2008 LEXUS IS

Optional equipment shown.
IN THE IS, POWER, AGILITY AND SPEED ALL CONVERGE TO CREATE A DYNAMIC PERFORMANCE EXPERIENCE. With a 306-horsepower V6 engine, the IS 350 utilizes technologically advanced systems like direct injection and dual Variable Valve Timing with intelligence (VVT-i) that help it achieve optimal performance. An Electronic Throttle Control System with intelligence (ETCS-i) provides more precise command of engine power. Available sport-tuned suspension* helps maintain wheel alignment and supplies more confident handling and tire grip. Rear-wheel drive and available all-wheel drive (AWD) (IS 250 only) help enhance control. And shouldering all this athleticism are available 18-inch wheels* and road-hugging, high-performance tires.*

*RWD only.

See page 18 for more information.
THE IS FEATURES SEVERAL INNOVATIONS that help forge a compromise between brute performance and sophisticated engineering. Its advanced four-cam engine benefits from a more efficient direct fuel-injection system. This system ensures both increased power and reduced fuel consumption. Also featured is dual Variable Valve Timing with intelligence (VVT-i) that functions on both the intake and the exhaust valves. Dual VVT-i increases power, torque and fuel economy, all while simultaneously reducing emissions.
The IS features many integrated systems that respond to and manage situations without the driver’s assistance. Vehicle Dynamics Integrated Management (VDIM)³ (standard on the IS 350 only) monitors the braking and throttle systems to automatically anticipate and help correct a loss of traction. In fact, VDIM³ allows drivers to further push the limits of handling before subtly, but effectively, applying braking, throttle and steering assistance. This helps maximize the excitement of driving without sacrificing control. Available Dynamic Radar Cruise Control⁴ is designed to automatically reduce your vehicle’s speed to maintain its pre-set following distance should you approach a vehicle traveling directly in front of you too closely. Even the Electronic Power Steering (EPS) is speed-sensitive.

³⁴ See page 18 for more information.
The IS 250 features available all-wheel drive (AWD) to assist you with better traction, cornering, handling and power—whatever weather conditions you may face. In fact, while the IS usually maintains a rear-wheel drive bias, up to 50 percent of the vehicle’s torque can be routed to the front wheels if needed. Additionally, the front and rear suspension system optimizes wheel alignment and helps provide precise handling and a confident tire grip. To suit the varying needs of dedicated automotive enthusiasts, the IS 250 has a 204-horsepower¹ V6 offered in both rear-wheel drive and all-wheel drive. And while all models feature six-speed transmissions, the rear-wheel drive IS 250 also offers a sporty manual transmission.

¹ See page 18 for more information.
The IS offers plenty of intuitive innovations. SmartAccess\(^5\) with push-button start detects your key’s presence up to one meter from the vehicle and enables you to operate the door locks, trunk and ignition—all without ever taking the key from your pocket. The innovative power moonroof offers dial adjustment. This unique feature has nine different positions of closure as well as a push-button option to fully open or close the moonroof with just one touch. And when negotiating tight parking spots, available Intuitive Parking Assist uses ultrasonic sensors to monitor your efforts and disclose proximity to an object, either audibly or through the instrument gauge display or available NAV touchscreen.

\(^5\) See page 18 for more information.
2008 LEXUS IS Navigation System

THE LEXUS NAV—ESSENTIAL TO BOTH DAY-TRIPPERS AND NIGHT-CRAWLERS ALIKE. The available voice-activated DVD Navigation System® comes equipped with a backup camera. The system can help guide drivers with precise accuracy throughout most of the contiguous U.S. and major Canadian cities. Prompted by a voice command, the input of an address, or in some cases even a telephone number, the Lexus NAV offers you three different route options. Its huge database can detail restaurants by cuisine type, give information about upcoming freeway exits and even help find ATM locations. The IS also offers available Bluetooth® technology that can link the NAV system with compatible cell phones for voice-activated, hands-free calling and automatic direction information.

