**AS RESPONSIVE TO YOUR LIFE AS IT IS TO THE ROAD.**

**RETRACTABLE HARDTOP**
Operated via 13 electric motors, 33 sensors, and a dedicated Electronic Control Unit (ECU), this three-piece hardtop retracts in approximately 20 seconds, making it among the fastest in its class. And since the top is made of high-strength, lightweight aluminum, it minimizes rearward weight transfer when the top is down.

**OPTIMIZED SUSPENSION**
Achieving a high-performance experience—regardless of the top’s position—starts with the suspension system. The chassis’ upper support bracket is reinforced for the rear shock absorbers, and the suspension bushings and rear-suspension rubber mount are also optimized. Front and rear springs and shock absorbers are fine-tuned for an optimum balance between comfortable ride and responsive handling.

**ADVANCED AUDIO SYSTEM**
The IS C’s audio system was designed to overcome acoustical weaknesses associated with convertibles. When the top is lowered, the equalizer curve and volume are adjusted to compensate for the additional road and wind noise, especially preserving the bass tones, which are often lost in open-air environments. The result is a completely immersive audio experience that will bring new life to your favorite tracks.

**DYNAMIC HANDLING**
The IS C comes equipped with rear-wheel drive to help optimize vehicle handling and balance. There’s also the Vehicle Dynamics Integrated Management (VDIM) system, which is designed to help minimize the loss of traction in a turn and help the driver maintain vehicle control under adverse situations.

**LEXUS ENFORM APP SUITE**
The subscription-free Lexus Enform App Suite uses your compatible smartphone to give you in-vehicle access to some of your favorite mobile applications. You can order movie tickets from the console, personalize your Pandora® playlist and even make dinner reservations. Learn more at lexus.com/enform.

**ONE-TOUCH REAR-SEAT ACCESS**
Not only does the IS C have a rear seat, but has one you can actually use. With available one-touch access, passengers can quickly slide the front seats forward. There’s also a lever on the inside of the seat that allows the driver to easily move the front seatback forward.

**AERODYNAMIC DESIGN**
To make the IS C more aerodynamic, Lexus engineers meticulously adjusted the angle and shape of the windshield, the size of the cabin, the contour of the taillamps and even the height of the trunk lid. This all helps improve airflow over, under and around the vehicle to a mere 0.29 coefficient of drag, resulting in quieter cabin and better control at higher speeds.

**OPTIMIZED SUSPENSION**
Achieving a high-performance experience—regardless of the top’s position—starts with the suspension system. The chassis’ upper support bracket is reinforced for the rear shock absorbers, and the suspension bushings and rear-suspension rubber mount are also optimized. Front and rear springs and shock absorbers are fine-tuned for an optimum balance between comfortable ride and responsive handling.

**AERODYNAMIC DESIGN**
To make the IS C more aerodynamic, Lexus engineers meticulously adjusted the angle and shape of the windshield, the size of the cabin, the contour of the taillamps and even the height of the trunk lid. This all helps improve airflow over, under and around the vehicle to a mere 0.29 coefficient of drag, resulting in quieter cabin and better control at higher speeds.

**SIX-SPEED PADDLE-SHIFT AUTOMATIC TRANSMISSION**
The six gears found in the IS C’s automatic transmission allow for optimum gear selection, based on conditions. In addition, race-inspired paddle shifters are integrated into the steering wheel, allowing you to quickly shift gears without removing your hands from the steering wheel.
PACKAGES

NAVIGATION PACKAGE

NAVIGATION/MARK LEVINSON® AUDIO PACKAGE
(Includes Navigation Package) + Mark Levinson 12-speaker 270-watt // less than 0.1% THD, 20-20,000 Hz® Premium surround sound audio system® with 5.1-channel architecture

LUXURY PACKAGE
Perforated semi-aniline leather interior trim // Heated and ventilated front seats // Lexus Memory System to control power driver’s and front passenger’s seats (curve lane, outside mirrors and steering wheel) // Rain-sensing intermittent windshield wipers with mist cycle // Electrochromic (two-shading) outside mirrors with auto tilt-down in reverse // Bi-factional Dark Gray bird’s-eye maple interior trim // Bi-factional High-intensity discharge (HID) headlamps // Illuminated door sill scuff plates // One-touch power slide/fold/return front seats for easier rear-seat access

SERVICES AS INNOVATIVE AS THE CAR ITSELF.

THE LEXUS DELIVERY AND TECHNOLOGY SPECIALISTS. To assist you in getting the most out of your IS C, the Lexus Delivery Specialist will conduct a personalized delivery focused on every feature, setting and function you desire. To answer questions that arise after delivery, the Lexus Technology Specialist can offer expert guidance in person or without you ever leaving the driveway, via camera-enabled iPad® apps like FaceTime. Learn more about our Lexus Delivery and Technology Specialist services at lexus.com/specialists.

