UNLEASH ALL INHIBITIONS.
LET THE SUN IN AND YOUR DARK SIDE OUT.

THE 2014 IS C

A. Available High-Intensity Discharge (HID) headlamps with LED daytime running lights (DRL).
B. Available Navigation System
C. F SPORT Accessory brake upgrade.
D. Available Saddle leather interior trim.
E. Driver-focused cockpit
F. Standard 17-in 10-spoke alloy wheels
G. Alabaster leather interior trim with accessory wind screen
AS RESPONSIVE TO YOUR LIFE AS IT IS TO THE ROAD.

RETRACTABLE HARDTOP
Operated via 13 electric motors, 33 sensors and a dedicated Electronic Control Unit (ECU), this three-piece hardtop retracts in approximately 20 seconds, making it among the fastest in its class. And since the top is made of high-strength, lightweight aluminum, it minimizes rearward weight transfer when the top is down.

OPTIMIZED SUSPENSION
To achieve a high-performance experience—regardless of the position of the top—it all started with the suspension system. The chassis’ upper-support bracket was reinforced for the rear shock absorbers, and the suspension bushings and rear-suspension rubber mount were optimized. The front and rear springs, as well as the shock absorbers, were all fine-tuned, providing the optimum balance between ride and handling.

ADVANCED AUDIO SYSTEM
The IS C’s audio system was designed to overcome acoustical weaknesses commonly associated with convertibles. When the top is lowered, the volume and equalizer curve are adjusted to compensate for the additional road and wind noise, especially the bass tones, which are normally lost in open-air environments. The result is a consistently impressive audio experience you’d have to hear to believe.

DYNAMIC HANDLING
The IS C comes equipped with rear-wheel drive to help optimize vehicle handling and balance. There’s also the Vehicle Dynamics Integrated Management (VDIM®) system, which is designed to help minimize loss of traction in a turn and help the driver maintain vehicle control under adverse conditions.

ONE-TOUCH REAR-SEAT ACCESS
Not only does the IS C have a rear seat, but it has one you can actually use. With available one-touch access, passengers can quickly slide the front seats forward. There’s also another lever on the inside of the seat that allows the driver to easily move the front seatback forward.

AERODYNAMIC DESIGN
To make the IS C even more aerodynamic, Lexus engineers meticulously adjusted the angle and shape of the windshield, the size of the cabin, the contour of the taillamps and even the height of the trunk lid. This all helps improve airflow over, under and around the vehicle to a mere 0.29 coefficient of drag, resulting in excellent fuel economy, a quieter cabin and better vehicle control at higher speeds.

SIX-SPEED PADDLE-SHIFT AUTOMATIC TRANSMISSION
The six gears found in the IS C’s automatic transmission allow for optimum gear selection, based on conditions. In addition, racing-inspired paddle shifters are integrated into the steering wheel, allowing you to quickly shift gears without removing your hands from the steering wheel.

LEXUS ENFORM® WITH APP SUITE
Available Lexus Enform® and Safety Connect® offer more than the convenience of live, 24-hour navigation assistance and the peace of mind of knowing emergency services can be requested at the press of a button. With the available App Suite, making dinner reservations, ordering movie tickets and personalizing your Pandora® playlist has never been easier.
KEY STANDARD FEATURES

Three-piece retractable hardtop // SmartKeySM with push-button Start/Stop // Dual-zone climate control with interior air filter // Electrochromic instrumentation // HomeLink® universal transmitter // Leather interior trim // Power-adjustable front seats // Bluetooth® phone and audio connectivity // USB PortSM connectivity // Six standard airbags

PACKAGES

Navigation System® including voice command, color multimedia display and Enhanced Bluetooth® technology // NavTrafficSM//NavWeatherSM Fuel Prices, Sports and Stocks from SiriusXM® Subscription required. One-year trial subscription included // Lexus Enform AppLink® with Bing®/HeathRadio, MoveTickets.com, OpenTable®, Pandora®, Yelp® and Facebook Places // DVD/CD player // HD RadioTM//iTunes®TagSM connectivity // Six standard airbags