6, 7, 8 See page 18 for more information.
2008 LEXUS IS Audio System

PLUGGED IN. Inside the new IS you can use your iPod® or most other MP3 players to access your entire music library. Simply plug your player into the auxiliary iPod®/MP3/Windows Media® Audio (WMA) port and take in the amazing sound. The IS cabin features sound-absorbing dimpling in the sun visors, as well as acoustic windshield glass containing a noise-dampening inner film to help promote a more pure listening environment. And with the available 300-watt at less than 0.1% THD Mark Levinson® Premium Surround Sound Audio System, you’ll have 14 carefully positioned speakers offering 7.1-channel surround sound speaker architecture.
2008 LEXUS IS Luxury Interior

The look of the IS is fresh, original and visually arresting. This is a vehicle with an aggressive stance. Its dual-exhaust system and aerodynamic taillamps add to its sporty appearance. There are also several colors to choose from. Z-shaped interior door panels, a vertically latticed grille and twin-barrel headlamp clusters are complemented by metallic-finish interior accents and available genuine wood trim. And, of course, the standard power moonroof and Lexus Premium Audio System with an in-dash, six-disc CD auto-changer only add to its appeal.

Framed by metallic-finish interior accents and available genuine wood trim, electroluminescent gauges radiate for easier reading. Their luminescent needles light from base to tip and sweep across the dial as the ignition starts. Utilizing red and amber lighting, ambient speedometer and tachometer indicators can be set to glow upon reaching certain set speeds or rpm levels. And all automatic transmissions come with paddle-shift controls conveniently mounted behind the steering wheel.

Lexus has designed the IS with meticulous attention to detail and many luxurious extras. Its available features include perforated leather-trimmed seating with individually heated and ventilated front seats, rain-sensing windshield wipers and Intuitive Parking Assist. Also available is the Lexus Memory System, which conveniently remembers up to three different positions for the 10-way power-adjustable driver’s and front passenger’s seats, as well as outside mirrors and the available power-adjustable tilt-and-telescopic steering wheel. And as with every Lexus, the IS offers a remarkably quiet cabin—even at top speeds. So while the IS is certainly built for thrills, it’s also built for comfort.
2008 LEXUS IS Luxury Exterior

The IS boasts a sleek profile and bold, powerful proportions. Aerodynamics are strongly emphasized with careful attention to underbody airflow. In fact, it features innovative, smooth paneling with stepping on the undercarriage to help minimize and balance front and rear lift. And to reduce drag, aerodynamically designed side mirrors slice cleanly through the air, while sweeping taillamps direct airflow away from the vehicle rather than around it. This lower drag makes better use of engine power while the lower lift aids high-speed control and handling. Lastly, the IS has been rated an Ultra-Low Emission Vehicle (ULEV II).
The Lexus IS has many safety systems to help provide a more assured driving experience. To begin with, the IS features an available Bi-xenon Adaptive Front Lighting System (AFS) that helps illuminate a broader stretch of road around a curve. For example, the right High-Intensity Discharge (HID) headlamp will rotate up to five degrees in a right turn. In a left turn, the left HID headlamp will pivot a full 15 degrees. The IS also supplies impressive stopping power: four-wheel ventilated disc brakes (IS 350 only), high-friction front brakes and an Anti-lock Braking System (ABS). To help correct for a loss of traction in such a turn, there is Vehicle Dynamics Integrated Management (VDIM) on the IS 350 and Vehicle Stability Control (VSC) on the IS 250.

Should an unavoidable collision occur, Lexus offers an available sophisticated Pre-Collision System (PCS) that employs millimeter-wave radar to calculate the distance and speed at which the IS is approaching an object. If PCS determines a frontal crash is imminent and the driver has depressed the brake pedal, PCS automatically applies increased braking force while simultaneously retracting the front seatbelts to help reduce collision damage. Additionally, during a severe frontal collision, the Supplemental Restraint System (SRS) with dual-stage deployment front airbags will immediately activate. This SRS includes a unique, twin-chamber front passenger’s airbag, front seat-mounted side airbags, driver’s and front passenger’s knee airbags and full-length front and rear side curtain airbags. All of which will act collectively to help provide important protection to both the driver and passengers.

