. Please see your Owner’s Manual for further information.

16. Lexus recommends that you have routine maintenance performed on your vehicle. Regular scheduled maintenance is required to keep your vehicle running smoothly. Maintenance intervals vary by model, vehicle usage and driving conditions. 17. Toyota recommends that you have routine maintenance performed on your vehicle. Regular scheduled maintenance is required to keep your vehicle running smoothly. Maintenance intervals vary by model, vehicle usage and driving conditions.

18. The Pre-Collision System is designed to help the driver maintain vehicle control under adverse conditions. It is not a collision-avoidance system and is not a substitute for safe driving practices. Please see your Owner’s Manual for further information.

19. If a recall is required to correct a defect or to make a vehicle compliant with U.S. Federal Motor Vehicle Safety Standards, Toyota will correct the defect or make the changes free of charge.

20. Toyota’s certified Pre-Owned vehicle certification is for Model Year 2014 or newer, 50,000 miles or less. Some vehicles shown with equipment available. Please see your Lexus dealer for details.

21. Toyota Rental Car and Condo Coverage service is a complimentary benefit of participating Toyota owners and is expected to be similar to a non-owned new car replacement policy. Coverage is subject to the terms and conditions of the policy. 22. Toyota recommends that you have routine maintenance performed on your vehicle. Regular scheduled maintenance is required to keep your vehicle running smoothly. Maintenance intervals vary by model, vehicle usage and driving conditions.

23. Toyota recommends that you have routine maintenance performed on your vehicle. Regular scheduled maintenance is required to keep your vehicle running smoothly. Maintenance intervals vary by model, vehicle usage and driving conditions.

24. Toyota’s certified Pre-Owned vehicle certification is for Model Year 2014 or newer, 50,000 miles or less. Some vehicles shown with equipment available. Please see your Lexus dealer for details. 25. Toyota’s certified Pre-Owned vehicle certification is for Model Year 2014 or newer, 50,000 miles or less. Some vehicles shown with equipment available. Please see your Lexus dealer for details. 26. The camera does not provide a comprehensive view of the rear area of the vehicle. You should always look around outside your vehicle, and use your mirrors to confirm clearance. Cold weather may limit effectiveness and view may become cloudy.

27. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge, direct only against the monitor system. Please see your Owner’s Manual for details. 28. Before towing, confirm your vehicle and trailer are compatible, hooked up and loaded properly and that you have any necessary additional equipment. Do not exceed any Weight Ratings and follow all instructions in your Owner’s Manual for details.

29. The camera does not provide a comprehensive view of the rear area of the vehicle. You should always look around outside your vehicle, and use your mirrors to confirm clearance. Cold weather may limit effectiveness and view may become cloudy.

30. Toyota recommends that you have routine maintenance performed on your vehicle. Regular scheduled maintenance is required to keep your vehicle running smoothly. Maintenance intervals vary by model, vehicle usage and driving conditions.

31. The camera does not provide a comprehensive view of the rear area of the vehicle. You should always look around outside your vehicle, and use your mirrors to confirm clearance. Cold weather may limit effectiveness and view may become cloudy.