WARRANTY
Four-year/50,000-mile Lexus Limited Warranty. Six-year/70,000-mile Powertrain Warranty. Six-year/unlimited-mileage Corrosion Perforation Warranty. All warranties with zero deductible. See the IS C Warranty and Services Guide at your Lexus dealer for details. DISCLOSURES
1. Ratings achieved using the required premium unleaded gasoline with an octane rating of 91 or higher. If premium fuel is not used, performance will decrease. 2. 17-, 18- or 19-in performance tires are expected to experience greater wear than conventional tires. Tire life may be substantially less than 20,000 miles (17-in) or 15,000 miles (18-in or 19-in), depending upon driving conditions. 3. Availability & accuracy of the information provided by the Navigation System is dependent upon many factors. Use common sense when relying on information provided. Services and programming subject to change. Services not available in every city or roadway. Updates may be available at an additional cost from your dealer. See Navigation System Owner’s Manual for details. 4. F SPORT Accessories are warranted for 12 months from the date of installation or for the balance of the new-car or Certified Pre-Owned (CPO) warranty in force at the date of installation, whichever is greater, when installed by an authorized Lexus dealer. F SPORT Accessories installed by anyone other than an authorized Lexus dealer are warranted for 12 months from the date of purchase only, and the warranty coverage is limited to the replacement value of the F SPORT Accessories. These warranties do not cover maintenance services such as replacement of brake pads/linings and clutch linings or noise, vibration, cosmetic conditions and other deterioration caused by normal wear and tear. Part failure caused by improper installation by anyone other than an authorized Lexus dealer may void the F SPORT Accessories warranty, the new-vehicle warranty or both. F SPORT is a trademark of Toyota Motor Corporation. Products available through participating Lexus dealers. 5. With either the front- or rear-brake upgrade, the compact spare tire cannot be used. In the event of a flat, the tire must be repaired or replaced. Brake upgrades will fit 18-in factory option wheels, 18-in Genuine Lexus Accessories wheels or 18-in or 19-in F SPORT wheels only. 6. Vehicle Stability Control (VSC) and Vehicle Dynamics Integrated Management (VDIM) are electronic systems designed to help the driver maintain control under adverse conditions. They are not substitutes for safe driving practices. Factors including speed, road conditions and driver steering input can all affect whether VSC and VDIM will be effective in preventing a loss of control. See Owner’s Manual for further details. 7. Be sure to obey traffic regulations and maintain awareness of road and traffic conditions at all times. Apps/services vary by phone/cARRIER; functionality depends on many factors. Select apps use large amounts of data; you are responsible for charges. Apps & services subject to change. See lexus.com/for details. 8. Pandora®, the Pandora® logo, and the Pandora® trade dress are trademarks or registered trademarks of Pandora Media, Inc., used with permission. 9. The SmartAccess system may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. 10. The engine immobilizer is a state-of-the-art anti-theft system. When you insert your key into the ignition switch or bring a SmartAccess fob into the vehicle, the key transmits an electronic code to the vehicle. The engine will only start if the code in the transponder chip inside the key/fob matches the code in the vehicle’s immobilizer. Because the transponder chip is embedded in the key/fob, it can be costly to replace. If you lose a key or fob, your Lexus dealer can help. Alternatively, you can find a qualified independent locksmith to perform high-security key services by consulting your local Yellow Pages or by contacting www.aloa.org. 11. The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Lexus is under license. A compatible Bluetooth-enabled phone must first be paired. Phone performance depends on software, coverage & carrier. 12. Bluetooth® audio device must be enabled with A2DP and AVRCP. 13. iTunes® and iPod® are registered trademarks of Apple Inc. All rights reserved. 14. All the airbag (AB) systems are Supplemental Restraint Systems. All ABs are designed to inflate only under certain conditions and in certain types of collisions: frontal and knee ABs typically inflate in frontal collisions; side and side curtain ABs in side collisions; Roll-Sensing Curtain ABs at a severe 15-degree rollover; and Rollover-Sensing Rollover-Prevention ABs. In all other accidents, the ABs will not inflate. To decrease the risk of injury from an inflating AB, always wear seatbelts, sit upright in the middle of the seat as far back as possible and do not lean against the door. Do not put objects in front of an AB or around the seatbelt. Do not use a rearward-facing child seat in any front passenger seat. The force of an inflating AB may cause serious injury or death. See Owner’s Manual for further information/warnings. 15. The Pre-Collision System is designed to help reduce the crash speed and damage in certain front end collisions only. It is not a collision-avoidance system and is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, driver input and road conditions. See Owner’s Manual for further information. 16. Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. See Owner’s Manual for details. 17. SiriusXM® services require a compatible receiver and a subscription after 90-day trial period. Satellite service is dependent on many factors. Subscriptions governed by SiriusXM® Customer Agreement available at SiriusXM.com. If you decide to continue your SiriusXM service at the end of your complimentary trial, the plan you choose will automatically renew and bill at then-current rates unless you call 1-866-635-2349 to cancel. Fees and programming subject to change. Available only to those at least 18 years of age in the 48 contiguous United States and D.C. 18. Contact with the response center may not be available in all areas. Service Agreements required. A variety of subscription terms available; charges will vary. See lexus.com for details. 19. HD Radio™ Technology manufactured under license from iBiquity Digital Corporation U.S. and Foreign Patents. HD Radio™ and the HD, HD Radio, and “Arc” logos are proprietary trademarks of iBiquity Digital Corp. 20. Continuous average power, all channels driven, at less than 0.1% THD, 20-20,000 Hz. 21. Mark Levinson® is a registered trademark of Harman International Industries, Inc. 22. Performance figures are for comparison only and were obtained with prototype vehicles by professional drivers using special safety equipment and procedures. Do not attempt. 23. 2015 EPA-estimated ratings. Actual mileage will vary. 24. iPhone® and iPod® are registered trademarks of Apple Inc. All rights reserved. 25. FaceTime® is a registered trademark of Apple Inc. All rights reserved.