See page 18 for more information.

*Automatic transmission only.
YOUR JOURNEY WITH LEXUS IS ABOUT TO BEGIN. The Lexus ownership experience is a magnificent journey within itself with our well-earned reputation for unparalleled vehicle quality and dependability. Lexus puts a high priority on the wise use of natural resources as shown in the certification of every vehicle we build. Experience our award-winning customer service, where every dealership goes to great lengths to accommodate you. This journey of Lexus ownership is the reason our owners are some of the most satisfied drivers on the road today. And why so many of them continue to return again and again.

CUSTOMER SATISFACTION
Your total and complete satisfaction is our highest priority. Which is why you may find our dealerships provide such amenities as offices you can use for business, free pickup and delivery, service loaner vehicles, complimentary car washes, concierge services and even 24-hour emergency Roadside Assistance for your first four years of ownership.

RESPONSIBLE THINKING
As part of an effort to reduce emissions whenever possible, every Lexus vehicle built since 2004 has been certified as either a Low-Emission Vehicle (LEV), Ultra-Low Emission Vehicle (ULEV or ULEV II) or Super Ultra-Low Emission Vehicle (SULEV).

VALUE/DEPENDABILITY/QUALITY
Our commitment to build the finest vehicles in the world has not wavered since our inception. Seen in such ways as projected low repair costs and high retained value, our pursuit of perfection has never been stronger.

16 See page 18 for more information.
OPTION PACKAGES*

Premium Package
Auburn bird’s-eye maple interior trim ■ Perforated leather-trimmed interior ■ Heated and ventilated front seats (heated seats standard on IS 250 AWD)

Luxury Package (RWD only)
Auburn bird’s-eye maple interior trim ■ Perforated leather-trimmed interior ■ Power tilt-and-telescopic steering column ■ Lexus Memory System to control power driver’s and front passenger seats (except lumbar), outside mirrors and steering wheel ■ Heated and ventilated front seats ■ Illuminated doorsill scuff plates ■ Power rear sunshade ■ Rain-sensing intermittent windshield wipers with mist cycle ■ Electrochromic (auto-dimming) outside mirrors with auto tilt-down in reverse ■ Bi-xenon High-Intensity Discharge (HID) headlamps ■ Adaptive Front Lighting System (AFS)

Luxury Package with 18-in wheels² (RWD only)
Auburn bird’s-eye maple interior trim ■ Perforated leather-trimmed interior ■ Power tilt-and-telescopic steering column ■ Lexus Memory System to control power driver’s and front passenger seats (except lumbar), outside mirrors and steering wheel ■ Heated and ventilated front seats ■ Illuminated doorsill scuff plates ■ Power rear sunshade ■ Rain-sensing intermittent windshield wipers with mist cycle ■ Electrochromic (auto-dimming) outside mirrors with auto tilt-down in reverse ■ Bi-xenon High-Intensity Discharge (HID) headlamps ■ Adaptive Front Lighting System (AFS) ■ 18 x 8.0-in alloy wheels with 225/40YR18 tires front,² 18 x 8.5-in alloy wheels with 255/40YR18 tires rear² (RWD only)

Luxury Package (IS 250 AWD only)
Power tilt-and-telescopic steering column ■ Lexus Memory System to control power driver’s and front passenger seats (except lumbar), outside mirrors and steering wheel ■ Illuminated doorsill scuff plates ■ Power rear-window sunshade ■ Rain-sensing intermittent windshield wipers with mist cycle ■ Electrochromic (auto-dimming) outside mirrors with auto tilt-down in reverse ■ Bi-xenon High-Intensity Discharge (HID) headlamps ■ Adaptive Front Lighting System (AFS)

² See page 18 for more information. *Please see page 18 for more information regarding options/accessories/packages. Optional equipment shown.
**OPTION PACKAGES**