WHEELS

17-in 10-spoke alloy wheels with Liquid Graphite finish

LUXURY PACKAGE

Perforated semi-aniline leather interior trim // Heated and ventilated front seats // Lexus Memory System to control power driver’s and front passenger’s seats (sewline bucket), outside mirrors and steering wheel // Rain-sensing intermittent windshield wipers with mist cycle // Electrochromic (auto-dimming) outside mirrors with auto-dim-down in reverse // Express or Dark Gray bird-eye maple interior trim // Bi-Xenon™ High-Intensity Discharge (HID) headlamps // Illuminated door-sill scuff plates // One-touch power slide/fold/return front seats for easier rear-seat access

F SPORT

F SPORT front fascia // 18-in split-five-spoke alloy wheels with Dark Graphite finish and all-season or summer tires // F SPORT suspension and EPS tuning // Black leather interior trim with white perforations // Black headliner // F SPORT steering wheel, shift knob and front fender badge // Heated and ventilated front seats // Aluminum door-sill scuff plates // Aluminum sport pedals // Silver Metallic trim interior trim

mandatory. Use common sense when relying on information provided. Services not available in every city or roadway. Periodic Enform app updates do not include Navigation updates. Navigation updates are available at an additional cost from your local dealer. See lexus.com for details. 11. Bluetooth technology phones listed on lexus.com have been tested for compatibility with Lexus vehicles. Performance will vary based on phone software version, coverage and your wireless carrier. Phones are warranted by their manufacturer, not Lexus. The Bluetooth word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Lexus is under license. Other trademarks and trade names are those of their respective owners. 12. iTunes® and iPod® are registered trademarks of Apple Inc. All rights reserved. 13. All the airbag (AB) systems are Supplemental Restraint Systems. All ABs are designed to inflate only under certain conditions and in certain types of severe collisions: frontal and knee ABs typically inflate in frontal collisions; side and side curtain ABs in side collisions; Roll-Sensing Curtain ABs at a severe tilt degree, roll or lateral G-force. In all other accidents, the ABs will not inflate. To use the Owner’s Manual for further details. 14. Drive safely, obey traffic laws & focus on the road while driving. Apps/services vary by phone/carrier; functionality depends on many factors. Select apps use large amounts of data, you are responsible for all charges. Apps/services are subject to change. Apps identified by ™ or ® are trademarks or registered trademarks of their respective companies. For enrollment, cost and more details, see lexus.com/enform. 15. Contact with the response center may not be available in all areas. Service Agreements required. A variety of subscription terms available; charges will vary. See lexus.com for details. 16. The Pre-Collision System is designed to help reduce the crash speed and damage in certain frontal collisions only. It is not a collision-avoidance system and is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, driver input and road conditions. See Owner’s Manual for further information. 17. Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. See Owner’s Manual for details. 18. XM services require a subscription after trial period. Subscriptions governed by SiriusXM™ Customer Agreement available at SiriusXM service. If you decide to continue your SiriusXM service at the end of your complimentary trial, the plan you choose will automatically renew and bill at then-current rates unless you call 1-877-515-3987 to cancel. Fees and programming subject to change. Available only to those at least 18 years of age in the 48 contiguous United States and D.C. 19. HD Radio™ Technology manufactured under license from iBiquity Digital Corporation. U.S. and Foreign Patents. HD Radio™ and the HD, HD Radio, and “Arc” logos are proprietary trademarks of iBiquity Digital Corp. 20. Coverage and Service may not be available in all areas. 21. Continuous average power, all channels driven, at less than 0.1% THD; 20–20,000 Hz. 22. Mark Levinson® is a registered trademark of Harman International Industries, Inc. 23. Mercedes-Benz models are equipped with the Pre-Collision System. The Pre-Collision System is designed to help reduce the crash speed and damage in certain frontal collisions only. It is not a collision-avoidance system and is not a substitute for safe and attentive driving.