**Sport Package (IS 350 only)**
- Perforated leather-trimmed interior
- Power tilt-and-telescopic steering column
- Lexus Memory System to control power driver’s and front passenger seats (except lumbar), outside mirrors and steering wheel
- Heated and ventilated front seats
- Aluminum sport pedals
- Illuminated doorsill scuff plates
- Rain-sensing intermittent windshield wipers with mist cycle
- Electrochromic (auto-dimming) outside mirrors with auto tilt-down in reverse
- Bi-xenon High-Intensity Discharge (HID) headlamps
- Adaptive Front Lighting System (AFS)
- Sport-tuned suspension
- 18 x 8.0-in alloy wheels with 225/40YR18 tires front, 18 x 8.5-in alloy wheels with 255/40YR18 tires rear

**Navigation System/Mark Levinson® Premium Audio System Package**
- Voice-activated DVD Navigation System® with backup camera® and Bluetooth® technology®
- Mark Levinson® 14-speaker 300-watt @ less than 0.1% THD, 20-20,000 Hz Premium Surround Sound Audio System® with 71 architecture and in-dash, single-feed, six-disc DVD/CD auto-changer featuring DVD-audio and DVD-video playback

**X-Package (RWD only)**
- Aluminum sport pedals
- Illuminated doorsill scuff plates
- Exclusive 18 x 8.0-in five-spoke alloy wheels with 255/40YR18 tires front, 18 x 8.5-in alloy wheels with 255/40YR18 tires rear
- Aerodynamic front air dam
- Available without moonroof

**INDIVIDUAL OPTIONS AND ACCESSORIES**
- Voice-activated DVD Navigation System® with backup camera® and Bluetooth® technology®
- Intuitive Parking Assist
- Pre-Collision System (PCS)® and Dynamic Radar Cruise Control® (automatic transmission only)
- 18 x 8.0-in alloy wheels with 225/40YR18 tires front, 18 x 8.5-in alloy wheels with 255/40YR18 tires rear ([RWD only](#))
- Bi-xenon High-Intensity Discharge (HID) headlamps with Adaptive Front Lighting System (AFS)
- Headlamp washers—require Bi-xenon High-Intensity Discharge (HID) headlamps with Adaptive Front Lighting System (AFS)
- Rear spoiler
- Ground effects kit
- Dual sport exhaust by HKS®
- XM® Satellite Radio capability®
- SIRIUS® Satellite Radio capability®
- All-weather floor mats
- Trunk mat
- Cargo net
- Car cover
- G-Spider 18-in alloy wheels ([RWD only](#))
- ISP Mode 18-in alloy wheels ([RWD only](#))
- Wheel locks

## 2008 LEXUS IS Specifications (Continued)

### IS 350 PERFORMANCE

| 0-60 MPH Acceleration | 5.3 seconds
| 1/4 Mile Acceleration | 14.2 seconds
| Top Track Speed | 142 mph (electronics limited)
| Fuel Consumption (estimated) | 18/25 mpg (city/highway)
| Aerodynamic Drag Coefficient | 0.28
| Turning Circle | 33.5 ft

### IS 250 PERFORMANCE

| 0-60 MPH Acceleration | 7.9 seconds (RWD), 8.3 seconds (AWD)
| 1/4 Mile Acceleration | 16.0 seconds (RWD), 16.0 seconds (AWD)
| Top Track Speed | 140 mph (RWD A/T), 142 mph (RWD M/T), 130 mph (AWD)
| Fuel Consumption (estimated) | 21/29 mpg (city/highway)
| Aerodynamic Drag Coefficient | 0.28
| Turning Circle | 33.5 ft

### LUXURY

- Metallic-finish interior trim
- Leather-trimmed interior
- Leather-trimmed steering wheel and shift knob
- Steering-wheel-mounted audio and display controls
- Tilt-and-telescopic steering column
- Lexus 13-speaker Premium Sound System with Automatic Sound Levelizer (ASL) and in-dash, single-feed, six-disc CD auto-changer
- Auxiliary input (MP3/WMA/Audio) port
- In-glass antenna with FM-diversity system
- Heated front seats (IS 250 AWD only)
- 10-way (including lumbar) driver’s and front passenger’s power seats
- Height-adjustable headrests for all seats, including rear-center
- Dual-zone automatic climate control with interior wheel-mounted audio and display controls
- Lexus Personalized Settings (LPS) to customize electronic functions
- Automatic on/off projector-beam headlights with 30-second delay
- Dual chrome exhaust tips
- Carpeted floor mats
- SmartAccess® with push-button start
- Center console with sliding armrest, storage bin and accessory outlet
- Foldable front-door storage pockets
- HomeLink® universal transceiver to operate compatible garage, gate, home lighting and home security systems
- Illuminated entry system
- Electroluminescent instrumentation with settings (LPS) to customize electronic functions
- Automatic on/off projector-beam headlights
- Tilt-and-telescopic steering column
- Lexus Personalized Settings (LPS) to customize electronic functions
- Automatic on/off projector-beam headlights with 30-second delay
- Dual chrome exhaust tips
- Trunk pass-through
- Carpeted floor mats

### CHASSIS

- Vehicle Stability Control (VSC)™
- Electronic computer that monitors and helps control loss of traction in a turn using yaw-rate, deceleration, vehicle-speed and steering-wheel-angle sensors. Modulates engine power and applies individual brakes as necessary. Integrates Anti-lock Braking System (ABS), Brake Assist and Traction Control (TRAC)
- Advanced stability and traction management system designed to proactively but seamlessly integrate separate vehicle functions to help enhance driver control and vehicle performance under a variety of adverse conditions. VDIM manages the integration of Electronic Controlled Braking (ECB), Electronic Power Steering (EPS), Variable Gear-Ratio Steering (VGRS), Vehicle Stability Control (VSC), Traction Control (TRAC), Anti-lock Braking System (ABS), Electronic Brakeforce Distribution (EBD) and Brake Assist (IS 350 only)
- Suspension: Front: Independent, double-wishbone with coil springs, monotube gas-pressurized shock absorbers and hollow stabilizer bar. Rear: Independent, multi-link with coil springs, inverted monotube gas-pressurized shock absorbers and stabilizer bar
- Brakes: Four-wheel power-assisted discs, with four-sensor, four-channel Anti-lock Braking System (ABS), Electronic Brakeforce Distribution (EBD) and Brake Assist. Four-piston front calipers. 13.1-inch front, 12.2-inch rear ventilated discs. (IS 350): 11.6-inch front, 11.4-inch solid rear discs. (IS 250)
- Wheels and Tires: 17 x 8.0-in alloy wheels with 225/45VR17 all-season tires front. 245/45VR17 all-season tires rear. (IS 350 and IS 250 RWD) 17 x 8.0-in alloy wheels with 225/45VR17 all-season tires. (IS 350 and IS 250 RWD). Option: wheels and tires is 18 x 8.0-in alloy wheels with 225/40YR18 tires front, 245/40YR18 all-season tires rear. (IS 350) 18 x 8.5-in alloy wheels with 255/40YR18 tires rear. (IS 350)

### DRIVETRAIN

- Drive Wheels: Rear, with standard Vehicle Dynamics Integrated Management (VDIM)™ (IS 350) Rear, with standard Vehicle Stability Control (VSC)™ (IS 250 RWD) Rear with standard Vehicle Stability Control (VSC)™ (IS 250 AWD)

### SAFETY AND SECURITY

- Driver’s and front passenger’s advanced airbag system (SRS) with front passenger’s twin-chamber airbag
- Front seat-mounted side airbags (SRS)
- Front and rear seat curtain airbags (SRS)
- Driver’s and front passenger’s knee airbags
- Three-point seatbelts for all seating positions, pre-tensioners with force limiters for front and outboard rear seats
- Automatic Locking Retractor/Emergency Locking Retractor (ALR/ELR) seatbelts for all passenger seating positions
- Emergency Locking Retractor (ELR) only for driver’s seat
- Height-adjustable front shoulder belt anchors
- Child Restraint Seat (CRS) tether anchor brackets for rear outboard seating positions
- Four-wheel power-assisted disc brake
- Four-sensor, Anti-lock Braking System (ABS)
- Vehicle Stability Control (VSC)™
- Traction Control (TRAC)
- Brake Assist
- Electronic Brakeforce Distribution (EBD)
- Direct Tire Pressure Monitor System
- Rigid body structure with front and rear crumple zones
- Side-impact door beams
- Reinforcements in pillars
- Impact-dissipating upper interior trim
- Collapsible steering column
- Daytime running lights
- Illuminated tailgates
- Water-repellent front-door glass
- Variable intermittent windshield wipers with mist cycle
- Rear-window defogger with auto-off timer
- Power-adjustable outside mirrors with puddle lamps
- Vehicle theft-deterrent and engine immobilizer system

### Specifications (Continued)

- Acceleration: 0-60 MPH: 5.3 seconds (IS 350), 7.9 seconds (IS 250 RWD), 8.3 seconds (IS 250 AWD)
- 1/4 Mile: 14.2 seconds (IS 350), 16.0 seconds (IS 250 RWD), 16.0 seconds (IS 250 AWD)
- Top Track Speed: 142 mph (IS 350), 140 mph (IS 250 RWD A/T), 142 mph (IS 250 RWD M/T), 130 mph (IS 250 AWD)
- Fuel Consumption (estimated): 18/25 mpg (IS 350), 21/29 mpg (IS 250 RWD A/T), 20/26 mpg (IS 250 RWD M/T), 18/25 mpg (IS 250 AWD)
- Aerodynamic Drag Coefficient: 0.28
- Turning Circle: 33.5 ft
- Drive Wheels: Rear, with standard Vehicle Dynamics Integrated Management (VDIM)™ (IS 350) Rear, with standard Vehicle Stability Control (VSC)™ (IS 250 RWD) Rear with standard Vehicle Stability Control (VSC)™ (IS 250 AWD)

Note: Leather-trimmed interior is standard. Perforated leather-trimmed interior is available. Metallic-finish interior trim is standard. Auburn bird’s-eye maple interior trim is available. See your Lexus dealer for exact vehicle colors.
FOOTNOTES & DISCLAIMERS

1. Ratings achieved using the required premium unleaded gasoline with an octane rating of 91 or higher. If premium fuel is not used, performance will decrease. 2. 17- or 18-in tires are expected to experience greater tire wear than conventional tires. Tire life may be substantially less than 20,000 miles (17-in tires) or 15,000 miles (18-in tires), depending on driving conditions. 3. Vehicle Dynamics Integrated Management (VDIM) is an electronic system which integrates braking and road conditions and driver steering input can affect whether VDIM will be effective in preventing a loss of control. Please see your Owner’s Manual for more information. 4. Dynamic Radar Cruise Control is designed to assist the driver and is not a substitute for safe and attentive driving practices. Please see your Owner’s Manual for important cautions and instructions. 5. The SmartAccess system may interfere with some pacemakers or cardiac defibrillators. If you have one of these medical devices, please talk to your doctor to see if you should deactivate this system. 6. The Navigation System is designed to assist in locating an address or point of interest. Discrepancies may be encountered between the system and your actual location. Road system changes may affect the accuracy of the information provided. Rely on your common sense to decide whether to follow a specified route. Detailed coverage not available in every city or roadway. Periodic updates available at an additional cost. Please see your Navigation System Owner’s Manual for further details. 7. The backup camera, available only with the Navigation System, does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Cold weather will limit effectiveness and view may become cloudy. 8. The Bluetooth® technology phones listed on lexus.com have been tested for compatibility with Lexus vehicles. Performance will vary based on phone software version, coverage and your wireless carrier. Phones are warranted by their manufacturer, not Lexus. 9. iPod is a registered trademark of Apple Inc. 10. Continuous average power, all channels driven, at less than 0.1% THD, 20–20,000 Hz. 11. Mark Levinson is a registered trademark of Harman International Industries, Inc. 12. High-friction brakes are standard equipment for the front brakes only and require periodic inspection and measurement as outlined in the Warranty and Services Guide. The pads and rotors are expected to experience greater wear than conventional brakes. Pad life may be less than 20,000 miles, and brake rotor life may be less than 50,000 miles, depending on driving conditions. 13. Vehicle Stability Control (VSC) is an electronic system designed to help the driver maintain vehicle control under adverse conditions. It is not a substitute for safe driving practices. Factors including speed, road conditions and driver steering input can affect whether VSC will be effective in preventing a loss of control. Please see your Owner’s Manual for further details. 14. The Pre-Collision System is designed to help reduce the crash speed and damage in certain frontal collisions only. It is not a collision-avoidance system and is not a substitute for safe and attentive driving. System effectiveness depends on many factors, such as speed, driver input and road conditions. Please see your Owner’s Manual for further information. 15. All the airbag ("AB") systems are Supplemental Restraint Systems. All ABs (if installed) are designed to inflate only under certain conditions and in certain types of severe collisions: frontal and knee ABs typically inflate in frontal collisions; side and side curtain ABs in side collisions; Roll-Sensing Curtain ABs at a severe tilt degree, roll or lateral G-force. In all other accidents, the ABs will not inflate. To decrease the risk of injury from an inflating AB, always wear seatbelts, sit upright in the middle of the seat as far back as possible and do not lean against the door. Do not put objects in front of an AB or around the seatback. Do not use a rearward-facing child seat in any front passenger seat. The force of an inflating AB may cause serious injury or death. Please see your Owner’s Manual for further information/warnings. 16. Coverage only available in the continental U.S. and Canada. Please see your Lexus dealer for details. 17. Satellite Radio requires XM® or SIRIUS® compatible, receiver and monthly service fee. See your Lexus dealer for further details. Reception of the satellite signal may vary depending on the area. All fees and programming obtained with prototype vehicles by professional drivers using special safety equipment and procedures. Do not attempt. 18. AMCI-Certified testing. 19. EPA-estimated ratings: Actual mileage will vary. 20. The Lexus Personalized Settings (LPS) Program is a one-time, complimentary offer for the first 12 months from the date the vehicle is sold. Please see your Owner’s Manual for further details. 21. The backup camera, available only with the Navigation System, does not provide a comprehensive view of the rear area of the vehicle. You should also look around outside your vehicle and use your mirrors to confirm rearward clearance. Cold weather will limit effectiveness and view may become cloudy. 22. The Lexus Tire Pressure Monitor System alerts driver when tire pressure is critically low. For optimal tire wear and performance, tire pressure should be checked regularly with a gauge; do not rely solely on the monitor system. Please see your Owner’s Manual for further details. *Lexus strives to build vehicles to match customer interest and they thus typically are built with popular options and option packages. Not all options/accessories/packages are available separately and some may not be available in all regions of the country. See lexus.com for information about options/accessories/packages commonly available in your area. If you would prefer a vehicle with no or different options, contact your dealer to check for current availability or the possibility of placing a special order.

Specifications, features, equipment, technical data, performance figures, options, and color and trim are based upon information available at time of posting, are subject to change without notice, are for mainland U.S.A. vehicles and may differ in the state of Hawaii, Puerto Rico, the U.S. Virgin Islands and in other regions. Some vehicles shown with optional equipment. Optional equipment listed may not be available separately or in all regions. See your Lexus dealer for details. Lexus reminds you to wear seatbelts, secure children in rear seat, obey all traffic laws and drive responsibly.

For more information, call 800-USA-LEXUS (872-5398). To learn more about your financing options, contact your Lexus dealer or call Lexus Financial Services at 800-874-7050.
